A Dictionary of Business and Management Oxford University Press

This wide-ranging and authoritative dictionary contains over 7,100 entries covering all areas of business and management, including marketing, organizational behaviour, business strategy, law, and taxation. In its sixth edition, it features the very latest developments, such as those relating to information technology (including mobile technology), and the financial crisis and the subsequent sovereign debt crisis. Entries have been updated to refer to recent events and news in the field, for example the LIBOR scandal. Over 100 new entries have been added including bitcoin, Cog's Ladder, mobile commerce, Six Sigma, social media, theory of institutional deficiencies, and zero-hours contract. Furthermore, there is expanded coverage of areas such as financial regulation and corporate social responsibility, with a number of new entries offering insight into these topics, including aw-shucks defence and Financial Conduct Authority. The new edition of this established bestselling dictionary elucidates modern financial and management jargon, defining entries in a clear, concise, and accessible manner. With recommended web links for many entries, accessible and kept up to date via the Dictionary of Business and Management companion website, this edition is more informative than ever. This A—Z reference work is essential for business students, teachers and professionals, and useful for anyone needing a guide to business terminology.

Created by the Legal Education Group in the tradition of the worlds widely cited and best-selling legal reference, "Blacks Law Dictionary." The second book in a new series, this handbook includes accurate, clear definitions to more than 3,000 business law key words and phrases. This new dictionary provides a ready reference to essential terms and phrases used in all areas of law and business, including accounting, banking, civil law, civil procedure, contracts, corporate law, criminal law, criminal procedure, economics, intellectual property, labor law, real property, secured transactions, securities law, and torts. Written by an American attorney who is also an accredited translator, it provides complete coverage of terminology used in all Spanish-speaking countries, not just those countries where the other bilingual dictionaries on the market were written (i.e., Spain and Argentina). Accordingly, it is the only source for translations of terms that are unique to countries such as Colombia, Peru and Venezuela. The dictionary was thoroughly researched using original documents and monolingual dictionaries from the Spanish-speaking various countries and is thus authoritative and up-to-date. No lawyer or translator who works with Spanish legal and business documents can afford to be without it.

Covering all areas of modern business practice, this edition now includes increased coverage of terms and concepts. It also looks at issues such as Internet business, private equity, structured finance, and much more.

If you want to succeed in business, you need to know the language. Fortunately, this reference volume presents all the necessary words are in one place. The Entrepreneur's Dictionary of Business and Financial Terms includes terms from academic and business environments and

is ideal for * students focusing on economics, business, finance, and management; * professionals in management, administration, finance, project management, and related fields; * researchers and instructors in business-related fields; and * movers and shakers, bankers, brokers, and investors. This dictionary is compiled from a vast range of modern sources and includes more than nine thousand definitions from the fields of business, finance, accounting, and associated fields. This authoritative dictionary covers every aspect of personal and international finance. It has been fully revised and updated, particularly with regards to terminology relating to the financial crash of 2008-9. With clear definitions for over 5,200 entries, it is an indispensable guide for anyone involved in finance and banking.

