

2017 Seize The Day Daily Desktop Box Calendar

In the future, Mothers have legally achieved the natural right to abort their offspring up until the moment of viability. An Unborn is not considered legally viable until the 18th anniversary of their Entrance, or the day they left their mother's body. Until the moment of being Born, the mother has complete and 100% Choice on whether or not to abort her child. These abortions are done by nursing teams who use cattle thuds to terminate the Unborn. Summer dreams and longs for the day when she will be legally viable so that she will no longer have to worry about being aborted. This dystopian future is shocking because it is so close to becoming a reality, that it makes "1984" seem like a bright utopian spring day. Profoundly disturbing! But the logical extension of the pro-abortion, euthanasia, medical ethicists. Undeniably shocking! But why should this work of fiction be anymore shocking than the slaughter of babies that happens every day in America? This book is intended to be read by everyone, pro-life or pro-abortion. Some people will be appalled at the future described, and others will welcome it as the natural logical extension of their beliefs. Whatever you believe, this book will force you to think about those beliefs. The novel 1984 cannot hold a candle to the terrifying, and even more realistic near future painted in Unborn. Abortion ethicists have advocated on a non-fictional basis everything portrayed in this book. It is only a matter of time before the Unborn future becomes a reality. For far too many children, it has already become a reality. A reality that ended for them with their deaths. The modern abolitionist seeks to abolish the slaughter of babies, just as the 19th century abolitionist sought to abolish the evil institution of slavery. However, born out of the eugenics movement that sought to exterminate the black man since he could no longer be enslaved, the modern abortion movement is an evil institution far surpassing the evils of slavery. In the 19th century, Uncle Tom's Cabin opened the eyes of America to the need for the abolition of slavery and in the 21st century, Unborn will open the eyes of America to the need for the abolition of abortion. This book is the modern abolitionist's Uncle Tom's Cabin. Warning! This book is not intended for younger children. The book portrays fictionally a graphic and disturbing utopian future where abortion rights are absolute. Intended for teenagers, who are forced to confront today these horrible issues by a world gone mad, the graphic and disturbing nature of the logic of modern man is taken to its inevitable conclusions. Parental Discretion Advised. Parents should read this book before allowing their children to read it.

. Learn to Develop a Powerful Mindset for Complete Success and Fulfilment This 4 Book Bundle Contains Book 1: Millionaire Mindset Strategies Book 2: Best Wealth Magnet Activities Book 3: Ideal Steps to Business Success Book 4: Super Wealthy Mindset Habits Become unstoppable in the face of challenges and obstacles One of the most important features of our lives is our ability to live up to our full potential and this collection of wealth-oriented books have been designed specifically to identify the essential ingredients that can be used to create success. Based on a series of interviews and mentorships with groups of exceptionally successful individuals, the principles discussed within the four books reveal the fact that sustained success is not an accident. It's a product of consistently doing the right things. But what constitutes 'the right things'? And how important is the role of attitude in the creation of success? The good news is that the attitudes, actions and behaviours of highly successful and fulfilled individuals can be learned and that means that all of us can benefit from the models and examples that others have set. This saves us an enormous amount of time and wasted effort and can catapult us into the upper levels of personal success and fulfilment. The books have been designed as an exploration of the underlying attitudes that will serve either to support or hinder our ambitions. Their purpose is to encourage us to dream and set goals that are truly worthy of our deeper potential. The first volume examines the attitudes and behaviours of super-successful individuals and reveals the principles that these people adopted to promote their efforts to live the lives of their dreams. It's an intoxicating message of hope, inspiration and practical principles for raising the quality of our lives to new levels of expression. The second volume explores the principles of developing a very positive attitude towards wealth and its resistance-free acquisition. The third volume focuses on the principles of creating success in business and the fourth book examines the essential attributes of the successful mind set. Amongst a treasure trove of powerful advice, insights, tips and principles, you can learn how to Identify the beliefs that previously held you back and banish all negative and restrictive attitudes and behaviours Set goals that will draw on your latent creativity and inspire you to grow Discover and channel the power of your unconscious and make firm friends with the concept of wealth and abundance Take control of your business and tune it towards new levels of success and profitability Create your own mental framework for positive expectations and design your own affirmations for driving you ever closer towards your dreams and goals Become comfortable with the concept of personal success and fulfilment This collection of the essential principles for success has been produced to share the message that our fate is very much in our own hands and that each of us has the potential to make our lives better than they are today. This profound message of hope is a wake-up call to seize the day and experience the power of your own potential. It's a message of power and practical wisdom, a set of guides for making the most of this precious gift we call life.

