Navigating the available fitness information online can be confusing and time-consuming at best, and a minefield of misinformation at worst. One inherent problem is that information online is always presented as supremely important and as the next 'big thing,' without context or any understanding of priorities. Enter The Muscle and Strength Pyramid books. The foundational concept of these books is understanding priorities and context, so you can take all the pieces of the puzzle and fit them together into an actionable plan. * Six sample

routines to get you started quickly Six programs for novice, intermediate, and advanced-level bodybuilders and strength-focussed athletes. * Break through those training plateaus With our full progression guidelines and examples, you'll never be left frustrated and wondering what to do next. * Learn how to tailor your own programming for faster results Our quick-start programming guide will show you how to apply all the principles that go into program design. The chief author of the books, Dr. Eric Helms, has not only the academic understanding of training and nutrition as an active researcher but also extensive practical experience. He has been a personal trainer, powerlifting and bodybuilding coach since 2005, helping hundreds bridge the gap between science and practice to reach their goals. In addition, he has the minds of Andrea Valdez, and Andy Morgan to ensure the concepts are communicated clearly and effectively and no stone is left unturned. Andrea is a lifelong athlete with extensive coaching experience and her Masters in Exercise Physiology, and Andy is a successful writer and consultant for body composition change with a unique grasp of how to communicate topics to diverse groups, as he produces content for both the Japanese and English speaking fitness communities. Together, they bring you The Muscle and Strength Training Pyramid, the hierarchical, comprehensive, evidence-based guide that is a must-have for every serious lifter or trainer.

NEW YORK TIMES BESTSELLER. A habit expert from Stanford University shares his breakthrough method for building habits quickly and easily. With *Tiny Habits* you'll increase productivity by tapping into positive emotions to create a happier and healthier life. Dr. Fogg's new and extremely practical method picks up where *Atomic Habits* left off. "There are many great books on the topic [of habits]: *The Power of Habit*, *Atomic Habits*, but this offers the most comprehensive, practical, simple, and compassionate method I've ever come across." ??—?? John Stepper, Goodreads user BJ FOGG is here to change your life??—??and revolutionize how we think about human behavior. Based on twenty years of research and Fogg's experience coaching more than 40,000 people, *Tiny Habits* cracks the code of habit formation. With breakthrough discoveries in every chapter, you'll learn the simplest proven ways to transform your life. Fogg shows you how to feel good about your successes instead of bad about your failures. This proven, step-by-step guide will help you design habits and make them stick through positive emotion and celebrating small successes. Whether you want to lose weight, de-stress, sleep better, or be more productive each day, *Tiny Habits* makes it easy to achieve??—??by starting small. In *The New Rules of Lifting for Women*, authors Lou Schuler, Cassandra Forsythe and Alwyn Cosgrove present a comprehensive strength, conditioning

and nutrition plan destined to revolutionize the way women work out. All the latest studies prove that strength training, not aerobics, provides the key to losing fat and building a fit, strong body. This book refutes the misconception that women will "bulk up" if they lift heavy weights. Nonsense! It's tough enough for men to pack on muscle, and they have much more of the hormone necessary to build muscle: natural testosterone. Muscles need to be strengthened to achieve a lean, healthy look. Properly conditioned muscles increase metabolism and promote weight loss -- it's that simple. The program demands that women put down the "Barbie" weights, step away from the treadmill and begin a strength and conditioning regime for the natural athlete in every woman. The New Rules of Lifting for Women will change the way women see fitness, nutrition and their own bodies.

Maximize your Weight Loss and Transform Yourself Discovering The Intermittent Fasting Diet Secret Is it possible to eat normally, five days a week, and become slimmer and healthier as a result? Simple answer: yes. You just limit your calorie intake for two nonconsecutive days each week—500 calories for women, 600 for men. You'll lose weight quickly and effortlessly with the FastDiet. The truth is, weight loss can be extremely difficult, especially long-term weight loss. Have you tried every conventional diet out there only to find out that they're nothing more than empty promises? If so, the problem might not be what you are eating, but rather when you are eating it. Intermittent Fasting isn't some new fad diet—it's an entirely different way of eating, one that is designed to help you get the most nutrients from the foods you do eat, while also helping keep your total calories down. Inside this book, you will learn: • The truth behind intermittent fasting • The History of Fasting • How to start fasting safely and effectively • Benefits to expect • Different types of fasts • A 7 Days meal-plans to help make your fast easier • Exercises to encourage weight-loss while fasting • Common mistakes to avoid • Tips • And much more! So, are you ready to take control of your eating habits, lose weight and improve your health once and for all? Get this "Intermittent Fasting Cookbook" and start to feel and look better today!

