Lenny Duncan is the unlikeliest of pastors. Formerly incarcerated, he is now a black preacher in the whitest denomination in the United States: the Evangelical Lutheran Church in America (ELCA). Shifting demographics and shrinking congregations make all the headlines, but Duncan sees something else at work--drawing a direct line between the church's lack of diversity and the church's lack of vitality. The problems the ELCA faces are theological, not sociological. But so are the answers. Part manifesto, part confession, and all love letter, *Dear Church* offers a bold new vision for the future of Duncan's denomination and the broader mainline Christian community of faith. *Dear Church* rejects the narrative of church decline and calls everyone--leaders and laity alike--to the front lines of the church's renewal through racial equality and justice. It is time for the church to rise up, dust itself off, and take on forces of this world that act against God: whiteness, misogyny, nationalism, homophobia, and economic injustice. Duncan gives a blueprint for the way forward and urges us to follow in the revolutionary path of Jesus.

Father Udoekpo's work offers a thorough review of the theology of worship in the work of Amos of Tekoa, one of Israel's foundational prophets. It critically examines Amos 5 in its socio-historical and literary context and theologically reevaluates the application of Amos's message of ethical worship, judgment, and hope to two contemporary cultures: Nigeria and the United States of America. While intentionally down to earth and engaging in society and religion, this work discusses in a thoughtful and detailed exegetical manner the various sub-units of lamentation (vv. 1-3), the motifs of the remnant, the exhortation to the seek the Lord, justice and righteousness (vv. 4-6; 14-15, 24), judgment, and the notion of the Day of the Lord (vv. 18-20) as they relate to the theology of worship (vv. 21-27) in Amos 5. The author pastorally draws the reader's attention to Amos' view that worship must not be restricted to hypocritical offerings, empty rituals, and songs at sanctuaries, but needs to incorporate ethics of justice, peace, and righteousness practiced in marketplaces and plazas.

Nearly a half century after her death in 1972, Mahalia Jackson remains the most esteemed figure in black gospel music history. Born in the backstreets of New Orleans in 1911, Jackson during the Great Depression joined the Great Migration to Chicago, where she became an highly regarded church singer and, by the mid-fifties, a coveted recording artist for Apollo and Columbia Records, lauded as the "World's Greatest Gospel Singer." This "Louisiana Cinderella" narrative of Jackson's career during the decade following World War II carried important meanings for African Americans, though it remains a story half told. Jackson was gospel's first multi-mediated artist, with a nationally broadcast radio program, a Chicago-based television show, and early recordings that introduced straight-out-of-the-church black gospel to American and European audiences while also tapping the vogue for religious pop in the early Cold War. In some ways, Jackson's successes made her an exceptional case, though she is perhaps best understood as part of broader developments in the black gospel field. Built upon foundations laid by pioneering Chicago organizers in the 1930s, black gospel singing, with Jackson as its most visible representative, began to circulate in novel ways as a form of popular culture in the 1940s and 1950s, its practitioners accruing prestige not only through devout integrity but also from their charismatic artistry, public recognition, and pop-cultural cachet. These years also saw shifting strategies in the black freedom struggle that gave new cultural-political significance to African American vernacular culture. The first book on Jackson in 25 years, *Mahalia Jackson and the Black Gospel Field* draws on a trove of previously unexamined archival sources that illuminate Jackson's childhood in New Orleans and her negotiation of parallel careers as a singing Baptist evangelist and a mass media entertainer, documenting the unfolding material and symbolic influence of Jackson and black gospel music in postwar American society.

Corruption and the systematic looting of the state is the focus of this in-depth analysis of Nigeria from 1960 onwards, by one of Nigeria's leading writers on political matters. Dance, throughout history, has been an integral part of various cultures, peoples, nations and celebrations. Praise Dance, as a ministry vehicle, is not just dance (by societal definitions) to a specific genre of music. It is not for a set group of persons who studied under a certain dancer or dance style. Nor is it for those who have the most technical abilities or the ability to remember and execute a series of movements on beat and in rhythm. Praise dance, as a ministry grace, is simply an expression of movement used to communicate with God and to communicate God's heart to His people. It is the sight of God's message. It communicates the Gospel of Jesus Christ in a way that may not be received or understood through the hearing of the Gospel. Praise Dance is used to praise, pray, preach, teach, evangelize, prophesy, minister, heal and set the atmosphere to bring forth signs, wonders and miracles. Praise Dance, as a ministry grace, is ministry of God's Word through movement.

