This landmark study by a leading Chinese scholar of international relations significantly advances our understanding of the origins of Chinese Communist foreign policy. Basing himself on a wealth of previously inaccessible Chinese archival sources, memoirs, and official documents, Professor Niu charts the evolution of CCP foreign policy in the period preceding the revolutionary victory in 1949. Broadly speaking, he interprets the evolution as a learning process in which the CCP leadership, including Chairman Mao Zedong, gradually acquired knowledge and experience of the world through intensifying interaction with the United States, Great Britain, the USSR, and other countries that were involved in Chinese domestic as well as international affairs. Without abandoning their commitment to Marxism-Leninism or their deference to the Soviet Union's leading role in the international communist movement, Mao Zedong and his associates came to the understanding that China's interests and the interests of the CCP in particular were not always congruent with those of the Soviet leadership. From the 1930s through the conquest of power in 1949, first survival and then the quest for nationwide victory defined the core interests of the CCP. The rigid Marxist-Leninist doctrines that initially informed the world view of CCP leaders yielded over time to realism, and Mao Zedong became a skilled and effective player on the stage of world politics during the course of the CCP's ascent to power. Niu Jun's analysis of this process is well informed, subtle, and

persuasive. He presents the intricate twists and turns in the evolution of CCP foreign policy, details the intra-party conflicts, and discusses the tensions between the Yan'an leadership and Moscow. He revisits a critical period in the evolution of Sino-American relations when an opportunity may have existed to avert the cold war confrontation that led to a Sino-American war in Korea in 1950. Published in Chinese in 1992 and recognized in China as a major historical contribution, Niu Jun's book is now available for the first time in English translation. An authoritative compendium of sixty traditional recipes presenting the best of Italian stews and soups for every season of the year is accompanied by practical information on equipment, tips on seasonal and pantry ingredients, a tempting array of classic Italian dishes, regional specialties, treasured family recipes, and innovative new creations. “A Haitian grandmother and granddaughter share a holiday, a family recipe, and a story of freedom. . . . A stunning and necessary historical picture book.”

—Kirkus Reviews (starred review) The shake-shake of maracas vibrates down to my toes. Ti Gran’s feet tap-tap to the rhythm. Every year, Haitians all over the world ring in the new year by eating a special soup, a tradition dating back to the Haitian Revolution. This year, Ti Gran is teaching Belle how to make Freedom Soup just like she was taught when she was a little girl. Together, they dance and clap as they prepare the holiday feast, and Ti Gran tells Belle about the history of the soup, the history of Belle’s family, and the history of Haiti, where Belle’s family is from. In this celebration of cultural traditions passed from one generation to the next, Jacqueline Alcántara’s lush illustrations bring to life both Belle’s story and the story of the Haitian Revolution. Tami Charles’s lyrical text, as accessible as it is sensory, makes for a tale that readers will enjoy to the last drop.
