Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your

From the single-cylinder bikes of the 1950s to the high-performance sportbikes of today, *The Complete Book of Ducati Motorcycles* showcases the entire spectrum of Ducati. Legendary Ducati motorcycles have something of a rags-to-riches story. This Italian motorcycle manufacturer began by selling motorized bicycles to impoverished residents of post-World War II Italy. Today, Ducati is the world's premier manufacturer of street motorcycles whose sales continue to rise year after year. Its svelte, hyper-accelerating motorcycles are two-wheeled wonders that are fluent in the language of speed. *The Complete Book of Ducati Motorcycles* traces the stunning chronology of the motorcycles dreamed up by Ducati, from the 1950s to present day. Laid out for the first time in encyclopedia form with gorgeous photography and insights from Ducati expert Ian Falloon, this book offers motorcycle enthusiasts a closer look at the craftsmanship, power, and beauty of these extraordinary motorcycles. The book features all of the motorcycles from Ducati's storied history, including the groundbreaking Desmodromic 750 Super Sport, the Mike Hailwood Replica, the Superbike-dominating 916, and the epic Panigale. From the street bikes that gave birth

It's a collection that demands shelf space in the library of any true motorcycle collector or fan.

Set on the Central Coast in the Five Cities area, it is a story of erotic love, mystery, suspense, and revenge revolving around the world of crystal meth addiction and the business of crank manufacture and sale. When Mick's girlfriend of a few months, Shana Deckhardt, is sent into coma due to an overdose on speed. Mick is arrested for trafficking and conspiracy to commit murder, though he is

Physically fit, with both combat and competitive amateur wrestling experience, he is recruited by a regional task force to clear his name, avenge the assault on Shana's life, and break up one of the biggest meth rings ever.
