Terrorism is the threat of the age, or so we are told, and inevitably associated with it is the word 'Islam'. The notion of the 'Muslim terrorist' has become a colloquialism in Western media. Interestingly, in all the history books about the Second World War, the phrase 'Christian fascist' is rarely seen in spite of the fact that skewed Christian theologies were used liberally by the Nazis to further their hatred. This points to a blind spot in Western understanding about the ways in which religious (and non-religious) ideology can be mutilated to serve hateful ends. We think we see it in Islam but we can't see it in ourselves. This book is dedicated to uncovering the many understandings of Islam we lack and the many misunderstandings we need to overcome.

From Disgrace to Dignity: Redemption in the Life of Willie Rico Johnson examines the life of Rico Johnson who became the head of the Conservative Vice Lords, one of the largest street gangs in the United States. In addition to highlighting his life, this work considers how redemption has affected his life. In addition, Minister Rico is identified as a Godfather. Much like the Godfathers found in organized crime families, Rico sees himself as providing a positive force to Vice Lords' gang members. On one hand, what this involves is taking care of their needs (he feeds 150 families a day) and, on the other hand, providing guidance and direction for members' lives.

Five Pillars of Prosperity: Essentials of Faith-Based Wealth Building by Dr. M. Yaqub Mirza provides readers with a balanced and sensible approach to financial planning and security. The author closes with a discussion on wealth building strategies and wealth preservation. Additionally, he has provided a section of resources and an extensive bibliography for further reading. Since the terrorist attacks of September 11th, there has been an overwhelming demand for information about Islam, and recent events - the war in Iraq, terrorist attacks both failed and successful, debates throughout Europe over Islamic dress, and many others - have raised new questions in the minds of policymakers and the general public. This newly updated edition of What Everyone Needs to Know about Islam is the best single source for clearly presented, objective information about these new developments, and for answers to questions about the origin and traditions of Islam. Editor of The Oxford Encyclopedia of Modern Islam and The Oxford History of Islam, and author of The Future of Islam and many other acclaimed works, John L. Esposito is one of America's leading authorities on Islam. This brief and readable book remains the first place to look for up-to-date information on the faith, customs, and political beliefs of the more than one billion people who call themselves Muslims.

When it comes to faith, there is no one size fits all approach, as different people believe in different ways. This book provides a fresh way of looking at the ways different people understand and relate to the divine, and how spiritual directors need to be aware of this when assessing clients, making recommendations and assessing progress.

A historical and motivational context, as I have been providing in my books on the Koran is important in understanding the Message; but, perhaps even more significant is knowing what revealed truths (immutable facts communicated to a mortal by a god), as inconceivable as it may seem, have been abrogated i.e. repealed or modified by an ostensibly omniscient deity. Cover art is a rendition of a picture of George Burns from a poster for the 1977 Warner Bros. film "Oh, God!". Like the movie, I hope you will consider Let Me Rephrase That! a mildly irreverent but never gratuitous treatment of a reverential figure.

Inside this board book toddlers and young children will find out about the Qur'an's beautiful teachings: to care for all creation; to respect the books of God; to be good to one another; and to believe in Allah, the Creator. Personal friendships with Somali Muslims overcome the prejudices and expand the faith of a typical American Evangelical Christian living in the Horn of Africa. When Rachel Pieh Jones moved from Minnesota to rural Somalia with her husband and twin toddlers eighteen years ago, she was secure in a faith that defined who was right and who was wrong, who was saved and who needed saving. She had been taught that Islam was evil, full of lies and darkness, and that the world would be better without it. Luckily, locals show compassion for this blundering outsider who can't keep her headscarf on or her toddlers from tripping over AK-47s. After the murder of several foreigners forces them to evacuate, the Joneses resettle in nearby Djibouti. Jones recounts, often entertainingly, the personal encounters and growing friendships that gradually dismantle her unspoken fears and prejudices and deepen her appreciation for Islam. Unexpectedly, along the way she also gains a far richer understanding of her own Christian faith. Grouping her stories around the five pillars of Islam - creed, prayer, fasting, giving, and pilgrimage - Jones shows how her Muslim friends' devotion to these pillars leads her to rediscover ancient Christian practices her own religious tradition has lost or neglected. Jones brings the reader along as she reexamines her assumptions about faith and God through the lens of Islam and Somali culture. Are God and Allah the same? What happens when one's ideas about God and the Bible crumble and the only people around are Muslims? What happens is that she discovers that Jesus is more generous, daring, and loving than she ever imagined.

The Religion of Islam is based upon Five Primary Foundations or Pillars. Just as a building or a bridge would lack stability without strong pillars, a Muslim's relationship with Allah, his God, would lack a focus and a secure connection without the

observance of and adherence to these fundamental Five Pillars. These Five Pillars or religious duties are mandatory. Every Muslim must follow and practice them with the utmost devotion. Failure to comply and practice any of these dictates can be considered the commission of serious sin, some resulting even in the expulsion of a believer from the fold and faith of Islam. Like the Ten Commandments of the Jewish and Christian faiths, these Pillars provide a spiritual foundation and a framework to guide a Muslim's life. Fulfillment of these Five Pillars provides blessings and rewards for those who follow them in both this life and the next. These Pillars help Muslims establish a closer relationship with their Creator and build a spiritual connection with Him. A faithful Muslim prioritizes these Pillars over all worldly matters, principles, or regulations in their lives, as they form the foundation and starting point for all other good deeds and acts of worship to their Creator. ?? This book discusses the common principles of morality and ethics derived from divinely endowed intuitive reason through the creation of al-fitr' a (nature) and human intellect (al-'aql). Biomedical topics are presented and ethical issues related to topics such as genetic testing, assisted reproduction and organ transplantation are discussed. Whereas these natural sources are God's special gifts to human beings, God's revelation as given to the prophets is the supernatural source of divine guidance through which human communities have been guided at all times through history. The second part of the book concentrates on the objectives of Islamic religious practice – the maqa' sid – which include: Preservation of Faith, Preservation of Life, Preservation of Mind (intellect and reason), Preservation of Progeny (al-nasl) and Preservation of Property. Lastly, the third part of the book discusses selected topical issues, including abortion, assisted reproduction devices, genetics, organ transplantation, brain death and end-of-life aspects. For each topic, the current medical evidence is followed by a detailed discussion of the ethical issues involved.