This Special Issue presents some of the main emerging research on technological topics of health and education approaches to Internet use-related problems, before and during the beginning of coronavirus disease 2019 (COVID-19). The objective is to provide an overview to facilitate a comprehensive and practical approach to these new trends to promote research, interventions, education, and prevention. It contains 40 papers, four reviews and thirty-five empirical papers and an editorial introducing everything in a rapid review format. Overall, the empirical ones are of a relational type, associating specific behavioral addictive problems with individual factors, and a few with contextual factors, generally in adult populations. Many have adapted scales to measure these problems, and a few cover experiments and mixed methods studies. The reviews tend to be about the concepts and measures of these problems, intervention options, and prevention. In summary, it seems that these are a global culture trend impacting health and educational domains. Internet use-related addiction problems have emerged in almost all societies, and strategies to cope with them are under development to offer solutions to these contemporary challenges, especially during the pandemic situation that has highlighted the global health problems that we have, and how to holistically tackle them.

When people hear the words "seize your life" or "seize the day," they often think they have to do something grand, adventurous, or exotic or something that has a monetary cost associated with it. We all have the ability to Carpe Diem every day through awareness, action, and appreciation. "Seize Your Life" is a collection of practical and actionable guidance intended to inspire and empower you to Carpe Diem Every Day.

The Lord told Deborah and Karriem to develop a 356 Day Daily Devotional. Led by the Holy Spirit each day we would read a scripture from the Bible and then would expound on the scripture in reference to what the Lord was saying to us. When his revelation is revealed there is a comfort that is given to the person. We believe that you shall be blessed by going through the journey we went through everyday. We believe that the scriptures and revelation shall jump off the page and resonate in your heart.

Want to change your mindset into one of a Lion? Then the Daily Lion is for you! This book is meant for CEOs, small business owners, athletes, sales people and employees alike! It will drastically change your mindset into that of a Lion. Nobody ever said reaching the top was easy, but success doesn't settle for second best. Sunday School Lessons

The Disney Musical: Critical Approaches on Stage and Screen is the first critical treatment of the corporation's hugely successful musicals both on screen and on the stage. Its 13 articles open up a new territory in the critical discussion of the Disney mega-musical, its gender, sexual and racial politics, outreach work and impact of stage, film and television adaptations. Covering early 20th century works such as the first full-length feature film Snow White and the Seven Dwarfs (1937), to The Lion King - Broadway's highest grossing production in history, and Frozen (2013), this edited collection offers a diverse range of theoretical engagements that will appeal to readers of film and media studies, musical theatre, cultural studies, and theatre and performance. The volume is divided into three sections to provide a contextual analysis of Disney's most famous musicals: · DISNEY MUSICALS: ON FILM · DISNEY ADAPTATIONS: ON STAGE AND BEYOND · DISNEY MUSICALS: GENDER AND RACE The first section employs film theory, semiotics and film music analysis to explore the animated works and their links to the musical theatre genre. The second section addresses various stage versions and considers Disney's outreach activities, cultural value and productions outside the Broadway theatrical arena. The final section focuses on issues of gender and race portraying representations of race, hetero-normativity, masculinity and femininity in Newsies, Frozen, High School Musical, Aladdin and The Jungle Book. The various chapters address these three aspects of the Disney Musical and offer new critical readings of a vast range of important works from the Disney musical cannon including Enchanted, Mary Poppins, Hunchback of Notre Dame, The Lion King and versions of musicals for television in the early 1990s and 2000s. The critical readings are detailed, open-minded and come to surprising conclusions about the nature of the Disney Musical and its impact.

When Donald Trump referred to Hillary Clinton as -such a nasty woman, - women felt a jolt of recognition--and promptly turned his insult into an empowering slogan. This book celebrates the now-ironic phrase with quotations by and about strong women. The words, both positive and negative, come from figures in ancient history, founding mothers and feminist leaders, politicians, artists and cultural icons, celebrities, and the women at home.

