

## A Very Short Fairly Interesting And Reasonably Cheap Book About Studying Organizations Free Ebooks About A Very Sh

Conceived by Chris Grey as an antidote to conventional textbooks, each book in the 'Very Short, Fairly Interesting and Reasonably Cheap' series takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. Written in a lively, conversational style, Knowledge Management looks at the nature of knowledge, including its definition and measurement, before the main concepts and theoretical contributions to knowledge management are reviewed and challenged, providing fresh insights into the central debates. Suitable for students of Business and Management courses at Undergraduate and Postgraduate level and anyone interested in the concept of knowledge management.

This book is not available as a print inspection copy. To download an e-version click here or for more information contact your local sales representative. Now in its Second Edition, Studying Leadership continues to provide a comprehensive overview of the key theories, topics, research debates and major developments in the field of leadership studies. Split into three parts, the book covers the traditional and mainstream theories on leadership; the main topics and perspectives explored in leadership research, and the recent trends in leadership studies such as gender and diversity, ethics, sustainability, language and identity. The new edition features a chapter on "Researching Leadership" and includes extended case studies to enhance learning and support students with their dissertations and research projects. The book is complemented by a companion website featuring a range of tools and resources for lecturers and students, including chapter specific multiple-choice questions, case studies, videos with critical thinking questions and discussion questions, free SAGE journal articles, PowerPoint slides and an instructor's manual. Suitable reading for students on leadership courses across a range of subjects including Business & Management, Health and Education.

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Writing in an informal and accessible style, David Silverman offers the reader an entry into the broader issues of qualitative research that many textbooks gloss over - the underlying arguments of qualitative research and the key debates about its future direction.

'If strategy is the queen of business, then this book offers us the perfect introduction to her court! It is accessible, lively, and informative. The book repays the reader with wonderful account of how strategy works. It also lets the reader in on some of the darker secrets of strategy' - André Spicer, Associate Professor of Organisation Studies, Warwick Business School Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. Studying Strategy is a welcoming, lively and thought provoking account that helps students get to grips with strategy's key issues and broad debates and introduce them to the latest ideas. Suitable for students of strategy at Undergraduate, Masters and MBA level, professionals involved in strategic decision making and anyone interested in how strategy works.

Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. Studying Marketing is packed full of lively debate and funny anecdotes covering topics marketing students are familiar with, such as key thinkers and concepts, and some they are not. It looks at areas most textbooks ignore, such as the development of marketing as a discipline and as an academic subject, and raises arguments that students haven't heard about in their lectures. Suitable for Marketing students at Undergraduate and Postgraduate level. Along with professionals involved in marketing and anyone interested in how marketing works.

Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. In Management Research the authors provide a stimulating and critical overview of the key theoretical debates on research paradigms and methodologies, demystifying the process and providing invaluable insights into the politics and practice of research. Suitable for students carrying out Undergraduate and Postgraduate dissertations, MBA projects and PHD theses.

The Essence of Managing Henry Mintzberg appreciates that managers are busy people. So he has taken his classic book Managing, done some updating, and distilled its essence into a lean 176 pages of text. The essence of the book remains the same: what Mintzberg learned from observing twenty-nine managers in settings ranging from a refugee camp to a symphony orchestra. Simply Managing considers the intense dynamics of this job as well as its inescapable conundrums, for example: • How is anyone supposed to think, let alone think ahead, in this frenetic job? • Are leaders really more important than managers? • Where has all the judgment gone? • Is email destroying management practice? • How can managers connect when their job disconnects them from what they are managing? If you read only one book about managing, this should be it!

Conceived by Chris Grey as an antidote to conventional textbooks, each book in the 'Very Short, Fairly Interesting and Reasonably Cheap' series takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. The Second Edition of International Business includes recent impacts on international business such as the financial crisis, Brexit and the changing political landscape, Chinese steel prices and the Panama Papers revelations. It includes two new chapters on understanding people and organizations in International Business as well as coverage of recent international reports from Amnesty, Oxfam and the World Bank. Suitable for students of International Business, professionals working

in global organizations and anyone curious about the workings of the international business world.

An engaging guide through the cacophony of competing perspectives and models of leadership, the new edition includes an expanded discussion of contemporary topics like followership, gender, ethics, authenticity, and leadership and the arts, set against the backdrop of the global financial crisis. Conceived by Chris Grey as an antidote to conventional textbooks, each book in the 'Very Short, Fairly Interesting and Reasonably Cheap' series takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. Suitable for students of leadership, professionals working in organizations and anyone curious about the workings of leadership.

