ISBN 0138144516 9780138144517 Introduction to Academic Writing with Criterion(SM) Publisher's Version, 3/e Series - The Longman Academic Writing Series Level 3

The Longman Academic Writing Series helps develop student writing from basic composition of sentences and

paragraphs to academic essays and research papers. At each level, students are offered guidance in the complete writing process from prewriting to revision, and are provided with clear explanations, extensive practice, and consistent coverage of sentence mechanics and grammar. Highlights Step-by-step approach helps students produce a well-organized, clearly developed portfolio that is the foundation of academic coursework. Realistic writing models guide writers while clear explanations, supported by examples, help students through typical rough spots. Extensive practice helps students assimilate writing skills to learn to write with accuracy and confidence. Timed writing activities provide a plan for writing paragraphs on tests. Interactive tasks, such as pair and group work, allow students to receive peer feedback on their individual writing. New Essential Online Resources include grammar for writing and sentence structure activities, teacher support material, teacher's manual, and assessments. Mapped to the Global Scale of English. Read This! is a four-book reading series designed for adult and young adult ESL students at the high beginning to intermediate levels. The series helps students develop reading fluency by having them read and interact with high interest, content-rich texts containing fascinating information written in an accessible narrative style. It is a stepping stone for students who are on track to read in English at higher levels for academic purposes. The readings and approach are also appropriate for students who are not on an academic track, but want to improve their reading ability in English and overall language proficiency. The readings tie in with academic subject areas and the accompanying pedagogic tasks aid reading comprehension skills, critical thinking skills, and the development of both content-specific and general academic vocabulary knowledge. Each Student's Book is supported by a Teacher's Manual with unit tests and a student Web site with fun WebQuests.

Paragraphs to Essays Pearson Longman

Basic English Grammar is a classic developmental skills text for beginning students of English as a second or foreign language. It uses a grammar-based approach integrated with communicative methodologies to promote the development of all language skills. While keeping the same basic approach and materials as in earlier editions, the fourth edition continues to build on the foundation of understanding form and meaning by engaging students in meaningful communication about real actions, real things, and their own lives in classroom context. Several of the new features are:

Information in the grammar charts highlighting important differences between spoken and written English; Step-by-step writing activities with models for students to follow; Innovative warm-up exercises that precede the grammar charts and introduce points to be taught; Newly created exercises to give students more incremental grammar practice; Structure-based listening exercises that introduce students to relaxed, reduced speech"--Page 4 of cover.

Online Practice Plus takes learning beyond the classroom, with all new practice activities and automatic feedback which not only gives the right answers but explains why the answers are correct. With comprehensive resources for teachers including iTools Online.

Between 1974 and 1990 more than thirty countries in southern Europe, Latin America, East Asia, and Eastern Europe shifted from authoritarian to democratic systems of government. This global democratic revolution is probably the most important political trend in the late twentieth century. In *The Third Wave*, Samuel P. Huntington analyzes the causes and nature of these democratic transitions, evaluates the prospects for stability of the new democracies, and explores the possibility of more countries becoming democratic. The recent transitions, he argues, are the third major wave of democratization in the modern world. Each of the two previous waves was followed by a reverse wave in which some countries shifted back to authoritarian government. Using concrete examples, empirical evidence, and insightful analysis, Huntington provides neither a theory nor a history of the third wave, but an explanation of why and how it occurred. Factors responsible for the democratic trend include the legitimacy dilemmas of authoritarian regimes; economic and social development; the changed role of the Catholic Church; the impact of the United States, the European Community, and the Soviet Union; and the "snowballing" phenomenon: change in one country stimulating change in others. Five key elite groups within and outside the nondemocratic regime played roles in shaping the various ways democratization occurred. Compromise was key to all democratizations, and elections and nonviolent tactics also were central. New democracies must deal with the "torturer problem" and the "praetorian problem" and attempt to develop democratic values and processes. Disillusionment with democracy, Huntington argues, is necessary to consolidating democracy. He concludes the book with an analysis of the political, economic, and cultural factors that will decide whether or not the third wave continues. Several "Guidelines for Democratizers" offer specific, practical suggestions for initiating and carrying out reform. Huntington's emphasis on practical application makes this book a valuable tool for anyone engaged in the democratization process. At this volatile time in history, Huntington's assessment of the processes of democratization is indispensable to understanding the future of democracy in the world.

The Third Edition of *Introduction to Academic Writing*, by Alice Oshima and Ann Hogue, continues in the tradition of helping students to master the standard organizational patterns of the paragraph and the basic concepts of essay writing. The text's time-proven approach integrates the study of rhetorical patterns and the writing process with extensive practice in sentence structure and mechanics. Features of the Third Edition: A step-by-step approach guides students seamlessly through the process of writing. Clear, succinct explanations help