Clearly written, with up-to-the-minute information and packed with practical and relevant examples, The New Penguin Dictionary of Business is the perfect book for anyone-whether student or working professional-who needs to know the latest jargon in the field. This best-selling dictionary includes more than 3,800 entries covering all aspects of accounting, including financial accounting, financial reporting, management accounting, taxation, auditing, corporate finance, and accounting bodies and institutions. Its international coverage includes important terms from UK, US, Australia, India, and Asia-Pacific. Over 150 new entries have been added to this edition to reflect the very latest developments in the accounting profession, e.g. Accounting Council, European Financial Stability Mechanism, and General Anti-Abuse Rule. In addition, existing entries have been updated to cover the latest developments, most notably the Financial Reporting Standard Applicable in the UK and the Republic of Ireland, which sets out new rules in areas such as goodwill, hedge accounting, and fair value accounting. There is increased coverage of topics such as corporate governance, accounting ethics, accounting scandals, and major firms and professional bodies. With its authoritative and accessible definitions and its wide-ranging coverage, this dictionary is essential for students and professionals in accounting and finance. It is also an ideal source of reference for anyone seeking a clear guide to the often-confusing world of accountancy terms. With over 5,500--including 150 new--accessible entries, this sixth edition of the bestselling Dictionary of Finance and Banking has been fully revised and updated to take into account the ever-developing financial landscape of the last five years. This comprehensive A-Z defines terms from all aspects of personal and international finance, including money markets, private investments and borrowing, central banking, foreign exchanges, monetary policy, and public and government finance. International coverage is expanded to reflect the on-going globalization of financial markets and the growing importance of development finance, with new entries such as "village banking," "Islamic Development Bank," and "M-Pesa." Quick links for additional online resources relating to the field can also be found on the companion website to expand reading and delve deeper into the world of finance and banking. With clear and accessible definitions, this jargon-free dictionary is a companion volume to the other financial titles in this bestselling series (A Dictionary of Business and Management, A Dictionary of Accounting, and A Dictionary of Economics), and provides accurate and valuable information for students, practitioners, private investors, and readers of the

financial pages alike.

A lean and efficient source of information, written in a straightforward and readable manner, this book will be an indispensable reference tool for students of psychology, for professionals and for people in the health and caring professions. A fully comprehensive resource for those wanting to know about the world of business management. Students and working professionals alike can enjoy quick and accessible definitions and the extensive cross-referencing system allows readers broader access to subject areas. This dictionary covers all the topics, issues and terms in the field, including: business economics, consumer behaviour, corporate strategy, financial management, human resource management, information technology, management accounting, marketing and organizational behaviour and work psychology.

This wide-ranging and authoritative dictionary contains 7,000 entries covering all areas of business and management, including marketing, organizational behaviour, business strategy, law, and taxation. Written by a team of experts, it features the very latest terminology, for example, the recent vocabulary associated with structured finance and the associated subprime lending crisis, including collateralized debt obligation and special purpose vehicle. The new edition of this established bestseller dispels modern financial and management jargon, defining entries in a clear, concise, and accessible manner. It contains US business terms, general management concepts (e.g. competence,

knowledge management), named theories (e.g. Tannenbaum and Schmidt, Blake and Mouton) as well as expanded coverage of the contemporary theory of the firm and human resources. New terms are included from the fast-moving areas of current affairs (e.g. MiFID), Internet business and information technology and there is full coverage of the new Companies Act. With recommended web links for many entries, accessible and kept up to date via the Dictionary of Business and Management companion website, this edition is more informative than ever. This A-Z reference work is essential for business students, teachers and professionals, and useful for anyone needing a guide to business terminology.

This dictionary incorporates terms from government and private sector organizations, making it an all-inclusive lexicon of international marketing and advertising. Includes terms related to direct mail, sales, retailing, international advertising and marketing, consumer behavior, market research and print and broadcast advertising. Several meanings are often given for the more than 5,500 entries—relatively simple for the layperson, more sophisticated and technical for the specialist. This book is an incisive and entertaining overview of the business world, worthy of its antecedent, Ambrose Bierce's "The Devil's Dictionary." Told from the perspective of the legendary Nicholas von Hoffman, it is catty, sharp, funny, mean and informative. Arranged alphabetically, from "Abacus" to "Zukor, Adlph" the dictionary elucidates the business world from top to bottom, from the ancient world to the present. "The Devil's Dictionary of Business" is an ideal gift for your stockbroker, bank manager, loan shark or that anticapitalist, Starbucks-bashing cousin of yours, all of whom will enjoy von Hoffman's sardonic and dizzying tour of mammon.

A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

Compiled by German linguists with over twenty years of experience in international business, this dictionary reflects all the current usages of German business terminology, identified by specific categories. Business language is in a state of flux all over the world. This is due to the fast-changing global business scene, not only in Europe but also in Asia and the rest of the world. The near-total dependence of business today on digital data and the Internet is another major factor in the transformation of business terminology. The main virtue of this dictionary is the fact that it provides current, twenty-first century business terms and definitions, including hundreds of computer-related terms.
