This volume traces the growth of the indigenous Hindi film hero from the silent era up to Dilip Kumar. The film hero is depicted as a credible representative of the social, cultural and political milieu of his era. The author contends that the development of Hindi cinema has been largely centered round the frontal figure of the hero. In the course of the narrative, the subject matter presents a compact history of mainstream Hindi cinema by placing personalities, events and trends in specific time frames.

breaks new ground by analyzing Hindi films and exploring the censorship of gender and heterosexuality in Bombay cinema. She studies how film censorship on various levels makes the female body and female sexuality pivotal in constructing national identity, not just through the films themselves but also through the heated debates that occur in newspapers and other periodicals. The standard claim is that the state dictates censorship and various prohibitions, but Mehta explores how relationships among the state, the film industry, and the public illuminate censorship's role in identity formation, while also examining how desire, profits, and corruption are generated through the act of censoring. Committed to extending a feminist critique of mass culture in the global south, Mehta situates the story of censorship in a broad social context and traces the intriguing ways in which the heated debates on sexuality in Bombay cinema actually produce the very forms of sexuality they claim to regulate. She imagines afresh the theoretical field of censorship by combining textual analysis, archival research, and qualitative fieldwork. Her analysis reveals how central concepts of film studies, such as stardom, spectacle, genre, and sound, are employed and (re)configured within the ambit of state censorship, thereby expanding the scope of their application and impact.

heroine drove the vamp into extinction, and even longer since the silver screen was ignited by the true Bollywood version of a cabaret. Yet, Helen – nicknamed ‘H-Bomb’ at the height of her career – continues to rule the popular imagination.

Improbably, for a dancer and a vamp she has become an icon. Jerry Pinto’s gloriously readable book is a study of the phenomenon that was Helen: Why did a refugee of French-Burmese parentage succeed as wildly as she did in mainstream Indian cinema? How could otherwise conservative families sit through, and even enjoy, her ‘cabarets’? What made Helen ‘the desire that you need not be embarrassed about feeling’? How did she manage the unimaginable: vamp three generations of men on screen? Equally, the book is a brilliantly witty and provocative examination of middle-class Indian morality; the politics of religion, gender and sexuality in popular culture; and the importance of the song, the item number and the wayward woman in Hindi cinema.

Bollywood movies and their signature song-and-dance spectacles are an aesthetic familiar to people around the world, and Bollywood music now provides the rhythm for ads marketing goods such as computers and a beat for remixes and underground bands. These musical numbers have inspired scenes in Western films such as *Vanity Fair* and *Moulin Rouge*. Global Bollywood shows how this

chastisement or domesticity that appear as necessary conditions for the representation of subversive female desire. The term 'bad' is used heuristically, and not as a moral or essential category, to examine some of the iconic disruptive women of Hindi cinema and to uncover the nexus between patriarchy and other hierarchies, such as class, caste and religion in these representations. The twenty-one essays examine the politics of female desire/s from the 1930s to the present day - both through in-depth analyses of single films and by tracing the typologies in multiple films. The essays are divided into five sections indicating the various gendered desires and rebellions that patriarchal society seeks to police, silence and domesticate.

An authentic, heartfelt and compelling narrative – straight from the horse’s mouth – that reveals for the first time numerous unknown aspects of the life and times of one of the greatest legends of all time who stands out as a symbol of secular India. Dilip Kumar (born as Yousuf Khan), who began as a diffident novice in Hindi cinema in the early 1940s, went on to attain the pinnacle of stardom within a short time. He came up with spellbinding performances in one hit film after another – in his almost six-decade-long career – on the basis of his innovative capability, determination, hard work and never-say-die attitude. In this unique volume, Dilip Kumar traces his journey right from his birth to the present. In the process, he candidly recounts his interactions and relationships with a wide variety of people not only from his family and the film fraternity but also from other walks of life, including politicians. While seeking to set the record straight, as he feels that a lot of what has been written about him so far is ‘full of distortions and misinformation’, he narrates, in graphic detail, how he got married to Saira Banu, which reads like a fairy tale! Dilip Kumar relates, matter-of-factly, the event that changed his life: his meeting with Devika Rani, the boss of Bombay Talkies, when she offered him an acting job. His first film was Jwar Bhata (1944). He details how he had to learn everything from scratch and how he had to develop his own distinct histrionics and style, which would set him apart from his contemporaries. After that, he soon soared to great heights with movies such as Jugnu, Shaheed, Mela, Andaz, Deedar, Daag and Devdas. In these movies he played the tragedian with such intensity that his psyche was adversely affected. He consulted a British psychiatrist, who advised him to switch over to comedy. The result was spectacular performances in laugh riots such as Azaad and Kohinoor, apart from a scintillating portrayal as a gritty tonga driver in Naya Daur. After a five-year break he started his ‘second