For centuries along the vibrant cultural corridor of the Silk Road of Central Asia, philosophers and thinkers from Hellenic, Chinese and Indian traditions debated existential issues. Out of this stimulating milieu, the iconic poet-mathematician Omar Khayyam emerged in the eleventh century, advancing a transformative intercultural philosophy in his poetic work, the Rubaiyat. Vaziri traces the themes of Khayyam's Rubaiyat back to the highly influential philosophical traditions of the Silk Road and uncovers fascinating parallels in original works by Heraclitus, Zhuangzi (Daoism), Nagarjuna (Mahayana Buddhism), and the Upanishads. In addition, Vaziri's elegant translation and unique classification of the verses of the Rubaiyat reveal an existential roadmap laid out by Khayyam. In this pioneering volume, Vaziri not only fuses the multiple disciplines of literature, philosophy, culture, history and medicine but also takes the approach of the Rubaiyat to a new level, presenting it as a source of wisdom therapy that stands the test of time in the face of doubt and confusion, offering a platform for self-restoration.

It is imperative to strive for perfection daily. For Christian men, that means communicating with God, seeking his will, and being the best man you can be for yourself, your friends, your family, your community, and your church. Author Nathaniel L. Cropp explores how to be a better man spiritually and naturally in 11 Guiding Principles for Men. This self-help guide can help you move closer to the Lord and teach you how to transform yourself into the man that God wants you to be, develop a new and righteous way of thinking, and living the healthiest, happiest, and most fulfilling life you can. The Bible shows that success is connected to how you choose to live your life. By looking at his own life and decisions, Cropp shows that it's possible to dramatically change your life by following eleven guiding principles. Each chapter includes a meditation guide, focus thoughts, questions, and verses of scripture the perfect combination to encourage reflection and action. The guidebook is a natural choice for mens groups, Sunday school lessons, and any man who wants to be better and do more.

Just Don't Seize the Day, Seize the Moment Fulton Books, Inc.

This book examines the detrimental impact of illicit financial flows on South Africa's development, political economy, and transformation in the 21st century. Over the years, illicit financial flows have led to the systematic looting and channelling away of South African resources, yet they are rarely studied by researchers looking to explain the country's underdevelopment and political economy. This book looks across sectors, showing that illicit financial flows cut across all the key pillars of development, frustrating the betterment of peoples' lives in South Africa. Investigating the problem from a decolonial perspective, the book delves deep into the catastrophic impacts of illicit financial flows for people and the economy, discusses how the problem is being combatted, and ultimately suggests solutions for rebuilding social trust between people and the state. Making an important contribution to the decolonial debate, as well as to discussions of South Africa's political economy, this book will be of interest to researchers across African studies, global development, political science, law and corruption studies.

#1 New York Times bestselling author Joyce Meyer shares a purposeful approach to everyday living, helping readers claim the good things God has in store for them each day. Today is no ordinary day. You may perform simple routines, feel uninspired, or lack the excitement of hope. But today could be the most important one of your life--depending on how you choose to spend it. Joyce Meyer, #1 New York Times bestselling author, encourages you not to waste another minute. There is something special, valuable waiting for you to discover in each day. And when you spend time with God daily, asking Him to help you find it, you'll unlock the wonderful purpose He has in store for you. When you commit to letting God direct you, instead of resting passively in your own disappointments, you'll be open to receive greater happiness and blessings than you ever thought possible. All you need is the right encouragement. With over four decades of experience helping others find fulfillment, Joyce shares key biblical insights and personal stories that will help you make the most of this moment and SEIZE THE DAY!

As Ruben Wells kneels with a gun pointed at his head all he can do is reflect on the life he spoiled. What has led him here? Was it his willingness to always try to do the right thing that has him staring at the barrel of a gun? Or was that he was too much of a people pleaser having a hard time saying no that has led to him begging for his life? Every thing begins and ends with a choice. The moment a choice is made it only takes a second for a life to change. Ruben made a choice to initiate a relationship with the alluring Bianca Jones. She makes heads turn and every man's dream. She is beautiful as a gazelle, but as dangerous as a lioness, as she's unavailable due to being unhappily married with children. Being married doesn't keep her from wanting to pursue Ruben as well as being pursued by him. Getting involved with Bianca changes Ruben's life in ways he never could have imagined. Choices are a gift constantly given to everyone. The choices made lead to different paths. We all have to choose this day what we're going to do with our own lives not knowing what the end result will be. What kind of impact will Ruben's choices have on his life?

