

A Family Shattered Book Two In The Michals Destiny Series

"A Family Shattered" is book two in the "Michal's Destiny" series. Taavi Margolis is arrested on Kristallnacht when he races out of his apartment to protect his daughter's fiancée, Benny, who is being attacked and killed by a gang of Nazi thugs as they pillage and destroy the streets of a little Jewish neighborhood in Berlin. Taavi's wife, Michal, and their two daughters stare in horror through the window as Benny is savagely murdered. Then, they watch helplessly as the gang turns their attention to Taavi. They beat him with clubs until he is on his knees and bleeding on the pavement. When the police arrive, instead of arresting the perpetrators, they force Taavi into the back of a black automobile and take him away. Michal pulls her daughters close to her. No one speaks but all three of them have the same unspoken questions. Will they ever see their beloved husband and Papa again? They realize, after tonight, the Anti-Semitism that is growing like a cancer all around them can no longer be ignored. Their future is uncertain. What will become of this family, what will become of the Jews? This is the story of the struggle of one Jewish family, to survive against the unfathomable threat of the Third Reich.

It is an adaptation of the age-old Biblical tale of David and Goliath and opens the door for discussions on self-confidence and faith in the face of great obstacles. It is also an excellent book for schools, day cares and Sunday Schools. It is a simple, inviting story, and is widely available in print and e-book for easy access.

The Missing Years of Thomas Pritchard August 3rd. 6:03am. The tranquil summer's morning was shattered by the desperate screams of Thomas' mother echoing down the near deserted suburban street. The few people milling about outside getting ready for their daily business had said they couldn't make out what the cries were about when they were interviewed. Not initially. Not until Anne, a pretty woman in her early thirties with shoulder length blonde hair, spilled out onto the street wearing nothing more than her dressing gown and slippers anxiously calling out for her five year old son, Thomas, to come out from wherever he was hiding. Eye witnesses reported Anne was closely followed by her husband Bill - a professional, clean-shaven man in his late thirties with dark, short hair - half dressed for work in his suit trousers and unbuttoned white shirt, and that he too looked just as frantic as the mother did. The year was 2003; the year Thomas disappeared

from his home without a trace. * * * * August 3rd. 6:03am. A young, fragile looking hand knocked confidently on the white PVC of the front door to number twenty-two. The hand belonged to a smartly dressed, skinny fourteen year old, fresh-faced boy. Whilst waiting for an answer to his knocking he slid a brown leather satchel off his shoulder down onto the floor as though the weight was too much for him to bear any more. He went to knock again but stopped himself when he heard the sound of footsteps from the other side of the door as the freshly woken homeowner came to answer his initial knocking. There was the slightest of pauses as keys were twisted in locks before the door opened as much as the strong, gold, security chain would permit it to. "Can I help you?" asked the homeowner, a frail looking woman in her late sixties. "Where's my mum?" asked the boy. The year was 2012; the year Thomas came home. Fulfilling a promise made to his mother when he was a child and she was losing her battle against cancer, Jacques Besnainou tells her story as a "hidden" child in France during World War II. He chronicles the struggles and survival of two families: his mother's and his mother-in-law's. Both lived through a terrifying ordeal provoked by the willful blindness of a government gone mad. And both were rescued thanks to the miraculous intervention of courageous people who listened to their conscience and challenged the established order, often at the expense of their own lives. In 1940, about 330,000 Jews lived in France, and three-quarters survived thanks to the exemplary altruism of ordinary French people. This book pays homage to them. Every story and location, as well as most of the dates and names, are true. Some details have been slightly romanticized to add texture and readability to this novelized history.

Stranded in the middle of the Mojave Desert, surrounded by zombies, Vivian and Axl are sure they're facing the end. The dead are closing in and the shelter they were promised is sealed tight. With the promise of security, Vivian hopes she'll finally be able to deal with the loss of Emily, her growing feelings for Axl, and the terrifying new world they're facing. But their sense of security is soon shattered when they discover the shelter isn't the utopia they thought it would be. It seems the company that built the shelter decided to solve their financial problems by selling off provisions, which means the group has to find a way to get supplies. Or face starvation. And Vegas is the closest city. With her feelings for Axl stronger than ever, Vivian volunteers to accompany him and a few others on a trip into one of the biggest tourist cities in the world. Vegas is overrun with the dead, but there are other survivors as well. Only not everyone they meet is a welcome sight. As the emotional baggage piles up, Vivian and Axl's bond grows stronger, but it doesn't take long to realize that zombies aren't the only thing they have to fear.
