

99 Ways To Fight Trump

THE INSTANT NEW YORK TIMES BESTSELLER! Michael C. Bender, senior White House reporter for the Wall Street Journal, presents a deeply reported account of the 2020 presidential campaign that details how Donald J. Trump became the first incumbent in three decades to lose reelection—and the only one whose defeat culminated in a violent insurrection. Beginning with President Trump's first impeachment and ending with his second, *FRANKLY, WE DID WIN THIS ELECTION* chronicles the inside-the-room deliberations between Trump and his campaign team as they opened 2020 with a sleek political operation built to harness a surge of momentum from a bullish economy, a unified Republican Party, and a string of domestic and foreign policy successes—only to watch everything unravel when fortunes suddenly turned. With first-rate sourcing cultivated from five years of covering Trump in the White House and both of his campaigns, Bender brings readers inside the Oval Office, aboard Air Force One, and into the front row of the movement's signature mega-rallies for the story of an epic election-year convergence of COVID, economic collapse, and civil rights upheaval—and an unorthodox president's attempt to battle it all. Fresh interviews with Trump, key campaign advisers, and senior administration officials are paired with an exclusive collection of internal campaign memos, emails, and text messages for scores of never-before-reported details about the campaign. *FRANKLY, WE DID WIN THIS ELECTION* is the inside story of how Trump lost, and the definitive account of his final year in office that draws a straight line from the president's repeated insistence that he would never lose to the deadly storming of the U.S. Capitol that imperiled one of his most loyal lieutenants—his own vice president.

Donald Trump, Silvio Berlusconi, Marine Le Pen, Hugo Chávez—populists are on the rise across the globe. But what exactly is populism? Should everyone who criticizes Wall Street or Washington be called a populist? What precisely is the difference between right-wing and left-wing populism? Does populism bring government closer to the people or is it a threat to democracy? Who are "the people" anyway and who can speak in their name? These questions have never been more pressing. In this groundbreaking volume, Jan-Werner Müller argues that at populism's core is a rejection of pluralism. Populists will always claim that they and they alone represent the people and their true interests. Müller also shows that, contrary to conventional wisdom, populists can govern on the basis of their claim to exclusive moral representation of the people: if populists have enough power, they will end up creating an authoritarian state that excludes all those not considered part of the proper "people." The book proposes a number of concrete strategies for how liberal democrats should best deal with populists and, in particular, how to counter their claims to speak exclusively for "the silent majority" or "the real people." Analytical, accessible, and provocative, *What Is Populism?* is grounded in history and draws on examples from Latin America, Europe, and the United States to define the characteristics of populism and the deeper causes of its electoral successes in our time.

The Instant New York Times, Publishers Weekly, Wall Street Journal, and USA Today Bestseller A candid, riveting account of the Trump White House, on the front lines and behind the scenes. Sarah Huckabee Sanders served as White House Press Secretary for President Donald J. Trump from 2017 to 2019. A trusted confidante of the President, Sanders advised him on everything from press and communications strategy to personnel and policy. She was at the President's side for two and a half years, battling with the media, working with lawmakers and CEOs, and accompanying the President on every international trip, including dozens of meetings with foreign leaders—all while unfailingly exhibiting grace under pressure. Upon her departure from the administration, President Trump described Sarah as "irreplaceable," a "warrior" and "very special person with extraordinary talents, who has done an incredible job." Now, in *Speaking for Myself*, Sarah Huckabee Sanders describes what it was like on the front lines and inside the White House, discussing her faith, the challenges of being a working mother at the highest level of American politics, her relationship with the press, and her unique role in the historic fight raging between the Trump administration and its critics for the future of our country. This frank, revealing, and engaging memoir will offer a truly unique perspective on the most important issues and events of the era, and unprecedented access to both public and behind-the-scenes conversations within the Trump White House.

The truth behind how well-funded hard-left extremists, the mainstream media, and Obama/Clinton holdovers in the government bureaucracy have combined with clandestine forces within the US intelligence apparatus – the "Deep State" -- to block and undermine Trump's every move. At 2:45 a.m. ET on Nov. 8, 2016, television networks announced to a stunned nation that Pennsylvania's 20 electoral had gone for Donald Trump, making him the president-elect of the United States, defying all odds in a surreal victory that sent the Deep State into an immediate sense of panic. By dawn on Nov. 9, 2016, the Deep State forces that expected Hillary Clinton to continue the leftist politics of Barack Obama were already planning Donald Trump's demise. What emerged from the hard left was a political strategy calculated to block Donald Trump from being inaugurated, and if that failed, to make sure Donald Trump would not long serve out his term as 45th President of the United States. Investigative journalist and conspiracy expert Jerome Corsi goes into shocking detail about how this Deep State or Shadow Government secretly wields power in Washington, and why the Deep State is dangerous – capable of assassinating Trump, if efforts to impeach him or to force him to resign fail. Corsi will also define a three-point strategy Trump -- as a political independent, opposed both by Democratic Party enemies and GOP establishment -- must employ to stay in office and have a chance of a successful first term in office.

