A novel of a Jewish family coming together, and coming apart, by an award-winning “master storyteller” (The Wall Street Journal). “Anyone who has had experience of the sad and subtle ways in which human beings torment one another under license of family ties will appreciate the merits of A.B. Yehoshua’s A Late Divorce.” —London Review of Books A powerful story about a family—and a country—in crisis. The father of three grown children comes back to Israel to get a divorce from his wife of many years; another woman, newly pregnant, awaits him in America. Narrated in turn by each family member—husband and wife, sons and daughter, young grandson—the drama builds to a crescendo at the traditional family gathering on Passover eve. “Each character here is brilliantly realized. . . . Thank goodness for a novel that is ambitious and humane and that is about things that really matter” —New Statesman “A master storyteller whose tales reveal the inner life of a vital, conflicted nation.” —The Wall Street Journal

There was an old woman in China who had supported a monk for over twenty years. She had built a little hut for him and fed him while he was meditating. Finally she wondered just what progress he had made in all this time. To find out, she obtained the help of a girl rich in desire. “Go and embrace him,” she told her, “and then ask him suddenly: ‘What now?’” The girl called upon the monk and without much ado caressed him, asking him what he was going to do about it. “An old tree grows on a cold rock in winter,” replied the monk somewhat poetically. “Nowhere is there any warmth.” The girl returned and related what he had said. “To think I fed that fellow for twenty years!” exclaimed the old woman in anger. “He showed no consideration for your need, no disposition to explain your condition. He need not have responded to passion, but at least he could have evidenced some compassion.” She at once went to the hut of the monk and burned it down. This book presents a semiotic study of the re-elaboration of Christian narratives and values in a corpus of Italian novels published after the Second Vatican Council (1960s). It tackles the complex set of ideas expressed by Italian writers about the biblical narration of human origins and traditional religious language and ritual, the perceived clash between the immanent and transcendent nature and role of the Church, and the problematic notion of sanctity emerging from

contemporary narrative.

Do you know what the hardest thing for an Italian learner is? Finding PROPER reading material that they can handle...which is precisely the reason we've written this book! Teachers love giving out tough, expert-level literature to their students, books that present many new problems to the reader and force them to search for words in a dictionary every five minutes -- it's not entertaining, useful or motivating for the student at all, and many soon give up on learning at all! In this book we have compiled 20 easy-to-read, compelling and fun stories that will allow you to expand your vocabulary and give you the tools to improve your grasp of the wonderful Italian tongue. How Italian Short Stories for Beginners works: Each story will involve an important lesson of the tools in the Italian language (Verbs, Adjectives, Past Tense, Giving Directions, and more), involving an interesting and entertaining story with realistic dialogues and day-to-day situations. The summaries follow a synopsis in Italian and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! Finally, you'll be provided with a set of tricky questions in Italian, providing you with the chance to prove that you learned something in the story. What can stories of magical engraved rings or prophetic inscriptions on walls tell us about how writing was perceived before print transformed the world? Writing beyond Pen and Parchment introduces readers to a Middle Ages where writing is not confined to manuscripts but is inscribed in the broader material world, in textiles and tombs, on weapons or human skin. Drawing on the work done at the Collaborative Research Centre "Material Text Cultures," (SFB 933) this volume presents a comparative overview of how and where text-bearing artefacts appear in medieval German, Old Norse, British, French, Italian and Iberian literary traditions, and also traces the paths inscribed objects chart across multiple linguistic and cultural traditions. The volume's focus on the raw materials and practices that shaped artefacts both mundane or fantastical in medieval narratives offers a fresh perspective on the medieval world that takes seriously the vibrancy of matter as a vital aspect of textual culture often overlooked.

Politica, cultura, economia.

Incorporating distinct traditions and styles of crime writing, the three novellas in Judges are united by a theme of idealistic judges in an often futile struggle against crime and corruption. Andrea Camilleri's novella recounts the charming Judge Surra. Leaving his family behind, Surra arrives in the 19th-century Sicilian town of Montelusa from Turin and is given quirky gifts from the locals, but is oblivious to the veiled threats accompanying them. Finally forced to contend with a hostile community and an imminent attempt on his life, Surra proves he is relentless in his quest for justice. Carlo Lucarelli's novella presents a darkly hued Bologna in the 1980s, where judges are frequent targets of assassination attempts. The protagonist, Judge Valentina Lorenzi--"La Bambina"--stumbles upon an extensive money laundering operation involving prominent public officials. Determined to nip Valentina's investigations in the bud, the criminals attack the judge and leave her clinging to life. Ultimately, Valentina is faced with a troubling question: will she break her vow to uphold the letter of the law in order to bring those responsible to justice? The final novella, The Triple Dream of the Prosecutor, by judge and novelist Giancarlo De Cataldo, teeters between dream and reality. Prosecutor Mandati is engaged in a life-long feud with the corrupt mayor of Novere, and his efforts finally pay off on the night before the trial of his life. Kafkaesque, tumultuous, and thoroughly gripping.

"This book is a translation of historian Carlo Ginzburg's latest collection of essays. Through the detective work of uncovering a wide variety of stories or microhistories from fragments, Ginzburg takes on the bigger questions: How do we draw the line between truth and fiction? What is the relationship between history and memory? Stories range from medieval Europe, the inquisitional trial of a witch, seventeenth-century antiquarianism, and twentieth-century historians."--Provided by publisher.

The Autobiography of Henry VIII is the magnificent historical novel that established Margaret George's career. Evocatively written in the first person as Henry VIII's private journals, the novel was the product of fifteen years of meticulous research and five handwritten drafts. Much has been written about the mighty, egotistical Henry VIII: the man who dismantled the Church because it would not grant him the divorce he wanted; who married six women and beheaded two of them; who executed his friend Thomas More; who sacked the monasteries; who longed for a son and neglected his daughters, Mary and Elizabeth; who finally grew fat, disease-ridden, dissolute. Now, in her magnificent work of storytelling and imagination Margaret George bring us Henry VIII's story as he himself might have told it, in memoirs interspersed with irreverent comments from his jester and confidant, Will Somers. Brilliantly combining history, wit, dramatic narrative, and an extraordinary grasp of the pleasures and perils of power, this monumental novel shows us Henry the man more vividly than he has ever been seen before.

THE CASE IS A COMPLEX BATTLEFIELD; BUT, AS ALWAYS, IN BATTLE, REACHER IS AT HIS BEST.

What does writing Greek books mean at the height of the Cinquecento in Venice? The present volume provides fascinating insights into Greek-language book production at a time when printed books were already at a rather advanced stage of development with regards to requests, purchases and exchanges of books; copying and borrowing practices; relations among intellectuals and with institutions, and much more. Based on the investigation into selected institutional and private libraries – in particular the book collection of Gabriel Severos, guide of the Greek Confraternity in Venice – the authors present new pertinent evidence from Renaissance books and documents, discuss methodological questions, and propose innovative research perspectives for a sociocultural approach to book histories.
