A Knife for Harry Dodd (a Chief Inspector Littlejohn Mystery Book 18) George Bellairs, 2017-01-07 Harry Dodd is stabbed in the back on his way home from the pub. But instead of calling for the police, he summoned his mistress and her mother to fetch him. When Inspector Littlejohn and his colleague, Cromwell, are called in to investigate they find themselves with a mystery on their hands—one with layers of intrigue that takes them into the heart of a family riven with conflicts. And when the victim's lawyer and father both meet similarly suspicious ends, it becomes clear that someone is desperate to cover their tracks, and conceal their web of lies. From a local asylum to a gentleman's club, and with false alibis given at every turn, the detectives find themselves becoming more confused at every turn... Who stabbed Harry Dodd? And who was responsible for the mysterious murders that followed his death? 'A Knife for Harry Dodd' is a classic detective mystery by one of the masters of the genre. One of the subtlest and wittiest practitioners of the...British detective story - The New York Times Sure-fire, that's Bellairs. - New York Herald Tribune When you get a George Bellairs story you get something worth reading. - Norfolk Ledger-Despatch. George Bellairs was the nom de plume of Harold Blundell (1902-1985), a crime writer and bank manager born in Heywood, near Rochdale, Lancashire, who settled in the Isle of Man on retirement. He wrote more than 50 books, most featuring the detective Inspector Littlejohn. He also wrote four novels under the alternative pseudonym Hilary Landon.

The Prague Sonata Bradford Morrow, 2017-10-03 “Twining music history with the political tumults of the 20th century, *The Prague Sonata* is a sophisticated, engrossing intellectual mystery.”—The Wall Street Journal Music and war, war and music—these are the twin motifs around which Bradford Morrow, recipient of the Academy Award in Fiction from the American Academy of Arts and Letters, has composed his magnum opus, a novel more than a dozen years in the making. In the early days of the new millennium, pages of a worn and weathered original sonata manuscript—the gift of a Czech immigrant living out her final days in Queens—come into the hands of Meta Taverner, a young musicologist whose concert piano career was cut short by an injury. To Meta’s eye, it appears to be an authentic eighteenth-century work; to her discerning ear, the music rendered there is commanding, hauntingly beautiful, clearly the undiscovered composition of a

master. But there is no indication of who the composer might be. The gift comes with the request that Meta attempt to find the manuscript's true owner—a Prague friend the old woman has not heard from since they were forced apart by the Second World War—and to make the three-part sonata whole again. Leaving New York behind for the land of Dvorák and Kafka, Meta sets out on an unforgettable search to locate the remaining movements of the sonata and uncover a story that has influenced the course of many lives, even as it becomes clear that she isn't the only one after the music's secrets. Magisterially evoking decades of Prague's tragic and triumphant history, from the First World War through the soaring days of the Velvet Revolution, and moving from postwar London to the heartland of immigrant America, *The Prague Sonata* is both epic and intimate, evoking the ways in which individual notes of love and sacrifice become part of the celebratory symphony of life. "An astonishing writer."—Joyce Carol Oates "A treasure of a novel, a deliciously enveloping musical mystery."—Diane Ackerman "An enthralling epic quest of a novel...Regular doses of surprise and suspense keep us immersed and involved...Compulsively enjoyable."—Minneapolis StarTribune

The Dark Remains Ian Rankin, William McIlvanney, 2021-09-02 THE SUNDAY TIMES BESTSELLER 'Fantastic' Lee Child 'Absolutely brilliant' Mick Herron If the truth's in the shadows, get out of the light . . . Lawyer Bobby Carter did a lot of work for the wrong type of people. Now he's dead and it was no accident. Besides a distraught family and a heap of powerful friends, Carter's left behind his share of enemies. So, who dealt the fatal blow? DC Jack Laidlaw's reputation precedes him. He's not a team player, but he's got a sixth sense for what's happening on the streets. His boss chalks the violence up to the usual rivalries, but is it that simple? As two Glasgow gangs go to war, Laidlaw needs to find out who got Carter before the whole city explodes. William McIlvanney's Laidlaw books changed the face of crime fiction. When he died in 2015, he left half a handwritten manuscript of Laidlaw's first case. Now, Ian Rankin is back to finish what McIlvanney started. In *The Dark Remains*, these two iconic authors bring to life the criminal world of 1970s Glasgow, and Laidlaw's relentless quest for truth.

