North to Orsinia and the boundaries between reality and madness ... South to discover Antarctica with nine South American women ... West to find an enchanted harp and the borderland between life and death ... and onward to all points on and off the compass. Twenty astonishing stories from acclaimed author Ursula K. Le Guin carry us to worlds of wonder and horror, desire and destiny, enchantment and doom.

"I have decided that the trouble with print is, it never changes its mind," writes Ursula Le Guin in her introduction to *Dancing at the Edge of the World*. But she has, and here is the record of that change in the decade since the publication of her last nonfiction collection, *The Language of the Night*. And what a mind — strong, supple, disciplined, playful, ranging over the whole field of its concerns, from modern literature to menopause, from utopian thought to rodeos, with an eloquence, wit, and precision that makes for exhilarating reading.

LEAP INTO THE FUTURE, AND SHOOT BACK TO THE PAST H. G. Wells's seminal short story "The Time Machine," published in 1895, provided the springboard for modern science fiction's time travel explosion. Responding to their own fascination with the subject, the greatest visionary writers of the twentieth century penned some of their finest stories. Here are eighteen of the most exciting tales ever told, including "Time's Arrow" In Arthur C. Clarke's classic, two brilliant physicists finally crack the mystery of time travel—with appalling consequences. "Death Ship" Richard Matheson, author of

Jeremy Paxman has created the perfect literary catch for fellow angling enthusiasts in this rich and varied anthology. Ten thoroughly entertaining themed chapters include 'Ones That Got Away', 'Ones That Didn't Get Away' and 'Fish That Bit Back'. Each is introduced by Paxman's own sharp, humorous observations and features both contemporary and historical writing about fishing in prose and verse, covering everything from tench tickling to piranha attacks. Some pieces are well known favourites, others are obscure, every one is a delight. 'A superb compilation because it roams from carp to cod, trout to tarpon and does not regurgitate the same old clippings. Paxman has clearly read widely and wisely in putting this together ... probably the definitive anthology of angling writing.' Keith Elliott, *Independent on Sunday*.

'Le Guin's words are magical. Drink this magic up. Drown in it. Dream it' David Mitchell, author of *CLOUD ATLAS* In this stunning collection of four intimately interconnected novellas, Ursula K. Le Guin returns to the great themes that have made her one of America's most honored and respected authors. At the far end of our universe, on the twin planets of Werel and Yeowe, all humankind is divided into 'assets' and 'owners', tradition and liberation are at war, and freedom takes many forms. Here is a society as complex and troubled as any on our world, peopled with unforgettable characters struggling to become fully human. For the disgraced revolutionary Abberkam, the callow 'space brat' Solly, the haughty soldier Teyeo, and the Ekumen historian and Hainish exile Havzhiva, freedom and duty both begin in the heart, and success as well as failure has its costs.

New York Times bestseller: A "powerful" Southern drama about the destructive repercussions of keeping an unspeakable family secret (*The Atlanta Journal*). Tom Wingo has lost his job, and is on the verge of losing his marriage, when he learns that his twin sister, Savannah, has attempted suicide again. At the behest of Savannah's psychiatrist, Dr. Susan Lowenstein, Tom reluctantly leaves his home in South Carolina to travel to New York City and aid in his

sister's therapy. As Tom's relationship with Susan deepens, he reveals to her the turbulent history of the Wingo family, and exposes the truth behind the fateful day that changed their lives forever. Drawing richly from the author's own troubled upbringing, *The Prince of Tides* is a sweeping, powerful novel of unlocking the past to overcome the darkest of personal demons—it's Pat Conroy at his very best.

The recipient of numerous literary prizes, including the National Book Award, the Kafka Award, and the Pushcart Prize, Ursula K. Le Guin is renowned for her lyrical writing, rich characters, and diverse worlds. *The Wind's Twelve Quarters* collects seventeen powerful stories, each with an introduction by the author, ranging from fantasy to intriguing scientific concepts, from medieval settings to the future. Including an insightful foreword by Le Guin, describing her experience, her inspirations, and her approach to writing, this stunning collection explores human values, relationships, and survival, and showcases the myriad talents of one of the most provocative writers of our time.