From an award-winning journalist at The Atlantic, these searing essays make a damning case that cruelty is not merely an unfortunate byproduct of the Trump administration but its main objective and the central theme of the American project. "No writer better demonstrates how American dreams are so often sabotaged by American history. Adam Serwer is essential."—Tahira Coates "Trump summoned the most treacherous forces in American history and conducted them with the ease of a grand maestro." Like many of us, Adam Serwer didn't know that Donald Trump would win the 2016 election. But over the four years that followed, the Atlantic staff writer became one of our most astute analysts of the Trump presidency and the volatile powers it harnessed. The shock that greeted Trump's victory, and the subsequent cruelty of his presidency, represented a failure to confront elements of the American past long thought vanquished. In this searing collection, Serwer chronicles the Trump administration not as an aberration but as an outgrowth of the inequalities the United States was founded on. Serwer is less interested in the presidential spectacle than in the ideological and structural currents behind Trump's rise—including a media that was often blindsided by the ugly realities of what the administration represented and how it came to be. While deeply engaged with the moment, Serwer's writing is also haunted by ghosts of an unresolved American past, a past that torments

the present. In bracing new essays and previously published works, he explores white nationalism, myths about migration, the political power of police unions, and the many faces of anti-Semitism. For all the dynamics he examines, cruelty is the glue, the binding agent of a movement fueled by fear and exclusion. Serwer argues that rather than pretending these four years didn't happen or dismissing them as a brief moment of madness, we must face what made them possible. Without acknowledging and confronting these toxic legacies, the fragile dream of American multiracial democracy will remain vulnerable to another ambitious demagogue.

"Levers of Power argues that corporations' influence ultimately derives from their control over the economic resources on which society depends. When business goes on a 'capital strike' by refusing to invest in particular locations or industries, it imposes material hardship on specific groups or even the economy as a whole. For this reason, even politicians who are not dependent on corporate campaign cash must strive to keep capitalists happy"--

Crippled America by Donald Trump | Key Takeaways & Analysis Preview: Much has been written about Donald Trump and his campaign for the 2016 Republican nomination for president. But what does the billionaire builder and media personality himself have to say about what America's greatest problems are? And just as important, what solutions does he offer to address these issues? Crippled America: How to Make America Great Again offers a revealing look at his thinking... PLEASE NOTE: This is key takeaways and analysis of the book and NOT the original book. Inside this Instaread of Crippled America: · Overview of the book · Important People · Key Takeaways · Analysis of Key Takeaways

"In terrifying detail, Unholy illustrates how a vast network of white Christian nationalists plotted the authoritarian takeover of the American democratic system. There is no more timely book than this one."--Janet Reitman, author of Inside Scientology Why did so many evangelicals turn out to vote for Donald Trump, a serial philanderer with questionable conservative credentials who seems to defy Christian values with his every utterance? To a reporter like Sarah Posner, who has been covering the religious right for decades, the answer turns out to be far more intuitive than one might think. In this taut inquiry, Posner digs deep into the radical history of the religious right to reveal how issues of race and xenophobia have always been at the movement's core, and how religion often cloaked anxieties about perceived threats to a white, Christian America. Fueled by an antidemocratic impulse, and united by this narrative of reverse victimization, the religious right and the alt-right support a common agenda-and are actively using the erosion of democratic norms to roll back civil rights advances, stock the judiciary with hard-right judges, defang and deregulate federal agencies, and undermine the credibility of the free press. Increasingly, this formidable bloc is also forging ties with European far right groups, giving momentum to a truly global movement. Revelatory and engrossing, Unholy offers a deeper understanding of the ideological underpinnings and forces influencing the course of Republican politics. This is a book that must be read by anyone who cares about the future of American democracy.

The Instant New York Times and USA Today Bestseller! When Washington D.C. was first built, it was on top of a swamp that had to be drained. Donald Trump says it's time to drain it again. In *The Swamp*, bestselling author and Fox News Channel host Eric Bolling presents an infuriating, amusing, revealing, and outrageous history of American politics, past and present, Republican and Democrat. From national political scandals to tempests in a teapot that blew up; bribery, blackmail, bullying, and backroom deals that contradicted public policies; cronyism that cost taxpayers hundreds upon hundreds of millions of dollars; and personal conduct that can only be described as regrettable, *The Swamp* is a journey downriver through the bayous and marshes of Capitol Hill and Foggy Bottom. The presidential election of 2016 was ugly, but it exposed a political, media, industry, and elite establishment that desperately wanted to elect a politician who received millions of dollars from terror-funding states over a businessman willing to tell the corrupt or incompetent, "You're fired." The book concludes with a series of recommendations for President Trump: practical, hard-headed, and concise ways to drain the swamp and force Washington to be more transparent, more accountable, and more effective in how it serves those who have elected its politicians and pay the bills for their decisions. Last year President Trump declared *Wake Up America* to be a "huge" book; Eric Bolling's second book is sure to build on that success. Entertaining and timely, *The Swamp* is the perfect book for today's political climate.

A must-read riveting account of the worst year of our lives from the top Trump advisor who sounded the alarm about the China virus, Dr. Fauci's harmful recommendations, and the election fraud.

