The establishment of Banking Union represents a major development in European economic governance and European integration history more generally. Banking Union is also significant because not all European Union (EU) member states have joined, which has increased the trend towards differentiated integration in the EU, posing a major challenge to the EU as a whole and to the opt-out countries. This book is informed by two main empirical questions. Why was Banking Union - presented by proponents as a crucial move to 'complete' Economic and Monetary Union (EMU) - proposed only in 2012, over twenty years after the adoption of the Maastricht Treaty? Why has a certain design for Banking Union been agreed and some elements of this design prioritized over others? A two-step explanation is articulated in this study. First, it explains why euro area member state governments moved to consider Banking Union by building on the concept of the 'financial trilemma', and examining the implications of the single currency for euro area member state banking systems. Second, it explains the design of Banking Union by examining the preferences of member state governments on the core components of Banking Union and developing a comparative political economy analysis focused on the configuration of national banking systems and varying national concern for the moral hazard facing banks and sovereigns created by euro level support mechanisms. A resource every writer should have.

Surrealism was a broad movement, which attracted many adherents. It was organized and quite strictly disciplined, at least until the death of its leader, Andre Breton, in 1966. As a consequence, its membership was in a constant state of flux: persons were constantly being

admitted and excluded, and often the latter continued to regard themselves as Surrealists. The wide-ranging nature of the Surrealist movement was spread over many countries and many different art forms, including painting, sculpture, cinema, photography, music, theater, and literature, most notably poetry. The Historical Dictionary of Surrealism relates the history of this movement through a chronology, an introductory essay, a bibliography, and over 600 cross-referenced dictionary entries on persons, circles, and groups who participated in the movement; a global entry on some of the journals and reviews they produced; and a sampling of major works of art, cinema, and literature."

"The Masque of the Red Death" (originally published as "The Mask of the Red Death: A Fantasy") is a short story by American writer Edgar Allan Poe, first published in 1842. The story follows Prince Prospero's attempts to avoid a dangerous plague, known as the Red Death, by hiding in his abbey. He, along with many other wealthy nobles, hosts a masquerade ball in seven rooms of the abbey, each decorated with a different color. In the midst of their revelry, a mysterious figure disguised as a Red Death victim enters and makes his way through each of the rooms. Prospero dies after confronting this stranger, whose "costume" proves to contain nothing tangible inside it [BISAC]; the guests also die in turn.

a husband—these are the things that a girl dreams of in a Nigerian village. And with a government scholarship right around the corner, everyone can see that these dreams aren't too far out of reach. But the girl's dreams turn to nightmares when her village is attacked by Boko Haram, a terrorist group, in the middle of the night. Kidnapped, she is taken with other girls and women into the forest where she is forced to follow her captors' radical beliefs and watch as her best friend slowly accepts everything she's been told. Still, the girl defends her existence. As impossible as escape may seem, her life—her future—is hers to fight for.

Considered by many the greatest war novel of all time, *All Quiet on the Western Front* is Erich Maria Remarque's masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—The New York Times Book Review

are included.

New edition of this essential reference book, containing many new and updated entries.

Examines the significance and history of a wide range of terms and phrases related to the analysis of literature.

A darkly comic, satirical reference book about writers who never made it into the literary canon A signal event of literary scholarship, *The Biographical Dictionary of Literary Failure* compiles the biographies of history's most notable cases of a complete lack of literary success. As such, it is the world's leading authority on the subject. Compiled in one volume by C. D. Rose, a well-educated person universally acknowledged in parts of England as the world's pre-eminent expert on inept writers, the book culls its information from lost or otherwise ignored archives scattered around the globe, as well as the occasional dustbin. The dictionary amounts to a monumental accomplishment: the definitive appreciation of history's least accomplished writers. Thus immortalized beyond deserving and rescued from hard-earned obscurity, the authors presented in this historic volume comprise a who's who of the talentless and deluded, their stories timeless litanies of abject psychosis, misapplication, and delinquency. It is, in short, a treasure.

Rhetoric is among the most ancient academic disciplines, and we all use it every day whether expertly or not. This book is a lively set of lessons on the subject. It is about rhetorical figures: practical ways of applying old and powerful principles--repetition and variety, suspense and relief, concealment and surprise, the creation of expectations and then the satisfaction or frustration of them--to the composition of a simple sentence or a complete paragraph. --from publisher description.

“An instant classic that belongs on the bookshelf of every serious poet and literature student” (The Washington Post). A major addition to the literature of poetry, Edward Hirsch’s sparkling new work is a compilation of forms, devices, groups, movements, isms, aesthetics, rhetorical terms, and folklore—an “absorbing” book all readers, writers, teachers, and students of poetry will return to over and over (The New Yorker). Hirsch has delved deeply into the poetic traditions of the world, returning with an inclusive, international compendium. Moving gracefully from the bards of ancient Greece to the revolutionaries of Latin America, from small formal elements to large mysteries, he provides thoughtful definitions for the most important lyrical vocabulary, imbuing his work with a lifetime of scholarship and the warmth of a man devoted to his art. Knowing how a poem works is essential to unlocking its meaning. Hirsch’s entries will deepen readers’ relationships with their favorite poems and open greater levels of understanding in each new poem they encounter. Shot through with the enthusiasm, authority, and sheer delight that made *How to Read a Poem* so beloved, *A Poet’s Glossary* is a new classic.

Literary devices are the techniques used in the telling of a narrative. Literary devices are also known as fictional devices and are any of several specific methods that the creator of a narrative uses to convey the ideas and drama of the narrative to words. Another use of literary devices is to outline a strategy used in the making of a narrative to relay information to the audience and particularly to "develop" the narrative, in order to make it more complete, complicated, or interesting. This book outlines all the techniques used and even gives examples in film and literature. It is very enlightening whether you are an aspiring writer or a avid reader of consumer of the film industry.
