

A Talisman In The Darkness Selected Stories Of Olga Orozco

Zach and his sister Annis have been uprooted by their parents from their comfortable home to a remote and half-built barn in France. Zach is being removed from his 'bad-influence' friends, their parents are trying to salvage their marriage and still remain on speaking terms whilst the bitterness of their father's affair bubbles underneath the surface. And Annis - Annis just keeps going, keeping her head down, trying to keep it together. So far so normal. And then Zach, uncommunicative and contrary as ever these days, defies everything their parents have said and makes his way to the unsafe ruined building at the edge of their new garden, and leans up against the wall. The wall bulges, totters - and suddenly collapses on top of him. Annis, horrified, sees him crumpled on the ground. Desperate, she races towards him, not daring to think anything at all. She sees him, on the ground, broken, silent, not there any more. And then, unbelievably, he moves. Zach moves. Zach, in an extraordinary and instinctive decision, has broken his bond with his own soul, the essence of himself. By doing so he has cheated death. By doing so he has also cheated life. He is unable to touch any human person again. And the essence of himself, his 'other', his soul, is chasing him, determined to rejoin what should rightfully be together. Zach is on the run, from himself, whom he can never escape, from death, but also from the life that he can never enjoy again. Perhaps only a sister can help him now.

Tom Harlan brings his Oath of Empire series to a shattering conclusion in The Dark Lord. In what would be the 7th Century AD in our history, the Roman Empire still stands, supported by the twin pillars of the Legions and Thaumaturges of Rome. The Emperor of the West, the Augustus Galen Atreus, came to the aid of the Emperor of the East, the Avtokrator Heraclius, in his war with the Sassanad Emperor of Persia. But despite early victories, that war has not gone well, and now Rome is hard-pressed.

Constantinople has fallen before the dark sorceries of the Lord Dahak and his legions of the living and dead. Now the new Emperor of Persia marches on Egypt, and if he takes that ancient nation, Rome will be starved and defeated. But there is a faint glimmer of hope. The Emperor Galen's brother Maxian is a great sorcerer, perhaps the equal of Dahak, lord of the seven serpents. He is now firmly allied with his Imperial brother and Rome. And though they are caught tight in the Dark Lord's net of sorcery, Queen Zoe of Palmyra and Lord Mohammed have not relinquished their souls to evil. Powerful, complex, engrossing --Thomas Harlan's Oath of Empire series has taken fantasy readers by storm. The first three volumes, The Shadow of Ararat, The Gate of Fire, and The Storm of Heaven have been universally praised. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

"Dayspring, my dictionary tells me, is an archaic word meaning 'dawn.' But I have chosen Daysprings as the title for this collection

of meditations for the several meanings in the ancient word and its components. I hope these brief reflections shed new light on old, familiar passages and illuminate the way through new ones. I also hope these pieces will prove to be springboards to new and creative meditation for readers, pastors, and preachers, and that they will find within these pieces an extra buoyancy for each day. Lastly, I hope these thoughts will flow like fresh, living waters through days of fast and feast, bringing refreshment. —from the Preface In his accompanying volume to *Brightest and Best: A Companion to the Lesser Feasts and Fasts*, Sam Portaro offers meditations for each of the weekdays for the seasons of Advent, Christmas, Epiphany, Lent, Holy Week, and Easter. Following the lectionary texts for each day, he focuses on the seasonal themes of incarnation, manifestation, suffering, redemption, and resurrection, showing how the eternal truths of the gospel shed light on the ordinary and extraordinary events of our lives. Solidly grounded in the prayers and scriptures of these seasonal liturgies, Portaro's meditations bring fresh and powerful—sometimes pointed—insights for those who follow the daily readings and prayers of these days of the weeks in the church year as found in *Lesser Feasts and Fasts*.