Take time for yourself and relax with a beautiful collection of flowers, mandalas and positive quotes. 40 pages to color, made with love for you.

The figure of Dietrich Bonhoeffer (1906–1945) has become a clay puppet in modern American politics. Secular, radical, liberal, and evangelical interpreters variously shape and mold the martyr's legacy to suit their own pet agendas. Stephen Haynes offers an incisive and clarifying perspective. A recognized Bonhoeffer expert, Haynes examines "populist" readings of Bonhoeffer, including the acclaimed biography by Eric Metaxas, *Bonhoeffer: Pastor, Martyr, Prophet, Spy*. In his analysis Haynes treats, among other things, the November 2016 election of Donald Trump and the "Bonhoeffer moment" announced by evangelicals in response to the US Supreme Court's 2015 decision to legalize same-sex marriage. *The Battle for Bonhoeffer* includes an open letter from Haynes pointedly addressing Christians who still support Trump. Bonhoeffer's legacy matters. Haynes redeems the life and the man.

For every minute you are happiness with this quotes book. Well look no further than this third Master Collection of inspiring quotes from the world's most famous people from best-selling author. Keep it for Men Women and you.

With more than 300,000 cases diagnosed each year, Lyme disease is the most common tick-borne illness in the United States. However, doctors are deeply divided on how to diagnose and treat it, leading to the controversy known as the "Lyme Wars." Firmly entrenched camps have emerged, causing physicians, patient communities, and insurance companies to be pitted against one another in a struggle to define Lyme disease and its clinical challenges. Health-care providers may not be aware of Lyme's diverse manifestations or the limitations of diagnostic tests. Meanwhile, patients have, on the one hand, felt dismissed by their doctors and, on the other hand, frightened and confused by the conflicting opinions and dubious self-help information found online. In this authoritative book, the Columbia University Medical Center physicians Brian Fallon and Jennifer Sotsky explain that there is much cause for optimism. The past decade's advances in precision medicine and biotechnology are reshaping our understanding of Lyme disease and accelerating the discovery of new tools to diagnose and treat it, such that the great divide previously separating medical communities is now being bridged. Drawing on both extensive clinical experience and cutting-edge research, Fallon, Sotsky, and their colleagues present these paradigm-shifting breakthroughs. They clearly explain the immunologic, infectious, and neurologic basis of chronic symptoms and their cognitive and psychological impact, as well as current and emerging diagnostic tests, treatments, and prevention strategies. Written for the educated individual seeking to learn more, *Conquering Lyme Disease* gives an up-to-the-minute overview of the science that is essential for both patients and practitioners. It argues forcefully that the expanding plague of Lyme and other tick-borne diseases can be confronted successfully and may soon even be reversed.

WHAT'S GOD DOING IN YOUR STORY? Our kids beg us for stories at bedtime or while we drive; we gather around firepits and dinner tables to tell and retell our favorite

tales—the more dramatic the better. But when it comes to our actual lives, we prefer something less sensational, even boring—sunny skies and smooth sailing, please and thank you. We want our own stories to be predictable, safe, controllable, and catastrophe-free. When plans fall apart, jobs are lost, kids wander off, doctors give bad reports, we often wonder, "What are you doing, God? Are you sure you have this under control? It doesn't really seem like it right now." God is the master Storyteller. He's writing your story and it's a part of His bigger, grander, eternal Story. But we're still in the middle. We haven't gotten to the happy ending yet, and it can be hard to trust Him in the thick of our struggles. That's why Robert and Nancy share their own story, friends' stories, and the stories of people in the Bible who have faced life-altering challenges, but, in the end, have found God to be faithful. Learn why you really can trust God to write your story—no matter what plot twists you may encounter along the way. "This is a unique and charming book, integrating stories of God's providence from His people and His Word. Nancy and Robert write personally and beautifully, infusing readers with a Christ-centered vision, hope, and trust for the future." -Randy Alcorn, author of *Heaven, Giving is the Good Life, and Deception* "You Can Trust God to Write Your Story is an amazing book whose title says it all. For if you are a follower of Jesus, every day of your life—whether you feel like it or not—is weighted with kingdom purpose, eternal significance, and a royal destiny filled with joy and contentment. Let my dear friends, Robert and Nancy, help you embrace the mysteries of the Lord's Providence. For when it comes to happy endings, you can't find a better Author than the God of the Bible. Happy endings are His forte—turn the page, trust Him, and discover it for yourself." -Joni Eareckson Tada, Joni and Friends International Disability Center

Can you imagine the sound of hooves telling you to stop working, come out and play? Coloring is a form of imaginative play. You use your imagination to conjure worlds and then you use your skills and creativity to transfer those worlds into sheets of paper. It's fun brain game that you can do without leaving your home or office. Do some coloring today!

