The CEFR Companion volume broadens the scope of language education. It reflects academic and societal developments since the publication of the Common European Framework of Reference for Languages (CEFR) and updates the 2001 version. It owes much to the contributions of members of the language teaching profession across Europe and beyond. This volume contains: ? an explanation of the key aspects of the CEFR for teaching and learning; ? a complete set of updated CEFR descriptors that replaces the 2001 set with: - modality-inclusive and gender-neutral descriptors; - added detail on listening and reading; - a new Pre-A1 level, plus enriched description at A1 and C levels; - a replacement scale for phonological competence; - new scales for mediation, online interaction and plurilingual/pluricultural competence; - new scales for sign language competence; ? a short report on the four-year development, validation and consultation processes. The CEFR Companion volume represents another step in a process of engagement with language education that has been pursued by the Council of Europe since 1971 and which seeks to:

? promote and support the learning and teaching of modern languages; ? enhance intercultural dialogue, and thus mutual understanding, social cohesion and democracy; ? protect linguistic and cultural diversity in Europe; and ? promote the right to quality education for all.

The OPD Second Canadian Edition English/Chinese is an illustrated, theme-based dictionary for second-language learners. This four-colour dictionary defines words through pictures, and presents each new word in context. The OPD English/Chinese, along with the monolingual workbooks and many other components, can be used as a reference book or as text for high school or adult ESL students at the beginner level. For years, the first monolingual Canadian edition of the OPD has been the industry leader among picture dictionaries. The second edition expands on the topics covered, providing more depth of vocabulary in the areas that matter most to students and offers Chinese speakers the additional advantage of having words and phrases defined in their native language. The illustrations have been completely updated in a more realistic style that is visually appealing to adult learners. The second edition also contains two new features: Introductory Pages and Story Pages. The Introductory Pages have been added to the beginning of each theme to give lower-level students a basic overview of key vocabulary words, and to give a starting point for discussion and an introduction to the theme for more advanced students. The Story Pages consist of a two-page spread at the end of each theme to help students use the words in context and practise their reading skills. The OPD English/Chinese is designed for use both in and out of the classroom. Speaking exercises are presented throughout the OPD to allow students to practise new vocabulary in pairs or small groups, while the pronunciation guide in the index allows students to check their pronunciation when they are studying on their own.

Simplifies word searches in either language by using more than three thousand five hundred labeled illustrations

Nowadays thousands of grammar books, textbooks, outlines, references and language guides of Spanish, Portuguese, Italian and French are published year by year. However, all of them teach these languages separately. Here you will find a comparative grammar of the four major Romance languages together based on their grammatical and lexical similarities for you, lovers of foreign languages, to learn and compare Spanish, Portuguese, Italian and French simultaneously. It is an audacious endeavor to find or create a novel way of learning to speak several languages and becoming a multilingual person. It took me over 3 years to finish the book. It consists of over 800 pages, 10 chapters covering all the grammatical aspects of these 4 languages. It includes over 1000 examples, 500 easy-to-follow charts and tables. It contains 138 geographical, historical and cultural facts about Spanish, Portuguese, Italian and French countries. Below I will discuss several reasons why I decided to write this book and why you need it. 1) First of all, this book is written for readers like you who are fond of or would like to learn Spanish, Portuguese, Italian and French simultaneously or just to get an all-round knowledge of all these four Romance languages. It is designed not only for beginners who do not have an extensive knowledge of grammar, yet need a guide through the grammatical concepts of all mentioned above languages, but also intermediate and advanced students who would like to have a reference book of several Romance languages at once. 2) Second of all I spent many years learning these languages separately, which was a complete waste of time before I realized it. This book will hopefully save you a great deal of time and allow you to study and compare at a glance the four main Neo-Latin languages. 3) Knowledge of foreign languages is fast becoming a necessary requirement for those who are involved in international business, tourism, culture and education. This book offers you four languages to learn, which will make you feel at home wherever you go, whether as a tourist or businessman. 4) Learning several languages simultaneously or one by one will train and strengthen your memory and can help stave off such terrible diseases as Alzheimer's. 5) If you have never studied several languages at once before and you like challenges, then you should definitely try it. Because it is a really entertaining and challenging task to do. In conclusion, I would like to sincerely thank you for preordering the book and your interest in it. I hope it will help you improve your languages and become multilingual.