ÊIf my present reader happens to be a Boy Scout or a scout-master who wants the scouts to build a tower for exhibition purposes, he can do so by following the directions here given, but if there is real necessity for haste in the erection of this tower, of course we cannot build one as tall as we might where we have more time. With a small tower all the joints may be quickly lashed together with strong, heavy twine, rope, or even wire; and in the wilderness it will probably be necessary to bind the joints with pliable roots, or cordage made of bark or withes;

but as this is not a book on woodcraft we will suppose that the reader has secured the proper material for fastening the joints of the frame of this signal-tower and he must now shoulder his axe and go to the woods in order to secure the necessary timber. First let him cut eight straight poles—that is, as straight as he can find them. These poles should be about four and one half inches in diameter at their base and sixteen and one half feet long. After all the branches are trimmed off the poles, cut four more sticks each nine feet long and two and a half or three inches in diameter at the base; when these are trimmed into shape one will need twenty six or seven more stout sticks each four and one half feet long for braces and for flooring for the platform.

If you want to be muscular, lean, and strong as quickly as possible without steroids, good genetics, or wasting ridiculous amounts of time in the gym and money on supplements...then you want to read this book. Here's the deal: Getting into awesome shape isn't nearly as complicated as the fitness industry wants you to believe. You don't

need to spend hundreds of dollars per month on the worthless supplements that steroid freaks shill in advertisements. You don't need to constantly change up your exercise routines to "confuse" your muscles. I'm pretty sure muscles lack cognitive abilities, but this approach is a good way to just confuse you instead. You don't need to burn through buckets of protein powder every month, stuffing down enough protein each day to feed a third world village. You don't need to toil away in the gym for a couple of hours per day, doing tons of sets, supersets, drop sets, giant sets, etc. (As a matter of fact, this is a great way to stunt gains and get nowhere.) You don't need to grind out hours and hours of boring cardio to shed ugly belly fat and love handles and get a shredded six-pack. (How many flabby treadmillers have you come across over the years?) You don't need to completely abstain from "cheat" foods while getting down to single-digit body fat percentages. If you plan cheat meals correctly, you can actually speed your metabolism up and accelerate fat loss. In this book you're going to learn something most guys will never know: The exact formula of exercise and eating that makes putting on 10 to 15 pounds of quality lean mass a breeze...and it only takes 8-12 weeks. This book reveals secrets like... The 6 biggest myths and mistakes of building muscle that stunt 99% of guys' muscle gains. (These BS lies are pushed by all the big magazines and even by many trainers.) How to get a lean, cut physique that you love (and that girls drool over) by spending no more than 5 percent of your time each day. The 4 laws of muscle growth that, when applied, turn your body into an anabolic, muscle-building

machine. You'll be shocked at how easy it really is to get big once you know what you're doing... How to develop a lightning-fast metabolism that burns up fat quickly and leaves you feeling full of energy all day long. The carefully-selected exercises that deliver MAXIMUM results for your efforts, helping you build a big, full chest, a wide, tapered back, and bulging biceps. A no-BS guide to supplements that will save you hundreds if not THOUSANDS of dollars each year that you would've wasted on products that are nothing more than bunk science and marketing hype. How to get shredded while still indulging in the "cheat" foods that you love every week like pasta, pizza, and ice cream. And a whole lot more! The bottom line is you CAN achieve that "Hollywood hunk" body without having your life revolve around it--no long hours in the gym, no starving yourself, no grueling cardio that turns your stomach. Imagine, just 12 weeks from now, being constantly complimented on how you look and asked what the heck you're doing to make such startling gains. Imagine enjoying the added benefits of high energy levels, no aches and pains, better spirits, and knowing that you're getting healthier every day. SPECIAL BONUS FOR READERS! With this book you'll also get a free 75-page bonus report from the author called "The Year One Challenge." In this bonus report, you'll learn exactly how to train, eat, and supplement to make maximum gains in your first year of training. #1 NEW YORK TIMES BESTSELLER • The game-changing author of *Tribe of Mentors* teaches you how to reach your peak physical potential with minimum effort. “A practical crash course in how to reinvent yourself.”—Kevin Kelly, *Wired*

Is it possible to reach your genetic potential in 6 months? Sleep 2 hours per day and perform better than on 8 hours? Lose more fat than a marathoner by bingeing? Indeed, and much more. *The 4-Hour Body* is the result of an obsessive quest, spanning more than a decade, to hack the human body using data science. It contains the collective wisdom of hundreds of elite athletes, dozens of MDs, and thousands of hours of jaw-dropping personal experimentation. From Olympic training centers to black-market laboratories, from Silicon Valley to South Africa, Tim Ferriss fixated on one life-changing question: For all things physical, what are the tiniest changes that produce the biggest results? Thousands of tests later, this book contains the answers for both men and women. It's the wisdom Tim used to gain 34 pounds of muscle in 28 days, without steroids, and in four hours of total gym time. From the gym to the bedroom, it's all here, and it all works. You will learn (in less than 30 minutes each):

