A Very Short Fairly Interesting And Reasonably Cheap Book About Studying Organizations Ebooks About A Very Sh

There is a distinct hint of Armageddon in the air. According to The Nice and Accurate Prophecies of Agnes Nutter, Witch (recorded, thankfully, in 1655, before she blew up her entire village and all its inhabitants, who had gathered to watch her burn), the world will end on a Saturday. Next Saturday, in fact. So the armies of Good and Evil are amassing, the Four Bikers of the Apocalypse are revving up their mighty hogs and hitting the road, and the world's last two remaining witch-finders are getting ready to fight the good fight, armed with awkwardly antiquated instructions and stick pins. Atlantis is rising, frogs are falling, tempers are flaring. . . . Right. Everything appears to be going according to Divine Plan. Except that a somewhat fussy angel and a fast-living demon -- each of whom has lived among Earth's mortals for many millennia and has grown rather fond of the lifestyle -- are not particularly looking forward to the coming Rapture. If Crowley and Aziraphale are going to stop it from happening, they've got to find and kill the Antichrist (which is a shame, as he's a really nice kid). There's just one glitch: someone seems to have misplaced him. . . . First published in 1990, Neil Gaiman and Terry Pratchett's brilliantly dark and screamingly funny take on humankind's final

judgment is back -- and just in time -- in a new hardcover edition (which includes an introduction by the authors, comments by each about the other, and answers to some still-burning questions about their wildly popular collaborative effort) that the devout and the damned alike will surely cherish until the end of all things.

This book is your comprehensive guide to key leadership theories, topics and trends. It goes beyond the basics to explore contemporary issues such as power and politics, authenticity, followership, toxicity, language, identity, ethics and sustainability, enabling you to gain a deep, holistic understanding of the field. Updated throughout with new examples, Critical Thinking boxes and further reading suggestions, the third edition of *Studying Leadership: Traditional and Critical Approaches* is the ideal accompaniment to leadership courses across a range of subject areas, including Business & Management, Health and Education. Lecturers can access a range of useful resources, including an instructor's manual, selected SAGE Business Cases and videos, PowerPoint slides and a testbank, via the companion website. Doris Schedlitzki is Professor in Organisational Leadership at Guildhall School of Business and Law, London Metropolitan University. Gareth Edwards is Professor of Leadership and Community Studies at Bristol Business School, University of the West of England.

The *Essence of Managing* Henry Mintzberg appreciates that managers are busy people. So he has taken his classic book *Managing*, done some updating, and distilled its essence into a lean 176 pages of text. The essence of the book remains the same:

Read Free A Very Short Fairly Interesting And Reasonably Cheap Book About Studying Organizations Ebooks About A Very Sh

what Mintzberg learned from observing twenty-nine managers in settings ranging from a refugee camp to a symphony orchestra. Simply Managing considers the intense dynamics of this job as well as its inescapable conundrums, for example: • How is anyone supposed to think, let alone think ahead, in this frenetic job? • Are leaders really more important than managers? • Where has all the judgment gone? • Is email destroying management practice? • How can managers connect when their job disconnects them from what they are managing? If you read only one book about managing, this should be it!

Conceived by Chris Grey, the Very Short, Fairly Interesting and Reasonably Cheap series offers an antidote to conventional textbooks. Each book takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. Looking beyond the usual colonial narrative of the subject, Amanda Earley encourages the reader to think reflectively and critically about overlooked aspects of International Marketing such as power relations, history, ethics, culture and politics. Examples are provided throughout with coverage of student-friendly brands such as Apple, Facebook and Google and their role in international marketing practices today. The author draws on history and the colonial era as well as illustrating the failure of American brands to break into other markets. There are also gritty, thought-provoking examples around racial divides in Asia and Australia. Need another "VSFI" book? Browse the series here

Conceived by Chris Grey, SAGE's 'A Very Short, Fairly Interesting and Reasonably Cheap' series shies away from the sterility of conventional textbooks, offering students an informal and accessible overview of the field which challenges the traditional literature. A bestseller from the series, this new edition of A Very Short, Fairly Interesting and Reasonably Cheap Book about Management by internationally renowned academic Ann L. Cunliffe has been updated to reflect current research. With inclusion of more international examples and coverage of ethical management, new ways of working and recent successes and failures in leadership in relation to the Covid pandemic, this book will stretch, surprise and reward business and management students at undergraduate, postgraduate and MBA levels.

