Exam Board: GL Assessment Level & Subject: 11+ Non-Verbal Reasoning
The second volume in the Dalai Lama's definitive and comprehensive series on the stages of the Buddhist path, The Library of Wisdom and Compassion. Volume 1, Approaching the Buddhist Path, contained introductory material that set the context for Buddhist practice. This second volume, The Foundation of Buddhist Practice, contains the important teachings that will help us establish a flourishing Dharma practice. The Foundation of Buddhist Practice begins with the four seals shared by all Buddhist philosophies, and moves on to an explanation of the reliable cognition that allows us to evaluate the veracity of the Buddha's teachings. The book provides many other essential Buddhist teachings, including: the relationship of a spiritual mentor and student, clarifying misunderstandings about this topic and showing how to properly rely on a spiritual mentor in a healthy, appropriate, and beneficial manner; how to structure a meditation session; dying and rebirth, unpacking the often difficult-to-understand topic of multiple lives and explaining how to prepare for death and aid someone who is dying; a fruitful explanation of karma and its results; and much more. His Holiness's illumination of key Buddhist ideas will support Western and contemporary Asian students in engaging with this rich tradition.

Training Workbooks with Tips and Tricks Eureka! Challenging Maths and Numerical Reasoning Book 1 Eureka! Challenging Maths and Numerical Reasoning Book 2 Eureka! Challenging Maths and Numerical Reasoning Book 3 _____

_____ The Non-Verbal Ninja Training Course Non-verbal reasoning questions in the 11+ exam provoke anxiety amongst students and parents alike, since the test seems, at first, to be unlike the activities of normal everyday life. In reality, however, it is straightforward to train to improve one's performance in these puzzles. The Non-Verbal Ninja Training Course from Eureka! Eleven Plus Exams is a three-part series of training books with several features to maximise the skill boost they provide to students. Full explanations are given immediately after each block of questions Visual explanations are provided where these are easier to understand The early questions of each type are easy, testing only one or two rules Challenging, broad-ranging questions are soon introduced Each question teaches an additional skill or reinforces a core skill You are not told in advance exactly what the rule will be, so you build confidence in identifying the rule for yourself - a crucial skill for exam success The series of books, studied in sequence, covers the spectrum of types of format of questions and of the types of rule being tested. Some rules can be tested in many different settings. Dedicated practice and, more importantly, careful review of the explanations of questions that turned out to be difficult, is the key to success in Non-Verbal Reasoning.
