****2011 Best Arab Cuisine book in the U.S., Gourmand World Cookbook Award**** Prepare delicious and healthy meals with this award-winning Arabian cookbook For untold centuries, the Bedouin of the Arabian Peninsula, in their desert tents, have served their honored guests lavish meals featuring roasted lamb with rice. Bedouin hospitality has not changed over the ages but Arabian cuisine has undergone a remarkable evolution in the last 100 years, making it extremely diverse. This diversity is due, in part, to the explosion of wealth on the Arabian peninsula which has drawn people—along with their foods and cooking methods—from around the world. The blending of these culinary worlds has produced something remarkable. In The Arabian Nights Cookbook, author Habeeb Salloum has compiled an amazing array of recipes that celebrate this blending of cultures while still making it compatible with the everyday kitchens of the Western world. From the familiar, Hummus Bi-Tahini, to the unique, Stuffed Lamb, Salloum offers an accessible world of savory tastes and memory provoking aromas. Authentic Arabian recipes include: Classic Hummus Chickpea Puree Spicy Eggplant Salad Hearty Meat and Bulghur Soup Tandoori Chicken, Omani-Style Golden Meat Turnovers Fish Fillets in an Aromatic Red Sauce Spicy Falafel Patties Delicious Stuffed Zucchini Cardamom Fritters with Walnuts in Orange-Blossom Syrup Real Arab Coffee Made Just Right And many more...

As parents, we all know that children can be notoriously difficult to cook for. Many of us fall into the habit of cooking the same dishes over and over again, simply because we cannot bear the idea of scraping wasted food into the bin at the end of a meal. However, a child's formative years are when they learn to accept and like new foods, and it is therefore of great importance to encourage them with new tastes and different textures as often as you can. Hamlyn All Colour Cookbook: 200 Recipes for Kids has been put together with this in mind, but also with the knowledge that children are generally fussy creatures and like their food to be simple and to look good. Each recipe has been photographed to show you exactly what you will be cooking (and what they will be eating), and has of course been tested for child-appeal. To prevent your children getting bored by the same meals, we have also added a creative variation at the end of each recipe.

Organized by type of cooking, you'll be able to whip up meals in minutes and with minimal prep. There are ideas for using your slow cooker, pressure cooker, stovetop and oven. Rebecca's recipes are fresh, accessible, nutritious and most importantly made with the whole family in mind - which marks this book out from others in the field. Her philosophy is that parents can wean their babies by eating alongside them, adapting grown-up food for babies. Apart from the numerous joys and benefits of sharing family meals, her vision offers the perfect chance for adults to rethink how they eat, too. Rather than putting baby first and opting for fast, unhealthy options themselves, every parent is encouraged to share in nutritious and delicious meals as they introduce their little ones to new foods for the first time. Alongside the recipes there are a number of features and tips for making life that little bit easier, from learning how to freeze your food to ingredients you should avoid and nutritional food profiles. Every recipe is suitable for babies from 6 months and is nutritionist approved.