Since their beginnings in the 1930s, Hindi films and film songs have dominated Indian public culture in India, and have also made their presence felt strongly in many global contexts. Hindi film songs have been described on the one hand as highly standardized and on the other as highly eclectic. Anna Morcom addresses many of the paradoxes, eccentricities and myths of not just Hindi film songs but also of Hindi cinema by analysing film songs in cinematic context. While the presence of songs in Hindi films is commonly dismissed as purely commercial this book demonstrates that in terms of the production process, musical style, and commercial life, it is most powerfully the parent film that shapes and defines the film songs and their success rather than the other way round. While they constitute India's still foremost genre of popular music, film songs are also situational, dramatic sequences, inherently multi-media in style and conception. This book is uniquely grounded in detailed musical and visual analysis of Hindi film songs, song sequences and films as well as a wealth of ethnographic material from the Hindi film and music industries. Its findings lead to highly novel ways of viewing Hindi film songs, their key role in Hindi cinema, and how this affects their wider life in India and across the globe. It will be indispensable to scholars seeking to understand both Hindi film songs and Hindi cinema. It also forms a major contribution to popular music, popular culture, film music studies and ethnomusicology, tackling pertinent issues of cultural production, (multi-)media, and the cross-cultural use of music in Hindi cinema. The book caters for both music specialists as well as a wider audience.

in Indian cinema, showing that the relationship between the modern and the traditional in contemporary India is not exotic, but part of everyday life. Concentrating mainly on the Hindi cinema of Mumbai, Bollywood, it also discusses India's other cinemas. Rachel Dwyer's lively discussion encompasses the mythological genre which continues India's long tradition of retelling Hindu myths and legends, drawing on sources such as the national epics of the Mahabharata and the Ramayana; the devotional genre, which flourished at the height of the nationalist movement in the 1930s and 40s; and the films made in Bombay that depict India's Islamicate culture, including the historical, the courtesan film and the 'Muslim social' genre. *Filming the Gods* also examines the presence of the religious across other genres and how cinema represents religious communities and their beliefs and practices. It draws on interviews with film stars, directors and producers as well as popular fiction, fan magazines and the films themselves. As a result, *Filming the Gods* is a both a guide to the study of film in religious culture as well as a historical overview of Indian religious film.

A family of professional actors and directors, they span almost eighty years of film-making in India, from the 1920s to the present. Each decade in the history of Hindi films has had at least one Kapoor—if not more—playing a large part in defining it. Never before have four generations of this family—or five, if you include Bashesharnath Kapoor, Prithviraj Kapoor's father, who played the judge in Awara—been brought together in one book. The Kapoors details the professional careers and personal lives of each generation—box-office successes and failures, the ideologies that informed their work, the larger-than-life Kapoor weddings and Holi celebrations, their extraordinary romantic liaisons and family relationships, their love for food and their dark passages with alcohol. Based on extensive personal interviews conducted over seven years with family members and friends, Madhu Jain goes behind the façade of each member of the Kapoor clan to reveal what makes them tick. The Kapoors resembles the films that the great showman Raj Kapoor made: grand and sweeping, with moments of high drama and touching emotion. 'Few books on Indian cinema have been written with such wit, clarity and sparkle'—Outlook 'Jain writes in a language that is simple and pithy. . . it will keep alive public interest in the Kapoors who refuse to call it a day'—Telegraph 'Immensely readable...will surely find a place in the Indian cineaste's library'—Biblio