Joseph Charles Philpot M.A. was born on the 13th September 1802 at Ripple Rectory in Kent. He was educated at Worcester College, Oxford, and was subsequently elected a Fellow. He went on to Ireland as a tutor for a private family, and, having been saved by grace, began his ministry in the Church of England. He seceded from that Church in 1835, and the same year aligned himself with the Strict and Particular Baptists, being baptized by John Warburton on his 33rd birthday. He became pastor of the Stamford and Oakham congregations in 1838 and ministered faithfully until poor health ended his pastoral ministry in 1864. He went to his reward on 9th December 1869, a beloved and respected leader amongst the Strict and Particular Baptists where his memory is still cherished. As well as his pastoral work, he was also editor of the *Gospel Standard* which gained considerable influence and prominence under his leadership. The organisation still publishes his works, and much of what we have from him today was first written for that publication. These devotions have been available on various websites for some time, but to my knowledge there has not been a printed edition using the King James Version of the bible available for many years. I believe the devotions are very close to the original publications, with only some paragraph divisions and occasional sentence splittings added by this arranger to make the devotions easier to follow for 21st Century readers. Philpot's original but now veteran language and grammar has been left largely unaltered with only the spelling being returned to British English, some archaic words very carefully replaced, and no simplification. The Scripture quotes at the beginning of each portion use the original King James Version, with a few of the contractions removed to print the full verse rather than just a couple of words. Philpot himself often paraphrased, tending to follow the pattern of the Geneva Bible of 1560, so where odd words differ from the KJV in the body of his portions, this may well be the cause and origin. A handful of the devotions seem quite short, and may have been truncated in the past. However, checking all the versions available to me has not revealed any additional text, so any missing text may now have been lost forever. I trust that you will find these devotions as encouraging and challenging as I do, and that they will strengthen you in your faith as they have done for many thousands of Christian readers over the years. The truth contained within them is as precious and real today as it was when first written, and remains fresh and pertinent with repeated reading. You will be able to re-read this volume many times during your life and will always be surprised to find something new that you missed first time round. Noel Pogson May 2017

In a nutshell, this piece of work is a collection of loosely related online blog posts, written by a madman, without much finesse, afterthought or meticulous editing at all. I write about my biggest personality flaws and worst fears, about human hypocrisy and animal rights, about sexual morality and hedonism, about happiness, love/hate and forgiveness, about the so-called "free-will" debate, about my relationships, about my friends and family... and much, much more. But throughout it all I reflect upon the magnificent works of my unrivalled hero Michel Eyquem de Montaigne, whose hefty book I was reading at the same time as I was writing these words of my own.

This unique book is intended for all health professionals caring for older people with diabetes such as specialist and general nurses, doctors, primary care practitioners and dietitians. Although there is an increasing body of work about personalised care, no publications were identified that encompass the focus and scope of the proposed book. The global population is ageing and increasing age is a key risk factor for diabetes. Older people with diabetes are often vulnerable, have complex care needs and often have cognitive changes, which makes personalising care challenging for health professionals. Thus, this is an internationally relevant book filling a gap in the current literature. This is a practical and updated book that will use an engaging and easy to read narrative style. It challenges readers to reflect in and on their practice. It encompasses people with diabetes' and authors' stories, which are known to have a special interest to readers, make it easier to apply the information to practice, enhance learning, and hence the relevance and value of the book. It is relevant to advocacy organisations as well as managers and service planners. Researchers and scientists may find relevant information on grant and ethics applications, research protocols, plain language statements for potential participants and operationalising research protocols.

