

## 1001 Ideas For Trimwork The Ultimate Source Book For Decorating With Trim Molding English And English Edition

Advice on furniture choices and arrangement for any room with a fireplace. Ideas for decorating the mantel and hearth throughout the year. Special section on selecting and maintaining fireplaces and stoves.

Step-by-step instructions show how to build detailed LEGO models of neighborhoods - complete with homes, stores, restaurants, barbershops, and more. Enter the fantastical world of model building. The LEGO Neighborhood Book 2 is a full-color guide to creating intricate, bustling LEGO neighborhoods, and cities. In this second volume, a follow up to the runaway best-selling first volume, you'll learn even more ways to create classic architectural styles using only LEGO bricks. In addition to creating entire buildings, LEGO model-building experts Brian and Jason Lyles also show you how to create interesting architectural features like cornices, false fronts, porches, and detailed interiors and furniture. With instructions for three buildings and many smaller builds, The LEGO Neighborhood Book 2 is sure to provide hours of building fun and inspiration for readers of all ages.

Shows homeowners how to embellish the ceilings in their homes by applying false beams, medallions, coffers, tin ceilings, and other treatments.

New York is a city for lovers: In Love in New York guides the reader to the most romantic sights and destinations the city has to offer. Whether you want to watch the sun rise over the East River like Woody and Diane or enjoy a Cary Grant/Deborah Kerr moment at the top of the Empire State Building, there is no greater city than New York for couples in love. The book begins with "first impressions," the iconic New York sights that never fail to dazzle: the skyline (and the best places to view it), the most beautiful blocks and neighborhoods, the famous views (rooftops, bridges, riverside parks). Chapters follow on great date ideas, including destination museums and unusual "dinner-and-a-movie/theater" combinations. For readers ready to commit, the authors detail the best proposal spots; where to go ring shopping; the coolest places to register for gifts; and information about the legal requirements for marrying in the city (gay and straight), including a rundown on the classic City Hall wedding—with the best places to buy flowers and to celebrate afterwards, naturally. There are also ideas for planning honeymoons and anniversaries. Throughout, sidebars offer romantic options such as wonderful bars with fireplaces, the prettiest park benches, great New York literary and film affairs to inspire your visit, and romantic day trips within and near the five boroughs. From champagne on the Peninsula rooftop in midtown to ice skating in Bryant Park, In Love in New York is the perfect gift for any couple dreaming of experiencing the romance of New York.

Jim Henson's creations have inspired generations with characters that are among the world's most recognizable cultural icons. From Kermit the Frog, Miss Piggy and their Muppet friends to the legendary Sesame Street and Children's Television Workshop, Henson revolutionized children's educational entertainment. Combining live action and puppeteering into fantastical narratives like The Dark Crystal and Labyrinth, as well as the whimsical Fraggle Rock and The Storyteller, Henson transformed imagination into reality, weaving together powerful philosophical messages on identity, community, diversity, love, death, and friendship. Henson never shied away from exploring deep questions, nor did he underestimate the ability of children (or adults) to grapple with profound philosophical questions. Jim Henson and Philosophy explores the entertaining and educational world of the genius's creations, revealing what it is about Henson's world that has touched us so deeply and improved our lives in such meaningful ways. Contributions by: Lauren Ashwell, Kimberly Baltzer-Jaray, David R. Burns, Samantha Brennan, Amanda Cawston, Brooke Covington, Christopher M. Culp, Ryan Cox, Natalie M. Fletcher, Victoria Hubbell, Dena Hurst, Christopher Ketcham, S. Evan Kreider, Shaun Leonard, Jennifer Marra, Michael J. Muniz, Laurel Ralston, Rhona Trauvitch, and Sheryl Tuttle Ross

This volume, timed to coincide with what would have been Williams's 100th birthday, tests his ideas in our own experience and to engage Williams's work in ways that move past the familiar terrain that has grown around it.

Explains how to convert unfinished space into extra living quarters, with a host of ideas for family rooms, bedrooms, kitchens, home offices, gyms, laundry rooms, media rooms, storage areas, workshops, and hobby centers, as well as practical solutions to the problems of ventilation, water proofing, heat, and soundproofing, hundreds of color photos, design tips, and more. Original. 25,000 first printing.