popular Hindi cinema from 1960 to 1988. In *Enchantment of the Mind: Manmohan Desai's Films*, Connie Haham delves into the director's work and analyses some of his cinematic signatures - speed, fun, adventure and delight, alongside a devotion to motherhood and a stance in favour of inter-religious harmony. His cinema is fondly remembered for its many catchy tunes and the characters brought to life by leading stars, from Raj Kapoor to Amitabh Bachchan. Lending extra magic to this book is Manmohan Desai's own account of a life dedicated to cinema - a medium he wielded artfully to depict both struggle and an affirmation of life. Asha Parekh was to the movies born. Ever since she was knee-high, she faced the camera as a child artiste, while performing simultaneously at dance fetes. An alumnus of Bombay's The J. B. Petit Girls' High School, she devoted after-school hours to learning classical dance from exacting gurus. Given a break as a leading lady by Filmalaya Studio's Sashadhar Mukherjee, she debuted opposite Shammi Kapoor in the romantic entertainer *Dil Deke Dekho*. Instantaneously, the audience and the critics agreed: "A star is born." Followed a concatenation of silver and golden jubilee hits, which established her as the quintessential Hit Girl. Possessed of all the requisites of the cinema of the 1960s and the '70s – felicity at instinctive acting, intricate dance skills and the ability to invest conviction into the roles of zestful, glamour-exuding film heroines – she made an impact, too, with parts demanding gravitas. Apart from films in Hindi, she has also acted in films in Gujarati, Punjabi and a film in Kannada. The Mumbai film trade, to date, acknowledges her as one of the heroines with the highest number of successes. Her innumerable dance ballets on stage have earned her untold acclaim, at home and overseas. Among her other facets, she has been involved since decades in running a charitable hospital. She was Chairperson of the Central Board

She turned producer and director with several top TRP-rated TV serials like 'Kora Kagaz' and 'Palash ke Phool' and programmes like 'Baaje Paayal'. Currently she has chosen to retire from acting, but adds, "Never say never." She lives by the famed Juhu shoreline in Mumbai.

To a nation fed on classical music, the advent of Rahul Dev Burman with his repertoire of Western beats was a godsend. RD revolutionized Hindi film music in the 1970s, and with his emphasis on rhythm and beats, this Pied Piper of Hindi film music had young India swinging to his tunes. At the same time, this genius proved his many detractors who criticized him for corrupting popular taste wrong by composing some of the most influential raga-based songs in Hindi cinema and showing an immense comfort with all kinds of music,

Mohammed Rafi, 1924-1980, Hindi motion picture singer.

Many cultures have myths about self-imitation, stories about people who pretend to be someone else pretending to be them, in effect masquerading as themselves. This great theme, in literature and in life, tells us that people put on masks to discover who they really are under the masks they usually wear, so that the mask reveals rather than conceals the self beneath the self. In this book, noted scholar of Hinduism and mythology Wendy Doniger offers a cross-cultural exploration of the theme of self-impersonation, whose widespread occurrence argues for both its literary power and its human value. The stories she considers range from ancient Indian literature through medieval European courtly literature and Shakespeare to Hollywood and Bollywood. They illuminate a basic human way of negotiating reality, illusion, identity, and authenticity, not to mention memory, amnesia, and the process of aging. Many of them involve marriage and adultery, for tales of sexual betrayal cut to the heart of the crisis of identity. These stories are extreme examples of what we common folk do, unconsciously, every day. Few of us actually put on masks that replicate our faces, but it is not uncommon for us to become travesties of ourselves, particularly as we age and change. We often slip carelessly across the permeable boundary between the un-self-conscious self-indulgence of our most

idiosyncratic mannerisms and the conscious attempt to give the people who know us, personally or publicly, the version of ourselves that they expect. Myths of self-imitation open up for us the possibility of multiple selves and the infinite regress of self-discovery. Drawing on a dizzying array of tales—some fact, some fiction—*The Woman Who Pretended to Be Who She Was* is a fascinating and learned trip through centuries of culture, guided by a scholar of incomparable wit and erudition.
