## Read Book A Level Law Textbook

on fully analysing core topics, while at the same time setting them within a contextual and thematic framework.

"This textbook covers the Contract Law option of the new A-level law syllabus, and provides at the same time an ideal introduction for anyone coming to the subject for the first time. The book covers all A-level syllabuses/specification requirements in the UK, and is written by the principal examiner in Contract Law for one of the major examination boards. It contains extensive case illustration, and a range of examination related questions and activities. There is a special focus on key skills, and on the new synoptic assessment syllabus requirements. This fully updated third edition builds upon the success of the first two editions, with new case law (especially on offer and acceptance, legal intent, terms, exemption clauses and misrepresentation remedies) and coverage of new statute law (especially Unfair Terms in Consumer Contracts Regulations)."

This textbook covers the Tort Law option of the A-level law syllabus, and provides at the same time an ideal introduction for anybody coming to the subject for the first time. The book covers all A-level syllabuses/specification requirements, and is written by the examiner in Tort Law for one of the major examination boards. It contains extensive case illustration, and a range of examination related questions and activities. There is a special focus on key skills, and on the new synoptic assessment syllabus requirements. This fully updated third edition builds upon the success of the first two editions, containing a new section on human rights and new case information such as *Z v UK*, *Rees*, *Walters*, *Fairchild*, *Tomlinson*, *Marcic*, *Transco*, *National Blood*, *Mothercare*, *Douglas v Hello*, *Campbell v MGN*. fully updated third edition coverage of OCR and AQA specifications, endorsed by OCR for use with Tort Law option includes new

OCR synoptic assessment source materials (for use in examinations in June 2005) with additional guidance author is a Principal Examiner for one of the major examination boards new cases include *Z v UK*, *Rees*, *Walters*, *Fairchild*, *Tomlinson*, *Marcic*, *Transco*, *National Blood*, *Mothercare*, *Douglas v Hello*, *Campbell v MGN*, with expanded discussion of human rights and new health and safety regulations

**#1 NEW YORK TIMES BESTSELLER** When and how did the universe begin? Why are we here? What is the nature of reality? Is the apparent “grand design” of our universe evidence of a benevolent creator who set things in motion—or does science offer another explanation? In this startling and lavishly illustrated book, Stephen Hawking and Leonard Mlodinow present the most recent scientific thinking about these and other abiding mysteries of the universe, in nontechnical language marked by brilliance and simplicity. According to quantum theory, the cosmos does not have just a single existence or history. The authors explain that we ourselves are the product of quantum fluctuations in the early universe, and show how quantum theory predicts the “multiverse”—the idea that ours is just one of many universes that appeared spontaneously out of nothing, each with different laws of nature. They conclude with a riveting assessment of M-theory, an explanation of the laws governing our universe that is currently the only viable candidate for a “theory of everything”: the unified theory that Einstein was looking for, which, if confirmed, would represent the ultimate triumph of human reason.

Suitable for anyone undertaking either AS or A level law examinations, this text covers all subjects offered under the AQA and OCR specifications. It has been fully updated and revised to incorporate both legal developments and experience of the specifications in practice.

Written for sixth form and college students, **AS Law** covers the content of AS Law

## Read Book A Level Law Textbook

for AQA and OCR students in a lively and reader-friendly style. Topics are broken down into manageable parts, with clear headings and are illustrated throughout with photographs, diagrams, boxes and illustrations. Each chapter includes: an introduction outlining learning objectives relating to the subject specifications 'developing the subject' sections explaining a particularly important or difficult point in more detail, designed to challenge more able students a list of useful websites enabling students to access primary law materials intended to support chapter-by-chapter reading 'it's a fact!' sections highlighting interesting and contemporary applications of the legal principle under discussion dedicated sections providing detailed examination of key cases, within the context of the chapter discussion hints and tips for revision topics and strategies helping students to prepare for the types of questions that are most likely to come up in exams. The book contains a wealth of opportunities to test and apply knowledge, with revision quizzes, quick tests and sample questions and answers within each chapter and there are additional opportunities for self-testing and revision available via the Companion Website. This third edition has been revised and updated to take into account the new 2008 AQA specifications and contains a new chapter on contract liabilities, as well as expanded material on sentencing and court procedures. It also addresses recent legal developments such as the

## Read Book A Level Law Textbook

establishment of the Ministry of Justice, changes in the legal profession and the constitution, and the reform of the House of Lords. AS Law provides a stimulating and exciting approach to the subject, profiling famous legal figures and examining law in films, fiction, non-fiction and on the internet whilst offering comprehensive coverage of the AQA and OCR subject specifications fulfilling all syllabus requirements.

