Being a truly innovative company is more than the dreaming up of new products and services by external consultants and internal taskforces. Staying one step ahead of the competition requires you to embed innovation into your organizational culture. Innovation needs to be embodied in everything that gets done by everyone who works there. By changing your organizational culture to one that supports innovation, you will remove the barriers that stop you responding quickly and agilely to changing market conditions and opportunities for growth. Building a Culture of Innovation presents a practical framework that you can follow to design and embed a culture of innovation in your business. The six-step Innovation Culture Change Framework offers a structured process to make change stick, from assessing your organization's innovation-readiness to leading a managed change process that will foster innovation at each level. It includes case studies from international organizations which have shifted their focus to an innovation culture, including Prudential, Qinetiq, Octopus Investments, Cisco, Siemens, BrightMove Media, Waitrose and Feefo. Supported with downloadable resources, Building a Culture of Innovation is an essential read for business leaders and change implementation teams who want to place innovation at the heart of their business strategy.

The Caesars Palace Coup How a Billionaire Brawl Over the Famous Casino Exposed the Power and Greed of Wall Street Diversion Books

Maybe you've had a moment when God did something radical in your heart. Putting your faith and trust in Him certainly feels like taking a giant leap, but really it's just the beginning of the exciting, and—yes—radical journey that comes with agreeing to live as God calls you to. What does being radical look like? In the Bible, the common characteristics of "radicals" are: They trusted God. They listened to God's voice and then obeyed—even when it cost them. Because of their faith, they lived lives that looked different from everyone else's. That's a short list and a tall order, but basically it means you can be a radical, too. There's nothing on that list that is impossible for you. There's nothing on that list that requires you to be older, or more financially stable, or to have a college degree. No matter who you are or where you live, you can live a radical faith. Meet Erin, who has learned practical ways to do just that. She'll help you be radical, too. My Name is Erin: One Girl's Plan for Radical Faith is one in a series of four books, which can be read in any order. The other titles are: My Name is Erin: One Girl's Journey to Discover Truth My name is Erin: One Girl's Journey to Discover Who She Is My Name is Erin: One Girl's Mission to Make a Difference

Dawn is a normal suburban high school senior living Saratoga Springs, New York. Her father is an expert in legends and myths and is a professor at the nearby college. She is a good looking popular girl with a boring mundane life until a new girl moves into the neighborhood. Grace is shy and looks like she stepped out of the 1940's and makes quite an impression with the kids at school. Dawn decides early on to befriend her even though she will lose her social status and takes a seat at the Nerd Table. Grace tends to be strange and keeps to herself except when around Dawn and with Dawn's help Grace blossoms. After Brandon, the captain of the football team asks Dawn out her life becomes a roller coaster of emotions and things become even more twisted after Grace's brother Max arrives and the two foster a relationship that thrusts her into a dark world where nothing is as it seems.

Winner of the Bancroft Prize The New York Times Book Review, Editor's Choice American Heritage, Best of 2009 In this vivid new biography of Abigail Adams, the most illustrious woman of the founding era, Bancroft Award-winning historian Woody Holton offers a sweeping reinterpretation of Adams's life story and of women's roles in the creation of the republic. Using previously overlooked documents from numerous archives, Abigail Adams shows that the wife of the second president of the United States was far more charismatic and influential than historians have realized. One of the finest writers of her age, Adams passionately campaigned for women's education, denounced sex discrimination, and matched wits not only with her brilliant husband, John, but with Thomas Jefferson and George Washington.

When male Patriots ignored her famous appeal to "Remember the Ladies," she accomplished her own personal declaration of independence: Defying centuries of legislation that assigned married women's property to their husbands, she amassed a fortune in her own name. Adams's life story encapsulates the history of the founding era, for she defined herself in relation to the people she loved or hated (she was never neutral), a cast of characters that included her mother and sisters; Benjamin Franklin and James Lovell, her husband's bawdy congressional colleagues; Phoebe Abdee, her father's former slave; her financially naïve husband; and her son John Quincy. At once epic and intimate, Abigail Adams, sheds light on a complicated, fascinating woman, one of the most beloved figures of American history.

