Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989.

From the #1 bestselling author of Too Much and Never Enough: A diagnosis of America's national trauma, and a way to heal. The Reckoning will examine America's national trauma, rooted in our history but dramatically exacerbated by the impact of current events and the Trump administration's corrupt and immoral policies. Our failure to acknowledge this trauma, let alone root it out, has allowed it to metastasize. Whether it manifests itself in rising levels of rage and hatred, or hopelessness and apathy, the stress of living in a country we no longer recognize has affected all of us. America is suffering from PTSD—a new leader alone cannot fix us. An enormous amount of healing must be done to rebuild our faith in leadership, and our hope for this nation. It starts with The Reckoning.

In 1929, in the blue-collar city of Portsmouth, Ohio, a company built a swimming pool the size of a football field; named Dreamland, it became the vital center of the community. Now, addiction has devastated Portsmouth, as it has hundreds of small rural towns and suburbs across America--addiction like no other the country has ever faced. How that happened is the riveting story of Dreamland. With a great reporter's narrative skill and the storytelling ability of a novelist, acclaimed journalist Sam Quinones weaves together two classic tales of capitalism run amok whose unintentional collision has been catastrophic. The unfettered prescribing of pain medications during the 1990s reached its peak in Purdue Pharma's campaign to market OxyContin, its new, expensive--extremely addictive--miracle painkiller. Meanwhile, a massive influx of black tar heroin--cheap, potent, and originating from one small county on Mexico's west coast, independent of any drug cartel--assaulted small town and mid-sized cities across the country, driven by a brilliant, almost unbeatable marketing and distribution system. Together these phenomena continue to lay waste to communities from Tennessee to Oregon, Indiana to New Mexico. Introducing a memorable cast of characters--pharma pioneers, young Mexican entrepreneurs, narcotics investigators, survivors, and parents--Quinones shows how these tales fit together. Dreamland is a revelatory account of the corrosive threat facing America and its heartland.
