Contact: damirlaurentiu@yahoo.com

50 Pips A Day Forex Strategy Start making consistent profits in the forex market. This is a very clear and simple to follow forex trading strategy to get you started achieving consistent profits day after day trading the forex market. It will make you 50 pips per day or more every day. It is ideal for beginner traders but it will give a great deal of help to more experienced traders that have not found a clear strategy to make profits consistently. Components Support and Resistance Candlesticks Moving Average Time frame - 4 hours chart It is easy to understand and to put in practice. It has very well defined entry, stop loss and exit levels. Apart from the strategy, this book also contains a very useful guide that teaches you how to construct a profitable forex trading system for yourself and how to avoid trading and money management mistakes. How to Build a Solid Trading System Are you new to forex trading or just started to trade on a live account but with not much success ? You need a solid forex trading system based on sound principles of the forex market, that has clear trading and money management rules. Do you have a forex trading system and you have been trading with it for a period of time but still you don't have the success you hoped for ? This can only mean that your trading system does not take into account the basic trading rules and principles that any powerful forex trading system incorporates. This book teaches you how to construct your own powerful forex trading system, what are the most important forex trading tools that you must include in it, what not to include in your forex trading system, how to apply solid money management rules and equally important, how to avoid making trading mistakes that will cost you when you start to trade with your newly developed forex system.

A streamlined and highly effective approach to trading without indicators Most forex traders rely on technical analysis books written for stock, futures, and option traders. However, long before computers and calculators, traders were trading naked. Naked trading is the simplest (and oldest) trading method. It's simply trading without technical indicators, and that is exactly what this book is about. Traders who use standard technical indicators focus on the indicators. Traders using naked trading techniques focus on the price chart. Naked trading is a simple and superior way to trade and is suited to those traders looking to quickly achieve expertise with a trading method. Offers a simpler way for traders to make effective decisions using the price chart Based on coauthor Walter Peters method of trading and managing money almost exclusively without indicators Coauthor Alexander Nekritin is the CEO and President of TradersChoiceFX, one of the largest Forex introducing brokers in the world Naked Forex teaches traders how to profit the simple naked way!

Want to become a truly great trader – either for yourself or for a proprietary trading firm? This book will help you get there. This unique approach is the closest thing to signing up for a “trader boot camp” yourself! You’ll learn by watching new traders walk through actual trades, explain what they’ve tried to do, and try to survive brutally tough expert critiques. One trade at a time, The Playbook reveals how professional traders must think in order to succeed “under

fire,” how they assess their own performance, and how they work relentlessly to improve. Using concrete, actionable setups drawn from his extensive trading and training experience, Bellafiore walks through an extraordinary array of trades, showing readers how to maximize profits and avoid disastrous hidden pitfalls. He covers support plays, bull-and-bear flags, opening drives, important intraday levels, bounce and fade trades, pullbacks, scalps, technical opportunities, consolidation, relative strength, market trades, and more. He also presents indispensable insights on psychology and trader development, based on his work with hundreds of traders on a major commodity exchange and an elite prop firm’s trading desk. Packed with color, personality, and realism, this is an exciting guide to real-world trading. Note: This material includes the "50 pips a day forex trading strategy" Forex Range Trading With Price Action Lucrative price action range trading system with 95% rate of success Timeframes - 1 hours and 4 hours If you trade with the trend like the majority of traders out there, then you probably know by now that following the trend and jumping in the market when a good opportunity shows itself represents the safest and most lucrative approach a trader can have if he wants to be successful. However, most of the times, a problem appears when the trend pauses and the market starts to move sideways, causing so many trend following traders to lose most or all of their previous hard earned profits. This book presents a complete forex trading system for trading a range bound market. It goes from explaining how to spot in time that price is about to develop a trading range, to managing your stop loss levels and exiting the trade. This is all done just by reading the price action, this system does not include any technical indicators. You will learn how to recognize early the shift from trending to sideways movement that will keep you away from losing trades. You will learn how to identify a range early and trade it successfully, with clear entry, stop loss, exit levels and with very good risk reward ratio.

