

A Thread In The Tangle Legends Of Fyrsta 1 Sabrina Flynn

Here in this third complete-in-itself novel of the Incarnations of Immortality, Piers Anthony weaves a fascinating plot as tangled as any skein of fate. This is Anthony at his most ingenious, with another gripping fantasy of the struggle of the incarnations against the machinations of Satan. When the man Niobe loved was shot, she learned that she had been the target, in a devious plot of the Devil's. Hoping for revenge. Niobe accepted a position as one of the three Aspects of Fate, only to find that Satan's plots were tangled into the very Tapestry of Fate. Now the Evil One was laying a trap to ruin Niobe's granddaughter Luna, who threatened his plans—and he had tricked her son into Hell. Niobe's only chance to save her son and Luna was to accept a challenge by the Prince of Deceit—a challenge to be decided in Hell and in a maze of Satan's devising!

Marginalized by the scientific age the lessons of the senses have been overtaken by the dominance of language and the information revolution. With *The Five Senses* Serres traces a topology of human perception, writing against the Cartesian tradition and in praise of empiricism, he demonstrates repeatedly, and lyrically, the sterility of systems of knowledge divorced from bodily experience. The fragile empirical world, long resistant to our attempts to contain and catalog it, is disappearing beneath the relentless accumulations of late capitalist society and information technology. Data has replaced sensory pleasure, we are less interested in the taste of a fine wine than in the description on the bottle's label. What are we, and what do we really know, when we have forgotten that our senses can describe a taste more accurately than language ever could? The book won the inaugural Prix Médicis Essai in 1985. The Revelations edition includes an introduction by Steven Connor.

The fourth book in the “outstanding” (Romantic Times) Elemental Assassin fantasy series featuring Gin Blaco, who by day is a waitress at a Tennessee BBQ joint, and by night is a tough female assassin. I'd rather face a dozen lethal assassins any night than deal with something as tricky, convoluted, and fragile as my feelings. But here I am. Gin Blanco, the semi-retired assassin known as the Spider. Hovering outside sexy businessman Owen Grayson's front door like a nervous teenage girl. One thing I like about Owen: he doesn't shy away from my past—or my present. And right now I have a bull's-eye on my forehead. Cold-blooded Fire elemental Mab Monroe has hired one of the smartest assassins in the business to trap me. Elektra LaFleur is skilled and efficient, with deadly electrical elemental magic as potent as my own Ice and Stone powers. Which means there's a fifty-fifty chance one of us won't survive this battle. I intend to kill LaFleur—or die trying—because Mab wants the assassin to take out my baby sister, Detective Bria Coolidge, too. The only problem is, Bria has no idea I'm her long-lost sibling . . . or that I'm the murderer she's been chasing through Ashland for weeks. And what Bria doesn't know just might get us both dead. . . .