Prince Dagnarus lusts for the Dagger of the Vrykyl, a magic talisman that will give him the power he needs to fulfill his dreams. Named A Best Book of 2020 by NPR! “Imagine Call Me By Your Name set in Communist Poland and you'll get a sense of Jedrowski's moving debut about a consuming love affair amidst a country being torn apart.” — O, The Oprah Magazine “Captivating both for its shimmering surfaces and its terrifying depths. Tomasz Jedrowski is a remarkable writer.” — Justin Torres, bestselling author of *We the Animals* Set in early 1980s Poland against the violent decline of Communism, a tender and passionate story of first love between two young men who eventually find themselves on opposite sides of the political divide—a stunningly poetic and heartrending literary debut for fans of André Aciman, Garth Greenwell, and Alan Hollinghurst. When university student Ludwik meets Janusz at a summer agricultural camp, he is fascinated yet wary of this handsome, carefree stranger. But a chance meeting by the river soon becomes an intense, exhilarating, and all-consuming affair. After their camp duties are fulfilled, the pair spend a dreamlike few weeks in the countryside, bonding over an illicit copy of James Baldwin's *Giovanni's Room*. Inhabiting a beautiful, natural world removed from society and its constraints, Ludwik and Janusz fall deeply in love. But in their repressive Communist and Catholic society, the passion they share is utterly unthinkable. Once they return to Warsaw, the charismatic Janusz quickly rises in the political ranks of the party and is rewarded with a highly coveted government position. Ludwik is drawn toward impulsive acts of protest, unable to ignore rising food prices and the stark economic disparity around them. Their secret love and personal and political differences slowly begin to tear them apart as both men struggle to survive in a regime on the brink of collapse. Shifting from the intoxication of first love to the quiet melancholy of growing up and growing apart, *Swimming in the Dark* is a potent blend of romance, postwar politics, intrigue, and history. Lyrical and sensual, immersive and intense, Tomasz Jedrowski's indelible and thought-provoking literary debut explores freedom and love in all its incarnations.

A concise and professionally-researched summary of Donald Michael Kraig's book: "Modern Magick". From Alden Marshall's Condensed Esoterica series, this complete summary provides a fast and straightforward way to understand and study the main ideas and concepts of the original source text. About the Original Book: Modern Magick by Donald Michael Kraig, although written in a familiar, conversational style, is actually organized like a textbook for a college survey course on the many various forms of magick as they are practiced in the world today. Kraig leads the reader from complete magickal innocence all the way to the point where he feels further improvement cannot be provided by a book, but only achieved through practice. And practice is the focus, as the book never loses sight of the importance of concrete results. Each lesson introduces a new form of ritual/ceremonial magick for the practitioner, with detailed notes provided. In addition to discussing the foundation and practice of magick, Kraig takes a broader view in highlighting what kinds of people are best suited to practice magick and how to organize your non-magickal life to support it. This means advising readers to think for themselves, question authority, keep in good physical shape, and cultivate interests and hobbies outside of magick to maintain a balanced mind, body, and spirit. Added-value of this summary: * Save time * Understand the key concepts * Expand your knowledge Note to readers: This is an unofficial summary and analysis of the book and not the original book itself. In 1849 Emmeline Erle and her widowed mother move from sunny southern Europe to cold and grimy Birmingham, England. The town is one of great contrasts: progress and poverty, industrial expansion and murky slums, new villas and filthy streets. Darkness and light battle in the minds of its people: principles of freedom and tolerance struggle with ignorance and prejudice; deep doubt of religious truth coexists with fanaticism. Emmeline quickly makes friends in her new home— Lizzie, the hardworking servant, and Daniel, the schoolboy living next door. For both Emmeline and Daniel, Father John Henry Newman, who runs a chapel in one of the worst sections town, becomes the most important person in Birmingham. Daniel and Emmeline come to know and admire Father Newman as he tries to help poor factory workers and to enlighten citizens blinded by suspicion and bigotry. With him they experience the anxieties of a cholera outbreak

and the dangers of anti-Catholic riots. Caught up in one excitement or trouble after another, the young people finally arrive at happier times, while the walls of Father Newman's new church, a symbol of light in a dark town, rise into the smoggy Birmingham sky. This colorful and dramatic story for youth brilliantly unfolds the panorama of Victorian England—the Industrial Revolution, the Oxford movement, the Crystal Palace, and Prince Albert opening a new railway. But above all, this book portrays the character and wisdom of John Henry Newman.

"She's been banished from her home without a word of explanation. Assassins are hot on her tail, and she's fleeing without a plan. On the whole, her future looks grim. Then again, it's nearly impossible to catch a dark elf. And even tougher to kill one."--Inside front cover.

A strange assortment of humans and otherworldly beings joins a young soldier of God on his perilous quest through an alternate, technology-free reality ruled by an all-powerful Evil In an alternate world where the Dark Ages never ended, "the Evil" that arises every five hundred years has prevented all manner of technological advancement, even well into the twentieth century. The son of a powerful English noble, young Duncan Standish has always longed to be a soldier of the Lord, and now he's been offered a rare opportunity to fulfill his dream. Entrusted with the delivery of an ancient manuscript—purported to be irrefutable evidence of the existence of Jesus Christ—to a noted Oxenford scholar, Duncan must journey many perilous miles in the company of a motley group of fellow travelers, including a goblin, a ghost, and other magical and non-magical companions. But the road they traverse together is fraught with terrible trials that would test even the most devout, for the Evil is strong in this place of dark wonders. Multiple Hugo, Nebula, and Locus Award–winner and SFWA Grand Master Clifford D. Simak moves easily from science fiction to quest fantasy in this enthralling tale of magic, peril, and discovery on an Earth that never was. Rich in color, thrills, and wild invention, and populated by a highly original and unforgettable cast of characters, Fellowship of the Talisman showcases the author's peerless storytelling skills, demonstrating once again that the great Simak had few equals in the realm of twentieth-century speculative fiction.