While most books on trading deal with general concepts and shy away from specifics, *Forex Patterns and Probabilities* provides you with real-world strategies and a rare sense of clarity about the specific mechanics of currency trading. Leading trading educator Ed Ponsi will explain the driving forces in the currency markets and will provide strategies to enter, exit, and manage successful trades. Dozens of chart examples and explanations will guide you each step of the way and allow the reader to "look over the shoulder" of a professional trader hard at work at his craft. This book provides traders with step-by-step methodologies that are based on real market tendencies. The strategies in this book are presented clearly and in detail, so that anyone who wishes to can learn how to trade like a professional. It is written in a style that is easy to understand, so that the reader can quickly learn and use the techniques provided. Jared Martinez traded the forex market for a decade through the 1980s and '90s before he discovered that successful trading requires 10 percent skill and 90 percent emotional intelligence. He founded the Market Traders Institute on that underlying principle, and now MTI is the most established leader in forex education worldwide. Jared is known as "FXCHIEF" in the industry, and now, in *The Forex Mindset*, he shares his secrets with you. Leadership experts and corporate executives are just waking up to what the FXCHIEF has known for more than 15 years—emotional intelligence matters. With *The Forex Mindset*, you get up close and personal with greed and fear, the two leading forces in the market. Everyone gets in for greed, but without a healthy understanding of fear, you may be in for one of the worst journeys of your life. This performance-oriented guidebook features a potent synthesis of psychology and strategy that will exponentially increase your ability to acquire wealth as a trader. Even veteran traders with bulletproof trading strategies are doomed to fail if they don't know themselves. *The Forex Mindset* prepares you to be a successful trader by helping you identify your unique psychological strengths and weaknesses and how you naturally behave in times of financial crisis. With a newfound understanding of yourself, you can use this book to map out your own path to wealth by: Delving into human nature and market behavior Learning how to improve

your emotional intelligence Doing what top traders do to control their emotions in trades and in times of crisis Implementing authoritative strategies for effective thinking in a state of fear If you want to make a living from trading forex, apply the lessons in The Forex Mindset and you're already 90 percent there!

Then this book is for you. Grab your copy now!

The ST Patterns Trading Manual will provide a detailed hourly technical analysis using EUR/USD pairs for May 2017. Calculations of the results are performed based on the actual results without rounding off. The strategy shows a good technical result for the EUR/USD pair in May--equal to about 300% of the initial deposit. The study of the GBP/USD pair will help readers understand the importance of determining periods of market uncertainty in a timely fashion. To demonstrate the flexibility of the strategy settings and the formation of short-term uncertainty periods, the EUR/USD pair is shown on five-minute charts in one working day on May 31. For nine hours of work, the result was approximately + 82% of the initial deposit. The month following the first book's «Trading Code is Open: ST Patterns of the Forex and Futures Exchanges» publication perfectly demonstrated the possibilities of using the trading system and showed how almost half of the ST Patterns published in this book operate in practice. The analysis, based on accurate calculations, will help traders consolidate the acquired knowledge, and to increase their own skills with Structural Target Patterns. Over the 18 years I have spent researching dozens of well-known, as well as not so famous, trading systems, I have not found any that could demonstrate anything near the results obtained by the ST Patterns trading method during this arbitrarily chosen time interval. The trading of the EUR/USD currency pair is given as the main example in this book. But the algorithm for this trading, detailed in this book, is also applicable to other currency pairs. The ST Trading Strategy is also profitable in the Futures, Indices, Commodities and other liquid markets. Millions of traders are trying to find an effective technical method for analyzing the movement of exchange charts. Now it has arrived! Note: This book (ISBN: 1719837996). is with a color interior. You can also buy a book (ISBN: 171986005X) with black & white interior.

If you were to make a list of financial topics that have grabbed the interest of the wider public