Finish Carpentry draws on years of accumulated knowledge and experience in the cutting and installation of interior trim, and is a one-stop resource for learning about this highly regarded craft, considered an art by some, that is in great demand. Finish Carpentry examines, step by step, the specific tasks assigned to the finish carpenter, and is a valuable resource for anyone pursuing a career, or interest, within this field. Comprehensive coverage of the techniques and methods that finish carpenters manage on a daily basis walk readers through all finish tasks, from installing and trimming interior doors thru casing

windows, installing cabinets, and building fireplace mantles. Additional chapters on tools and safety, as well as proper preparation for the job, introduce readers to the important skills associated with not only getting the job done, but getting it done well.

“Either you can decide to compete on price alone and pray you can maintain a cost structure to generate a profit, or you can provide magical moments that create value for your guests. . . . Throughout Secret Service, DiJulius demonstrates how to transform bland customer service standards into memorable customer experiences.”— from the foreword by Bill Capodagli and Lynn Jackson, coauthors of The Disney Way and Every Business Is Show Business How many successful businesses provide the kind of unforgettable client experience that keeps customers coming back time after time and year after year? John DiJulius has built his award-winning business around a customer service approach that has earned comparisons to Disney, Nordstrom, and other legendary customer experience pioneers. In Secret Service DiJulius reveals how to develop behind-the-scenes systems that will enable your business to \* develop a great corporate culture that shows in the dedication and passion of your front-line people \* “go deeper” with your existing customers \* turn complaints into positive experiences \* make each customer feel welcome, comfortable, important, and understood. DiJulius will teach you all the techniques that have catapulted his business to the top, making him one of the most sought-after service experts in America. By quantifying and examining each phase of the Customer Experience Cycle, Secret Service reveals clever, practical ideas that can be transformed into repeatable best practices in any organization and at every level. Packed with examples applicable to a wide range of industries, this book provides practical, realistic ways to reap the benefits of greater customer loyalty, exponentially expanded referral networks, lower employee turnover, and stronger bottom-line results.

Gertrude Stein, as a college student at Radcliffe and a medical student at Johns Hopkins Medical School, was a privileged woman, but she was surrounded by women who were trapped by poverty, class, and race into lives that offered little choice. Her portraits of Anna and Lena are examples of realistic depictions of immigrant women who had no occupational choice but to become domestic workers. This collection of documents from the history of women's suffrage, medical history, modernist art, and literature enables readers to see how radical Stein's subject was.

Built-Ins contains:

Mix Drinks Like A Pro Now you can with this indispensable handbook, the most thorough and thoroughly accessible bartending guide ever created for both professional and home use. Encyclopedic in scope and filled with clear, simple instructions, The Bartender's Bible includes information on: Stocking and equipping a bar from liquors and mixers to condiments, garnishes, and equipment Shot-by-shot recipes for over 1,000 cocktails and mixed drinks from bourbon to rum to whiskey Wine drinks Beer drinks Nonalcoholic drinks Special category drinks tropical, classics, aperitifs, cordials, hot drinks, and party punches Anecdotes and histories of favorite potables And more! If you've ever wondered whether to shake or stir a proper Martini, or what to do with those dusty bottles of flavored liqueurs, The Bartender's Bible is the only book you need! A bartender, as a rule, is a person who enjoys the company of others, endeavors to solve problems, listens to the woes of the world, sympathizes with the mistreated, laughs with the comedians, cheers up the down at heart, and generally controls the atmosphere at his or her bar. A bartender is the manager of moods, the master of mixology. Certain scenarios are played out over and over again in bars everywhere. The questions are basically the same; only the details vary: What's in a true Singapore Sling? How long has the Martini been around? What's the difference between a Fix and a Fizz? A reference book is as necessary to a bartender as ice. -- from The Bartender's Bible

Comprised of articles taken from "Fine Homebuilding" magazine, this new edition of "Finish Carpentry" has been updated and redesigned throughout to provide builders with the very best current information.

\* Features hundreds of detailed illustrations from actual period millwork catalogs. \* Demonstrates how to properly specify millwork. \* Include a glossary of key terms.

The book is divided into four chapters, and each chapter serves a different purpose. Deals with a different pain. Heals a different heartache. Milk and Honey takes readers through a journey of the most bitter moments in life and finds sweetness in them because there is sweetness everywhere if you are just willing to look.

