A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman "I come from a country that was created at midnight. When I almost died it was just after midday." When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world.

"It's Moosewood's world. We're just eating in it." —Christine Muhlke, The New York Times The creators of America's beloved natural foods restaurant, Moosewood, are back with The Moosewood Restaurant Table, their new book with over 250 brand new, never-before-published recipes. With the restaurant now in its fifth decade, the Moosewood chefs continue to remain faithful to the farm-to-table philosophy that has governed the restaurant since its founding, while also keeping an eye on today's gastro-trends. As they say "We've gotten to know our customers and readers pretty well... their curiosity and culinary IQ have grown exponentially...We've been on some adventures developing this book..." Indeed, they have, working with some less common fruits and vegetables that you might find in your CSA, like Romanesco broccoli and watermelon radishes. They've begun cooking with a wider variety of grains like freekeh and millet. All this experimentation has led them to some great new recipes: Two Potato Tomato Curry Cashew-Crusted Chickpea Burgers Cuban Picadillo with Tofu Pot Pies for Autumn Winter and Spring Butternut Latkes Jamaican Jerk Tempeh Patties and plenty more. Of course, a Moosewood cookbook wouldn't be complete without desserts like Turkish Coffee Brownies, Orange Pistachio Cornmeal Cake or Cherry Tomato Upside Down Cake to mention just a few. Including a healthy number of both vegan and gluten-free recipes, The Moosewood Restaurant Table is the next classic from the restaurant that revolutionized natural eating in the US.

In my 20 Plus years of sales experience, I have come across a lot of books which present a few aspect of sales and others which present some more. However since sales is a combination of hard (Funnel Management, Negotiation skills, Key Account management etc.) and soft skills (Confidence, Attitude, Behavior, Active Listening Etc.). A complete account of such skills at one place seems missing, which triggered the thought to write my experiences and understandings of Sales process from both Psychological and technical perspective. Mom! I want to become a sales person when I grow up !!, has never been any child's dream. Even most of B schools only teach Sales as one of the subject not as a career. Lot of us actually learned tricks of trade from our experiences, colleagues, clients, peers etc. by rising and falling, "The Hard way." This vacuum led the thought process which culminated in form of this book which presents a Comprehensive account of Hard and Soft Skills. A Lot of self-assessment tests are built in to assess where we are and where we want to be. Also it's a book not to be read but to work with. There are notes and pointers which stop us to think, assess and work on skills and aspects needed for being a successful Super Achiever. This is not a story book, it's a book which has the potential to transform a sales career provided we work along the ideas propagated to evolve us to next level.

The author of the international bestseller *How to Be a Woman* returns with another "hilarious neo-feminist manifesto" (NPR) in which she reflects on parenting, middle-age, marriage, existential crises—and, of course, feminism. A decade ago, Caitlin Moran burst onto the scene with her instant bestseller, *How to Be a Woman*, a hilarious and resonant take on feminism, the patriarchy, and all things womanhood. Moran's seminal book followed her from her terrible 13th birthday through adolescence, the workplace, strip-clubs, love, and beyond—and is considered the inaugural work of the irreverent confessional feminist memoir genre that continues to occupy a major place in the cultural landscape. Since that publication, it's been a glorious ten years for young women: Barack Obama loves Fleabag, and Dior make "FEMINIST" t-shirts. However, middle-aged women still have some nagging, unanswered questions: Can feminists have Botox? Why isn't there such a thing as "Mum Bod"? Why do hangovers suddenly hurt so much? Is the camel-toe the new erogenous zone? Why do all your clothes suddenly hate you? Has feminism gone too far? Will your To Do List ever end? And WHO'S LOOKING AFTER THE CHILDREN? As timely as it is hysterically funny, this memoir/manifesto will have readers laughing out loud, blinking back tears, and redefining their views on feminism and the patriarchy. *More Than a Woman* is a brutally honest, scathingly funny, and absolutely necessary take on the life of the modern woman—and one that only Caitlin Moran can provide.

Official U.S. edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon *Sapiens*, returns with an equally original, compelling, and provocative book, turning his focus toward humanity's future, and our quest to upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from binging at McDonalds than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? *Homo Deus* explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is *Homo Deus*. With the same insight and clarity that made *Sapiens* an international hit and a New York Times bestseller, Harari maps out our future.
