No one likes paying taxes, much less the process of filing tax returns. For years, would-be reformers have advocated replacing the return-based mass income tax with a flat tax, federal sales tax, or some combination thereof. Congress itself has commissioned studies on the feasibility of a system of exact withholding. But might the much-maligned return-based taxation method serve an important yet overlooked civic purpose? In Learning to Love Form 1040, Lawrence Zelenak argues that filing taxes can strengthen fiscal citizenship by prompting taxpayers to reflect on the contract they have with their government and the value—or perceived lack of value—they receive in exchange for their money. Zelenak traces the mass income tax to its origins as a means for raising revenue during World War II. Even then, debates raged over the merits of consumption-based versus income taxation, as well as whether taxes should be withheld from payroll or paid at the time of filing. The result is the income tax system we have today—a system whose maddening complexity, intended to accommodate citizens in widely different circumstances, threatens to outweigh any civic benefits. If sitcoms and political cartoons are any indication, public understanding of the income tax is badly in need of a corrective. Zelenak clears up some of the most common misconceptions and closes with suggestions for how the current system could be substantially simplified to better serve its civic purpose.

Your employees trust that you pay the withheld taxes to the United States Treasury by making federal tax deposits. This is the reason that these withheld taxes are called trust fund taxes. If federal income, social security, or Medicare taxes that must be withheld aren't withheld or aren't deposited or paid to the United States Treasury, the trust fund recovery penalty may apply. An eloquent, thoughtful text is interwoven with and set to equally passionate music in this exploration of the most important week in the Christian calendar—Holy Week and Easter. As the "hosannas fade in crucify", we are led to wonder what we might have done, what we might have said, had we been there. What would our reaction have been to the shadow of the cross or the shock of the empty tomb? It is good to wonder, but it is better to know that because of the events of Holy Week, life eternal is the promise. For that, Christ paid the ultimate price, so that on Easter Sunday, all Christians can respond to the traditional Easter greeting, "The Lord Is Risen", with the affirmative response, "He is Risen Indeed!" From the quiet moments of introspection at the Lord's table to the terrible agony of the cross, and culminating with the joyous resurrection, this cantata is a moderately easy, yet completely satisfying and inspirational implement for worship. Indeed, He Is Risen!