Lost Boys James Garbarino, 2000-08-15 Remarkable. What sets *Lost Boys* apart from the ordinary lament is the author's palpable sense of care and compassion.--The Washington Post Book World Our national consciousness has been altered by haunting images of mass slaughters in American high schools, carried out by troubled young boys with guns. It's now clear that no matter where we live or how hard we try as parents, our children are likely to be going to school with boys who are capable of getting guns and pulling triggers. What has caused teen violence to spread from the urban war-zones of large cities right into the country's heartland? And what can we do to stop this terrifying trend? James Garbarino, Ph.D., Cornell University professor and nationally noted psychologist, insists that there are things that we, both as individuals and as a society, can do. In a richly anecdotal style he outlines warning signs that parents and teachers can recognize, and suggests steps that can be taken to turn angry and unhappy boys away from violent action. Full of insight, vivid individual portraits, practical advice and considered hope, this is one of the most important and original books ever written about boys.

Corpses in Enderby George Bellairs, 2023-06-27 A murder in plain sight brings Scotland Yard to investigate family secrets in a sleepy English town in this mystery from the beloved series. In the close-knit community of Enderby, Ned Bunn wasn't what you'd call popular. In fact, there were some fellow residents who wished him dead. But when Bunn is found dead on the doorstep of his own shop, the town is in shock. As Inspector Littlejohn of Scotland Yard investigates, he finds more than typical small-town animosity in the victim's past. Surprising revelations about Bunn and his family bring new leads—and new suspects—to this unexpectedly baffling case.

Corpse at the Carnival George Bellairs, 2023-06-27 When a seaside festival ends in murder, Superintendent Littlejohn gets caught up in a baffling investigation in this acclaimed British mystery series. It's holiday time in Douglas and the town is alive with the local carnival. A brass band and bagpipes lead a procession down the promenade, and the cheering onlookers slowly make their way to the pier. But when the crowd thins and the promenade empties, a man is found dead at the center. . . Detective Littlejohn, who happens to be in town visiting a friend, now faces a perplexing case. In a small town that runs on gossip, nobody seems to know the victim. The waitress who identified him knew him only as 'Uncle Fred.' Who would want to murder an anonymous man? It soon becomes clear there is more to Uncle Fred than initially thought. As Littlejohn is pulled

deeper into the mystery, the layers of Uncle Fred's secretive life begin to unravel and the superintendent finds himself racing to prevent a second murder . . .

Bones in the Wilderness George Bellairs, 2016-09-07 The case of a missing antiques dealer brings Scotland Yard to France . . . When Samuel Cheever, a shady dealer, goes to France to buy antiques and never returns, people begin to ask questions, and Superintendent Littlejohn is sent to uncover the mystery. Then, when Cheever's bones are discovered in the wilderness of the Camargue, Littlejohn finds himself having to navigate the company of the French police. While working the case, Littlejohn and his partner, Sergeant Cromwell, throw themselves into la vie française with gusto: the sunshine, the food and, of course, the wine. But Cheever's trail leads to many strange places, and even stranger people, from travelers to bullfighters to cowboys—and when one of the cowboys turns up dead and Cheever's possessions are found in his home, the investigation takes a dark turn . . .

Death of a Busybody George Bellairs, 2017-09-05 Mystery crime fiction written in the Golden Age of Murder Fascinating period detail from the blackout days, a plot that keeps surprising, and contemporary crime novelist Martin Edwards' insightful introduction add to the fun. —Booklist Miss Tither, the village busybody, is not the best-loved resident of Hilary Magna. She has made many enemies: bombarding the villagers with religious tracts, berating drunkards, and informing the spouses of cheating partners. Her murder, however, is still a huge shock to the Reverend Ethelred Claplady and his parish. Inspector Littlejohn's understanding of country ways makes him Scotland Yard's first choice for the job. Basing himself at the village inn, Littlejohn works with the local police to investigate what lay behind the murder. A second death does little to settle the collective nerves of the village, and as events escalate, a strange tale of hidden identities, repressed resentment, religious fervour and financial scams is uncovered. Life in the picturesque village of Hilary Magna proves to be very far from idyllic.