Chained up in the hold of a French warship, Lusignan's only hope of escape rests with his captor - Captain Paul. A man with a mysterious past, Captain Paul is transporting Lusignan to exile in the West Indies. Little does he know that his mission is a sham. His prisoner is an innocent man, framed because he fell in love with a Count's daughter. Once the truth is revealed, Paul and Lusignan return to France, determined to seek justice. Inspired by the real life of American Revolutionary War hero John Paul Jones, "Captain Paul" is a rollicking melodrama, packed with action and romance. A fine precursor to Dumas' later classics, it's especially recommended for fans of naval adventures, like C.S. Forester's "Hornblower" series. Alexandre Dumas (1802 - 1870) was a hugely popular 19th Century French writer. Born of mixed French and Haitian heritage, Dumas first rose to prominence in Paris as a playwright, but later gained international fame with his historical fiction. Often co-authored with other writers,

## Read Book A Level Law Textbook

these stories wove together swashbuckling adventure, romance, and real events from France's past. Among the best known are "The Three Musketeers", and its sequels "Twenty Years After", and "Le Vicomte de Bragelonne: Ten Years Later". Set across four decades, this trilogy follows the rise of the dashing D'Artagnan—from hot-headed soldier to trusted captain under Louis XIV. Dumas' other novels include "The Count of Monte Cristo" and "The Black Tulip". His works have been adapted into more than 200 movies, including The Man in the Iron Mask starring Leonardo DiCaprio.

AQA A-level Law for Year 2 Hodder Education

American Law and Legal Systems examines the philosophy of law within a political, social, and economic framework with great clarity and insight. Readers are introduced to operative legal concepts, everyday law practices, substantive procedures, and the intricacies of the American legal system. Eliminating confusing legalese, the authors skillfully explain the basics, from how a lawsuit is filed to the final appeal. This new edition provides essential updates to forensic and scientific evidence, contract law, family law, and includes new text boxes and tables to help students understand, remember, and apply central concepts.

Cover all the topics and utilise more past papers with this fully up-to-date OCR AS Law textbook. Written by an expert who has helped hundreds of thousands of

- Prepares students for assessment with examination questions

These engaging and accessible textbooks provide detailed coverage of the new 2017 OCR A level Law specification. From leading law authors Jacqueline Martin, Richard Wortley and Nicholas Price, it is comprehensive, authoritative and updated with important changes to the law. Important, up-to-date and interesting cases and scenarios highlight key points. Discussion and activity tasks increase your students' understanding of more difficult concepts. Examination practice, practice questions and self-test questions to help your students prepare for their exams

The most up-to-date AQA A2 Law textbook - from the number 1 A-Level Law author - that will prepare you for your exams. This engaging and accessible textbook provides complete coverage of the whole AQA A2 specification. From the leading law author, it is comprehensive, authoritative and updated with important changes to the law. Now includes: - Fully updated with the latest changes to criminal, tort and contract law - Important and interesting cases and scenarios to highlight key points - Activities to increase your students' understanding of more difficult concepts - Examination practice, past-paper questions and self-test questions to help your students prepare for their exams

This comprehensive textbook, designed for students of A level law, covers most subjects commonly included in A level syllabuses across the UK. The book is divided into five parts, covering each of the main areas of the law: the English legal system

## Read Book A Level Law Textbook

criminal law contract law statutory encroachments upon freedom to contract and the law of tort. Each of these parts provides a clear treatment of a wide range of topics within its particular areas. Carefully chosen diagrams are provided at the end of most chapters to help the student draw together the underlying principles, and show the order in which issues must be addressed. These diagrams should prove to be useful revision aids which students can use to refresh their memories on the main legal points in each topic. This second edition incorporates many recent legislative developments affecting civil procedure, sentencing, police powers, property offences, unlawful homicide and harassment. New cases include "R v Ireland" (on assault), "Hunter v Canary Wharf Ltd (on the tort of nuisance) and Capital and Counties Ltd v Hampshire County Council (on the duty of care in tort).

This textbook is designed for use in upper-level law school courses. It reflects the belief that the most effective teaching materials for students beyond the first year of law school are centered on problems of the kind that lawyers face in practice. Other features of the book include:

- Clear Narrative Text. The chapters in *Advanced Tort Law: A Problem Approach* focus on five intriguing subjects which normally receive little attention in basic torts courses: misrepresentation, defamation, invasion of privacy, tortious interference, and injurious falsehood. In each chapter, the law is laid out in a clear narrative format, which quotes liberally from pertinent court opinions, statutes, and other sources. Because upper-level law students are already well acquainted with the

## Read Book A Level Law Textbook

American litigation process, each topic focuses primarily on operative rules and policies, and their application to particular fact situations. The text minimizes the procedural complexities of cases that have already been decided. • Fifty-Six Discussion Problems. The main instructional feature of *Advanced Tort Law: A Problem Approach* is the fifty-six discussion problems. Roughly every eight to ten pages, there is a problem for students to prepare in advance of class. A good answer requires a confident grasp of the rules, concepts, and principles addressed in the text or in basic law school courses. The problems, which test whether students have learned the assigned material, are designed to form the basis for classroom discussions. If a class meets twice a week over the course of a typical law school semester, each reading assignment is likely to include about fifteen to twenty pages of reading material and two discussion problems. Other advanced torts books have few or no discussion problems, or contain discussion problems only in some chapters. *Advanced Tort Law: A Problem Approach* is the only textbook that uses discussion problems as the principal teaching device for every topic in the book. • Preparation for Practicing Law in the 21st Century. Many of the problems in *Advanced Tort Law: A Problem Approach* are based on actual cases or stories in the news. With rare exceptions, the names have been changed. The facts in the problems often diverge from those which gave rise to the underlying disputes in order to raise questions important to the course. The discussion problems challenge students to explore how the law applies to the kinds of facts they will

