

A Respectable Wedding And Other One Act Plays Bertolt Brecht Collected Plays Vol 1 Pt 2

In Egypt, singing and dancing are considered essential on happy occasions. Professional entertainers often perform at weddings and other celebrations, and a host family's prestige rises with the number, expense, and fame of the entertainers they hire. Paradoxically, however, the entertainers themselves are often viewed as disreputable people and are accorded little prestige in Egyptian society. This paradox forms the starting point of Karin van Nieuwkerk's look at the Egyptian entertainment trade. She explores the lives of female performers and the reasons why work they regard as "a trade like any other" is considered disreputable in Egyptian society. In particular, she demonstrates that while male entertainers are often viewed as simply "making a living," female performers are almost always considered bad, seductive women engaged in dishonorable conduct. She traces this perception to the social definition of the female body as always and only sexual and enticing—a perception that stigmatizes women entertainers even as it simultaneously offers them a means of livelihood. Drawn from extensive fieldwork and enriched with the life stories of entertainers and nightclub performers, this is the first ethnography of female singers and dancers in present-day Egypt. It will be of interest to a wide audience in anthropology, women's studies, and Middle Eastern culture, as well as anyone who enjoys belly dancing.

A collection of stories exploring political and social conditions is accompanied by a brief portrait of the life of the distinguished German author

Yekl (1896), the first novel upon which the much acclaimed film *Hester Street* was based, was probably the first novel in English that had a hero from the New York's East Side.

A groundbreaking work that treats writing as a ritual practice and texts as ritual objects.

First published in 1992, *Subject to Others* considers the intersection between late seventeenth- to early nineteenth-century British female writers and the colonial debate surrounding slavery and abolition. Beginning with an overview that sets the discussion in context, Moira Ferguson then chronicles writings by Anglo-Saxon women and one African-Caribbean ex-slave woman, from between 1670 and 1834, on the abolition of the slave trade and the emancipation of slaves. Through studying the writings of around thirty women in total, Ferguson concludes that white British women, as a result of their class position, religious affiliation and evolving conceptions of sexual difference, constructed a colonial discourse about Africans in general and slaves in particular. Crucially, the feminist propensity to align with anti-slavery activism helped to secure the political self-liberation of white British women. A fascinating and detailed text, this volume will be of particular interest to undergraduate students researching colonial British female writers, early feminist discourse, and the anti-slavery debate.

This work explores what it means to be modern and what it means to be Korean in a culture where courtship and marriage are often the crucible in which notions of gender and class are cast and recast. Touching on a number of important issues--identity, romantic love, women's work, marriage negotiations, and wedding ceremonies--Laurel Kendall gives us a new appreciation for how Koreans have adapted this pivotal social practice to the astounding changes of the past century. Kendall attended her first Korean wedding in 1970, soon after she arrived in the country with the Peace Corps. Years later, as a seasoned anthropologist, she began interviewing both working-class and middle-class couples, matchmakers, purveyors of dowry goods, and proprietors of wedding halls. She consulted etiquette handbooks and women's magazines and analyzed cartoons, photographs, and weddings themselves. The result is an engaging account of how marriage matches are made, how families proceed through the rites, how they finance ceremonies and elaborate exchanges of ritual goods, and how these practices are integral to the construction of adult identities and notions of ideal women and men. The book is also a reflection on what it means to write Korea in a complex and ever changing social milieu.

"Take one baby and a mother who's not sure if she's ready. Add a soldier returned from war and a grandmother holding the fort. Mix in a landscape of flatness and a pinch of violence in the countryside and maybe, just maybe, you'll get a miracle." "Molly Davies' debut, *A Miracle*, is a play about wanting a better life. It premiered at the Royal Court Theatre, London, on 27 February 2009." --Book Jacket.

Published specifically for a National Theatre production, this translation of Bertolt's drama, a parable of good and evil, is the tale of Shen Te, a prostitute who must invent and impersonate a ruthless male cousin in order not to be bankrupted and ruined by greedy neighbours.