Rage is an unprecedented and intimate tour de force of new reporting on the Trump presidency facing a global pandemic, economic disaster and racial unrest. Woodward, the #1 international bestselling author of *Fear: Trump in the White House*, has uncovered the precise moment the president was warned that the Covid-19 epidemic would be the biggest national security threat to his presidency. In dramatic detail, Woodward takes readers into the Oval Office as Trump's head pops up when he is told in January 2020 that the pandemic could reach the scale of the 1918 Spanish Flu that killed 675,000 Americans. In 17 on-the-record interviews with Woodward over seven volatile months—an utterly vivid window into Trump's mind—the president provides a self-portrait that is part denial and part combative interchange mixed with surprising moments of doubt as he glimpses the perils in the presidency and what he calls the “dynamite behind every door.” At key decision points, *Rage* shows how Trump's responses to the crises of 2020 were rooted in the instincts, habits and style he developed during his first three years as president. Revisiting the earliest days of the Trump presidency, *Rage* reveals how Secretary of Defense James Mattis, Secretary of State Rex Tillerson and Director of National Intelligence Dan Coats struggled to keep the country safe as the president dismantled any semblance of collegial national security decision making. *Rage* draws from hundreds of hours of interviews with firsthand witnesses as well as participants' notes, emails, diaries, calendars and confidential documents. Woodward obtained 25 never-seen personal letters exchanged between Trump and North Korean leader Kim Jong Un, who describes the bond between the two leaders as out of a “fantasy film.” Trump insists to Woodward he will triumph over Covid-19 and the economic calamity. “Don't worry about it, Bob. Okay?” Trump told the author in July. “Don't worry about it. We'll get to do another book. You'll find I was right.”

This book explains the political rise of Donald Trump: why he appeals to voters, and why the united forces opposing him couldn't defeat his candidacy.

From the #1 bestselling author of *Too Much and Never Enough: A diagnosis of America's national trauma, and a way to heal. The Reckoning* will examine America's national trauma, rooted in our history but dramatically exacerbated by the impact of current events and the Trump administration's corrupt and immoral policies. Our failure to acknowledge this trauma, let alone root it out, has allowed it to metastasize. Whether it manifests itself in rising levels of rage and hatred, or hopelessness and apathy, the stress of living in a country we no longer recognize has

affected all of us. America is suffering from PTSD—a new leader alone cannot fix us. An enormous amount of healing must be done to rebuild our faith in leadership, and our hope for this nation. It starts with *The Reckoning*.

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America’s foremost deal-maker. “I like thinking big. I always have. To me it’s very simple: If you’re going to be thinking anyway, you might as well think big.”—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker’s art. And throughout, Trump talks—really talks—about how he does it. *Trump: The Art of the Deal* is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for *Trump: The Art of the Deal* “Trump makes one believe for a moment in the American dream again.”—*The New York Times* “Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet.”—*Chicago Tribune* “Fascinating . . . wholly absorbing . . . conveys Trump’s larger-than-life demeanor so vibrantly that the reader’s attention is instantly and fully claimed.”—*Boston Herald* “A chatty, generous, chutzpa-filled autobiography.”—*New York Post*

In this urgent and timely book, Patrick Cockburn writes the first draft of the history of the current crisis in the Middle East. Here he charts the period from the recapture of Mosul in 2017 to Turkey’s attack on Kurdish territory in November 2019, and recounts the new phase in the wars of disintegration that have plagued the region, leading to the assassination of Iranian General Sulemani. Cockburn offers panoramic on-the-ground analysis as well as a lifetime’s study of the region. As author of *The Rise of Islamic State*, and *The Age of Jihad*, he has proved to be leading, critical commentator of US intervention and the chaos it has wrecked/ And here he shows how, since Trump entered the White House promising an end to the Forever War, peace appears a distant possibility with the continuation of conflict in Syria, Saudi Arabia’s violent intervention in the Yemen, the fall of the Kurds, riots in Baghdad, and the continued aggression towards Iran. While ISIS has been defeated, it is not clear whether it has disappeared from the region. Trump’s policies has appeared to pour petrol on the flames, emboldening the other superpowers involved in the proxy wars. Following the collapse of the deal with Iran, and the threat of war crimes, is a new balance of power possible?

NEW YORK TIMES BESTSELLER “A masterful book.” —Marc Levinson, *The Washington Post* “A juicy tour of the company Bezos built.”—*The New York Times Book Review* From the bestselling author of *The Everything Store*, an unvarnished picture of Amazon’s unprecedented growth and its billionaire founder, Jeff Bezos, revealing the most important business story of our time. Almost ten years ago, Bloomberg journalist Brad Stone captured the rise of Amazon in his bestseller *The Everything Store*. Since then, Amazon has expanded exponentially, inventing novel products like Alexa and disrupting countless industries, while its workforce has quintupled in size and its valuation has soared to well over a trillion dollars. Jeff Bezos’s empire, once housed in a garage, now spans the globe. Between services like Whole Foods, Prime Video, and Amazon’s cloud computing unit, AWS, plus Bezos’s ownership of *The Washington Post*, it’s impossible to go a day without encountering its impact. We live in a world run, supplied, and controlled by Amazon and its iconoclast founder. In *Amazon Unbound*, Brad Stone presents a deeply reported, vividly drawn portrait of how a retail upstart became one of the most powerful and feared entities in the global economy. Stone also probes the evolution of Bezos himself—who started as a geeky technologist totally devoted to building Amazon, but who transformed to become a fit, disciplined billionaire with global ambitions; who ruled Amazon with an iron fist, even as he found his personal life splashed over the tabloids. Definitive, timely, and revelatory, Stone has provided an unvarnished portrait of a man and company that we couldn’t imagine modern life without.