In Globalization, the author explores the various intermingled aspects that make up the processes and controversies of globalization; he discusses the history and rise of the concept, sceptical and critical ideas about it, the debates around a global culture, and the implications of globalization for work, business, management and organizations. Conceived by Chris Grey as an antidote to conventional textbooks, each book in the 'Very Short, Fairly Interesting and Reasonably Cheap' series takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. Suitable for students of international business and anybody interested in the concept of globalization.

The first edition of this popular and acclaimed book quickly became a favourite among students for the engaging way in which it guided them through the cacophony of competing perspectives and models of leadership. This new edition includes an expanded discussion of hot topics like followership, gender, ethics, authenticity and leadership and the arts set against the backdrop of the global financial crisis. In teaching you how to critically appraise and work with leadership theories rather than faithfully accept them, this book will not merely make you a better student of leadership; it could make you a better leader too.

Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. The Third Edition of Studying Organizations has been updated in light of the continuing financial and economic crisis. It shows how this grew out of a thirty year experiment in 'new capitalism' and links this to changes in the world of work organizations in terms of growing insecurity, inequality and to shifts in the status of management. Suitable for students of organizational studies and management, professionals working in organizations and anyone curious about the workings of organizations. Visit Chris Grey's accompanying blog and read his comments on current news stories and how they relate to themes in the book.

Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. The Second Edition of Qualitative Research provides a refreshing introduction to doing and debating qualitative research. The author uses updated content, ranging from photographs to novels and newspaper stories, to demonstrate how getting to grips with qualitative methods means asking ourselves fundamental questions about how we are influenced by contemporary culture. Suitable for Undergraduate students who are new to qualitative research and even Postgraduates and Practitioners who want re-assess their current understanding of the field.

Based on the Book of Genesis, Dinah shares her perspective on religious practices and sexual politics.

The Second Edition of Cunliffe's Management covers topics that are central to management, organizational behaviour or leadership courses, with updated international content referring to current issues such as the economic crisis and unemployment. Conceived by Chris Grey as an antidote to conventional textbooks, each book in the 'Very Short, Fairly Interesting and Reasonably Cheap' series takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. Suitable for students of Business and Management at Undergraduate, Postgraduate and MBA levels and anyone intrigued by the field of Management studies. Need another VSFI book? Browse the series here

There is a distinct hint of Armageddon in the air. According to The Nice and Accurate Prophecies of Agnes Nutter, Witch (recorded, thankfully, in 1655, before she blew up her entire village and all its inhabitants, who had gathered to watch her burn), the world will end on a Saturday. Next Saturday, in fact. So the armies of Good and Evil are amassing, the Four Bikers of the Apocalypse are revving up their mighty hogs and hitting the road, and the world's last two remaining witch-finders are getting ready to fight the good fight, armed with awkwardly antiquated instructions and stick pins. Atlantis is rising, frogs are falling, tempers are flaring. . . . Right. Everything appears to be going according to Divine Plan. Except that a somewhat fussy angel and a fast-living demon -- each of whom has lived among Earth's mortals for many millennia and has grown rather fond of the lifestyle -- are not particularly looking forward to the coming Rapture. If Crowley and Aziraphale are going to stop it from happening, they've got to find and kill the Antichrist (which is a shame, as he's a really nice kid). There's just one glitch: someone seems to have misplaced him. . . . First published in 1990, Neil Gaiman and Terry Pratchett's brilliantly dark and screamingly funny take on humankind's final judgment is back -- and just in time -- in a new hardcover edition (which includes an introduction by the authors, comments by each about the other, and answers to some still-burning questions about their wildly popular collaborative effort) that the devout and the damned alike will surely cherish until the end of all things.

In Employment Relations the authors translate years of experience, with the help of interesting vignettes, real life examples and connections with popular culture, into a critical understanding of the topic that brings the field to life. Conceived by Chris Grey as an antidote to conventional textbooks, each book in the 'Very Short, Fairly Interesting and Reasonably Cheap' series takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. An excellent supplementary text for Employment Relations and HRM students or anyone interested in a short, succinct book on the subject of Employment Relations.

Debunks and uncovers a number of enduring myths about famous theorists such as Adam Smith and Abraham Maslow in an informal, conversational and often humorous way. Conceived by Chris Grey as an antidote to conventional textbooks, each book in the 'Very Short, Fairly Interesting and Reasonably Cheap' series takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. In this fabulous little book, David Silverman lays bare what he considers to be good and bad qualitative research and gets readers thinking about how they can come to understand the world and each other better through qualitative methods.

Ann Cunliffe has produced a quite brilliant critical introduction to the study of management. This lucid, innovative and thought-provoking book takes a much needed look at the ethical and philosophical issues facing managers in contemporary organizations. A readable, thoughtful and intelligent book that students will love' - John Hassard, University of Manchester Written to inform, challenge and entertain, this book explains alternative ways of thinking about management and managing people in a way that is easy to understand and enjoyable. The book covers topics that are central to management, organizational behaviour or leadership courses: what managers do, motivation, communication, and ethics. Ann Cunliffe breathes fresh air into these topics, emphasizing the importance of relations when thinking about management and drawing on a range of disciplines such as philosophy and linguistics. A trusted and respected academic who has written widely on management, Ann Cunliffe's book will stretch, surprise and reward undergraduate, postgraduate and MBA students.