Comprehensive look at fly fishing across the Great Lakes.

A new collection of short fiction reflects the author's artistry, diversity, and understanding of the human heart and includes such wonders as starships that sail on wings of song and faster-than-light communication.

Tides, currents, fish senses and behavior "Reading Dave Ross's work will give you in-depth knowledge of the ocean, its processes, and marine fish, which can only make you a better saltwater angler." --Joe Healy editor, *Saltwater Fly Fishing Here* at last, in layman's terms, is a fisherman's guide to the habitat and behavior of saltwater fish. The author, an oceanographer and avid fly fisherman, explains the marine environment and the factors that affect where game fish congregate, how they move with tides and currents, what they see, smell, taste, and hear. The copiously illustrated text covers inshore and offshore habitat and will prove invaluable to anyone who fishes in saltwater, whether in the surf, on the flats, or out at sea. The ocean is vast. It pays to be educated.

Award-winning nature author Jerry Dennis reveals the splendor and beauty of North America's Great Lakes in this "masterwork"* history and memoir of the essential environmental and economical region shared by the United States and Canada. No bodies of water compare to the Great Lakes. Superior is the largest lake on earth, and together all five contain a fifth of the world's supply of standing fresh water. Their ten thousand miles of shoreline border eight states and a Canadian province and are longer than the entire Atlantic and Pacific coasts of the United States. Their surface area of 95,000 square miles is greater than New York, New Jersey, Connecticut, Massachusetts, Vermont, New Hampshire, and Rhode Island combined. People who have never visited them—who have never seen a squall roar across Superior or the horizon stretch unbroken across Michigan or Huron—have no idea how big they are. They are so vast that they dominate much of the geography, climate, and history of North

America, affecting the lives of tens of millions of people. *The Living Great Lakes: Searching for the Heart of the Inland Seas* is the definitive book about the history, nature, and science of these remarkable lakes at the heart of North America. From the geological forces that formed them and the industrial atrocities that nearly destroyed them, to the greatest environmental success stories of our time, Superior, Michigan, Huron, Erie, and Ontario are portrayed in all their complexity. A Michigan native, Jerry Dennis also shares his memories of a lifetime on or near the lakes, including a six-week voyage as a crewmember on a tallmasted schooner. On his travels, he collected more stories of the lakes through the eyes of biologists, fishermen, sailors, and others he befriended while hiking the area's beaches and islands. Through storms and fog, on remote shores and city waterfronts, Dennis explores the five Great Lakes in all seasons and moods and discovers that they and their connecting waters—including the Erie Canal, the Hudson River, and the East Coast from New York to Maine—offer a surprising and bountiful view of America. The result is a meditation on nature and our place in the world, a discussion and cautionary tale about the future of water resources, and a celebration of a place that is both fragile and robust, diverse, rich in history and wildlife, often misunderstood, and worthy of our attention. "This is history at its best and adventure richly described."—*Doug Stanton, author of *In Harm's Way: The Sinking of the U.S.S. Indianapolis and the Extraordinary Story of Its Survivors* and *12 Strong: The Declassified True Story of the Horse Soldiers*

R.J. Decker, star tenant of the local trailer park and neophyte private eye, is fishing for a killer. Thanks to a sportsman's scam that's anything but sportsmanlike, there's a body floating in Coon Bog, Florida--and a lot that's rotten in the murky waters of big-stakes, large-mouth bass tournaments.

An astonishing tale of one man's search for Utopia.