THE #1 NEW YORK TIMES BESTSELLER IS NOW A MAJOR-MOTION PICTURE DIRECTED BY RON HOWARD AND STARRING AMY ADAMS, GLENN CLOSE, AND GABRIEL BASSO “You will not read a more important book about America this year.”—*The Economist* “A riveting book.”—*The Wall Street Journal* “Essential reading.”—David Brooks, *New York Times* *Hillbilly Elegy* is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The disintegration of this group, a process that has been slowly occurring now for more than forty years, has been reported with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck. The Vance family story begins hopefully in postwar America. J. D.’s grandparents were “dirt poor and in love,” and moved north from Kentucky’s Appalachia region to Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually one of their grandchildren would graduate from Yale Law School, a conventional marker of success in achieving generational upward mobility. But as the family saga of *Hillbilly Elegy* plays out, we learn that J.D.’s grandparents, aunt, uncle, sister, and, most of all, his mother struggled profoundly with the demands of their new middle-class life, never fully escaping the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. With piercing honesty, Vance shows how he himself still carries around the demons of his chaotic family history. A deeply moving memoir, with its share of humor and vividly colorful figures, *Hillbilly Elegy* is the story of how upward mobility really feels. And it is an urgent and troubling meditation on the loss of the American dream for a large segment of this country.

The state of New Hampshire has played a pivotal role in Donald Trump’s rise. This volume examines how the Granite State incubated Trump’s political ambitions as early as the 1988 campaign cycle, how Trump’s return to the state in 2014 presaged his 2016 candidacy, and how the state rescued his ambitions after his defeat in the Iowa caucuses. The book also examines how Trump lost the state to Hillary Clinton in the general election, and how the state has in many ways been a microcosm of national politics since Trump’s election, as a Republican governor and legislature attempt to pursue their long-deferred agenda in the face of Democratic opposition and as Democrats racked up victories in special and off-year elections. Finally, this book examines what Trump’s impact will be on the 2020 presidential primaries.

How policies forged after September 11 were weaponized under Trump and turned on American democracy itself In the wake of the September 11 terror attacks, the American government implemented a wave of overt policies to fight the nation’s enemies. Unseen and undetected by the public, however, another set of tools were brought to bear on the domestic front. In this riveting book, one of today’s leading experts on the US security state shows how these “subtle tools” imperiled the very foundations of democracy, from the separation of powers and

transparency in government to adherence to the Constitution. Taking readers from Ground Zero to the Capitol insurrection, Karen Greenberg describes the subtle tools that were forged under George W. Bush in the name of security: imprecise language, bureaucratic confusion, secrecy, and the bypassing of procedural and legal norms. While the power and legacy of these tools lasted into the Obama years, reliance on them increased exponentially in the Trump era, both in the fight against terrorism abroad and in battles closer to home. Greenberg discusses how the Trump administration weaponized these tools to separate families at the border, suppress Black Lives Matter protests, and attempt to overturn the 2020 presidential election. Revealing the deeper consequences of the war on terror, *Subtle Tools* paints a troubling portrait of an increasingly undemocratic America where disinformation, xenophobia, and disdain for the law became the new norm, and where the subtle tools of national security threatened democracy itself.

NEW YORK TIMES BESTSELLER "Reilly pokes more holes in Trump's claims than there are sand traps on all of his courses combined. It is by turns amusing and alarming." -- The New Yorker "Golf is the spine of this shocking, wildly humorous book, but humanity is its flesh and spirit." -- Chicago Sun-Times "Every one of Trump's most disgusting qualities surfaces in golf." -- The Ringer An outrageous indictment of Donald Trump's appalling behavior when it comes to golf -- on and off the green -- and what it reveals about his character. Donald Trump loves golf. He loves to play it, buy it, build it, and operate it. He owns 14 courses around the world and runs another five, all of which he insists are the best on the planet. He also claims he's a 3 handicap, almost never loses, and has won an astonishing 18 club championships. How much of all that is true? Almost none of it, acclaimed sportswriter Rick Reilly reveals in this unsparing look at Trump in the world of golf. Based on Reilly's own experiences with Trump as well as interviews with over 100 golf pros, amateurs, developers, and caddies, *Commander in Cheat* is a startling and at times hilarious indictment of Trump and his golf game. You'll learn how Trump cheats (sometimes with the help of his caddies and Secret Service agents), lies about his scores (the "Trump Bump"), tells whoppers about the rank of his courses and their worth (declaring that every one of them is worth \$50 million), and tramples the etiquette of the game (driving on greens doesn't help). Trump doesn't brag so much, though, about the golf contractors he stiffes, the course neighbors he intimidates, or the way his golf decisions wind up infecting his political ones. For Trump, it's always about winning. To do it, he uses the tricks he picked up from the hustlers at the public course where he learned the game as a college kid, and then polished as one of the most bombastic businessmen of our time. As Reilly writes, "Golf is like bicycle shorts. It reveals a lot about a man." *Commander in Cheat* "paints a side-splitting portrait of a congenital cheater" (*Esquire*), revealing all kinds of unsightly truths Trump has been hiding.

"Let's Make Coloring Great Again!" AS SEEN ON CNN! Whether he's crossing the Delaware or playing chess with Putin, see Donald Trump like you've never seen him before! Over 50 drawings of Trump for you to color—any way you want! YOU decide what color his superhero costume is! YOU decide what shade his hair is! Are you For or Against? It's up to you! Now's your chance to show The Donald in his true colors! The Trump Coloring Book makes a great gift for all the Americans in your life!