This book re-examines management theory 'after Globalization'. Combining key names and studies from across the world, it explores the local realities that resist universal theories and that permeate the daily lives of practising managers. The book provides a comprehensive and critical reflection on the widely documented phenomenon of globalization in business. It assesses the implications of the diversity of individual economies and enterprises for general theories of management and concludes by presenting new approaches to the study and research of management and organizations.

Conceived by Chris Grey as an antidote to conventional textbooks, each book in the 'Very Short, Fairly Interesting and Reasonably Cheap' series takes a core area of the

Read Free A Very Short Fairly Interesting And Reasonably Cheap Book About Studying Organizations Ebooks About A Very Sh

curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. The Second Edition of International Business includes recent impacts on international business such as the financial crisis, Brexit and the changing political landscape, Chinese steel prices and the Panama Papers revelations. It includes two new chapters on understanding people and organizations in International Business as well as coverage of recent international reports from Amnesty, Oxfam and the World Bank. Suitable for students of International Business, professionals working in global organizations and anyone curious about the workings of the international business world.

Electronic Inspection Copy available for instructors here Now in its Third Edition, this unique and highly esteemed text goes from strength to strength, continuing to offer: seamless coverage of the essential topics of organizational behaviour a realist's guide to management capturing the complex life of organizations (the paradoxical, emotional, insecure, self-confident, responsible, irresponsible) and delivers the key themes and debates in an accessible way interactive, instructive (and fun) learning aids and features, both in the text and on the Companion Website an attractive, easily navigable, full-colour text design a guide to further reading including hand-selected journal articles, many of which are available on the Companion Website. As well as cutting-edge content and features, the Third Edition now includes: clearer, more concise exposition

Covering all the core elements that business students need to know about the economic dimension of strategy, this text offers a fresh approach by also placing strategy in its social, political, and organizational context. Students are introduced to the links between strategic management and strategizing processes on the one hand and organizational politics and power relations on the other. The book integrates concerns about ethics and globalization, and corporate social responsibility and sustainability, to provide a provocative and critically engaged approach to understanding strategy in the post-financial crisis world.

Conceived by Chris Grey and written to get you thinking, the “Very Short, Fairly Interesting and Reasonably Cheap” series offers an informal, conversational,

Read Free A Very Short Fairly Interesting And Reasonably Cheap Book About Studying Organizations Ebooks About A Very Sh

accessible yet sophisticated and critical overview of what you find in conventional textbooks. Studying Marketing is packed full of lively debate and funny anecdotes covering topics marketing students are familiar with, such as key thinkers and concepts, and some they are not. It looks at areas most textbooks ignore, such as the development of marketing as a discipline and as an academic subject, and raises arguments that students haven't heard about in their lectures. Suitable for Marketing students at Undergraduate and Postgraduate level. Along with professionals involved in marketing and anyone interested in how marketing works.

In this fabulous little book, David Silverman lays bare what he considers to be good and bad qualitative research and gets readers thinking about how they can come to understand the world and each other better through qualitative methods.