over recent years then spread betting and foreign exchange trading would surely be near the top. These have both been around for decades, but developments in technology and financial markets in the past five to ten years have made them extremely hot topics right now. This book starts by covering the basics of spread betting and explains why it has become such a popular method for trading a whole host of markets. Next the forex markets are explained - cutting through the jargon to help you understand how they work, what makes currency prices move second by second, 24 hours a day, and how you can trade forex using spread betting. Finally, some trading strategies are examined - approaches that you can put into practise straightaway using spread betting, and at a level of risk that suits your own particular circumstances. If you are looking to trade forex then this book provides an expert introduction - helping you to succeed by avoiding the most common pitfalls of this highly volatile but fascinating market. Have you lost money trading the Forex Markets? Or are you consistently winning and making a regular income with your trading? Are you watching the markets without enough confidence to enter trades? Are you spending money in third-part systems that don't seem to yield you any results? Are you wasting your money trading without enough knowledge? Let me get past all the technical stuff, and just say this... Our MISSION is to help the AVERAGE PERSON who's trading FOREX to make MASSIVE PROFITS using our system. We designed it to be EASY-TO-USE, so you know exactly when to trade for the biggest possible profits in the shortest possible time. And, because we give you a REAL STRATEGY that will help you make REAL PROFITS - and ONLY real profits - you won't make the mistakes like you would if you used some of the other systems out there. Plus, here's a little secret we'll let you in on... We're the ones who CREATED many of the Indicators and Alerts for some of your favorite traders, if you're following anyone. We're the "white label" guys who sell our systems to the big marketers.

BUT...we've reserved our very BEST stuff for ourselves. AND NOW...we're making it available to you...in this book. It's your time to dominate the Markets with what is on these pages.

Note: this book includes the "50 pips a day forex strategy" book Follow Price Action Trends Forex Price Action Trading System that will help you make 1000 pips per month Timeframes used: 1hour-4hours / 4hours-daily / daily-weekly Component Forex Price Action Trends Summary This is a very lucrative forex price action system that identifies changes in price action trends on the one hour chart. It has the capability to deliver thousands of pips in the long run because it generates trade setups at the beginning of the trend and stays with it almost to its finish line thanks to a very clear set of rules regarding entry and stop loss levels

Trading is a battle between you and the market. And while you might not be a financial professional, that doesn't mean you can't win this battle. Through interviews with twelve ordinary individuals who have worked hard to transform themselves into extraordinary traders, Millionaire Traders reveals how you can beat Wall Street at its own game. Filled with in-depth insights and practical advice, this book introduces you to a dozen successful traders-some who focus on equities, others who deal in futures or foreign exchange-and examines the paths they've taken to capture considerable profits. With this book as your guide, you'll quickly become familiar with a variety of strategies that can be used to make money in today's financial markets. Those that will help you achieve this goal include: Tyrone Ball: trades Nasdaq stocks almost exclusively, and his ability to change with the times has enabled him to prosper during some of the most treacherous market environments in recent history. AShkan Bolour: one of the earliest entrants into the retail forex market, he trades in the direction of the major trend, rather than trying to find reversals. Frank Law: a technician at heart, identifies a trading zone, commits to it, and scales down as long as the zone holds. Paul Willette: has mastered a method that allows him to harvest some profits right away, while ensuring that he can still benefit from an occasional extension run in his favor. Order your copy today and beat the Street.

All it takes is a few easy steps, and you'll start to feel a difference within a few short days - and all for less than the cost of a map of the world. So scroll up now and click the Buy button, to start making a profit today!

Understanding Price Action is a must read for both the aspiring and professional trader who seek to obtain a deeper understanding of what is commonly referred to as "trading from the naked chart." With hundreds of examples commented on in great detail, Volman convincingly points out that only a handful of price action principles are responsible for the bulk of fluctuations in any market session-and that it takes common sense, much more than mastery, to put these essentials to one's benefit in the trading game. The power of the book lies in the exceptional transparency with which the concepts and trading techniques are put forth. Besides offering the reader a comprehensive study on price action mechanics, included within is a series of six months of consecutive sessions of the eur/usd 5-minute. Containing nearly 400 fully annotated charts, this section alone harbors a massive database of intraday analysis, not found in any other trading guide. Written with a razor-sharp eye for practical detail, yet in a highly absorbable manner, Understanding Price Action breathes quality from every page and is bound to become a classic in the library of any trader who is serious about his education.