Shares the author's views on social security, law enforcement, education, foreign policy, and health care

The Resistance Handbook45 Ways to Fight Trump

A biography of venture capitalist and entrepreneur Peter Thiel, the enigmatic, controversial, and hugely influential power broker who sits at the dynamic intersection of tech, business, and politics A New York Times Book Review Editors' Choice "Max Chafkin's *The Contrarian* is much more than a consistently shocking biography of Peter Thiel, the most important investor in tech and a key supporter of the Donald Trump presidency. It's also a disturbing history of Silicon Valley that will make you reconsider the ideological foundations of America's relentless engine of creative destruction."—Brad Stone, author of *The Everything Store* and *Amazon Unbound* Since the days of the dot-com bubble in the late 1990s, no industry has made a greater impact on the world than Silicon Valley. And few individuals have done more to shape Silicon Valley than Peter Thiel. The billionaire venture capitalist and entrepreneur has been a behind-the-scenes operator influencing countless aspects of our contemporary way of life, from the technologies we use every day to the delicate power balance between Silicon Valley, Wall Street, and Washington. But despite his power and the ubiquity of his projects, no public figure is quite so mysterious. In the first major biography of Thiel, Max Chafkin traces the trajectory of the innovator's singular life and worldview, from his upbringing as the child of immigrant parents and years at Stanford as a burgeoning conservative thought leader to his founding of PayPal and Palantir, early investment in Facebook and SpaceX, and relationships with fellow tech titans Mark Zuckerberg, Elon Musk, and Eric Schmidt. *The Contrarian* illuminates the extent to which Thiel has sought to export his values to the corridors of power beyond Silicon Valley, including funding the lawsuit that destroyed the blog Gawker and strenuously backing far-right political candidates, notably Donald Trump for president in 2016. Eye-opening and deeply reported, *The Contrarian* is a revelatory biography of a one-of-a-kind leader and an incisive portrait of a tech industry whose explosive growth and power is both thrilling and fraught with controversy.

The New York Times—bestselling roadmap to resistance in the Trump era from the internationally acclaimed activist and author of *On Fire* and *The Battle for Paradise*. The election of Donald Trump is a dangerous escalation in a world of cascading crises. Trump's vision—a radical deregulation of the US economy in the interest of corporations, an all-out war on "radical Islamic terrorism," and a sweeping aside of climate science to unleash a domestic fossil fuel frenzy—will generate wave after wave of crises and shocks, to the economy, to national security, to the environment. In *No Is Not Enough*, Naomi Klein explains that Trump, extreme as he is, is not an aberration but a logical extension of the worst and most dangerous trends of the past half-century. In exposing the malignant forces behind Trump's rise, she puts forward a bold vision for a mass movement to counter rising militarism, nationalism, and corporatism in the United States and around the world. Longlisted for the National Book Award "I hope that Klein's book is read by more than just her (mostly) leftwing fan base. For whatever you think about her economic arguments, she makes a powerful and an important point: that you cannot understand Trump without looking at how he reflects bigger cultural and social dynamics. And what is perhaps refreshing about *No Is Not Enough* is that Klein tries to move beyond mere outrage and hand-wringing to offer a practical manifesto for opposition." —Financial Times "Brimms with ideas rarely heard in the mainstream media. And her fiery, punchy writing style, which is occasionally laced with humor, makes it hard to put down." —The Georgia Straight

"Sacrifices must be made, not just for the party, but for history" MORE THAN 100 MILLION ANXIOUS AMERICANS WANT TO KNOW: HOW CAN DONALD TRUMP BE BEATEN IN 2020 AND EVICTED FROM THE WHITE HOUSE? Mark Halperin interviewed the nation's most experienced political strategists to discover what they think the Democratic nominee needs to do to win the 270 electoral votes required for victory. Drawing on first-hand experience, tactical savvy, and war stories from presidential campaigns past, America's top operatives explain how to meet the daunting challenge of defeating President Trump. They provide expert advice on bracing for psychological battle, understanding Trump's voters, picking a running mate, mastering the debates, and dodging black swans—time-tested and creative ideas that reveal the secrets every presidential hopeful wants to know, with specific insights on tackling the volatile, unpredictable force of nature that is Donald Trump. While endlessly controversial, the 45th president remains one of the most formidable political campaigners in modern history, with a staggering financial advantage and powerful allies. Only four elected incumbent American presidents have lost reelection bids since 1900. Few of the strategists think beating Trump will be easy. But none believe it is impossible. Their best ideas, gleaned from years of experience at the highest levels of American politics, are all presented in this compelling and fast-paced book. HOW TO BEAT TRUMP will give voters tools to evaluate which candidates are best positioned to defeat the incumbent. More than seventy-five strategists were interviewed for HOW TO BEAT TRUMP, including Jill Alper, David Axelrod, Donna Brazile, James Carville, Tad Devine, Karen Dunn, Adrienne Elrod, Jennifer Granholm, Ben LaBolt, Jeff Link, Jim Margolis, Mike McCurry, Mark Mellman, Amanda Renteria, John Sasso, Kathleen Sebelius, Bob Shrum, Ginny Terzano, and David Wilhelm.