Concise, practical, and based on the best available research, *Essentials of Organizational Behavior: An Evidence-Based Approach, Second Edition* equips students with the necessary skills to become effective leaders and managers. Author Terri A. Scandura uses an evidence-based approach to introduce students to new models proven to enhance the well-being, motivation, and productivity of people in the work place. Experiential exercises, self-assessments, and a variety of real-world cases and examples provide students with ample opportunity to apply OB concepts and hone their critical thinking abilities. New to this Edition A new Emotions and Moods chapter delves into important topics like emotional intelligence, emotional contagion, and affective neuroscience. A new Power and Politics chapter unpacks the most effective influence strategies and helps students develop their political skills. A streamlined table of contents now combines perception and decision making in a single chapter and change and stress in a single chapter. New case studies, including some from SAGE Business Cases for the Interactive eBook, on topics such as virtual teams, equal pay and the gender wage gap, and the use of apps at work introduce timely and relevant discussions to help foster student engagement. The new edition has been rigorously updated with the latest research throughout and includes expanded coverage of Machiavellian leadership, ethical decision making, and organizational design through change. New Best Practices and Research in Action boxes as well as new Toolkit Activities and Self-Assessments have been added to make the text even more hands-on and practical.

A Very Short, Fairly Interesting and Reasonably Cheap Book About Studying Organizations SAGE

Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. In *Coaching and Mentoring*, the author inspires and provokes readers by asking questions such as 'Are coaching and mentoring the same?' 'Are we obsessed with skills?' and 'What is performance?' He also delves into contemporary debates such as concerns about standards, competencies and codes of ethics, interspersed with views on power, control and politics. An entertaining read for Undergraduate, Postgraduate and MBA students or anyone interested in looking for different ways of thinking about coaching and mentoring.

"This book looks at the unique characteristics of cultural organizations and shows readers how to tailor a strategic plan to help these organizations meet their objectives. Including examples, cases, questions and suggestions for further reading, this book is designed to accompany classes on strategic planning, cultural management or arts management"--

This book presents a solid, research-based conceptual framework that demystifies organizational learning and bridges the gap between theory and practice. Using an integrative approach, authors Raanan Lipshitz, Victor Friedman and Micha Popper provide practitioners and researchers with tools for understanding organizational learning under real-world conditions.

Written from a global and critical perspective with a diverse range of cases and examples throughout, this is an inspiring read for developing leaders operating within global and multicultural work settings. 'Power' is taken as central theme for this book, opening up discussion about issues that are often neglected in leadership texts i.e. fairness, equity, justice, resistance, conflict, emancipation, oppression, rationality, politics, globalization, the natural environment, and knowledge. New to this edition: A new prologue: 'An Unconventional History of Leadership Studies' A new epilogue on 'Embodied Leadership, Ethics, and its Affects' written by David Knights, one of the authors of *Embodied Research Methods* (pub April 2019) 3 new topical integrative case studies, based on current events: Jacinda Ardern's pregnancy when PM; #MeToo; and Suma Foods co-operative Updated research and pedagogical features throughout, including the 'Leadership on Screen' feature The book is complemented by a range of online resources including PowerPoint slides, videos of the book's authors providing an overview of the chapter and discussing why the topic is important, access to journal articles discussed in the book, and links to additional relevant material.

Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. In *Studying Criminology*, the author explores the interplay between philosophical and criminological theories to provide a stimulating and insightful overview of the subject. It offers students a fresh way of thinking about crime, giving them an opportunity to develop their understanding and to hone their critical skills. Suitable for Undergraduate and Postgraduate students of Criminology and anybody interested in the field of Criminological studies.

The Second Edition of *Studying Leadership* guides the reader through the cacophony of competing perspectives and models of leadership; now updated with expanded discussion of hot topics like followership, gender, ethics, authenticity and leadership and the arts, set against the backdrop of the global financial crisis. Conceived by Chris Grey as an antidote to conventional textbooks, each book in the 'Very Short, Fairly Interesting and Reasonably Cheap' series takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. Suitable for students, researchers and practitioners studying leadership across all disciplines.

