Chinese Whiskers by Pallavi Aiyar is a charming fable set against the landscape of contemporary Beijing, seen through the eyes of two cats. Soyabean is a middle class cat looked after by a grandmother who embodies traditional Chinese morality. Tofu is born to a stray cat mother in a backyard dustbin. They are brought together when they are adopted by foreigners, who live in a traditional style courtyard house in Beijing's traditional hutong neighborhoods. Then Soyabean is offered a job as a model for a

new brand of cat food while at the same time a mysterious virus is sickening people across the city. Cats are blamed for it and are being rounded up, and Soyabean and Tofu's idyllic lives as pampered pets come to an abrupt end. Interweaving real episodes in recent Chinese history such as the Olympic Games, the SARS virus, and tainted pet-food scandals with a richly imagined world, this heartwarming story of cats and humans does what W. Bruce Cameron's *A Dog's Purpose* did for canines. It will make you laugh and tear up, while showing the battles fought between the corruption of modern living and the ideals of traditional life.

In 1888, a US Navy sailor begins writing letters to his niece. The letters tell her where he is and what ventures he has gotten himself into. His sailor letters are retrospective, written after things happen. He also must tell her how he got to the place in time he started writing. He is educated for the time, trained as a naval navigator, lighthouse repairman, and watch repairman. His language is as he would speak to his fellow crew—clipped, as sailors use few G sounds, and an apostrophe is used to indicate the word is shortened, as they do. He is honest and kind. He is well trained in sword fighting. His enlistment contract is not the standard form. His mother's attorney wrote it. The fleet admiral approved it as he had served with the sailor's uncle. His uncle was a noted ship navigator, shipmaster, an author of navy lore, and now provided ocean metrological data to the naval observatory. He has carried this on. His early experiences involve train travel to San Francisco. The ship charts the then Northwest Territory and the Alaskan coast. His group verifies charts of the Missouri River. Mostly, his ship supplies food provisions to navy frigates in the

Mediterranean and the Caribbean.