Revised and updated "One of today's most respected journalists, David Rohde takes on one of the country's most toxic conspiracy theories," presenting a "scrupulously reported and even-handed" account of how power and intelligence are exploited in Washington that "goes deep indeed inside America's security state, telling a story that will surprise readers of all political persuasions" (Jane Mayer, author of Dark Money). Donald Trump blamed his 2020 defeat on Democrats and the "deep state"—a supposed secret cabal of Washington insiders that relentlessly encroaches on the individual rights of Americans—for stealing the election and undermining his presidency. Most Americans who supported him agreed. Americans on the left increasingly fear the "military-industrial complex," a faction of generals and defense contractors who they believe routinely push the country into endless wars. But does the American "deep state" really exist? This question is fundamental to preserving the legitimacy of American democracy, as frustration with and distrust for the government continue to grow. In Deep seeks to dispel these pernicious myths through an examination of the FBI, CIA, and Justice Department scandals of the past fifty years from the Church Committee's exposure of Cold War abuses to the claims and counterclaims of the Trump era and the relentless spread of conspiracy theories online and on air. It exposes the misconduct of Attorney General William Barr; how distrust of the "deep state" undermined the US government response to the COVID-19 pandemic; and the growing discord sowed by the explosion of false information online. It investigates Trump's quest to discredit government experts, the legislative and judicial branches, and the results of the 2020 election and assume authoritarian power for himself. "The idea of the deep state, Rohde writes, is inextricably linked to a particular view of presidential power" (Dina Temple-Raston, Washington Post). Based on dozens of interviews with career CIA operatives and FBI agents, "In Deep is a wholly satisfying read and a necessary one for anyone wanting to understand the forces at play in our government today" (Andrea Bernstein, Peabody Award-winning cohost of the Trump, Inc. podcast and author of American Oligarchs).

In Defender in Chief, celebrated constitutional scholar John Yoo makes a provocative case against Donald Trump's alleged disruption of constitutional rules and norms. Donald Trump isn't shredding the Constitution—he's its greatest defender. Ask any liberal—and many moderate conservatives—and they'll tell you that Donald Trump is a threat to the rule of law and the U.S. Constitution. Mainstream media outlets have reported fresh examples of alleged executive overreach or authoritarian White House decisions nearly every day of his presidency. In the 2020 primaries, the candidates have rushed to accuse Trump of destroying our democracy and jeopardizing our nation's very existence. Yoo argues that this charge has things exactly backwards. Far from considering Trump an inherent threat to our nation's founding principles, Yoo convincingly argues that Washington, Jefferson, Madison and Hamilton would have seen Trump as returning to their vision of presidential power, even at his most controversial. It is instead liberal opponents who would overthrow existing constitutional understanding in order to unseat Trump, but in getting their man would inflict permanent damage on the office of the presidency, the most important office in our constitutional system and the world. This provocative and engaging work is a compelling defense of an embattled president's ideas and actions.

Markos Moulitsas, founder of Daily Kos, and Michael Huttner, founder of ProgressNow, have built two of the nation's largest advocacy organizations. Now, in The Resistance Handbook: 45 Ways to Fight Trump, they offer a much-needed guide to fighting Trump and building a better, more just, and more equitable America.

THE NEW YORK TIMES BESTSELLER that connects the dots from Donald Trump's racist background to the Russian scandals "A searing indictment." — Michiko Kakutani, The New York Times "Johnston has given us this year's must-read Trump book." — Lawrence O'Donnell, host of MSNBC's The Last Word with Lawrence O'Donnell The international bestseller that brought Trump's long history of racism, mafia ties, and shady business dealings into the limelight. Now with a new introduction and epilogue. Pulitzer Prize-winning investigative journalist David Cay Johnston, who had spent thirty years chronicling Donald Trump for the New York Times and other leading newspapers, takes readers from the origins of the Trump family fortune—his grandfather's Yukon bordellos during the Gold Rush—to his tumultuous gambling and real estate dealings in New York and Atlantic City, all the way to his election as president of the United States, giving us a deeply researched and shockingly full picture of one of the most controversial figures of our time.

What do you do when you spot a wild Trump in the election season? New York Times bestselling author and comedian Michael Ian Black has some sage advice for children (and

all the rest of us who are scratching our heads in disbelief) in this perfectly timely parody picture book intended for adults that would be hysterical if it wasn't so true. The beast is called an American Trump. Its skin is bright orange, its figure is plump. Its fur so complex you might get enveloped. Its hands though are, sadly, underdeveloped. The Trump is a curious creature, very often spotted in the wild, but confounding to our youngest citizens. A business mogul, reality TV host, and now...political candidate? Kids (and let's be honest many adults) might have difficulty discerning just what this thing that's been dominating news coverage this election cycle is. Could he actually be real? Are those...words coming out of his mouth? Why are his hands so tiny? And perhaps most importantly, what on earth do you do when you encounter an American Trump? With his signature wit and a classic picture book style, comedian Michael Ian Black introduces those unfamiliar with the Americus Trumpus to his distinguishing features and his mystifying campaign for world domination...sorry...President of the United States.