A seductive, unclassifiable blend of autobiography and fiction set in Reno, from the preeminent Basque author Nine months as a writer in residence can prove unnerving for anyone. For Bernardo Atxaga, newly arrived with his wife and two daughters, research at the Center for Basque Studies in Reno, Nevada, is anything but straightforward. The neon lights and harsh, windswept desert appear full of ominous signs: A raccoon that watches the house at night, eyes glowing. A series of sexual assaults on campus by an unknown assailant. A spider scuttling endlessly in a glass jar kept by a colleague. And the kidnapping and murder of a young college girl in the house next door. Fragments of the Basque diaspora appear everywhere: A photo of the heavyweight boxer Paulino Uzcudun, who fought Max Baer in the 1930s. The funeral of a Basque shepherd. Daily life also turns up some unusual characters—a university friend suspected of involvement in the assaults on campus, a friend who takes Atxaga for long drives in the desert where *The Misfits* was filmed, and cowboys at a Tex-Mex joint. *Nevada Days*, told in a series of diary-like entries, mixes a constellation of lively incidents in Reno with memories from Atxaga's childhood. The routines of everyday life are the only way to resolve the deep wounds of history and relationships, however fleeting or enduring. Trapped in the deeply alien landscape of Nevada, Atxaga weaves together past and present to see the West from a refreshing, if also ominous and unsettling, vantage.

"Brecht's famous parable, showing that in aggressive and unjust societies good can only survive by means of evil, was written in 1939-41, while Brecht was in flight from the Nazis in Scandinavia. In it, the gods come to earth in search of enough good people to justify their existence. They find Shen Teh, a good-hearted but penniless prostitute, and make her a gift with which she is able to set up her own business. But her goodness brings ruin and she has to disguise herself as a man in order to muster sufficient ruthlessness to survive. The play was first produced in Zurich in 1943, but it was not performed in Germany until 1952. This translation by John Willett includes Brecht's own notes and relevant texts as well as an extensive editorial commentary by John Willett and Ralph Manheim on the genesis of the play" --Back cover.

Some of the poorest regions of historic Britain had some of its most vibrant festivities. Between the sixteenth and nineteenth centuries, the peoples of northern England, Lowland Scotland, and Wales used extensive celebrations at events such as marriage, along with reciprocal exchange of gifts, to emote a sense of belonging to their locality. *Bride Ales and Penny Weddings* looks at regionally distinctive practices of giving and receiving wedding gifts, in order to understand social networks and community attitudes. Examining a wide variety of sources over four centuries, the volume examines contributory weddings, where guests paid for their own entertainment and gave money to the couple, to suggest a new view of the societies of 'middle Britain', and re-interpret social and cultural change across Britain. These regions were not old fashioned, as is commonly assumed, but differently fashioned, possessing social priorities that set them apart both from the south of England and from 'the Celtic fringe'. This volume is about informal communities of people whose aim was maintaining and enhancing social cohesion through sociability and reciprocity. Communities relied on negotiation, compromise, and agreement, to create and re-create consensus around more-or-less shared values, expressed in traditions of hospitality and generosity. Ranging across issues of trust and neighbourliness, recreation and leisure, eating and drinking, order and authority, personal lives and public attitudes, R. A. Houston explores many areas of interest not only to social historians, but also literary scholars of the British Isles.

The *Lehrstücke* (or 'learning-plays') lie at the heart of Brechtian theatre. Written during 1929 and 1930, years of far-reaching political and economic upheaval in Germany and the period of Brecht's most sharply Communist works, these short plays show an abrupt rejection of most of the trappings of conventional theatre. The *Lehrstücke* are spare and highly formalized pieces intended for performance by amateurs, on the principle that the moral and political lessons contained in them can best be taught by participation in an actual production. There is nothing in the drama of the twentieth century to match the precision of their language and the economy of their theatrical technique.