From multi-award-winning, literary legend Ursula K. Le Guin comes a speculative fiction classic, *The Eye of the Heron*. In Victoria on a former prison colony, two exiled groups—the farmers of Shantih and the City dwellers—live in apparent harmony. All is not as it seems, however. While the peace-loving farmers labor endlessly to provide food for the City, the City Bosses rule the Shantih with an iron fist. When a group of farmers decide to form a new settlement further away, the Bosses retaliate by threatening to crush the "rebellion." Luz understands what it means to have no choices. Her father is a Boss and he has ruled over her life with the same iron fist. Luz wonders what it might be like to make her own choices. To be free to choose her own destiny. When the crisis over the new settlement reaches a flash point, Luz will have her chance. I'm Jeremy Wade, biologist and fishing detective. For twenty-five years, I've explored our planet's remotest rivers and lakes, hunting for monster-sized fish. It's become something of an obsession for me. . . . Called "the greatest angling explorer of his generation" (Independent on Sunday), Jeremy Wade, host of Animal Planet's wildly popular TV series River Monsters, takes viewers where no wildlife program has gone before, revealing the creatures that lurk in the murky depths of our planet's inland waterways. Now, Wade goes truly beneath the surface, disclosing full details of how he tracks down and catches each species while also recounting the off-camera highlights of his extraordinary life. From his arrest as a suspected spy in Southeast Asia to a plane crash in the Amazon, every page of River Monsters is packed with adventure. Each chapter unfolds an enthralling detective story, where fishermen's tales of underwater man-eaters and aquatic killers are subjected to scientific scrutiny. Follow Wade step-by-step as, armed with just a fishing line, he closes in on his prey and separates fact from fiction. From the heart of the Congo, where he wrestles with supernatural goliath tigerfish, to the depths of the Amazon, where the most feared creature is one that could fit in your palm, the results are fish of staggering proportions and terrifying demeanor. Wade also reveals monsters from upcoming episodes, including deadly electric eels, a giant described as a cross between a shark and a chainsaw, and a snake-like beast that truly is the stuff of legend. In the tradition of the most gripping adventure writing, River Monsters shows that there's more to this world than what's visible on the surface. As Wade says, with a fishing line anything is possible—sometimes it can even reveal the future, or at least one possible version of it. In similar fashion, Wade's writings are much more than exhilarating stories: they reveal a vision of the world more awe-inspiring than any individual myth made flesh. Ultimately, River Monsters explores the real mysteries that still exist, capturing the story of one man's obsession—and his relentless pursuit of the truth.

The book includes famous fairy tale The Fisherman and His Wife by Grimm Brothers fully illustrated all-color (14 color illustrations) by Maria Tsaneva and adapted in corresponding English-German paragraphs. The book is an excellent way to read Paragraph by Paragraph Translation along your kids. Your little one can follow along as each individual English paragraph is paired with the corresponding German paragraph. The paragraphs are not long, so there is no need to do a lot of back and forth to see the German translation and the English text. The text is relatively simple vocabulary and grammar wise, but not very simple at all, so for beginners this should be a great challenge.

"A necessary book for anyone truly interested in what we take from the sea to eat, and how, and why." —Sam Sifton, The New York Times Book Review Acclaimed author of American Catch and The Omega Principle and life-long fisherman, Paul Greenberg takes us on a journey, examining the four fish that dominate our menus: salmon, sea bass, cod, and tuna. Investigating the forces that get fish to our dinner tables, Greenberg reveals our damaged relationship with the ocean and its inhabitants. Just three decades ago, nearly everything we ate from the sea was wild. Today, rampant

overfishing and an unprecedented biotech revolution have brought us to a point where wild and farmed fish occupy equal parts of a complex marketplace. *Four Fish* offers a way for us to move toward a future in which healthy and sustainable seafood is the rule rather than the exception.

