It is the autumn of 1880, and Dr John Watson has just returned from Afghanistan. Badly injured and desperate to forget a nightmarish expedition that left him doubting his sanity, Watson is close to destitution when he meets the extraordinary Sherlock Holmes, who is investigating a series of deaths in the Shadwell district of London. Several bodies have been found, the victims appearing to have starved to death over the course of several weeks, and yet they were reported alive and well mere days before. Moreover, there are disturbing reports of creeping shadows that inspire dread in any who stray too close. Holmes deduces a connection between the deaths and a sinister drug

In December 2013, after years of exhaustive search, the U.S. Holocaust Memorial Museum received more than four hundred pages of diary notes written by one of the most prominent Nazis, the Party's chief ideologue and Reich minister for the occupied Soviet territories Alfred Rosenberg. By combining Rosenberg's diary notes with additional key documents and in-depth analysis, this book shows Rosenberg's crucial role in the Nazi regime's anti-Jewish policy. In the second half of 1941 the territory administered by Rosenberg became the region where the mass murder of Jewish men, women, and children first became a systematic pattern. Indeed, months before the emergence of German death camps in Poland, Nazi leaders perceived the occupied Soviet Union as the area where the "final solution of the Jewish question" could be executed on a European scale. Covering almost the entire duration of the Third Reich, these previously

"The writer of this book lived for many years in the Welsh Colony, Patagonia, where he was the pioneer of the Anglican Church. He published a book dealing with that part of the world, which also contained a great deal of interesting matter regarding the little known Patagonian Indians, *Ideas on Religion and Customs*, etc. He returned to Wales in 1891; and after spending a few years in his native land, went out to a wild part of Western Australia, and was the pioneer Christian worker in a district called Colliefields, where he also built a church." -Preface

exorcism and the darker side of American life. There is no other religious ritual more fascinating, or more disturbing, than exorcism. This is particularly true in America today, where the ancient rite has a surprisingly strong hold on our imagination, and on our popular entertainment industry. We've all heard of exorcism, seen the movies and read the books, but few of us have ever experienced it firsthand. Conducted by exorcists officially appointed by Catholic archdioceses and by maverick priests sidestepping Church sanctions, by evangelical ministers and Episcopal charismatics, exorcism is alive and well in the new millennium. Oprah, Diane Sawyer, and Barbara Walters have featured exorcists on their shows. The New York Times, Los Angeles Times, Time, and other publications have charted the proliferation of exorcisms across the United States. Last year, the Archdiocese of Chicago appointed its first full-time exorcist in its 160-year history; in New York, four priests have officially investigated about forty cases of suspected possession every year since 1995. *American Exorcism* is an inside look at this burgeoning phenomenon, written with objectivity, insight, and just the right touch of irony. Michael W. Cuneo attended more than fifty exorcisms and interviewed many of the participants—both the exorcists who performed the rituals and the people from all walks of life who believed they were possessed by the devil. He brings vividly to life the ceremonies themselves, conjuring up memories of Linda Blair's astonishing performance in the 1973 movie *The Exorcist* and other bizarre (and sometimes stomach-churning) images. Cuneo dissects, as well, the

arguments of such well-known exorcism advocates as Malachi Martin, author of the controversial *Hostage to the Devil*, self-help guru M. Scott Peck, and self-professed demonologists Ed and Lorraine Warren of Amityville Horror fame. As he explores this netherworld of American life, Cuneo reflects on the meaning of exorcism in the twenty-first century and on the relationship between religious ritual and popular culture. Touching on such provocative topics as the "satanic panics" of the 1980s, repressed memory, and ritual abuse, *American Exorcism* is a remarkably revealing, consistently entertaining work of cultural commentary.

so much that he fled to Paris, the young Dario felt at ease only in the darkness of a cinema - where he found fertile soil in which his solitary nature and overflowing imagination could flourish. But it was his experience as a journalist that led to his life-changing encounter with Sergio Leone, for whom he and Bernardo Bertolucci wrote the script for *Once Upon a Time in the West*. Meanwhile, the mind of the future director developed a desire as ambitious as it was magnificent: to make a film in a new style, distinct from all others. Channelling the films of Hitchcock, Lang and Antonioni triggered a wealth of ideas that changed the history of cinema. His first film came out in 1970 - *The Bird with the Crystal Plumage*. In no time at all the name of Dario Argento was known across the globe. And soon enough a series of classic films including *Deep Red* and *Suspiria* saw the light of the projector beam. Dario Argento is a maverick auteur who captured his personal demons on celluloid. At last, his fascinating life story can be told: his passions, his loves, his fears. In his autobiography, alongside the tale of an inspirational film director making his mark on the world, one glimpses the anxieties of a driven but shy man, in love with cinema and life itself. Adapted from the Italian translation and illustrated with rare photographs, the award-winning and critically acclaimed *Master of Terror* tells all. So put on your black leather gloves and start turning the pages of *Fear* for the answer to every question you've ever wanted to ask about the weird and wonderful world of Dario Argento. The true history of a legendary American folk hero In the 1820s, a fellow named Sam Patch grew up in Pawtucket, Rhode Island, working there (when he wasn't drinking) as a mill hand for one of America's new textile companies. Sam made a name for himself one day by jumping seventy feet into the tumultuous waters below Pawtucket Falls. When in 1827 he repeated the stunt in Paterson, New Jersey, another mill town, an even larger audience gathered to cheer on the daredevil they would call the "Jersey Jumper." Inevitably, he went to Niagara Falls, where in 1829 he jumped not once but twice in front of thousands who had paid for a good view. The distinguished social historian Paul E. Johnson gives this deceptively simple story all its deserved richness, revealing in its characters and social settings a virtual microcosm of Jacksonian America. He also relates the real jumper to the mythic Sam Patch who turned up as a daring moral hero in the works of Hawthorne and Melville, in London plays and pantomimes, and in the spotlight with Davy Crockett—a Sam Patch who became the namesake of Andrew Jackson's favorite horse. In his shrewd

and powerful analysis, Johnson casts new light on aspects of American society that we may have overlooked or underestimated. This is innovative American history at its best.

One of Woolf's most experimental novels, *The Waves* presents six characters in monologue - from morning until night, from childhood into old age - against a background of the sea. The result is a glorious chorus of voices that exists not to remark on the passing of events but to celebrate the connection between its various individual parts.