An invaluable tool for public speaking, writing, and anyone wishing to make a memorable impact with or be inspired by words, this handsomely illustrated volume is conveniently organized to facilitate finding the perfect words for any occasion. This is the perfect book for those looking for words from great thinkers and speakers in order to make a point, plead a case, or justify an opinion, to honor, glorify, or motivate others, or even for their own personal inspiration. Filled with multicultural aphorisms, adages, and axioms from numerous brilliant minds throughout the past 7,000 years and featuring more than 800 full-color illustrations, this latest addition to the best-selling 1001 series makes accessible a vast range of complex ideas from the ancient and classical era to the present. The book draws from varied fields including art, architecture, business, ecology, economics, education, law, literature, music, philosophy, politics, psychology, religion, science, and technology, and presents words of wisdom and inspiration from a wide array of cultural figures—from ancient sages such as Plato, Basho, Sun Tzu, and Ibn Battuta through the Renaissance and Enlightenment greats like Galileo, Copernicus, Goethe, and Newton to the icons of the present era, including Nelson Mandela, Gloria Steinem, Andy Warhol, Virginia Woolf, Oprah Winfrey, and Mark Zuckerberg. While many of the quotations have been published previously, 1001 Quotations To Enlighten, Entertain, & Inspire is the first book to be fully illustrated (with images of the quotations' originators), and draws on a truly global, multicultural range of thinkers from ancient times to the present.

This design resource helps do-it-yourselfers select the best style of trimwork and molding for every room in the home. Full color.

Enhance a room's aesthetic appeal using moldings and trim. Includes design concepts. Over 550 full-color photos and illustrations.

Flannery O'Connor (1925-1964) was an American author. Wise Blood was her first novel and one of her most famous works.

Organizing Archival Records has equipped non-professional archivists to tackle the challenging task of arranging and describing archival materials. The 4th edition preserves the practical, easy-to-follow, step-by-step approach of earlier editions while updating its content to reflect current archival practices.

-- Offers practical advice on selecting tools, installing molding, and more

By the end of World War I, Albert Einstein had become the face of the new science of theoretical physics and had made some powerful enemies. One of those enemies, Nobel Prize winner Philipp Lenard, spent a career trying to discredit him. Their story of conflict, pitting Germany's most widely celebrated Jew against the Nazi scientist who was to become Hitler's chief advisor on physics, had an impact far exceeding what the scientific community felt at the time. Indeed, their mutual antagonism affected the direction of science long after 1933, when Einstein took flight to America and changed the history of two nations. The Man Who Stalked Einstein details the tense relationship between Einstein and Lenard, their ideas and actions, during the eventful period between World War I and World War II.

Two New Yorkers present the very best things to do in the greatest city in the world, now completely revised and updated in a second edition. Organized by theme—including Eating and Drinking, 24-hour New York, Shopping and Spending, Arts and Culture, Views and Sites, the Great Outdoors, and Classic New York—and packed with detailed, helpful indexes organized by neighborhood and by category, this is simply the most fun and comprehensive guidebook to New York City ever. The Best Things to Do in New York crosses genres and boroughs to explore every aspect of the most diverse and exciting city in the world. Written from experience by two people who love the city, and featuring priceless tips from expert contributors—from authors on their favorite bookstores to architects on the city's best buildings—The Best Things to Do in New York is much more than just a guide.

Complemented by more than eight photographs, diagrams, and drawings, a detailed guide explains how to use molding and trim to personalize a home, presenting a host of creative projects that range from simple baseboards to complicated casings and custom crown moldings, as well as helpful advice on tools, techniques, materials, and more. Original.

Class-tested and coherent, this textbook teaches classical and web information retrieval, including web search and the related areas of text classification and text clustering from basic concepts. It gives an up-to-date treatment of all aspects of the design and implementation of systems for gathering, indexing, and searching documents; methods for evaluating systems; and an introduction to the use of machine learning methods on text collections. All the important ideas are explained using examples and figures, making it perfect for introductory courses in information retrieval for advanced undergraduates and graduate students in computer science. Based on feedback from extensive classroom experience, the book has been carefully structured in order to make teaching more natural and effective. Slides and additional exercises (with solutions for lecturers) are also available through the book's supporting website to help course instructors prepare their lectures.