2019 Planner/Organizer with Inspirational Quotes Navigating through the year can be challenging without the proper tools. Use this delightful planner to organize your activities and to provide inspiration during your pursuit of excellence. Using a good planner means you'll be prepared for the days activities and more successful in your efforts. Imagine using the Carpe Diem! Inspirational Quote Monthly / Weekly Planner to keep track of assignments and tasks. How would your life improve from from having better organization and direction? Stop making excuses and start on a course of accomplishment

achievement now! Task Lists Because you want the most out of life, you need to optimize your time and activities. Plan your week out and layout important meetings and events in a weekly calendar. Once you are organized, excuses become a thing of the past. Record and keep track of weekly accomplishments to make sure you're on top of your game delivering when it counts. 52 Week Planner Contains a 52 week planner with room for daily activities, important tasks, special dates, a habit tracker and space for notes. Includes 2018 calendar year for current activities and long-term planning. Each week includes an inspiring quote to keep you motivated and on track. 12 Month Organizer Keep track of important milestones and dates with a monthly organizer for the 2017-2018 academic year. Each month contains an engaging inspirational quote along with an easy tip for positive thinking. You can find all of Nikki's books by clicking on her Author Page (Click Nikki Burnette at the top of the product listing).

Reproduction of the original: Notes on My Books by Joseph Conrad

Oftentimes, the owners and entrepreneurs whose small businesses are undergoing financial problems suffer high emotional costs. These individuals can experience significant setbacks in their entrepreneurial journeys as well as depression and other negative emotions from the stress of crisis episodes. However, businesses that are in crisis also provide valuable learning opportunities for adapting and changing in order to successfully face future challenging situations. Cases on Small Business Economics and Development During Economic Crises presents a diverse range of perspectives and insights into global developments in entrepreneurship and captures a diverse collection of methodologies and outcomes from various countries in the realm of small business economics and their development. Including case studies that discuss the COVID-19 pandemic, risk management, and entrepreneurial resiliency, this case book serves as an excellent companion for entrepreneurs, small business owners, managers, executives, economists, business professionals, academicians, students, and researchers.

This book examines the essence of leadership, its characteristics and its ways in Asia through a cultural and philosophical lens. Using Asian proverbs and other quotes, it discusses leadership issues and methods in key Asian countries including China, India, Japan, Kazakhstan, Malaysia and Singapore. It also explores the leadership styles of various great Asian political and corporate leaders. Further, it investigates several unique Asian philosophies, such as Buddhism, Guan Yin, Confucianism, Ta Mo, Chinese Animal zodiac signs, Hindu Gods, the Samurai, the Bushido Spirit and Zen in the context of leadership mastery and excellence. Offering numerous examples of a potpourri of the skills and insights needed to be a good, if not a great, leader, this practical, action-oriented book encourages readers to think, reflect and act.

Desert detective Lola Zola,11, can't figure out if the Bingo King is a good guy or a swindler. The newcomer who popped up from behind the tumbleweeds hosts family Bingo nights to benefit the troops and wants to make America greater than great. So what could be bad? In between Bingo games, the newcomer peddles stock in a never-seen desert windmill farm. Half of Mirage, including Lola's mother and maybe Lola, too, wants in on the Bingo King's investments and who can blame them for hoping to get rich quick. Lola would love new hair bows, a new skateboard and a mountain bike just like Buck's. Buck, a.k.a. Charles Wembly III, a.k.a. Slime Bucket, is Lola's not-so-secret sixth grade crush. But when Ruby, Lola Zola's lemonade business benefactor, announces she's marrying the Bingo King in a hot air balloon over the red, white, and blue Great American Bingo Palace, Lola and her BFF's must race against the clock to learn the truth. Together, the 6th graders - Lola, Melanie, Samantha and Buck - embark on a dangerous desert adventure. Steep cliffs, a blinding sandstorm, a dead cell phone... Will Lola Zola make it out alive? If she does, will anyone believe her story? ***** Lola Zola Desert Detective, the third book in the Lola Zola series, takes readers on a wild ride, navigating not only the twists and turns of mountain roads but also the mysteries of the heart. Like the first two tween novels, Lola Zola and the Lemonade Crush and New Girl on Salt Flat Road, this story - Lola Zola Desert Detective - makes the reader laugh and cry and wonder where the truth lies.