Note: This book includes the 50 pips a day forex strategy book Trade the Price Action Forex price action trading system with over 90% winning rate Low Risk-High Reward Trading Components price action trends support and resistance fibonacci retracements candlestick patterns Summary The book describes in great detail with chart examples a personal forex price action trading system that has a winning rate of over 90%. It is a complete forex strategy with clear entry, exit and stop loss rules. The risk-reward ratio for all trades done with this strategy is at least 1:3 for every trade All a trader has to do is follow the rules of this price action system. This book contains all the information a trader will ever have to learn and master to be successful in the foreign exchange market. You do not need technical indicators, you do not need expensive robots to trade for you, all you need to be a very good trader is a simple chart and the trading system this book describes

Take the guesswork out of forex trading! Whether you're a newbie hungry for a slice of that daily trillion-dollar pie or a struggling trader who has not quite settled into the groove yet, this is the perfect book for you. Within these pages is a proven, profitable strategy for trading the US Dollar against the Japanese Yen. Determine the exact entry price as well as profit targets on a daily basis. Know precisely how much to risk and how big your position should be based on available capital. Learn when to fold your cards to live to trade another day. Like a Ninja, glide in and out of the forex markets with stealth and speed, with sustainable profit as your daily mission. No frills. No bells and whistles. Let this straightforward book guide you every step of the way.

"This book, (MSTP) is intended to be an introduction to techniques that can be used to model the performance and risk of trading systems. MSTP is a sequel to [the author's] earlier book, Quantitative Trading Systems (QTS). QTS discusses

the design, testing, and validation of trading systems. Although it illustrates examples using the AmiBroker trading system development platform, the concepts it discusses are universal. MSTP uses analogies from gambling to illustrate the effects of uncertainty and to build easily understood simulation models using Monte Carlo simulation."--Adapted from author/ publisher's preface and Introduction.

Note: this book also includes the "50 pips a day forex strategy" Day Trading Forex with Price Patterns Forex Price Action Day Trading System Make 1000 pips per month or more Timeframes used - 30minutes-4hours Components Price Action Trends Price Patterns Support and Resistance Levels Summary The book contains a powerful price action day trading system that focuses on very strong patterns that price makes. These patterns are illustrated with great detail inside the book, but more importantly, the logic behind every pattern is described in a way that the trader will learn exactly what is happening with the buyers and sellers, which of them are stronger at that time. Knowing this, the trader can then make the best trading decisions The system looks at the bigger picture to find the direction in which to trade, then it uses the 30 minutes chart to spot price patterns and day trade them with very good success. It doesn't use technical indicator of any kind. It also has very well defined entry, stop loss and exit rules that enables the trader to make the maximum out of every trade

An accessible guide to trading the fast-moving foreign exchange market The foreign exchange market, or forex, was once dominated by global banks, hedge funds, and multinational corporations, but that has all changed with Internet technology and the advent of online forex brokers. Now, hundreds of thousands of traders and investors around the world can participate in this profitable field. Written by forex expert Kathy Lien, *The Little Book of Currency Trading* will show you how to effectively invest and trade in today's biggest market. Page by page, she describes the multitude of opportunities possible in the forex market, from short-term price swings to long-term trends, and details practical products that can help you achieve success, such as currency-based ETFs. Explains the forces that drive currencies and provides strategies to profit from them Reveals how you can use various currencies to reduce risk and take advantage of global trends Examines financial vehicles that can help you make money without having to monitor the market every day *The Little Book of Currency Trading* opens the world of currency trading and investing to anyone interested in entering this dynamic arena.

The foreign-exchange market is often referred to as the Slaughterhouse where novice traders go to get 'chopped up'. It is one of egos and money, where millions of dollars are won and lost every day and phones are routinely thrown across hectic trading desks. This palpable excitement has led to the explosion of the retail FX market, which has unfortunately spawned a new breed of authors and gurus more than happy to provide misleading and often downright fraudulent information by promising traders riches while making forex trading 'easy'. Well I'll