Written in a lively, conversational style, Knowledge Management looks at the nature of knowledge, including its definition and measurement, before the main concepts and theoretical contributions to knowledge management are reviewed and challenged, providing fresh insights into the central debates. Conceived by Chris Grey as an antidote to conventional textbooks, each book in the 'Very Short, Fairly Interesting and Reasonably Cheap' series takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. Suitable for students of Business and Management courses at Undergraduate and Postgraduate level and anyone

overview of the subject. It offers students a fresh way of thinking about crime, giving them an opportunity to develop their understanding and to hone their critical skills. Suitable for Undergraduate and Postgraduate students of Criminology and anybody interested in the field of Criminological studies.

Trafficking of persons is a modern-day form of slavery, threatening the dignity and security of millions of people throughout the world. Virtually every country in the world and every state of India is affected by this crime as a place of origin, transit or destination for victims. This book is an attempt to discuss various issues of human trafficking, including perspectives of various stakeholders. The book argues that crime cannot be dealt with only by applying piecemeal tactics. Instead, it will require an organised professional, multi-disciplinary and multi-agency approach, calling for concerted, collaborative and participatory efforts of all stakeholders. All the essays included in this book are original works delving deeply into various forms of human trafficking. They are organised into different themes such as sexual exploitation, child trafficking, trafficking outside India, legal aspects, state experiences and case studies. The Second Edition of Studying Leadership guides the reader through the cacophony of competing perspectives and models of leadership; now updated with expanded discussion of hot topics like followership, gender, ethics, authenticity and leadership and the arts, set against the backdrop of the global financial crisis. Conceived by Chris Grey as an antidote to conventional textbooks, each book in the 'Very Short, Fairly

This carefully crafted ebook: "Winesburg, Ohio (A Group of Tales of Ohio Small-Town Life)" is formatted for your eReader with a functional and detailed table of contents. This ebook is a series of loosely linked short stories set in the fictional town of Winesburg, mostly written from late 1915 to early 1916. The stories are held together by George Willard, a resident to whom the community confide their personal stories and struggles. The townspeople are withdrawn and emotionally repressed and attempt in telling their stories to gain some sense of meaning and dignity in an otherwise desperate life. The work has received high critical acclaim and is considered one of the great American works of the 20th century. Sherwood Anderson (1876 – 1941) was an American novelist and short story writer, known for subjective and self-revealing works. Anderson published several short story collections, novels, memoirs, books of essays, and a book of poetry. He may be most influential for his effect on the next generation of young writers, as he inspired William Faulkner, Ernest Hemingway, John Steinbeck, and Thomas Wolfe.

Debunks and uncovers a number of enduring myths about famous theorists such as Adam Smith and Abraham Maslow in an informal, conversational and often humorous way.

Written for students who want to question what they have learnt on their leadership course but are short on time, this book takes an alternative approach to the traditional textbook. It challenges the reader to think and helps him/her to get a good mark in their

Read Free A Very Short Fairly Interesting And Reasonably Cheap Book About Studying Organizations Ebooks About A Very Sh

exam.

Follows the story of Arthur Gordon Pym, who stows away on the whaling ship, *Grampus*. Unfortunately for him he finds himself stuck in an adventure that includes mutiny, butchery, and cannibalism, premature burial, a ghost ship, gigantic polar bears, and uncharted islands peopled by barbarian hordes. That'll teach him not to try and get a free ride in the future. If he has one.

Based on comprehensive research into strategic planning literature and its military antecedents, the successor to *The Rise and Fall of Strategic Planning* offers a penetrating analysis of the ten dominant schools of strategic thought. Reprint. 15,000 first printing. Writing in an informal and accessible style, David Silverman offers the reader an entry into the broader issues of qualitative research that many textbooks gloss over - the underlying arguments of qualitative research and the key debates about its future direction.

Selected as an Outstanding Academic Title by *Choice Magazine*, January 2010 Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. In *International Business*, the authors challenge the principles of business in the context of trading blocs, protectionism, and restricted trade; the effects of international governing bodies like the WTO, the IMF and the World Bank; looking at this very big and interesting field with humour and insightfulness. Ideal for Undergraduate students in Business and Management, this text will also appeal to anyone interested in the fast-paced world of International Business.