One of the Top 10 Politics and Current Events Books of Fall 2019 (Publishers Weekly) An incisive cultural history that captures a fractious nation through the prism of television and the rattled mind of a celebrity president. Television has entertained America, television has ensorcelled America, and with the election of Donald J. Trump, television has conquered America. In *Audience of One*, New York Times chief television critic James Poniewozik traces the history of TV and mass media from the Reagan era to today, explaining how a volcanic, camera-hogging antihero merged with America's most powerful medium to become our forty-fifth president. In the tradition of Neil Postman's masterpiece *Amusing Ourselves to Death*, *Audience of One* shows how American media have shaped American society and politics, by interweaving two crucial stories. The first story follows the evolution of television from the three-network era of the 20th century, which joined millions of Americans in a shared monoculture, into today's zillion-channel, Internet-atomized universe, which sliced and diced them into fractious, alienated subcultures. The second story is a cultural critique of Donald Trump, the chameleonic celebrity who courted fame, achieved a mind-meld with the media beast, and rode it to ultimate power. Braiding together these disparate threads, Poniewozik combines a cultural history of modern America with a revelatory portrait of the most public American who has ever lived. Reaching back to the 1940s, when Trump and commercial television were born, Poniewozik illustrates how Donald became "a character that wrote itself, a brand mascot that jumped off the cereal box and entered the world, a simulacrum that replaced the thing it represented." Viscerally attuned to the media, Trump shape-shifted into a boastful tabloid playboy in the 1980s; a self-parodic sitcom fixture in the 1990s; a reality-TV "You're Fired" machine in the 2000s; and finally, the biggest role of his career, a Fox News-obsessed, Twitter-mad, culture-warring demagogue in the White House. Poniewozik deconstructs the chaotic Age of Trump as the 24-hour TV production that it is, decoding an era when politics has become pop culture, and vice versa. Trenchant and often slyly hilarious, *Audience of One* is a penetrating and sobering review of the raucous, raging, farcical reality show—performed for the benefit of an insomniac, cable-news-junkie "audience of one"—that we all came to live in, whether we liked it or not.

NEW YORK TIMES BESTSELLER • "Comprehensive, enlightening, and terrifyingly timely."—The New York Times Book Review (Editors' Choice) WINNER OF THE GOLDSMITH BOOK PRIZE • SHORTLISTED FOR THE LIONEL GELBER PRIZE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Time • Foreign Affairs • WBUR • Paste Donald Trump's presidency has raised a question that many of us never thought we'd be asking: Is our democracy in danger? Harvard professors Steven Levitsky and Daniel Ziblatt have spent more than twenty years studying the breakdown of democracies in Europe and Latin America, and they believe the answer is yes. Democracy no longer ends with a bang—in a revolution or military coup—but with a whimper: the slow, steady weakening of critical institutions, such as the judiciary and the press, and the gradual erosion of long-standing political norms. The good news is that there are several exit ramps on the road to authoritarianism. The bad news is that, by electing Trump, we have already passed the first one. Drawing on decades of research and a wide range of historical and global examples, from 1930s Europe to contemporary Hungary, Turkey, and Venezuela, to the American South during Jim Crow, Levitsky and Ziblatt show how democracies die—and how ours can be saved. Praise for *How Democracies Die* "What we desperately need is a sober, dispassionate look at the current state of affairs. Steven Levitsky and Daniel Ziblatt, two of the most respected scholars in the field of democracy studies, offer just that."—The Washington Post "Where Levitsky and Ziblatt make their mark is in weaving together political science and historical analysis of both domestic and international democratic crises; in doing so, they expand the conversation beyond Trump and before him, to other countries and to the deep structure of American democracy and politics."—Ezra Klein, Vox "If you only read one book for the rest of the year, read *How Democracies Die*. . . . This is not a book for just Democrats or Republicans. It is a book for all Americans. It is nonpartisan. It is fact based. It is deeply rooted in history. . . . The best commentary on our politics, no contest."—Michael Morrell, former Acting Director of the Central Intelligence Agency (via Twitter) "A smart and deeply informed book about the ways in which democracy is being undermined in dozens of countries around the world, and in ways that are perfectly legal."—Fareed Zakaria, CNN

First he made two billion dollars. Then he made *The Apprentice*. Now *The Donald* shows you how to make a fortune, Trump style.

The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as # 1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with vivid, eyewitness accounts of what really happened. Peril is supplemented throughout with never-before-seen material from secret orders, transcripts of confidential calls, diaries,

emails, meeting notes and other personal and government records, making for an unparalleled history. It is also the first inside look at Biden's presidency as he faces the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president. "We have much to do in this winter of peril," Biden declared at his inauguration, an event marked by a nerve-wracking security alert and the threat of domestic terrorism. *Peril* is the extraordinary story of the end of one presidency and the beginning of another, and represents the culmination of Bob Woodward's news-making trilogy on the Trump presidency, along with *Fear and Rage*. And it is the beginning of a collaboration with fellow Washington Post reporter Robert Costa that will remind readers of Woodward's coverage, with Carl Bernstein, of President Richard M. Nixon's final days.

Scott Adams -- a trained hypnotist and a lifelong student of persuasion -- was one of the earliest public figures to predict Trump's win, doing so a week after Nate Silver put Trump's odds at 2 percent in his *FiveThirtyEight.com* blog. The mainstream media regarded Trump as a novelty and a sideshow. But Adams recognized in Trump a level of persuasion you only see once in a generation. Trump triggered massive cognitive dissonance and confirmation bias on both the left and the right. We're hardwired to respond to emotion, not reason. We might listen to 10 percent of a speech -- a hand gesture here, a phrase there -- and if the right buttons are pushed, we irrationally agree with the speaker and invent reasons to justify that decision after the fact. The point isn't whether Trump was right or wrong, good or bad. *Win Bigly* goes beyond politics to look at persuasion tools that can work in any setting -- the same ones Adams saw in Steve Jobs when he invested in Apple decades ago.

