This book is the new edition of this comprehensive guide to the medical and surgical management of kidney stones. Divided into three main sections, the text begins with discussion on the basic formation of kidney stones, followed by mineral metabolism and diseases that lead to the formation of stones, with the final section describing surgical management techniques. The second edition has been thoroughly revised and expanded with new topics including imaging methods, non invasive surgical techniques, and management in special cases such as pregnancy. This new edition also includes discussion on stones in

children. With an internationally recognised author team led by US-based specialists, this 900-page text is highly illustrated with clinical photographs and diagrams. Previous edition published in 1995. Key Points Comprehensive guide to medical and surgical management of kidney stones Fully revised second edition, with many new topics Highly illustrated with clinical photographs and diagrams over 900 pages Internationally recognised, US-based author team Includes section "Book reviews."

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

The revised Third Edition of The Prokaryotes, acclaimed as a classic reference in the field, offers new and updated articles by experts from around the world on taxa of relevance to medicine, ecology and industry. Entries combine phylogenetic and systematic data with insights into genetics, physiology and application. Existing entries have been revised to incorporate rapid progress and technological innovation. The new edition improves on the lucid presentation, logical layout and abundance of illustrations that readers rely on, adding color illustration throughout. Expanded to seven volumes in its print form, the new edition adds a new, searchable online version.

The Wisden Book of Test Cricket, first published in 1979, is well established as an invaluable and unique source of reference essential to any cricket library. This new volume includes full coverage of every Test match from late 2014 to the end of the 2019 season in England. Each Test match features Wisden's own scorecard, a detailed match report, details of debutants, close of play scores, umpires and referees, with number of appearances, and Man of the Match winners. Also included is a complete individual Test Career Records section and player index. Edited by Steven Lynch, this new volume brings collectors' libraries up to date, ensuring they have a complete and accurate record - essential for any truly self-respecting cricket enthusiast.