"A transporting novel told in the voice of a girl Virgil left in the margins. It is an absorbing, reverent, magnificent story" from the iconic, award-winning Ursula K. Le Guin (Cleveland Plain Dealer). In *The Aeneid*, Vergil's hero fights to claim the king's daughter, Lavinia, with whom he is destined to found an empire. Lavinia herself never speaks a word. Now, Ursula K. Le Guin gives Lavinia a voice in a novel that takes us to the half-wild world of ancient Italy, when Rome was a muddy village near seven hills. Lavinia grows up knowing nothing but peace and freedom, until suitors come. Her mother wants her to marry handsome, ambitious Turnus. But omens and prophecies spoken by the sacred springs say she must marry a foreigner—that she will be the cause of a bitter war—and that her husband will not live long. When a fleet of Trojan ships sails up the Tiber, Lavinia decides to take her destiny into her own hands. And so she tells us what Vergil did not: the story of her life, and of the love of her life.

"An elegiac prose celebration . . . a classic in its genre."—Publishers Weekly In this acclaimed travel memoir, Donald Richie paints a memorable portrait of the island-studded Inland Sea. His existential ruminations on food, culture, and love and his brilliant descriptions of life and landscape are a window into an Old Japan that has now nearly vanished. Included are the twenty black and white photographs by Yoichi Midorikawa that accompanied the original 1971 edition. Donald Richie (1924–2013) was an internationally recognized expert on Japanese culture and film. Yoichi Midorikawa (1915–2001) was one of Japan's foremost nature photographers. The winner of the Pushcart Prize, the Kafka Award, and the National Book Award, Ursula K. Le Guin has created a profound and transformational literature. The award-winning stories in *A Fisherman of the Inland Sea* range from the everyday to the outer limits of experience, where the quantum uncertainties of space and time are resolved only in the depths of the human heart. Astonishing in their diversity and power, they exhibit both the artistry of a major writer at the height of her powers and the humanity of a mature artist confronting the world with her gift of wonder still intact.

The star-spanning story of humanity's colonization of other planets, Ursula K. Le

Guin's visionary Hainish novels and stories redrew the map of modern science fiction, making it a rich field for literary explorations of "the nature of human nature," as Margaret Atwood has described Le Guin's subject. Now, for the first time, the complete Hainish novels and stories are collected in a definitive two-volume Library of America edition, with new introductions by the author. This second volume in a definitive two-volume edition gathers Le Guin's final two Hainish novels, *The Word for World Is Forest*, in which Earth enslaves another planet to strip its natural resources, and *The Telling*, the harrowing story of a society which has suppressed its own cultural heritage. Rounding out the volume are seven short stories and the story suite *Five Ways to Forgiveness*, published here in full for the first time. The endpapers feature a full-color chart of the known worlds of Hainish descent. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

"A fantastical travel guide, reminiscent of *Gulliver's Travels*," from a narrator with "the eye of an anthropologist and the humor of a satirist." —USA Today Hailed by Neil Gaiman as "a master of the craft" and Margaret Atwood as "a quintessentially American writer," Ursula K. Le Guin is at her entertaining, thought-provoking best in this collection of ingeniously linked stories. Missing a flight, waiting in an airport, listening to garbled announcements—who doesn't hate that misery? But Sita Dulip of Cincinnati finds a way to bypass the long lines, the crowded restrooms, the nasty food, the whimpering children and domineering parents, the bookless bookstores, the plastic chairs bolted to the floor. . . . With a kind of twist and a slipping bend, easier to do than to describe, Sita travels not to Denver but to Strupsirts, a picturesque region of waterspouts and volcanoes. Or to Djeyo, where she can stay for two nights with a balcony overlooking the amber Sea of Somue. This new method of "changing planes" enables Sita to visit bizarre societies and cultures that sometimes mirror our own . . . and sometimes open doors into the thrillingly alien. A *New York Times* Notable Book and *Los Angeles Times* bestseller, featuring illustrations by Eric Beddows, *Changing Planes* is your boarding pass to fifteen worlds that are vintage Le Guin, from a recipient of the PEN/Malamud Award for excellence in the art of the short story.
