

A Separate Reality Carlos Castaneda

Originally drawn to Yaqui Indian spiritual leader don Juan Matus for his knowledge of psychotropic plants, bestselling author Carlos Castaneda immersed himself in the sorcerer's magical world. Ten years after his first encounter with the shaman, Castaneda examines his field notes and comes to understand what don Juan knew all along—psychotropic plants are merely a means to understanding alternative realities that one cannot fully embrace on one's own. Journey to Ixtlan introduces these clear new ideas—omitted from Castaneda's classic volumes *The Teachings of Don Juan* and *A Separate Reality*—to the reader for the first time. Castaneda explores, as he comes to experience it himself, his own final voyage into the teachings of don Juan, and shares with us what it is like to truly "stop the world" and perceive reality on his own terms.

"A man of knowledge is free...he has no honor, no dignity, no family, no home, no country, but only life to be lived." --don Juan In 1961 a young anthropologist subjected himself to an extraordinary apprenticeship to bring back a fascinating glimpse of a Yaqui Indian's world of "non-ordinary reality" and the difficult and dangerous road a man must travel to become "a man of knowledge." Yet on the bring of that world, challenging to all that we believe, he drew back. Then in 1968, Carlos Castaneda returned to Mexico, to don Juan and his hallucinogenic drugs, and to a world of experience no man from our Western civilization had ever entered before.

Thirty years ago, the University of California Press published an unusual manuscript by an anthropology student named Carlos Castaneda. *The Teachings of Don Juan* initiated a generation of seekers dissatisfied with the limitations of the Western world view, embarking on a remarkable journey that has left an indelible impression on more than a million readers around the world. This concise supplement to Carlos Castaneda's *The Teachings of Don Juan* helps students understand the overall structure of the work, actions and motivations of the characters, and the social and cultural perspectives of the author. This volume also covers "A Separate Reality" and "Journey to Ixtlan."

After the publication of his best-selling book *Power Animals*, many people inquired about the meaning of spirit animals that were not contained in that work. In *Animal Spirit Guides*, Dr. Farmer provides concise, relevant details about the significance of more than 200 animals that may come to you in physical or symbolic form as guides and teachers. With each animal listed, you'll find general meanings of the visitation; practical ways that they can help you as spirit guides; and how, as your power animal, they reflect characteristics that you possess. You'll also find a "whom-to-call-on" section that will tell you which animal spirit guide to call on for any specific purpose.

In the book Castaneda continues his description of his apprenticeship under the tutelage of Don Juan. As in his previous book, *The Teachings of Don Juan: A Yaqui Way of Knowledge*, Castaneda describes the experiences he has with Don Juan while under the influence of the psychotropic plants that Don Juan offered him, peyote (*Lophophora williamsii*) and a smokable mixture of what Castaneda believed to be, among other plants, dried mushroom of the genus *Psilocybe*. An anthropologist records his conversations with the Yaqui Indian sorcerer and offers a structural analysis of Don Juan's teachings

For us to perceive any of the worlds that exist beside our own, not only do we have to covet them but we need to have sufficient energy to seize them. In this revolutionary book, Carlos Castaneda offers readers the key to this energetic conditioning for the first time, revealing a series of body positions and physical movements that enabled various sorcerers, and their apprentices, to navigate their own sorceric journeys. By sharing this centuries-old wisdom, Carlos Castaneda makes it possible for readers to travel to some of these other realms, which are as real, unique, absolute, and engulfing as our own world. Castaneda offers both a philosophical history of magical passes and an innovative, easy-to-understand instructional format, complete with more than 450 computer-generated illustrations. Written with humor, clarity, and authority, *Magical Passes* further illuminates the true meaning of sorcery and magic.

Carlos Castaneda takes the reader into the very heart of sorcery, challenging both imagination and reason, shaking the very foundations of our belief in what is "natural" and "logical." In 1961, a young anthropologist subjected himself to an

Literary review of the complete works of Carlos Castaneda. Revered by followers and reviled by critics, Castaneda and all his works are given a new, comprehensive interpretation in *Getting Castaneda*. "Ordinarily, events that change our path are impersonal affairs, and yet extremely personal. My teacher, don Juan Matus, said this is guiding me as his apprentice to collect what I considered to be the memorable events of my life.... Don Juan described the total goal of the shamanistic knowledge that he handled as the preparation for facing the definitive journey: the journey that every human being has to take at the end of his life. He said that what modern man referred to vaguely as life after death was, for those shamans, a concrete region filled to capacity with practical affairs of a different order than the practical affairs of daily life, yet bearing a similar functional practicality. Don Juan considered that to collect the memorable in their lives was, for shamans, the preparation for their entrance into that concrete region, which they called the active side of infinity." In this book written immediately before his death, anthropologist and shaman Carlos Castaneda gives us his most autobiographical and intimately revealing work ever, the fruit of a lifetime of experience and perhaps the most moving volume in his oeuvre.