Covers those dimensions of Islamic rituals of worship – prayer, almsgiving, fasting, Pilgrimage, etc. which are essential to the fulfilment of inner quality. Consists of selections from al-Ghazali's Ihya, a pivotal work in the history of Islamic thought. Collected in entirety for the very first time, this study reflects more than 25 years of close contact with the Sufi Masters of Central Anatolia, with much of that time spent in the presence of the peerless Sufi teacher Mr. Ahmet Kayhan. Out of the author's association with this personality has emerged this in-depth look at the famous and mysterious Oral Tradition of Sufism. Topics covered include the concepts of compassion and mercy, universality, ethics, faith, charity, destiny, death and the afterlife, and more. Combining the rigor of anthropology with the devotion of a disciple, this book faithfully lays bare the comprehensive teachings of the man who may be the Sufi Saint of the Age.

A Comparative Study of Religions has been written by a scholar who has occupied himself with the subject of religion for over fifty years. But

no finality can be claimed. The reason is that religion deals with what is transcendent in the sense that it deals with what man is going to be. Advaitism terms this futuristic end as becoming Brahman, Jainism as regaining one's pristine glory, theists as becoming good fit for heaven. However, Bergson and other evolutionists would say that religion is a collective and cooperative effort of men to become gods. This simply means the divinising of man what Aurobindo calls 'supermind'. They refer to a state beyond human ills, beyond human infatuation and beyond the befogging of human intellect. This is known in Jainism as sarvajnata. One thing is clear that fighting with other human beings in the name of religion is subhuman. As religious men, we are fellow travellers in the direction of the realm of spirit. Here the nomenclature of Hindus, Muslims, Christians etc., ceases to be meaningful. Of course, we have to go very far and we have not made any beginning yet. However, at present, the advaitic principle of differences Brahman can serve the purpose of harmonizing all religions. Here we have adopted this principle. Secondly, the key concepts of different religions have been shown to mingle with one another.

This comprehensive survey of religion and its profound effects on history provides a historical context for in-depth analysis of theological, social, and political themes in which religion plays a major role. George Walsh first traces the rise and impact of primitive religions. He looks at Indian traditions, including Hinduism, Buddhism, and Jainism and analyzes the Semitic tradition of Judaism and Christianity and the evolving conception of a personal God. He discusses the history and chief doctrines of Islam as well, with its fundamental respect for desert tribal values and its emphasis on both the authority of God and the brotherhood of believers. Walsh then compares Judaism and Christianity. He sees Judaism as marked by a profound ambivalence between the values of tribal, nomadic desert life and the values of urban civilization, individualism, and collectivism. Judaism is "this-worldly," but the Christian worldview is "other-worldly." Walsh closes with a timely discussion of the ethical, political, and economic teachings of the Judeo-Christian tradition, focusing specifically on their differing attitudes toward sex, reproduction, and marriage; their basic views of mind and body; and man's relation to God.

The very first pillar of our faith is Tawheed. It goes without saying then that this pillar must therefore be of the utmost importance. Yet if we speak to children and ask them about the 5 pillars of Islam they will probably be able to tell us more about fasting and salah than Tawheed. To them Tawheed means you believe in Allah and the last messenger, Prophet Muhammed (PBUH). It is a simple statement that is correct, but a simple statement that has a lot of meaning behind it. When we build a house we will start by laying a line of bricks in a row. Upon this row we will layer the other bricks on top. If after building a wall, we removed some of the bricks in the first row, the house would come tumbling down. Tawheed is just like that first layer of bricks on a house that is supporting all the other layers. If the foundation of our faith is built strongly, then the rest of our actions and deeds will be sound. But if our Tawheed is weak in understanding and application, then this will affect the validity of all our actions. This is why it is so significant for children (and adults) to understand what it means by the word Tawheed; so that they can understand what it contains and increase their knowledge and relationship with Allah. The more they know about Allah, the more they will love Allah. This book has been designed to introduce children to the concept of Tawheed and explain to them more about their Creator. It is hoped that this will help all children understand their Creator better and increase their relationship with Him.

Islam is a very mysterious and complex faith, one of intellectual depth in prayer and practice. It is unfortunate that the teachings of Islam have been marred by centuries of intellectual malaise, political misdirection, extremism, and disunity, leaving many spiritual wanderers both Muslim and non-Muslim to ponder a plethora of unaddressed questions about these sacred teachings. In his newest book, The Muslim Book of Why: What Everyone Should Know about Islam, author, scholar, and leading jihad theorist Warithudeen Umar highlights the concept of ijihad in an attempt to help answer many of today's most pressing questions about Islam. Ijihad is described as a creative and disciplined intellectual effort to derive legal rulings from Islamic sources while taking into consideration the variables brought on by the fluctuating circumstances of the Muslim world. Though the world has changed and expanded, humanity's need for these teachings viewed through the clarifying concept of ijihad has not. To right these wrongs of gross misguidance within Muslim society, we must deconstruct history in order to discern what went wrong after the revelation of the Qur'an was shared with the world. The Muslim Book of Why seeks to do so, refocusing Muslim thought on a life of faith, family development, and worship.
