ensure you're exam-ready. - Plan and pace your revision with the revision planner - Use the expert tips to clarify key points - Avoid making typical mistakes with expert advice - Test yourself with end-of-topic questions and answers and tick off each topic as you complete it - Practise your exam skills with exam-style questions and answers This title has not been through the Cambridge International endorsement process.

Exam Revision Notes are the essential foundation for a successful revision programme. The aim of AS/A-Level Chemistry is to accelerate the learning process by providing systematic and concise coverage of the subject core, allowing you time to develop the higher-level skills of analysis and evaluation. Written by an experienced examiner, the notes are accompanied by short commentaries which highlight key points, identify common pitfalls and offer guidance on underlying patterns. This effective combination of essential notes and invaluable expert advice creates the ideal revision resource.
