The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

Cost Accounting' is designed for the specific requirements of B.COM/B.B.A IV Semester curriculum of Bangalore University. It represents the core concepts of the subject in a systematic and meticulous manner which intends to provide a strong conceptual background to the readers not only for classroom study, but also for corporate-world applicability. The book has been enriched with 25+ years of experience of the authors and provides a right blend of both- theory and application.

It takes lots of information, suggestions and discussion to decide a career option for yourself. In today's world, having a good job is a benchmark for a living standard of a person living in society. This tendency of society builds pressure on the candidates and they start entering the rat race of common people. They forget to introspect and bring clarity to what they wanted to become and what they choose. Planning is very important before execution and this must be done by every student before deciding to enter any career option. The Symbiosis Entrance Test is one such entrance exam that does not limit the scope of career options and provides a common gateway to various career options by offering admissions under various undergraduate courses like Management, Economics, Design, Mass Communication, Computer Studies, Liberal Arts and Culinary Arts.

Financial Accounting for BBA has been written to meet the requirements of undergraduate students, particularly at the BBA level.