let you in on a little secret: there is nothing easy about trading currencies. If you don't believe me then stop by Warren Buffet's office and ask him how he could lose \$850m betting on the dollar or ask George Soros why his short yen bets cost him \$600m not once but twice in 1994. What's wrong with these guys, don't they read FX books? In reality, the average client's trading approach combined with the unscrupulous practices of some brokers make spot FX trading more akin to the games found on the Vegas strip than to anything seen on Wall St. The FX market is littered with the remains of day traders and genius 'systems,' and to survive in the long-run traders have to realize that they are playing a game where the cards are clearly stacked against them. Have you ever had your stop hit at a price that turned out to be the low/high for the day? Bad luck perhaps? Maybe. What if it happens more than once? Do you ever feel like the market is out to get you? Well guess what, in this Zero Sum game it absolutely is. Covering the day-to-day mechanics of the FX market and the unsavoury dealings going on, *Beat the Forex Dealer* offers traders the market-proven trading techniques needed to side-step dealer traps and develop winning trading methods. Learn from an industry insider the truth behind dirty dealer practices including: stop-hunting, price shading, trading against clients and 'no dealing desk' realities. Detailing the dealer-inspired trading techniques developed by MIGFX Inc, consistently ranked among the world's leading currency trading firms, the book helps turn average traders into winning traders; and in a market with a 90% loss rate winning traders are in fact quite rare! More than just a simple manual, *Beat the Forex Dealer* brings to life the excitement of the FX market by delivering insights into some of the greatest trading triumphs and highlighting legendary disasters; all written in an easy to read style. Make no mistake about it there is a lot of money to be made in currency trading, you just have to know where to look. Sidestepping simple dealer traps is one way of improving your daily p&l, but it is surely not the only one. Successful trading comes down to taking care of the details, which means skipping the theoretical stuff and providing only up-to-date, real-life examples while sharing the FX trading tips that have proved so profitable over the years. By stripping away the theory and getting down to the core of trading, you too will find yourself on the way to beating the forex dealer!

50 Pips a Day Forex Strategy Createspace Independent Publishing Platform
In *High Probability Trading Strategies*, author and well-known trading educator Robert Miner skillfully outlines every aspect of a practical trading plan—from entry to exit—that he has developed over the course of his distinguished twenty-plus-year career. The result is a complete approach to trading that will allow you to trade confidently in a variety of markets and time frames. Written with the serious trader in mind, this reliable resource details a proven approach to analyzing market behavior, identifying profitable trade setups, and executing and managing trades—from entry to exit.

A practical guide to trading the foreign exchange market *The Ed Ponsi Forex Playbook* offers a visual approach to learning specific trading strategies and

identifying profitable trading opportunities in the Forex arena. Page by page, it skillfully describes strategies for long-term trading, swing trading, and day trading in a clear, easy-to-understand manner. Written by the author of the hugely successful *Forex Patterns and Probabilities*, *The Ed Ponsi Forex Playbook* takes the entire concept of Forex education to a new level. The author raises the bar with this ambitious work, presenting fresh new strategies and concepts. Ponsi uses clever analogies and comparisons to make his explanations crystal clear. With Ponsi as your "coach", the book employs sports analogies to show you, his players, the way to victory on the Forex playing field. Strips away the mystery, showing exactly how successful Forex traders make money. Explains complex financial concepts in ways that the average person can understand. Provides not only useful information, but actionable information to the Forex trader. The foreign exchange market is the most actively traded market in the world, and Ed Ponsi is world-renowned as one of the foremost educators in this field. With *The Ed Ponsi Forex Playbook* as your guide, you'll learn how to take advantage of the many opportunities found in the Forex arena.

Grooming Beginning and Struggling Traders for Success. There are two kinds of traders: The Gambling Trader Who Loses Money The Business Trader Who Makes Money Which one would you like to be? In my first Forex trading book "*PROVEN FOREX TRADING MONEY MAKING STRATEGY*" I answered these important Forex trading questions. * Are you taking profits too early? * Are you allowing losses to run? * Are you changing strategies too often? * Are you over trading? * Are you listening to the opinions of others? * Are you over trading? * Do you want to protect your capital while generating exciting returns? * Do you want to become a confident and profitable forex trader? * Would you like to trade forex for a living? These are important questions that currency trading books must answer. In this powerful currency trading book, "*Proven Forex Day Trading Profitable Strategy*" you will learn how to model the most successful retail day traders, so that you can preserve your capital, generate exciting returns, become a confident and profitable trader and finally trade for a living. *Proven Forex Day Trading Profitable Strategy* shows you step-by-step, how day trading the currency market can help you to day trading for a living as you begin to trade the Forex markets like the PROS, capturing just 20 PIPS a day, while avoiding the emotional rollercoaster that most new and struggling traders go through. You will learn how to maximize your profitable trades and minimize your loses. You will learn how to capture 400 PIPS a month or more by executing this simple strategy flawlessly, from a business traders perspective and avoid the mindset of gambling traders.