It was the most brutal corporate restructuring in Wall Street history. The 2015 bankruptcy brawl for the storied casino giant, Caesars Entertainment, pitted brilliant and ruthless private equity legends against the world's most relentless hedge fund wizards. In the tradition of Barbarians at the Gate and The Big Short comes the riveting, multi-dimensional poker game between private equity firms and distressed debt hedge funds that played out from the Vegas Strip to Manhattan boardrooms to Chicago courthouses and even, for a moment, the halls of the United States Congress. On one side: Apollo Global Management and TPG Capital. On the other: the likes of Elliott Management, Oaktree Capital, and Appaloosa Management. The Caesars bankruptcy put a twist on the old-fashioned casino heist. Through a \$27 billion leveraged buyout and a dizzying string of financial engineering transactions, Apollo and TPG—in the midst of the post-Great Recession slump—had seemingly snatched every prime asset of the company from creditors, with the notable exception of Caesars Palace. But Caesars' hedge fund lenders and bondholders had scooped up the company's paper for nickels and dimes. And with their own armies of lawyers and bankers, they were ready to do everything necessary to take back what they believed was theirs—if they could just stop their own infighting. These modern financiers now dominate the scene in Corporate America as their fight-to-the-death mentality continues to shock workers, politicians, and broader society—and even each other. In *The Caesars Palace Coup*, financial journalists Max Frumes and Sujeet Indap illuminate the brutal tactics of distressed debt mavens—vultures, as they are condemned—in the sale and purchase of even the biggest companies in the world with billions of dollars hanging in the balance.

Audisee® eBooks with Audio combine professional narration and sentence highlighting to engage reluctant readers! Have you ever used your imagination to solve a problem? When Albert Einstein was young, he was fascinated by the way magnetism made a compass work. As an adult, he used thought experiments to solve some of the universe's greatest mysteries. Einstein loved to think about math and science. He worked for a while at a patent office, but his mind wasn't focused on inventions. Instead, he thought about the universe. In 1905, Einstein's Special Theory of Relativity solved questions that scientists had grappled with for hundreds of years. Learn how Einstein's imagination became a powerful tool that helped him understand the nature of space and time.

This lecture attempts to tell stories through music and about music, and about the music of several cultures and times, about its effect on human experience, about the instruments and their makers in order to try and connect the present time with some of music's own roots, a cause for much reflection on the part of the lecturer.

Jimmy was only nine years old when he was molested and sexually assaulted in London's dingy East End. He struggled to keep his dark secret, while coping with being adopted and his illiterate father's violent outbursts. Desperately needing to be loved, Jimmy accepts an offer of 'conditional kindness' from Tom, his scoutmaster. Now, after a lifetime of secrets, his story can be told as Tom is now dead, so.... Respected conservative talk show host, blogger and TV commentator Dana Loesch gives her views on the history and intent of the Second Amendment and discusses what she believes gun confiscation would mean to Americans' basic rights as citizens. How many people in America today are truly well-versed in the history of the Second Amendment, and why it was included in the Bill of Rights? In *HANDS OFF MY GUN*, Dana Loesch explains why the Founding Fathers included the right to bear arms in the Bill of Rights, and argues that "gun control" regulations throughout history have been used to keep minority populations under control. She also contends that current arguments in favor of gun control are primarily based on emotions and fear. This narrative is a must-read for every Second Amendment supporter. Dana Loesch is a determined and fierce advocate for those rights and shouts out: hands off my gun!

A legendary painting by Rembrandt forms the centerpiece of this exploration of self-portraits by leading artists of the twentieth and twenty-first centuries. Published to commemorate an exhibition presented by Gagosian in partnership with English Heritage, this stunning volume centers on Rembrandt's masterpiece Self-Portrait with Two Circles (c. 1665), from the collection of Kenwood House in London. The painting is considered to be Rembrandt's greatest late self-portrait and is accompanied here by examples of the genre from leading artists of the past one hundred years. These include works by Francis Bacon, Jean-Michel Basquiat, Lucian Freud, and Pablo Picasso, as well as contemporary artists such as Georg Baselitz, Glenn Brown, Urs Fischer, Damien Hirst, Howard Hodgkin, Giuseppe Penone, Richard Prince, Cindy Sherman, and Rudolf Stingel, among others. Also featured is a new work by Jenny Saville, created in response to Rembrandt's masterpiece. Full-color plates of the works, generous details, and installation views of the exhibition accompany an expansive essay by art historian David Freedberg that provides a close look at the self-portraits created by Rembrandt throughout his life and considers the role of the Dutch master as the precursor of all modern painting.