Some say he was a breakthrough academic and visionary shaman. Others say he was a sham. Either way, Carlos Castaneda shaped a generation of mystical thinkers and magic mushroom eaters. In 1968, at the height of the psychedelic age, Castaneda published *The Teachings of Don Juan: A Yaqui Way of Knowledge*, the first of twelve books describing his apprenticeship to an Indian shaman, and his journeys to the "separate reality" of the sorcerers' worlds. Like Herman Hesse's *Steppenwolf* and Aldous Huxley's *The Doors of Perception*, *The Teachings of Don Juan* and its sequels became essential reading for legions of truth seekers. Castaneda himself became a cult figure-- seldom seen, nearly mythological, a cross between Timothy Leary and L. Ron Hubbard: a short, dapper, Buddha-with-an-attitude who likened his own appearance to that of a "Mexican bellhop." Though Castaneda had more than ten million books in print in seventeen languages, he lived in wily anonymity for nearly thirty years, doing his best, in his own words, to become "as inaccessible as possible." Most people figured he had a house somewhere in the Sonoran Desert, where he'd studied with his own teacher, a leathery old Indian brujo named Don Juan Matus. In truth, Castaneda lived and wrote for most of that time in Westwood Village, a neighborhood of students and professors in Los Angeles, not far from UCLA and Beverly Hills. Upon his death in 1998, things became even more murky. A year-long investigation into the mysterious life and impeccable death of Carlos Castaneda, as told by his wife, his adopted son, his mistresses, and his followers.

Carlos Castaneda burst onto the academic and cultural scene in 1968 when he published the first of four books detailing his supposed apprenticeship with a Yaqui Indian sorcerer named Don Juan. While academic critics contend Castaneda invented Don Juan, believers say the fog surrounding his existence expresses the very ideals that Castaneda attributed to his apprenticeship. Little is known of the Peruvian claiming to be Don Juan's apprentice, but in addition to leading a generation into a mystical otherworld, Carlos Castaneda was also a man. Married to him for thirteen years was Margaret Runyan Castaneda. *A Magical Journey with Carlos Castaneda* reads partly like a love story, partly like a tell-all account of a celebrity writer. Margaret Castaneda concentrates on the years leading up to her marriage in 1960. It was then Margaret and Carlos explored many of the ideas -- from controlling dreams to using hallucinogenic mushrooms -- that he claims to have learned from Don Juan. Nevertheless, Margaret Castaneda believes her husband was indeed a sorcerer, and she still loves him. She insists Castaneda's academic critics miss the point. "I'm willing to accept Don Juan as a spiritual teacher, and it really doesn't matter if he's not real." But the role she claims -- in developing the ideas Carlos purports to be Don Juan's -- ought to be recognized, she says, so she wrote this book.

Fire from Within is the author's most brilliant thought-provoking and unusual book, one in which Castaneda, under the tutelage of don Juan and his "disciples," at last constructs, from the teachings of don Juan and his own experiences, a stunning portrait of the "sorcerer's world" that is crystal-clear and dizzying in its implications. Each of Carlos Castaneda's books is a brilliant and tantalizing burst of illumination into the depths of our deepest mysteries, like a sudden flash of light, like a burst of lightning over the desert at night, which shows us a world that is both alien and totally familiar -- the landscape of our dreams.

Millions of readers worldwide have treasured the visionary brilliance of Carlos Castaneda, who first explored the world of the Yaqui Indian sorcerer in *The Teachings of don Juan*. Now, at last, don Juan returns in *The Power of Silence* -- wise, infuriating, capable of working miracles and playing practical jokes, but always seeking the wisdom of the warrior. *The Power of Silence* is Castaneda's most astonishing book to date -- a brilliant flash of knowledge that illuminates the far reaches of the human mind. Through don Juan's mesmerizing stories, the true meaning of sorcery and magic is finally revealed. Honed in the desert of Sonora, the visions of don Juan give us the vital secrets of belief and self-realization that are transcendental and valid for us all. It is Castaneda's unique genius to show us that all wisdom, strength, and power lie within ourselves -- unleashed with marvelous energy and imaginative force in the teachings of don Juan -- and in the writings of his famous pupil, Carlos Castaneda.