Many traders go around searching for that one perfect trading strategy that works all the time in the global FOREX (foreign exchange/currency) market. Frequently, they will complain that a strategy doesn't work. Few people understand that successful trading of the FOREX market entails the application of the right strategy for the right market condition. *7 Winning Strategies For Trading Forex* covers: - Why people should be paying attention to the FOREX market, which is the world's largest and most liquid financial market - How understanding the structure of this market can be beneficial to the independent trader - How to overcome the odds and become a successful trader - How you can select high-probability trades with good entries and

exits. Grace Cheng highlights seven trading strategies, each of which is to be applied in a unique way and is designed for differing market conditions. She shows how traders can use the various market conditions to their advantage by tailoring the strategy to suit each one. This revealing book also sheds light on how the FOREX market works, how you can incorporate sentiment analysis into your trading, and how trading in the direction of institutional activity can give you a competitive edge in the trading arena. This invaluable book is ideal for new and current traders wanting to improve their trading performance. Filled with practical advice, this book is a must-read for traders who want to know exactly how they can make money in the FOREX market.

Play the forex markets to win with this invaluable guide to strategy and analysis *Day Trading and Swing Trading the Currency Market* gives forex traders the strategies and skills they need to approach this highly competitive arena on an equal footing with major institutions. Now in its third edition, this invaluable guide provides the latest statistics, data, and analysis of recent events, giving you the most up-to-date picture of the state of the fast-moving foreign exchange markets. You'll learn how the interbank currency markets work, and how to borrow strategy from the biggest players to profit from trends. Clear and comprehensive, this book describes the technical and fundamental strategies that allow individual traders to compete with bank traders, and gives you comprehensive explanations of strategies involving intermarket relationships, interest rate differentials, option volatilities, news events, and more. The companion website gives you access to video seminars on how to be a better trader, providing another leg up in this competitive market. The multi-billion-dollar foreign exchange market is the most actively traded market in the world. With online trading platforms now offering retail traders direct access to the interbank foreign exchange market, there's never been a better time for individuals to learn the ropes of this somewhat secretive area. This book is your complete guide to forex trading, equipping you to play with the big guys and win—on your own terms. Understand how the foreign currency markets work, and the forces that move them. Analyze the market to profit from short-term swings using time-tested strategies. Learn a variety of technical trades for navigating overbought or oversold markets. Examine the unique characteristics of various currency pairs. Many of the world's most successful traders have made the bulk of their winnings in the currency market, and now it's your turn. *Day Trading and Swing Trading the Currency Market* is the must-have guide for all foreign exchange traders. Don't expect yet another proven and revised strategy! You won't find one of the regular forex trading techniques in this book! In this book I will show you the knowledge gained after years of research and study, showing you how - after a thorough observation of charts - I came to understand the price dynamics that are repeated every day and with these, I developed the trading strategy that I have been successfully using for a decade. *The Price in Time* presents a clear, powerful and well organized working method that will enable you to know exactly how to act once you enter the market. By reading *The Price in Time* you will learn: How to understand the recurring intraday price dynamics. What the exact price levels to enter the market is. What is the real daily opening price to consider in forex and why is it important. Determine the "No trading zone" area. Stop loss where to place it and why. How to find the intraday supports and resistances that institutional traders use and which no retail trader can see (important to place your take profits). Why timeframes are useless for trading. Powerful trade management variants. And much more... With this trading method you will not need to spend hours and hours in front of the graphs trying to find all the various patterns of technical analysis or price action but you just need to turn on your pc, place your Buy and Sell orders and wait to enter the market already knowing how to manage your trades. If you want to learn a high profitability trading strategy that will enable you to become a profitable trader, click on the "Buy Now" button at the top of this page and get your copy of *The Price in Time* NOW!

A leading educator makes Forex investing as easy as driving a car In *The Forex Trading*

Manual, Javier Paz provides easy-to-understand examples of long- and short-term strategies, best practices for navigating the economic calendar, and applications for trading a variety of currencies. To make this complex subject simple, he draws analogies between the different steps of trading in this market to the steps of turning on and driving a car. You'll learn: Need-to-know facts about the Forex market Effective trading strategies Ways to build a coherent Trading Plan Everything you need to know about return on investment and risk Javier Paz founded formed FXBriefing, a boutique research firm serving institutional investors, corporate finance officials, and members of governments. In 2007, he launched ForexDatasource.com, which helps Forex traders make better choices. Paz is the creator of the FX Hound and mktNus fx technology, the broker dealer ranking methodology, and of forecasting models such as the Fundamental Market Value (FMV) of currencies.