This shorter version of the bestselling WORLDS OF MUSIC provides much of the authoritative coverage of the comprehensive version in a format that's accessible to students without any background or training in music. Using a case-study approach, the text presents in-depth explorations of music from several cultures around the world. The authors, all working ethnomusicologists, base their discussions of music-cultures on their own fieldwork and give students a true sense of both the music and culture that created it. Editor Jeff Todd Titon's opening chapter introduces students to ethnomusicology and relates each chapter's music to the fundamentals of music in a worldwide context, while the final chapter invites students to undertake a fieldwork research project that increases their understanding of music in daily life. Authentic recordings from the authors' fieldwork are keyed to the text and available online, giving students access to a wide range of music-cultures. Scripting Pentecost explores and develops an analysis of worship and liturgy in Pentecostal and Charismatic traditions. Organized into three main sections, history, theology, and contemporary practice, the first section quarries the historical trajectories of classic Pentecostalism, the Charismatic movement, Third-Wave, and Oneness Pentecostalism. Particular attention is given to the liturgical approaches of some of the earliest leaders, including William J. Seymour, Alexander Boddy, and Aimee Semple McPherson. The second section, constructive theology, offers theological approaches to liturgical studies from Pentecostal and Charismatic perspectives. In this section the Pentecostal and Charismatic tradition is advanced and extended by an interaction with ecumenical sources. The third section, case studies in contemporary worship theology and practice, examines the actual performance of liturgy through selected global case studies chosen to reflect a diversity of ecclesial practice in Africa, Asia, Europe, North America, Latin America and Oceania.

Since the 1980s, Yoruba popular theatre has virtually disappeared due to radio, TV and other mass media in Nigeria. Fifty years after the promulgation of the Constitution on the Sacred Liturgy, a great moment has dawned in which a more dispassionate assessment of the reception of this important document has become imperative in order to enable the Church to undertake necessary steps in realizing the full potential of the renewal envisaged by the Council Fathers. The present study identifies peculiar and diverse challenges confronting the process of reception in the Nsukka Diocese/Nigerian Church today. However, the author acknowledges that the full reception of Sacrosanctum Concilium is still a work-in-progress. Uchenna Aba is a Catholic priest in Nsukka, Nigeria, and currently the Chaplain of St. Martin's Parish, Goch, Diocese of Muenster, Germany. Dissertation. What would God say about those who blatantly misrepresent His Holy Spirit; who exchange true worship for chaotic fits of mindless ecstasy; who replace the biblical gospel with vain illusions of health and wealth; who claim to prophesy in His name yet speak errors; and who sell false hope to desperate people for millions of dollars? The charismatic movement has always been a breeding-ground for scandal, greed, bad doctrine, and all kinds of spiritual chicanery. As a movement, it is clearly headed the wrong direction. And it is growing at an unprecedented rate. From the Word of Faith to the New Apostolic Reformation, the Charismatic movement is being consumed by the empty promises of the prosperity gospel. Too many charismatic celebrities promote a "Christianity" without Christ, a Holy Spirit without holiness. And their teaching is having a disastrous influence on a grand scale, as large television networks broadcast their heresies to every part of the world. In *Strange Fire*, bestselling author and pastor John MacArthur chronicles the unsavory history behind the modern Charismatic movement. He lays out a chilling case for rejecting its false prophets, speaking out against their errors, showing true reverence to the Holy Spirit, and above all clinging to the Bible as the inerrant, authoritative Word of God and the one true standard by which all truth claims must be tested.

This landmark book shows how five African civilizations—Yoruba, Kongo, Ejagham, Mande and Cross River—have informed and are reflected in the aesthetic, social and metaphysical traditions (music, sculpture, textiles, architecture, religion, idiogrammatic writing) of black people in the United States, Cuba, Haiti, Trinidad, Mexico, Brazil and other places in the New World.

The authority-oriented pastoral/catechetical planning method, which characterizes the African mission transmission, has been problematic as it subtly neglects in its pedagogy the culture and daily life of the subject. Hence, the people operate a Christian/cultural double standard. This book proffers an alternative as the author makes the concept of the relationship hermeneutics model to a creative writing that aims towards an empirical application in the theology of inculturation, which is a subject-oriented and dialogical method that draws its strength from the

incarnation prototype.

Since it erupted onto the world stage in 2009, people have asked, what is Boko Haram, and what does it stand for? Is there a coherent vision or set of beliefs behind it? Despite the growing literature about the group, few if any attempts have been made to answer these questions, even though Boko Haram is but the latest in a long line of millenarian Muslim reform groups to emerge in Northern Nigeria over the last two centuries. The Boko Haram Reader offers an unprecedented collection of essential texts, documents, videos, audio, and nashids (martial hymns), translated into English from Hausa, Arabic and Kanuri, tracing the group's origins, history, and evolution. Its editors, two Nigerian scholars, reveal how Boko Haram's leaders manipulate Islamic theology for the legitimisation, radicalization, indoctrination and dissemination of their ideas across West Africa. Mandatory reading for anyone wishing to grasp the underpinnings of Boko Haram's insurgency, particularly how the group strives to delegitimize its rivals and establish its beliefs as a dominant strand of Islamic thought in West Africa's religious marketplace.