'Erudite and accessible, McCann demonstrates how the national gets reconfigured around the global without losing some of its unique features. Far from being a one-size-fits-all Anglo-American template, neoliberalism comes in many different hues and variations. This is by far the best textbook in the field and is destined to become a classic for years to come.' Manfred B. Steger, Professor of Political Science at the University of Hawai'i-Manoa, Honolulu, Hawai'i, USA 'A sweeping examination of systems of capitalism in theory and in the world's major

industrial economies leads Leo McCann to challenge the conventional wisdom on globalization. Historical analysis of the evolution of business systems and detailed examination of present practice demonstrate persuasively that, despite facing common challenges, distinctive national differences remain salient. A must read for anyone who needs to understand how business systems operate in an increasingly interdependent world economy.' - Dr Eileen Appelbaum, Senior Economist, Center for Economic and Policy Research, Washington, DC, USA Globalization has profound effects on national economies even as distinct national 'models' of capitalism remain. International and Comparative Business accessibly tracks the historical and socio-political contexts of the world's major countries on a chapter-by-chapter basis to the present day. The book provides a comprehensive, critical, yet concise introduction to each of the economies' key features, including macro overviews as well as organizational and workplace-level analysis. Each chapter features learning objectives, in-depth interpretation and critique of key literature, and annotated further reading to allow readers to rigorously navigate their way through the wealth of material available for each country. This text is essential reading for students and researchers in the areas of international business and cross-cultural management, comparative political economy, and history. Leo McCann is Senior Lecturer in International and Comparative Management at Manchester Business School, University of Manchester, UK

Most of us recognize that organizations are everywhere. You meet them on every street corner in the form of families and shops, study in them, work for them, buy from them, pay taxes to them. But have you given much thought to where they came from, what they are today, and what they might become in the future? How and why do they have so much influence over us, and what influences them? How do they contribute to and detract from the meaningfulness of lives, and how might we improve them so they better serve our needs and desires? This Very Short Introduction addresses all of these questions and considers many more. Mary Jo Hatch introduces the concept of organizations by presenting definitions and ideas drawn from a variety of subject areas including the physical sciences, economics, sociology, psychology, anthropology, literature, and the visual and performing arts. Drawing on examples from prehistory and everyday life, from the animal kingdom as well as from business, government, and other formal organizations, Hatch provides a lively and thought provoking introduction to the process of organization. ABOUT THE SERIES: The Very Short Introduction series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Selected as an Outstanding Academic Title by Choice Magazine, January 2010 Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. In International Business, the authors challenge the principles of business in the context of trading blocs, protectionism, and restricted trade; the effects of international governing bodies like the WTO, the IMF and the World Bank; looking at this very big and interesting field with humour and insightfulness. Ideal for Undergraduate students in Business and Management, this text will also appeal to anyone interested in the fast-paced world of International Business.

Bernard M. Bass has incorporated a decade of new findings on the newest theories and models of leadership; intellectual and interpersonal competence; motivation; the nature of power and Machiavellianism; charismatic and transformational leadership; leadership and women, Hispanics, and Orientals; leadership succession; substitutes; culture; and the role of leadership and organizations in dealing with stress, crisis, and disaster.

Covering all the core elements that business students need to know about the economic dimension of strategy, this text offers a fresh approach by also placing strategy in its social, political, and organizational context. Students are introduced to the links between strategic management and strategizing processes on the one hand and organizational politics and power relations on the other. The book integrates concerns about ethics and globalization, and corporate social responsibility and sustainability, to provide a provocative and critically engaged approach to understanding strategy in the post-financial crisis world.

Conceived by Chris Grey, the Very Short, Fairly Interesting and Reasonably Cheap series offers an antidote to conventional textbooks. Each book takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way.

Looking beyond the usual colonial narrative of the subject, Amanda Earley encourages the reader to think reflectively and critically about overlooked aspects of International Marketing such as power relations, history, ethics, culture and politics. Examples are provided throughout with coverage of student-friendly brands such as Apple, Facebook and Google and their role in international marketing practices today. The author draws on history and the colonial era as well as illustrating the failure of American brands to break into other markets. There are also gritty, thought-provoking examples around racial divides in Asia and Australia. Need another "VSFI" book? Browse the series here

Electronic Inspection Copy available for instructors here Now in its Third Edition, this unique and highly esteemed text goes from strength to strength, continuing to offer: seamless coverage of the essential topics of organizational behaviour a realist's guide to management capturing the complex life of organizations (the paradoxical, emotional, insecure, self-confident, responsible, irresponsible) and delivers the key themes and debates in an accessible way interactive, instructive (and fun) learning aids and features, both in the text and on the Companion Website an attractive, easily navigable, full-colour text design a guide to further reading including hand-selected journal articles, many of which are available on the Companion Website. As well as cutting-edge content and features, the Third Edition now includes: clearer, more concise exposition of all you need to know about organizations expanded coverage of public-sector, informal and non-profit organizations additional discussion of international cultures revised case studies to cater for readers across the world at all levels of knowledge and experience a revisited Companion Website with longer case studies.
