The secret to success in every endeavor is timing. What Divine Time are you on now? Take a look inside to find out! This is The Power of Divine Timing 2019! The Power of Divine Timing 2019 is an annual astrological guide and method that helps readers to nurture the correct source at the right time to create desired results based on astrological timing. You've heard the term, "have an attitude of gratitude"; but how can you be gracious if you can't see the blessings, you're supposed to be grateful for? Indeed, sometimes we have starved the blessings so much, it's as if they do not exist, or they have simply withered and died. That's sad; right? Humans tend to naturally feed the wrong source, challenges. You may also know that whatever we feed, whatever we nurture, grows stronger. You hear this time and time again from wise and prophetic teachers: "Live in the moment." How do you do that when you don't know what moment you're in—or where to place your intention and energy? That's where The Power of Divine Timing 2019 comes in! This is The Power of Divine Timing 2019—the technique that locates your specific, personal Universal blessings and challenges in real time and simply teaches you how to starve your challenges and to nurture and grow your blessings! The question then becomes: what happens to something that starves? It cannot exist without a source of energy feeding it. So, this, simply put, means you can starve your challenges to death until they have no power to survive and wreak havoc in your life. For, what I have intrinsically found is that when you focus on the blessings in your life, solutions for life's challenges can be found there. It's really quite easy. Each chapter focuses on the planet's current transits and movements, how they affect each astrological sign from the perspective of Challenges, Blessings, Change, and how to approach your current chart utilizing The Power of Divine Timing Technique. You should read both your Sun and rising sign. As you get familiar with this year's challenges and apparent Universal Blessings, you can start to nurture the right source. As you nurture the correct source, you will notice your life shifting, the challenges diminishing, and the blessings increasing. I have included exercises and suggestions for each of the astrological signs, and transits, to assist you in nurturing the right source.

You're going about your daily routine when you suddenly feel an odd squirming in your chest. You quickly realize that it is your heart, flopping around like a fish out of water. What do you do? You probably panic! Maybe you also experience dizziness, nausea, or shortness of breath, or maybe you have no other symptoms at all. But it's still very scary because... it's your heart! This is how chronic atrial fibrillation starts for many of us, and those who develop it often have little to no prior medical history to speak of. Once the demon a-fib has set in, though, we soon find our lives redirected down a dark uncharted path, our days consumed by vain attempts to divine the elusive origins of this mysterious malady as we desperately seek a panacea that can give us back our "normal"... or at least some way to weaken the grasp that this unwelcome beast now has on our lives. Through it all, we put on performances of a lifetime for the rest of the world, acting as though all is well while coping as best we can with this invisible disorder... one that he who has never suffered through it cannot possibly understand. Try as we might, though, our lives and relationships will surely end up the worse for wear. Within the pages of this book lies one man's personal account of how this condition impacted his life, how he managed to overcome it, the valuable knowledge that was acquired along the way, and the permanent marks that the journey has left on his subsequent existence. This medical autobiography is written in an informal first-person conversational style with accounts and information presented in such a way that it should be easy for just about everyone to understand and relate to.

LONGLISTED FOR THE CENTER FOR FICTION FIRST NOVEL PRIZE LONGLISTED FOR THE WOMEN'S PRIZE FOR FICTION "Bold, virtuosic, addictive, erotic – there is nothing like The Pisces. I have no idea how Broder does it, but I loved every dark and sublime page of it." —Stephanie Danler, author of Sweetbitter Lucy has been writing her dissertation on Sappho for nine years when she and her boyfriend break up in a dramatic flameout. After she bottoms out in Phoenix, her sister in Los Angeles insists Lucy dog-sit for the summer. Annika's home is a gorgeous glass cube on Venice Beach, but Lucy can find little relief from her anxiety — not in the Greek chorus of women in her love addiction therapy group, not in her frequent Tinder excursions, not even in Dominic the foxhound's easy affection. Everything changes when Lucy becomes entranced by an eerily attractive swimmer while sitting alone on the beach rocks one night. But when Lucy learns the truth about his identity, their relationship, and Lucy's understanding of what love should look like, take a very unexpected turn. A masterful blend of vivid realism and giddy fantasy, pairing hilarious frankness with pulse-racing eroticism, THE PISCES is a story about falling in obsessive love with a merman: a figure of Sirenian fantasy whose very existence pushes Lucy to question everything she thought she knew about love, lust, and meaning in the one life we have.

This book presents the website exactphilosophy.net, as of 2017. Written by a Swiss physicist, it contains lots of beautiful novel ideas, inspired by nature and physics, ancient and modern philosophy, as well as by astrology, the I Ching and more... Please note that this book does not yet present these ideas in a way and format suitable for most readers. That will follow in other books by the same author. Instead, this book addresses anyone with a mind free enough to think outside of some of the usual ""boxes,"" paired with imagination and also a more scientifically critical mind in the end, as implies the ""exact"" in exactphilosophy. In essence, first ""elements"" are tentatively defined from first principles, inspired mostly by Kant, then some correlations between these abstractly defined ""elements"" and the ancient Greek elements are revealed, as well as with the 8 trigrams of the Chinese I Ching, and more.

"Steamy...Doesn't let up." —Booklist "Intense...Unflinching." —Kirkus Reviews From the author of Come Back to Me comes a striking novel about a young woman—desperately trying to protect her family from their violent father—who finds safety, and a passionate romance, with an ex-Marine. Ever since Zoey was a kid she's been caring for her mom and her little sister, defending them from her violent father. She's been the strong one, the responsible one as she sacrificed her wants and dreams to keep her family together. Now the life they've built for themselves in California is about to be upended. Her father, just released from prison, has discovered where they're hiding and has come looking for them. Enter Tristan. A former Marine and now member of the Coast Guard, Tristan promises his best friend, and Zoey's Marine brother, that he will take care of Zoey and her family. Protect them, watch over them, and be the rock they need in their lives. And as Tristan starts to help Zoey deal with the emotional fallout of her childhood, their relationship turns from protector and protected to something more. The two grow closer as a romance blooms into a heart-pounding and powerful relationship that Zoey hopes will be strong enough to fight off the damage her father has done to her and her family. But not everyone can be kept safe forever, and when Zoey's father does show up, a confrontation ensues that will change Zoey's world forever.