This book explores the way in which singing can foster experiences of belonging through ritual performance. Based on more than two decades of ethnographic, pedagogical and musical research, it is set against the backdrop of -the new Ireland- of the late 20th and early 21st centuries. Charting Ireland's growing multiculturalism, changing patterns of migration, the diminished influence of Catholicism, and synergies between indigenous and global forms of cultural expression, it explores rights and rites of belonging in contemporary Ireland. Helen Phelan examines a range of religious, educational, civic and community-based rituals including religious rituals of new migrant communities in -borrowed- rituals spaces; baptismal rituals in the context of the Irish citizenship referendum; rituals that mythologize the core values of an educational institution; a ritual laboratory for students of singing; and community-based festivals and performances. Her investigation peels back the physiological, emotional and cultural layers of singing to illuminate how it functions as a potential agent of belonging. Each chapter engages theoretically with one of five core characteristic of singing (resonance, somatics, performance, temporality, and tacitness) in the context of particular performed rituals. Phelan offers a persuasive proposal for ritually-framed singing as a valuable and potent tool in the creation of inclusive, creative and integrated communities of belonging.

Founder of the phenomenon social media account PreachersNSneakers tackles how faith, capitalism, consumerism, and (wannabe) celebrity have collided. What started as a joke account on Instagram has turned into a movement. Through this provocative project, the founder of PreachersNSneakers is helping thousands of Jesus followers wrestle with the inevitable dilemmas created by a culture obsessed with image and entertainment. In *PreachersNSneakers: Authenticity in an Age of For-Profit Faith and (Wannabe) Celebrities*, the author boldly confronts many of the difficult questions plaguing countless Christians' minds, such as: Should pastors grow wealthy off of religion, and why do we get so angry when they do? Is it okay to stoke envy among others with curated "lifestyle" images on social media? Do we really believe that divine blessings are monetary, or is that just religious wallpaper to hide our own greed? Is there space in Christendom for celebrities like Kanye and Bieber to exist without distorting the good news? What about this: Is it wrong for someone like this author to call out faith leaders online and leverage "cancel culture" to affect change? PreachersNSneakers will navigate these challenging questions and many more with humor, wit, candor, and a few never-before-published hijinks. Each chapter will explore the various sides of the debate, holding space for readers to make up their own minds. The book will doubtlessly become a staple for church small groups, college ministries, and book clubs, emboldening struggling believers who want to live a more genuine faith. After all, the Lord works in mysterious colorways.

In the 1990s, Los Angeles was home to numerous radical social and environmental eruptions. In the face of several major earthquakes and floods, riots and economic insecurity, police brutality and mass incarceration, some young black Angelenos turned to holy hip hop—a movement merging Christianity and hip hop culture—to “save” themselves and the city. Converting street corners to open-air churches and gangsta rap beats into anthems of praise, holy hip hoppers used gospel rap to navigate complicated social and spiritual realities and to transform the Southland's fractured terrains into musical Zions. Armed with beats, rhymes, and bibles, they journeyed through black Lutheran congregations, prison ministries, African churches, reggae dancehalls, hip hop clubs, Nation of Islam meetings, and Black Lives Matter marches. Zanfagna's fascinating ethnography provides a contemporary and unique view of black LA, offering a much-needed perspective on how music and religion intertwine in people's everyday experiences. *The Routledge Companion to Christianity in Africa* offers a multi-disciplinary analysis of the Christian tradition across the African continent and throughout a long historical span. The volume offers historical and thematic essays tracing the introduction of Christianity in Africa, as well as its growth, developments, and effects, including the lived experience of African Christians. Individual chapters address the themes of Christianity and gender, the development of African-initiated churches, the growth of Pentecostalism, and the influence of Christianity on issues of sexuality, music, and public health. This comprehensive volume will serve as a valuable overview and reference work for students and researchers worldwide.

• Do you ever feel a lack of direction in your life? • Are you sometimes troubled by your past? • Have you ever felt you were moving in the right direction and later realized that you were wrong? • Could God be leading you in directions that you would not usually seek? • Do you desire greater intimacy with God? If you answered “Yes” to any of the above questions, the Lord invites you to experience the power of looking in the right direction. Looking is a simple but crucial act. Just one look can change your life – both positively and negatively. The direction toward which you look is as important as are the reasons for looking. Dr. Almona uses her proprietary Five-Way-Directional Model© to show you how to live a happier and more purposeful life as you practice looking in the right direction for the right reasons by the Holy Spirit.

Each chapter is based on phrases from the worship song "He Knows My Name" and communicates the wonder of how God knows each of us in an unspeakably intimate way. Emphasis is on the love of God toward us and the significance of God calling us His children. He knows us, loves us, sympathizes with us, listens to us, has a future for us, forgives us, and delights in us. The chapters end with a prayer acknowledging these truths, promoting worship and gratitude to the Father. Personal testimonies are included from people around the world who have been touched by the Father's love through the words to the song "He Knows My Name."