A masterful and eye-opening examination of Trump and the coercive control tactics he uses to build a fanatical devotion in his supporters written by "an authority on breaking away from cults...an argument that...bears consideration as the next election cycle heats up" (*Kirkus Reviews*). Since the 2016 election, Donald Trump's behavior has become both more disturbing and yet increasingly familiar. He relies on phrases like, "fake news," "build the wall," and continues to spread the divisive mentality of us-vs.-them. He lies constantly, has no conscience, never admits when he is wrong, and projects all of his shortcomings on to others. He has become more authoritarian, more outrageous, and yet many of his followers remain blindly devoted. Scott Adams, the creator of *Dilbert* and a major Trump supporter, calls him one of the most persuasive people living. His need to squash alternate information and his insistence of constant ego stroking are all characteristics of other famous leaders—cult leaders. In *The Cult of Trump*, mind control and licensed mental health expert Steven Hassan draws parallels between our current president and people like Jim Jones, David Koresh, Ron Hubbard, and Sun Myung Moon, arguing that this presidency is in many ways like a destructive cult. He specifically details the ways in which people are influenced through an array of social psychology methods and how they become fiercely loyal and obedient. Hassan was a former "Moonie" himself, and he presents a "thoughtful and well-researched analysis of some of the most puzzling aspects of the current presidency, including the remarkable passivity of fellow Republicans [and] the gross pandering of many members of the press" (Thomas G. Gutheil, MD and professor of psychiatry, Harvard Medical School). *The Cult of Trump* is an accessible and in-depth analysis of the president, showing that under the right circumstances, even sane, rational, well-adjusted people can be persuaded to believe the most outrageous ideas. "This book is a must for anyone who wants to understand the current political climate" (Judith Stevens-Long, PhD and author of *Living Well, Dying Well*).

"A vital book for understanding the still-unfolding nightmare of nationalism and racism in the 21st century." —Francisco Cantu, author of *The Line Becomes a River* Stephen Miller is one of the most influential advisors in the White House. He has crafted Donald Trump's speeches, designed immigration policies that ban Muslims and separate families, and outlasted such Trump stalwarts as Steve Bannon and Jeff Sessions. But he's remained an enigma. Until now. Emmy- and PEN-winning investigative journalist and author Jean Guerrero charts the thirty-four-year-old's astonishing rise to power, drawing from more than one hundred interviews with his family, friends, adversaries and government officials. Radicalized as a teenager, Miller relished provocation at his high school in liberal Santa Monica, California. He clashed with administrators and antagonized dark-skinned classmates with invectives against bilingualism and multiculturalism. At Duke University, he cloaked racist and classist ideas in the language of patriotism and heritage to get them airtime amid controversies. On Capitol Hill, he served Tea Party congresswoman Michele Bachmann and nativist Alabama Senator Jeff Sessions. Recruited to Trump's campaign, Miller met his idol. Having dreamed of Trump's presidency before he even announced his decision to run, Miller became his senior policy advisor and speechwriter. Together, they stoked dystopian fears about the Democrats, "Deep State" and "American Carnage," painting migrants and their supporters as an existential threat to America. Through backroom machinations and sheer force of will, Miller survived dozens of resignations and encouraged Trump's harshest impulses, in conflict with the president's own family. While Trump railed against illegal immigration, Miller crusaded against legal immigration. He targeted refugees, asylum seekers and their children, engineering an ethical crisis for a nation that once saw itself as the conscience of the world. Miller rallied support for this agenda, even as federal judges tried to stop it, by courting the white rage that found violent expression in tragedies from El Paso to Charlottesville. *Hatemonger* unveils the man driving some of the most divisive confrontations over what it means to be American—and what America will become.

From CNN chief legal analyst and bestselling author Jeffrey Toobin, a real-life legal thriller about the prosecutors and congressional investigators pursuing the truth about Donald Trump's complicity in several crimes--and why they failed. Donald Trump's campaign chairman went to jail. So did his personal lawyer. His long-time political consigliere was convicted of serious federal crimes, and his national security advisor pled guilty to others. Several Russian spies were indicted in absentia. Career intelligence agents and military officers were alarmed enough by the president's actions that they alerted senior government officials and ignited the impeachment process. Yet despite all this, a years-long

inquiry led by special counsel Robert Mueller, and the third impeachment of a president in American history, Donald Trump survived to run for re-election. Why? Jeffrey Toobin's highly entertaining definitive account of the Mueller investigation and the impeachment of the president takes readers behind the scenes of the epic legal and political struggle to call Trump to account for his misdeeds. With his superb storytelling and analytic skills Toobin recounts all the mind-boggling twists and turns in the case--Trump's son met with a Russian operative promising Kremlin support! Trump paid a porn star \$130,000 to hush up an affair! Rudy Giuliani and a pair of shady Ukrainian-American businessmen got the Justice Department to look at Russian-created conspiracy theories! Toobin shows how Trump's canny lawyers used Mueller's famous integrity against him, and how Trump's bullying and bluster cowed Republican legislators into ignoring the clear evidence of the impeachment hearings. Based on dozens of interviews with prosecutors in Mueller's office, Trump's legal team, Congressional investigators, White House staffers, and several of the key players, including some who are now in prison, *True Crimes and Misdemeanors* is a revelatory narrative that makes sense of the seemingly endless chaos of the Trump years. Filled with never-before-reported details of the high-stakes legal battles and political machinations, the book weaves a tale of a rogue president guilty of historic misconduct, and how he got away with it.