- How to lose those last 5-10 pounds (or 100+ pounds) with odd combinations of food and safe chemical cocktails
- How to prevent fat gain while

bingeing over the weekend or the holidays • How to sleep 2 hours per day and feel fully rested • How to produce 15-minute female orgasms • How to triple testosterone and double sperm count • How to go from running 5 kilometers to 50 kilometers in 12 weeks • How to reverse “permanent” injuries • How to pay for a beach vacation with one hospital visit And that's just the tip of the iceberg. There are more than 50 topics covered, all with real-world experiments, many including more than 200 test subjects. You don't need better genetics or more exercise. You need immediate results that compel you to continue. That's exactly what The 4-Hour Body delivers.

Required reading for the beginning of any diet. Ninety percent of all diets fail to give permanent weight loss, but this will prevent dieting failure. Uncontrolled cravings cause diets to fail, so learn that cravings are caused by what you eat, when you eat and how much you eat, and also how to prevent cravings with proactive eating. Never again feel starvation, cravings, or hunger, even while on your favorite diet. Original.

Imagine watching pounds of fat melt away without ever feeling like you're on a diet. Imagine adding lean muscle to all the right places by doing just a few workouts per week that make you strong. And imagine realizing that your health and fitness goals—even the ones you've all but given up on—are finally within your

reach. Muscle for Life will show you how. From the bestselling fitness author of *Bigger Leaner Stronger* and *The Shredded Chef*, Muscle for Life reveals a science-based blueprint for eating and exercising that anyone can follow at any age and fitness level. Based on time-proven principles produced by decades of hands-on experience and thousands of hours of scientific research, Muscle for Life will give you a plan for transforming your body faster than you ever thought possible, including:

- Conquering the “mental game” of fitness. Learn to hack your habits, willpower, and mindset so your fitness regimen feels like it’s on autopilot.
- Harnessing the science of “flexible dieting.” A whole new paradigm for eating that empowers you to forever break free of fad dieting, crash dieting, and yo-yo dieting.
- Unlocking the power of strength training. The “secret” to optimizing your body composition, which is far more important for your health and image than your body weight. Whether you’re a beginner looking for a lifestyle change, a lifelong athlete looking to reach the next level, or somewhere in between, Muscle for Life will show you how to look, feel, and perform your best. And frankly, it may be the last fitness book you’ll ever need to read.

Research shows that although people can lose 5 to 10 percent of their body weight on any given diet, dieting itself is a consistent predictor of future weight gain. Why? At some point, everyone stops dieting. The Lean Muscle Diet solves the sustainability problem while offering immediate results. It's simple: act as if you already have the body you want. If a reader is, say, a 220-pound man who wants to become a muscular 180-pounder, he then uses The Lean Muscle Diet's formula to eat and train to sustain a 180-pound body. The transformation begins immediately, and the results last for life. Lou Schuler, who has sold more than one million copies of his fitness books worldwide, and Alan Aragon, nutrition advisor to Men's Health, have created an eating and "metabolically expensive" exercise plan designed to melt fat while building muscle. The

hectic life gets. Do you dream of being lean and fit, but think it's impossible for you? It's absolutely possible and MUCH easier than you think! The key to losing weight is to maintain a caloric deficit. This book helps you calculate a caloric deficit to maximize fat loss and gain muscle without feeling tired and hungry. You don't need to starve yourself to lose fat. It's all about the math, pure and simple. How I Did It teaches you how to create a comfortable deficit of calories that will lead to incredible results. This book tells you how to get the body you've always wanted-no matter your age or current fitness level-without extreme dieting, excessive cardio, boot camp classes, or dangerous supplements. No expensive equipment. No "bro-science" and no crawling across the gym floor on all-fours like an ass*le. If you need a painless, feasible plan for getting in shape, you want to read this book. Losing fat isn't a challenge when you follow the numbers. Everyone's body is different, but there are Universal truths that make or break any fat-loss program for all of us. This book explains the simple science behind building your ideal body based on your goals. Nate Clark spent most of his life wearing a t-shirt in the pool. He's not a personal trainer or a professional athlete. He's not selling you anything else. He's just a guy who finally figured it out, and transformed his body in ways he never thought possible. After 20 years of failed diets and way too much cardio, he discovered the truth about cutting fat and building lean muscle mass. At 40 years old, he's in the best shape of his life. In This Book You'll Discover: ? You DON'T need to spend endless hours on a treadmill. Cardio is NOT the key to fat loss! ? You DON'T
