*Parenting Matters* National Academies of Sciences, Engineering, and Medicine, Division of Behavioral and Social Sciences and Education, Board on Children, Youth, and Families, Committee on Supporting the Parents of Young Children, 2016-11-21 Decades of research have demonstrated that the parent-child dyad and the environment of the family—which includes all primary caregivers—are at the foundation of children's well-being and healthy development. From birth, children are learning and rely on parents and the other caregivers in their lives to protect and care for them. The impact of parents may never be greater than during the earliest years of life, when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment. Parents help children build and refine their knowledge and skills, charting a trajectory for their health and well-being during childhood and beyond. The experience of parenting also impacts parents themselves. For instance, parenting can enrich and give focus to parents' lives; generate stress or calm; and create any number of emotions, including feelings of happiness, sadness, fulfillment, and anger. Parenting of young children today takes place in the context of significant ongoing developments. These include: a rapidly growing body of science on early childhood, increases in funding for programs and services for families, changing demographics of the U.S. population, and greater diversity of family structure. Additionally, parenting is increasingly being shaped by technology and increased access to information about parenting. Parenting Matters identifies parenting

knowledge, attitudes, and practices associated with positive developmental outcomes in children ages 0-8; universal/preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified knowledge, attitudes, and practices; and barriers to and facilitators for parents' use of practices that lead to healthy child outcomes as well as their participation in effective programs and services. This report makes recommendations directed at an array of stakeholders, for promoting the wide-scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice. It is meant to serve as a roadmap for the future of parenting policy, research, and practice in the United States.

**M Is for Mama** Abbie Halberstadt,2022-02-01 Mama of ten Abbie Halberstadt helps women humbly and gracefully rise to the high calling of motherhood without settling for mediocrity or losing their minds in the process. Motherhood is a challenge. Unfortunately, our worldly culture offers moms little in the way of real help. Mamas only connect to celebrate surviving another day and to share in their misery rather than rejoice in what God has done and to build each other up in hard times. There has to be a better way, a biblical way, for mamas to grow and thrive. As a daughter of Christ, you have been called to be more than an average mama. Attaining excellence doesn't have to be unsettling but it will take committed focus and a desire to parent well according to God's grace and for His glory. M is for Mama offers advice, encouragement, and scripturally sound strategies seasoned with a little bit of humor to help you embrace the challenge of biblical motherhood and raise your children with love and wisdom. Mama, you are worthy of the awesome responsibility God has given you. Now it's time to start believing you can live up to it.

**The Better Mom** Ruth Schwenk,2018-04-24 Mothering is messy. Our joy and hope in raising children doesn't change

the reality that being a mom can be frustrating, stressful, and tiring. But just as God is using us to shape our children, God is using our children and motherhood to shape us. In *The Better Mom*, author Ruth Schwenk, herself a mother of four children, encourages us with the good news that there is more to being a mom than the extremes of striving for perfection or simply embracing the mess. We don't need to settle for surviving our kids' childhood. We can grow through it. With refreshing and heartfelt honesty Ruth emboldens moms to: Find freedom and walk confidently in purpose Create a God-honoring home environment Overcome unhealthy and destructive emotions such as anger, anxiety, and more Avoid glorifying the mess of mom-ing or idolizing perfection Cultivate life-giving friendships At the heart of *The Better Mom* is the message that Jesus calls us to live not a weary life, but a worthy life. We don't have to settle for either being apathetic or struggling to be perfect. Both visions of motherhood go too far. Ruth offers a better option. She says, "It's okay to come as we are, but what we're called to do and be is far too important to stay there! The way to becoming a better mom starts not with what we are doing, but with who God is inviting us to become.

Childless by Marriage Sue Fagalde Lick,2021-06 First you marry a man who does not want children. He cheats and you divorce him. Then you marry the love of your life and find out he does not want to have children with you either. The three he has are more than enough. Although you always wanted to be a mother, you decide he is worth the sacrifice, expecting to have a long happy life together. But that's not what happens. This is the story of how a woman becomes childless by marriage and how it affects every aspect of her life. This is the book of my heart, the one I had to write. Ever since I realized I was not going to have children, I have felt recurring grief and an emptiness in my heart. I am different from most women, but I have found that I am not alone. There are many of us childless women, and I think it's important to share our stories about what it's like when you don't have children in a world where most girls grow up to become mothers. I hope this book offers comfort to those who are childless and understanding to those who are not. If it makes you smile here and there, even better.