Original.

In *Dark Lady*, Richard North Patterson displays the mastery of setting, psychology, and story that makes him unique among writers of suspense, and one of today's most original and enthralling novelists. In *Steelton*, a struggling Midwestern city on the cusp of an economic turnaround, two prominent men are found dead within days of each other. One is Tommy Fielding, a senior officer of the company building a new baseball stadium, the city's hope for the future. The other is Jack Novak, the local drug

dealers' attorney of choice. Fielding's death with a prostitute, from an overdose of heroin, seems accidental; Novak is apparently the victim of a ritual murder. But in each case the character of the dead man seems contradicted by the particulars of his death. Coincidence or connection? The question falls to Assistant County Prosecutor Stella Marz. Despite a traumatic breach with her alcoholic and embittered father, she has risen from a working-class background to become head of the prosecutor's homicide unit. A driven woman, she is called the Dark Lady by defense lawyers for her relentless, sometimes ruthless, style: in seven years only one case has gotten away from her, and only because the defendant took his own life. She has earned every inch of both her official and her off-the-record titles, and recently she's decided to go after another: to become the first woman elected Prosecutor of Erie County. But that was before the brutal murder of her ex-lover--Jack Novak. Novak's death leads her into a labyrinth where her personal and professional lives become dangerously intertwined. There is the possibility that Novak fixed drug cases for the city's crime lord, Vincent Moro, with the help of law enforcement personnel, and perhaps with someone in Stella's own office . . . the bitter mayoral race which threatens to undermine her own ambitions . . . her attraction to a colleague who may not be what he seems . . . the lingering, complicated effects of her painful affair with Novak . . . the growing certainty that she is being watched and followed. Making her way through a maze of corruption, deceit, and greed, trusting no one, Stella comes to believe that the search for the truth involves the bleak history of Steelton itself--a history that now endangers her future, and perhaps her life. For his uncanny dialogue, subtle delineation of character, and hypnotic narrative, critics have compared Richard North Patterson to John O'Hara and Dashiell Hammett. Now, in the character of the Dark Lady, he has created a woman as fascinating as her world is haunting. *Dark Lady* is his signature work.

Orozco's stories portray, in impressionistic, and dreamy language, a childhood spent in a small town on the Argentine pampas.

Doug Stavers discovers that his possession of the Messiah Stone, a talisman with a mysterious connection to the planet Mars that gives its owner the power to induce total belief in the minds of those near him, has made him the target of every government o "Brink melds hard-boiled mystery, robot sex slaves, and a twist on Greek myth, all of which evokes *Blade Runner* and leaves you wanting more." -- *Tales of the Talisman* Magazine *A Dark Fantasy Double-Feature* *The Prince and the Darkness* combines *A Long Walk Down a Dark Alley* and *The Prince of Luster and Decay* into one bargain-priced volume. Your imagination will flicker with the atmospheric images of mobsters and monsters, all cast in black and white-and red. The mysterious powers of gems, crystals, and minerals are finally explained in this practical guide to creating talismans. Casting a modern light on the age-old practice of talismans, gemologist Henry M. Mason correlates the mystical properties of these wondrous objects with the science of gemology. Connecting with the universal life force, the proper talisman can focus and magnify your own qualities—helping you fulfill

dreams and desires. Mason's seven secrets explore how crystal structure, color, and chemistry contribute to a talisman's natural energies for aiding in attraction, protection, self-improvement, creativity, tranquility, spiritual awakening, and more. From selecting and preparing the proper mineral to empowering your talisman, this guide takes you through every step of creating and using talismans and amulets for optimum effect.

In *Dark Assemblages*, Kay Pritchett, after surveying the novelistic production of celebrated Neo-Gothic writer Pilar Pedraza (1951-), focuses on the relevance of the Spanish author's fiction to contemporary social concerns. Pedraza's Gothic stories of development reveal the power of conventional representations (fixed images) to undermine personal growth, bringing identity into line, rather, with the objectives of oppressive social structures (dark assemblages).