## Read Book A Level Law Textbook

encounter in twenty-first century law practice. There is an abundance of citations to cases decided since 2000. The hypothetical scenarios are designed to help users of the book develop the problem-solving skills that effective lawyers need today. • Cutting-Edge Legal Issues in the Digital Age. Although the torts discussed in this book are ancient in origin, they are often on the front lines of litigation in the Digital Age. There are abundant references to issues raised by recent communications technology developments, including blogging, texting, and social networking. The book addresses numerous practical questions that Americans confront in contemporary life, such as the liability issues that arise from anonymous postings on the Internet or from corporate press releases designed to mislead investors. The eBook version of this title features links to Lexis Advance for further legal research options.

COMPLETELY NEW FOR THE AQA 2017 SPECIFICATIONS Written by an experienced teacher and senior examiner, this book covers all you need to know about human rights law. There are plenty of tasks, self-test questions and examination practice with answers at [www.drsrc.org](http://www.drsrc.org). Separate books cover other areas and are competitively priced. For both students and teachers this means you won't have to carry too much around and can just take what you need to the classroom. AQA would only give approval to one publisher so this book does not carry an official badge of approval. However the AQA Portfolio Curriculum team kindly gave advice on content and assessment to help me ensure it covers the specifications correctly and makes the

## Read Book A Level Law Textbook

required links to the other topics. Key features include tasks, evaluation pointers, examination tips and summary diagrams. There are lots of up-to-date examples to bring the subject to life and to show how human rights law can be used to illustrate the non-substantive law (the nature of law and the legal system). This book can be used as a self-study guide as well as in the classroom. It is written in a lively, clear and accessible way and is designed to help students of all learning styles to understand the subject. Although written for A level it is a useful introduction to the law needed for higher-level courses such as the Chartered Institute of Legal Executives course and various Law degree courses. Other books by Sally Russell The 'law explained' series offers a more in-depth coverage of individual areas of law with additional tasks, examples and examination practice. This means you can pick those topics for which you need more guidance (all the answers to tasks are included in the booklets). As for other titles, these change quite regularly and new books may be available by the time you read this. For the most up to date list of what is available please check my author's page on Amazon or visit my website at [www.drslr.org](http://www.drslr.org). All my books are available in both Kindle and paperback format.

Formatting Briefs in Word explains how to create all the elements of a legal brief in Microsoft Word. Written by a lawyer for lawyers, paralegals and law students, readers will find this book invaluable for creating the best formatted briefs possible. While good formatting will not save a terrible brief, it will enhance a good one; and a good brief can

## Read Book A Level Law Textbook

be destroyed by poor formatting. Every page of this book is devoted towards solving the problems of formatting briefs. Topics include how to set up Word for legal writing; font selection; page layout; formatting using styles; creating tables of contents and authorities; and creating cover pages. Conformance with court rules is stressed throughout. This is an intermediate to advanced book on Word. The reader is expected to know already Word basics. This book takes the reader to a higher skill level.

retired from a management position in a large FE College to work freelance in law teacher support, writing and assessment work. - Nicholas Price is an experienced teacher of Law and an A-Level Law textbook author.

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions.

Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

This is the second edition of the highly-successful GCSE Law. It is an ideal resource for students on a range of GCSE Law courses. The text assumes no prior knowledge of the subject. Specialised legal vocabulary is introduced and explained clearly in every chapter and the book covers a wide range of topics. These include: differences between civil and criminal law, court structure, settling

## Read Book A Level Law Textbook

disputes, legal aid, family law, tort, European law, powers of arrest and applying the law. In short everything you need to know about the legal system for success on an introductory course. Other key features include: - Student activities - Full GCSE syllabus coverage - Examination questions

What does pleasure have to do with morality? What role, if any, should intuition have in the formation of moral theory? If something is 'simulated', can it be immoral? This accessible and wide-ranging textbook explores these questions and many more. Key ideas in the fields of normative ethics, metaethics and

## Read Book A Level Law Textbook

applied ethics are explained rigorously and systematically, with a vivid writing style that enlivens the topics with energy and wit. Individual theories are discussed in detail in the first part of the book, before these positions are applied to a wide range of contemporary situations including business ethics, sexual ethics, and the acceptability of eating animals. A wealth of real-life examples, set out with depth and care, illuminate the complexities of different ethical approaches while conveying their modern-day relevance. This concise and highly engaging resource is tailored to the Ethics components of AQA Philosophy and OCR Religious Studies, with a clear and practical layout that includes end-of-chapter summaries, key terms, and common mistakes to avoid. It should also be of practical use for those teaching Philosophy as part of the International Baccalaureate. Ethics for A-Level is of particular value to students and teachers, but Fisher and Dimmock's precise and scholarly approach will appeal to anyone seeking a rigorous and lively introduction to the challenging subject of ethics. Tailored to the Ethics components of AQA Philosophy and OCR Religious Studies.