“Oliver Sacks meets Stephen King”* in this propulsive, haunting journey into the life of the most studied human research subject of all time, the amnesic known as Patient H.M. For readers of *The Immortal Life of Henrietta Lacks* comes a story that has much to teach us about our relentless pursuit of knowledge. Winner of the PEN/E.O. Wilson Literary Science Writing Award • Los Angeles Times Book Prize Winner NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • New York Post • NPR • The Economist • New York • Wired • Kirkus Reviews • BookPage In 1953, a twenty-seven-year-old factory worker named Henry Molaison—who suffered from severe epilepsy—received a radical new version of the then-common lobotomy, targeting the most mysterious structures in the brain. The operation failed to eliminate Henry’s seizures, but it did have an unintended effect: Henry was left profoundly amnesic, unable to create long-term memories. Over the next sixty years, Patient H.M., as Henry was known, became the most studied individual in the history of neuroscience, a human guinea pig who would teach us much of what we know about memory today. Patient H.M. is, at times, a deeply personal journey. Dittrich’s grandfather was the brilliant, morally complex surgeon who operated on Molaison—and thousands of other patients. The author’s investigation into the dark roots of modern memory science ultimately forces him to confront unsettling secrets in his own family history, and to reveal the tragedy that fueled his grandfather’s relentless experimentation—experimentation that would revolutionize our understanding of ourselves. Dittrich uses the case of Patient H.M. as a starting point for a kaleidoscopic journey, one that moves from the first recorded brain surgeries in ancient Egypt to the cutting-edge laboratories of MIT. He takes readers inside the old asylums and operating theaters where psychosurgeons, as they called themselves, conducted their human

Read Free A Very Short Fairly Interesting And Reasonably Cheap Book About Studying Organizations Ebooks About A Very Sh

experiments, and behind the scenes of a bitter custody battle over the ownership of the most important brain in the world. Patient H.M. combines the best of biography, memoir, and science journalism to create a haunting, endlessly fascinating story, one that reveals the wondrous and devastating things that can happen when hubris, ambition, and human imperfection collide. “An exciting, artful blend of family and medical history.”—The New York Times *Kirkus Reviews (starred review)

Conceived by Chris Grey and written to get you thinking, the “Very Short, Fairly Interesting and Reasonably Cheap” series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. In *Coaching and Mentoring*, the author inspires and provokes readers by asking questions such as 'Are coaching and mentoring the same?' 'Are we obsessed with skills?' and 'What is performance?' He also delves into contemporary debates such as concerns about standards, competencies and codes of ethics, interspersed with views on power, control and politics. An entertaining read for Undergraduate, Postgraduate and MBA students or anyone interested in looking for different ways of thinking about coaching and mentoring.

Conceived by Chris Grey and written to get you thinking, the “Very Short, Fairly Interesting and Reasonably Cheap” series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. In *Management Research* the authors provide a stimulating and critical overview of the key theoretical debates on research paradigms and methodologies, demystifying the process and providing invaluable insights into the politics and practice of research. Suitable for students carrying out Undergraduate and Postgraduate dissertations, MBA projects and PHD theses.

Conceived by Chris Grey and written to get you thinking, the “Very Short, Fairly Interesting and Reasonably Cheap” series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. The Second Edition of Qualitative Research provides a refreshing introduction to doing and debating qualitative research. The author uses updated content, ranging from photographs to novels and newspaper stories, to demonstrate how getting to grips with qualitative methods means asking ourselves fundamental questions about how we are influenced by contemporary culture. Suitable for Undergraduate students who are new to qualitative research and even Postgraduates and Practitioners who want re-assess their current understanding of the field.

