ALA Best Fiction for Young Adults * ALA Booklist Editors' Choice * ALA Notable Children's Book “Pratchett’s unique blend of comedy and articulate insight is at its vibrant best. Full of rich humor, wisdom, and eventfulness.” —Horn Book (starred review) By beloved and bestselling Terry Pratchett, this is the third in a series of Discworld novels starring the young witch Tiffany Aching. When the Spirit of Winter takes a fancy to Tiffany Aching, he wants her to stay in his gleaming, frozen world. Forever. It will take all the young witch's skill and cunning, as well as help from the legendary Granny Weatherwax and the irrepressible Wee Free Men, to survive until Spring. Because if Tiffany doesn't make it to Spring, Spring won't come for anyone.

Not only an artistic and breathtaking view of Lancre but also an interesting and informative guide to one of the Discworld's more, er, picturesque kingdoms. Granny Weatherwax, Nanny Ogg and Magrat Garlick live there. Lancre could hardly be somewhere ordinary, could it? Magic glues the Discworld together and a lot of it ends up in Lancre, principal Kingdom of the Ramtop Mountains. Between Uberwald

and Whale Bay, the Octarine Grass Country and the Windersins Ocean lies the most exciting and dangerous terrain in all Discworld. The Ramtops supply Discworld with most of its witches and wizards. The leaves on the trees move even when there is no breeze. Rocks go for a stroll in the evening. Even the land, at times, seems alive. The mapp may be only two-dimensional, but watch it very carefully and you might just see it jostle about a bit.

Far away in the icy wastes of Antarctica lives a warm and cuddly, kind-hearted penguin who only wants to do good in the world . . . NOT! This is no ordinary penguin. This is . . . EVIL EMPEROR PENGUIN! And he wants to take over the world! Of course, every evil ruler needs a sidekick and a minion, and Evil Emperor Penguin is no different. That's why he has Number 8, a very polite and thoughtful octopus who knits, and Eugene, the incredibly cuddly abominable snowman who loves hugs. Join this fearsome team of Evil as they try to take over the world--and obviously, destroy it--but get waylaid by evil cats, rogue farts, killer plants, and visiting sisters.

Suddenly, condemned arch-swindler Moist von Lipwig found himself with a noose around his neck and dropping through a trapdoor into ... a government job? By all rights, Moist should be meeting his maker rather than being offered a position as Postmaster by Lord Vetinari, supreme ruler of Ankh-Morpork. Getting the moribund Postal Service up and running again, however, may prove an impossible task, what with literally mountains of decades-old undelivered mail clogging every nook and cranny of the broken-down post office. Worse still, Moist could swear the mail is talking to him. Worst of all, it means taking on the gargantuan, greedy Grand Trunk clacks communication monopoly and its bloodthirsty piratical headman. But if the bold and undoable are what's called for, Moist's the man for the job -- to move the mail, continue breathing, get the girl, and specially deliver that invaluable commodity that every being, human or otherwise, requires: hope.

Tiffany Aching is going 'into service' to be a lady, no less, a maid in a big house. At least, this is what she tells her parents. Really, Tiffany is going away to learn magic. But making friends with fellow witches is always difficult when an invisible-being-that-cannot-be-killed takes over your body - stealing money, and threatening violence. Tiffany must use all her witchy cunning to reclaim what's hers. Luckily, she has a bit of help. What's tiny, Scottish and blue all over? A Nac Mac Feegle of course - the rudest type of fairy, and handy to have in a tight spot . . . 'Oodles of dry wit, imagination and shrewdly observed characters' Independent on Sunday

As the witch of the Chalk, Tiffany Aching performs the distinctly unglamorous work of caring for the needy. But someone "or something" is inciting fear, generating dark thoughts and angry murmurs against witches. Tiffany must find the source of unrest and defeat the evil at its root. Aided by the tiny-but-tough Wee Free Men, Tiffany faces a dire challenge, for if she falls, the whole Chalk falls with her . . .

THE FOURTH BOOK IN THE TIFFANY ACHING SEQUENCE

A new stage adaptation of one of Pratchett's best-selling novels The Monstrous Regiment in question is made up of a vampire (reformed and off the blood, thank you), a troll, Igor (who is only too happy to sew you a new leg if you aren't too particular about previous ownership), a collection of misfits and a young woman discovers that a pair of socks shoved down her pants is a good way to open up doors in a man's army. "One of the funniest English authors alive" (Independent)

In a world whose seasons are defined by Christmas sales and Spring Fashions, hundreds of tiny nomes live in the corners and crannies of a human-run department store. They have made their homes beneath the floorboards for generations and no longer remember—or even believe in—life beyond the Store walls. Until the day a small band of nomes arrives at the Store from the Outside. Led by a young nome named Masklin, the Outsiders carry a mysterious black box (called the Thing), and they deliver devastating news: In twenty-one days, the Store will be destroyed. Now all the nomes must learn to work together, and they must learn to think—and to think BIG. Part satire, part parable, and part adventure story par excellence, master storyteller Terry Pratchett's first entry in the engaging Bromeliad trilogy traces the nomes' flight and search for safety, a search that leads them to discover their own astonishing origins and takes them beyond their wildest dreams.

On a world supported on four elephants standing on the back of the great A'Tuin, a giant turtle swimming slowly through the interstellar gulf, an eccentric expedition sets out to the edge of the planet.

A collection of short fiction from Terry Pratchett, spanning the whole of his writing career from schooldays to Discworld and the present day. In the four decades since his first book appeared in print, Terry Pratchett has become one of the world's best-selling and best-loved authors. Here for the first time are his short stories and other short-form fiction collected into one volume. A Blink of the Screen charts the course of Pratchett's long writing career: from his schooldays through to his first writing job on the Bucks Free Press, and the origins of his debut novel, The Carpet People; and on again to the dizzy mastery of the phenomenally successful Discworld series. Here are characters both familiar and yet to be discovered; abandoned worlds and others still expanding; adventure, chickens, death, disco and, actually, some quite disturbing ideas about Christmas, all of it shot through with Terry's inimitable brand of humour. If Terry Pratchett's pen gave his characters life, Paul Kidby's brush allowed them to live it, and nowhere is that better illustrated than in this magnificent book.