NEW YORK TIMES BESTSELLER • USA TODAY BESTSELLER “Reader to reader, knitter to knitter: You’re going to love this book.”—Debbie Macomber For fans of Jennifer Chiaverini and Sarah Addison Allen, *The Wishing Thread* is an enchanting novel about the bonds between sisters, the indelible pull of the past, and the transformational power of love. The Van Ripper women have been the talk of Tarrytown, New York, for centuries. Some say they’re angels; some say they’re crooks. In their tumbledown “Stitchery,” not far from the stomping grounds of the legendary Headless Horseman, the Van Ripper sisters—Aubrey, Bitty, and Meggie—are said to knit people’s most ardent wishes into beautiful scarves and mittens, granting them health, success, or even a blossoming romance. But for the magic to work, sacrifices must be made—and no one knows that better than the Van Rippers. When the Stitchery matriarch, Mariah, dies, she leaves the yarn shop to her three nieces. Aubrey, shy and reliable, has dedicated her life to weaving spells for the community, though her sisters have long stayed away. Bitty, pragmatic and persistent, has always been skeptical of magic and wants her children to have a normal, nonmagical life. Meggie, restless and free-spirited, follows her own set of rules. Now, after Mariah’s death forces a reunion, the sisters must reassess the state of their lives even as they decide the fate of the Stitchery. But their relationships with one another—and their beliefs in magic—are put to the test. Will the threads hold? BONUS: This edition includes an excerpt from Lisa Van Allen’s *The Night Garden*. Praise for *The Wishing Thread* “With deft needlework, a dash of folklore, and some good old-fashioned family angst, Lisa Van Allen knits together the threads of second chances, the pleasure of giving, the complications of sisterhood, and love. There’s a bit of magic in *The Wishing Thread*, in the words and the story as well as in the yarn.”—Meg Waite Clayton, author of *The Wednesday Sisters* “Rich in myth and mystery, *The Wishing Thread* explores the tangle that is being a woman—from family and friendship to romance and community. Prepare to be ensnared, enthralled, enchanted!”—USA Today bestselling author Christie Ridgway “*The Wishing Thread* is a lyrical, emotional, finely knit portrayal of three sisters struggling with love, magic and sacrifice. This is the best book I’ve read all year.”—Lisa Verge Higgins, author of *The Proper Care and Maintenance of Friendship* “An intriguing story of three sisters tied by blood and a strange inheritance, each searching for a way to belong in that place where magic and life intersect. Wonderful!”—Shelley Noble, author of *Beach Colors* “Van Allen knits together this pleasantly entertaining tale as easily as the Van Ripper women knit together the often unraveling threads of people’s lives. . . . Chick-lit cozy meets magical realism with inevitably warm and fuzzy results.”—Booklist “Fans of magical realism will want to pick up this enjoyable novel, which not only weaves magic through stitchery, but also weaves a realistic story about family and sisterhood and the threads that pull us back home.”—RT Book Reviews Includes an exclusive conversation between Sarah Addison Allen and Lisa Van Allen. It was in Cetinje in August, 1900, that I first picked up a thread of the Balkan tangle, little thinking how deeply enmeshed I should later become, and still less how this tangle would ultimately affect the whole world. Chance, or the Fates, took me Near Eastward. Completely exhausted by constant attendance on an invalid relative, the future stretched before me as endless years of grey monotony, and escape seemed hopeless. The doctor who insisted upon my having two months' holiday every year was kinder than he knew. "Take them in quite a new place," he said. "Get right away no matter where, so long as the change is complete."

Artists Helen Billingham and Phil Smith offer a handbook for exploration, embodiment and art making in strange times. Uncovering a tattoo in the landscape, they describe the secrets of 'web-walking' and a journey of remarkable encounters.

The word kanuna is an ancient term and is in use today. It is pronounced "'kah-hoo-nah'" and meant "'keeper of the secret.'" The word for their secret lore was never found. The role of secrecy had been so strong and so well kept that it may never have been given a name... The name we used, for this reason, was Huna (pronounced "'hoo-nah'"), which means "'secret.'" Enough basic information will be incorporated in this book to give a working picture of the system of beliefs and practices upon which experimental work has been based. Interspersed with the instructions will be found explanations of the sources of conclusions, of symbols, words, and word-roots familiar to Huna, but which we also found in other religions, mainly Christianity. These will tend to show that the meanings ascribed to Huna are well founded. Huna is compatible with other systems. It interferes with none of them, but makes possible a greater understanding of the old truths. (From the Introduction) Get Your Copy Today!

A long-overdue reassessment of one of the most important and influential woman artists working at midcentury Anni Albers (1899–1994) was a German textile designer, weaver, and printmaker, and among the leading pioneers of 20th-century modernism. Although she has heavily influenced generations of artists and designers, her contribution to modernist art history has been comparatively overlooked, especially in relation to that of her husband, Josef. In this groundbreaking and beautifully illustrated volume, Albers's most important works are examined to fully explore and redefine her contribution to 20th-century art and design and highlight her significance as an artist in her own right. Featured works—from her early activity at the Bauhaus as well as from her time at Black Mountain College, and spanning her entire fruitful career—include wall hangings, designs for commercial use, drawings and studies, jewelry, and prints. Essays by international experts focus on key works and themes, relate aspects of Albers's practice to her seminal texts *On Designing* and *On Weaving*, and identify broader contextual material, including examples of the Andean textiles that Albers collected and in which she found inspiration for her understanding of woven thread as a form of language. Illuminating Albers's skill as a weaver, her material awareness, and her deep understanding of art and design, this publication celebrates an artist of enormous importance and showcases the timeless nature of her creativity.