Conceived by Chris Grey and written to get you thinking, the “Very Short, Fairly Interesting and Reasonably Cheap” series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. The Third Edition of Studying Organizations has been updated in light of the continuing financial and economic crisis. It shows how this grew out of a thirty year experiment in 'new capitalism' and links this to changes in the world of work organizations in terms of growing insecurity, inequality and to shifts in the status of management. Suitable for students of organizational studies and management, professionals working in organizations and anyone curious about the workings of organizations. Visit Chris Grey's accompanying blog and read his comments on current news stories and how they relate to themes in the book.

Bernard M. Bass has incorporated a decade of new findings on the newest theories and models of leadership; intellectual and interpersonal competence;

Read Free A Very Short Fairly Interesting And Reasonably Cheap Book About Studying Organizations Ebooks About A Very Sh

motivation; the nature of power and Machiavellianism; charismatic and transformational leadership; leadership and women, Hispanics, and Orientals; leadership succession; substitutes; culture; and the role of leadership and organizations in dealing with stress, crisis, and disaster.

In Employment Relations the authors translate years of experience, with the help of interesting vignettes, real life examples and connections with popular culture, into a critical understanding of the topic that brings the field to life. Conceived by Chris Grey as an antidote to conventional textbooks, each book in the 'Very Short, Fairly Interesting and Reasonably Cheap' series takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. An excellent supplementary text for Employment Relations and HRM students or anyone interested in a short, succinct book on the subject of Employment Relations.

Accessibly written, this text provides a picture of focus group moderation and interaction based on the study of what actually happens in high-class focus groups, and uses recent theories of interaction such as discourse and conversation analyses to throw light on the practice of moderation.

the 'Very Short, Fairly Interesting and Reasonably Cheap' series takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. Written in a lively, conversational style, Knowledge Management looks at the nature of knowledge, including its definition and measurement, before the main concepts and theoretical contributions to knowledge management are reviewed and challenged, providing fresh insights into the central debates. Suitable for students of Business and Management courses at Undergraduate and Postgraduate level and anyone interested in the concept of knowledge management.

Angrboda's story begins where most witch's tales end: with a burning. A punishment from Odin for refusing to give him knowledge of the future, the fire leaves Angrboda injured and powerless, and she flees into a remote forest. There she is found by a man Loki, and her initial distrust grows into a deep and abiding love. Their union produces three unusual children, each with a secret destiny, who she is keen to raise at the hidden from Odin's all-seeing eye. But as Angrboda slowly recovers her prophetic powers, she learns that her blissful life - and possibly all of existence - is in danger.

In Globalization, the author explores the various intermingled aspects that make

Read Free A Very Short Fairly Interesting And Reasonably Cheap Book About Studying Organizations Ebooks About A Very Sh

up the processes and controversies of globalization; he discusses the history and rise of the concept, sceptical and critical ideas about it, the debates around a global culture, and the implications of globalization for work, business, management and organizations. Conceived by Chris Grey as an antidote to conventional textbooks, each book in the 'Very Short, Fairly Interesting and Reasonably Cheap' series takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. Suitable for students of international business and anybody interested in the concept of globalization.

'Ann Cunliffe has produced a quite brilliant critical introduction to the study of management. This lucid, innovative and thought-provoking book takes a much needed look at the ethical and philosophical issues facing managers in contemporary organizations. A readable, thoughtful and intelligent book that students will love' - John Hassard, University of Manchester

Written to inform, challenge and entertain, this book explains alternative ways of thinking about management and managing people in a way that is easy to understand and enjoyable. The book covers topics that are central to management, organizational behaviour or leadership courses: what managers do, motivation,

Read Free A Very Short Fairly Interesting And Reasonably Cheap Book About Studying Organizations Ebooks About A Very Sh

communication, and ethics. Ann Cunliffe breathes fresh air into these topics, emphasizing the importance of relations when thinking about management and drawing on a range of disciplines such as philosophy and linguistics. A trusted and respected academic who has written widely on management, Ann Cunliffe's book will stretch, surprise and reward undergraduate, postgraduate and MBA students.
