Winner of the 1921 Pulitzer Prize, *The Age of Innocence* is an elegant, masterful portrait of desire and betrayal in old New York—now with a new introduction from acclaimed author Colm Tóibín for the novel's centennial. With vivid power, Wharton evokes a time of gaslit streets, formal dances held in the ballrooms of stately brownstones, and society people "who dreaded scandal more than disease." This is Newland Archer's world as he prepares to marry the docile May Welland. Then, suddenly, the mysterious, intensely nonconformist Countess Ellen Olenska returns to New York after a long absence, turning Archer's world upside down. This classic Wharton tale of thwarted love is an exuberantly comic and profoundly moving look at the passions of the human heart, as well as a literary achievement of the highest order.

If you’ve spent any amount of time in manufacturing, you know that efficiency matters. Michael Cope, the author of this book, was co-owner of a job shop before he joined Hurco. As a machinist and applications engineer, he always evaluates the most efficient way to approach a part to minimize setup time and reduce cycle time. It’s just part of his DNA. That’s precisely why he is such a proponent of 5-axis CNC. Adopting a 5-sided machining process is the most efficient way to instantly increase the profit margin on existing jobs that you manufacture on a conventional 3-axis machine. In this book, Mike breaks down the information about 5-axis and 5-sided machining from a machinist’s perspective. Whether you’re just learning about 5-axis machining or you’re already adept at 5-axis, you’ll learn something new. A great go-to book written for machinists by a machinist.

His teachings are concise and to the point. He uses phrases like "you must understand this" and "you must practice diligently" and explains only general, but unquestionable and fundamental, concepts of the Way of the Warrior. While some of his guidelines are not directly applicable in our time and age, those about striving to achieve improvement on the inside as well as the outside couldn't be more on target.