This book is the first in English to examine irregular migration from post-Soviet states, focusing in particular on migration to the United States. Due to globalization and the end of the Cold War, citizens of the former Soviet Union are on the move as never before. The political, economic, and social changes that followed the collapse of the Soviet Union resulted in widespread poverty and unemployment and also created a large pool of potential migrants. Thousands of individuals from poor post-Soviet countries migrate to the West in search of better-paid work in an effort to provide for themselves and their families both through legal channels, and in their absence, illegally. In recent years immigration has become a topic of heated debate in many Western countries: the estimated number of undocumented immigrants in the United States has reached 11 million, precipitating a new legislative focus on reforming the immigration system, culminating in the highly controversial Border Protection, Antiterrorism, and Illegal Immigration Control Act passed by the House of Representatives in 2005 but eventually "killed" in the Senate. This book examines all these issues, discussing the reasons for migration, the profile of the migrants, how the process of migration works and how the migrants obtain their U.S. visas, where they work once in the United States and their intentions with regards to their possible return home. This book explores the reality of post-Soviet migration where the mostly well-educated former professionals end up in low-wage unskilled jobs as domestic workers, child care givers, and construction workers, sometimes in exploitative labor situations. Overall, this book provides a detailed account of post-Soviet illegal migration to the United States, focusing in particular on Central Asian and Georgian migrants, and will be of interest to scholars of US politics as well as Russia, Central Asia, and the Caucasus specialists.

Covering such wedding staples as attendants, invitations, registries, showers, the ceremony, the reception, and thank yous, Etiquette guru Jeanne Hamilton will give numerous examples of bad etiquette that should be avoided at all costs, such as: -No bride owns the calendar. Insisting that everyone within your acquaintance had not dare schedule their wedding anywhere within a six month time period labels you as a classic Bridezilla. -Sponsored wedding, at which vendors who donate their services are offered the opportunity to put their logos on various wedding related paper products. -It is never wise to make bridesmaid offers while in the grip of fluttery, just-engaged emotions. You may have to rescind those offers later when you realize you were just a bit too hasty. Once having made the offer, it is extraordinarily ungracious to rescind it, unless you want a seething friend or sister using your engagement photo as a dartboard. -Enclosing a blank deposit form for a bank account bearing the names of the bride and the groom with the invitation. And much more! This is a hilarious exploration of how weddings can literally drive people mad.

In this fascinating work, Louise Purbrick offers an alternative analysis of contemporary domestic consumption. She investigates the ritualized presentation of objects upon marriage, and their subsequent cycles of exchange within the domestic sphere. Focusing on gift-giving in Britain from 1945 to the present, comparative context is provided by material from North America and Europe. Presenting new material on the enactment of exchange relationships within everyday domesticity, the book makes significant historical, theoretical and methodological contributions to the analysis of contemporary consumption. It also re-evaluates consumption theory as well as examining the methodology of recent studies in consumption and domesticity, pressing for a more rigorous approach to the use of case studies. By considering how the specific contexts in which consumption occurs, such as married domesticity, can limit possible versions of selfhood, *The Wedding Present* tests the assumption that consuming creates individual identities. Thus, the book argues, consumption cannot be isolated as an explanation of individual or social formation.

From Scandinavia across Russia to Hollywood, then on, via Switzerland and a flirtation with Salzburg, back to his own disappointing country, Brecht makes shrewd if sometimes harsh judgements on the people he meets. Some people included are: Thomas Mann, the Frankfurt philosophers, Schonberg, Isherwood, D'Annunzio, Ezra Pound, Wordsworth, Margaret Steffin, and more.

The historic lakeside village of Cazenovia in the scenic Finger Lakes region is one of the jewels of Central New York, and yet very few books have told its story. Cazenovia is a town founded by wealthy men, and much of what has been written about it has focused on the elite and the grand lakeshore mansions in which they lived. In contrast, Barnes and Emerson's new book chronicles the story of everyday Cazenovia: the fascinating people, places, and history of this 225-year-old community. *The Bear Tree and Other Stories from Cazenovia's History* explores the unheralded, inaccurately told, and long-forgotten tales of the town. Readers will encounter historical characters such as elephant and lion tamer Lucia Zora Card, "The Bravest Woman in the World"; educator Susan Blow, "The Mother of American Kindergarten"; and World War I soldier Cecil Donovan, whose letters home vividly depicted the experience of war for those awaiting his return in Cazenovia.