I wrote my book partially because I've had a great life, and I've also have seen the other side of the fence. There were times in the life when I've found myself in poor health, broke, and homeless. I've traveled down some rough roads, but I had to come to a realization that I was partially to blame for my own mistakes and I had to dig deep within my own soul and dig myself out of my own problems. One of my biggest battles I've ever fought was when I was severely injured w

Time is the backdrop of historical inquiry, yet it is much more than a featureless setting for events. Different temporalities interact dynamically; sometimes they coexist tensely, sometimes they clash violently. In this innovative volume, editors Dan Edelstein, Stefanos Geroulanos, and Natasha Wheatley challenge how we interpret history by focusing on the nexus of two concepts—"power" and "time"—as they manifest in a wide variety of case studies. Analyzing history, culture, politics, technology, law, art, and science, this engaging book shows how power is constituted through the shaping of temporal regimes in historically specific ways. Power and Time includes seventeen essays on human rights; sovereignty; Islamic, European, Chinese, and Indian history; slavery; capitalism; revolution; the Supreme Court; the Anthropocene; and even the Manson Family. Power and Time will be an agenda-setting volume, highlighting the work of some of the world's most respected and original contemporary historians and posing fundamental questions for the craft of history.

In ancient China, a revered Taoist sage named Zhuangzi told many parables. In *Existential Psychology and the Way of the Tao*, a selection of these parables will be featured. Following each parable, an eminent existential psychologist will share a personal and scholarly reflection on the meaning and relevance of the parable for psychotherapy and contemporary life. The major tenets of Zhuangzi's philosophy are featured. Taoist concepts of emptiness, stillness, Wu Wei (i.e. intentional non-intentionality), epistemology, dreams and the nature of reality, character building in the midst of pain, meaning and the centrality of relationships, authenticity, self-care, the freedom that can come from one's willingness to confront death, spiritual freedom, and gradations of therapeutic care are topics highlighted in this book. Mindfulness is celebrated everywhere—especially in health psychology and spiritual practices, but also in the arts, business, education, environmentalism, sports, and the use of digital devices. While the current mindfulness movement may be in part the latest fad in a narcissistic and therapeutic culture, it is also worthy of greater philosophical attention. As a study in ethics and moral psychology, *Mindfulness in Good Lives* remedies the neglect of this subject within philosophy. Mike W. Martin makes sense of the striking variety of concepts of mindfulness by connecting them to the core idea of value-based mindfulness: paying attention to what matters, in light of relevant values. When the values are sound, mindfulness is a virtue that helps implement the kaleidoscope of values in good lives. Health psychologists, who currently dominate the study of mindfulness, often present their research as value-neutral science. Yet they invariably presuppose moral values that should be made transparent. These values, which lie at the interface of morality and mental health, form bridges between philosophy and psychology, and between literature and spirituality.

Existentialism is back *Carpe diem* – ‘seize the day’ – is one of the oldest pieces of life advice in Western history. But its true spirit has been hijacked by ad men and self-help gurus, reduced to the instant hit of one-click online shopping, or slogans like ‘live in the now’. We need to reclaim it to make sense of our complex, confusing times. The last great expression of *carpe diem* was in the electrifying existential philosophy of the 1940s. Today it’s an idea that challenges us to confront our mortality and live with greater passion and intention rather than scroll mindlessly on our phones or allow freedom to become a mere choice between brands. In *Carpe Diem Regained*, Roman Krznaric reinvents existentialism for our age of information and choice overload. An essential and empowering work of contemporary philosophy, the book unveils the surprising ways of seizing the day that humankind has discovered over the centuries, ones we urgently need to revive. *Carpe diem* is the existentialism for our times.

The chickens are coming home to roost for the corrupt officials, mainstream media, and Democratic operatives who ruined the life of an innocent American in an attempt to subvert our democracy. Carter Page, the man at the center of one of the worst scandals in our country’s history, reveals how our nation’s top law enforcement officials abused their power and framed an innocent American citizen in their effort to take down Donald Trump. Page’s gripping account, which shows that the rot goes deeper than anyone realized, names the men and women who tried to pull off a coup and didn't care who got hurt. Inspiration for a Heart-Shaped Life What if you could see the world through the lens of the heart moment by moment? What if God inspired you to walk “heart first” into every life event and circumstance, no matter what it was? What if love was your number one priority? Love of God, love of others, and love of yourself? Inspired by 1 Corinthians 13:2: "If I had the gift of prophecy and knew all about what is going to happen in the future, knew everything about everything, but didn't love others, what good would it do?" . . .the Heart-Shaped Life series will encourage you to live life “heart first.” The Heart-Shaped Life Daily Devotional provides refreshing thoughts, prayers, and scripture selections to help you discover the best path to the good life. . .which is all about LOVE!