W.W.II was not, for Pilot Officer Tate, one story. It was departing and arriving over and over again. It was leaving old friends, gaining new ones and living through their deaths. It was losing command of ones life and becoming the creature of a cause called great and necessary. It was being good at what one does, and hoping to be lucky. It was a barrier to a past that could not be revisited, while being lured to think of a future despite the odds against having one. It was loving ones fellow warriors in ways that can never be repeated. It was, in Tates case, growing up and becoming an adult knowing only how to bomb and destroy and fly back to base in whatever way possible. And, in the end, it was feeling guilty for having survived. Robert Harlows semi-autobiographical 8th novel makes this, and more, hugely accessible.

Narrator Christopher Crow takes the reader on a dark odyssey into realms where he has been given The Dark Gift by a fallen angel; it is the ability to enter other's dreams and bring back their most private memories, filling the angel's being with other's memories, which she feeds on. Crow writes from a single room cell below ground; physically he goes nowhere, but by the viaducts of his imagination we journey with him into timeless, mythic landscapes, delving further and further until we come to that place which is the birthing place of imagination and creation. Through a series of adventures, a poor but doughty Scottish crusader known as Sir Kenneth proves his honor and discovers his destiny in Sir Walter Scott's tale of chivalry, violence, virtue, romance, and deceit.

Since the beginning of time, the demonic races have gathered every century to resolve conflicts among them and to determine the course of their future. This centennial event was called the Dark Congress. In the second century b.c., however, the Dark Congress failed to resolve their conflicts. Instead, the Congress ignited into a war that drove wedges between the various demon races from that time until now. And all of it began as a result of Kandida, the great North African river demon, being nearly killed by forces in the Congress and magically entombed in the riverbank. But now, Kandida is free, and for the first time in centuries, the Dark Congress is being called again. All demon races and other varieties of supernatural creatures have been called to gather at the Hellmouth in Providence, Rhode Island. Some gather in hopes of resolution, some in favor of war, and Kandida is tasked to broker a treaty and guide the Congress to peace, wherein everyone might simply agree to disagree. And so the demons gather under a banner of a truce. But the demons still harbor many bitter disagreements with one another. The Congress must have an arbiter of these conflicts, and that someone is Buffy Summers. Buffy is horrified and disgusted to be included. After all, she is not a demon...is she? She knows so little about her powers that she cannot say for certain where they truly spring from. How can she spend so much time wallowing in the darkness without becoming part of it? Can she possibly agree to a truce with all the horrors of the world, and allow them to come Providence without any attempt to stop them? And does she have a choice?

"Gemmell not only knows how to tell a story, he knows how to tell a story you want to hear. He does high adventure as it ought to be done."—Greg Keyes, author of The Briar King One awesome night, the sadistic, seemingly invincible Daroth vanished from the face of the earth. Gone were their cities, their armies, their reigns of terror. Not a trace of this conquering race remained. Until a thousand years later. . . . With the rising of a dark moon above the Great Northern Desert, comes a black tidal wave that sweeps across the land. Suddenly, the desert

vanishes beneath lush fields and forests and a great city glitters in the morning light. From this city reemerges the blood-hungry Daroth, powerful and immortal, immune to spear and sword. They have only one desire: to rid the world of humankind forever. Now the fate of the human race rests on the talents of three heroes: Karis, warrior-woman and strategist; Tarantio, the deadliest swordsman of the age; and Duvodas the Healer, who will learn a gruesome truth. "Gemmell's great reading; the action never lets up; he's several rungs above the good—right into the fabulous!"—Anne McCaffrey

Natale Ghent brings us an engrossing fantasy set in the near-future about the war between two worlds and a girl pitted in the battle of good and evil. Seventeen-year old Caddy is haunted by visions of global destruction. They come on like seizures, taking her to a desolate place where dispossessed souls struggle to be heard. It is one possible future--one she feels she must prevent. But in a world where food and money are scarce, and the struggle over resources between the continents is escalating toward war, Caddy has little hope. When her father goes missing, she searches for him and is abducted into a cabalistic society called The Dreamers--visionaries who "dream" to sustain the light against the dark energies that threaten to take over the planet. Caddy is shepherded into the society by a high school classmate called Poe, and through him, uncovers long-hidden truths about herself and her father. The situation darkens when Caddy learns that the dreamers are hunted and killed by an ancient order known as the Grey Men--a cult dedicated to eradicating the light to assist a demonic entity they call The Speaker. By killing the dreamers, the grey men open rifts in the light that allow The Speaker to seed evil and darkness on the earth plane with the ultimate goal of destroying the planet. Things become more complicated when Meg, a girl from Caddy's high school, who has been ushered into this other reality, clashes with Caddy to suppress the forces of light and to try to win back Poe's heart. As she falls deeper and deeper into the world of the dreamers, Caddy discovers layers of deceit and treachery realizes it's up to her to find a way to overcome the dark and prevent the light from being extinguished forever. . .
