Hearings before the Subcommittee on Irrigation and Reclamation of the Committee on Interior and Insular Affairs, House of Representatives, Eighty-eighth Congress, second session, on S. 1111 and H.R. 3620, bills to provide for the optimum development of the Nation's natural resources through the coordinated planning of water and related land resources, through the establishment of a Water Resources Council and river basin commissions, and by providing financial assistance to the States in order to increase State participation in such planning.

A vivid and revelatory novel based on actual events of the 1847 Oregon migration, *A Sudden Country* follows two characters of remarkable complexity and strength in a journey of survival and redemption. James MacLaren, once a resourceful and ambitious Hudson's Bay Company trader, has renounced his aspirations for a quiet family life in the Bitterroot wilderness. Yet his life is overturned in the winter of 1846, when his Nez Perce wife deserts him and his children die of smallpox. In the grip of a profound sorrow, MacLaren, whose home once spanned a continent, sets out to find his wife. But an act of secret vengeance changes his course, introducing

him to a different wife and mother: Lucy Mitchell, journeying westward with her family. Lucy, a remarried widow, careful mother, and reluctant emigrant, is drawn at once to the self-possessed MacLaren. Convinced that he is the key to her family's safe passage, she persuades her husband to employ him. As their hidden stories and obsessions unfold, and pasts and cultures collide, both Lucy and MacLaren must confront the people they have truly been, are, and may become. Alive with incident and insight, presenting with rare scope and intimacy the complex relations among nineteenth-century traders, immigrants, and Native Americans, *A Sudden Country* is, above all, a heroic and unforgettable story of love and loss, sacrifice and understanding.

Material abstracted from the *Hoosier Genealogist*. When an ancient artifact dissolves in the hands of a man calling himself Mr. Veilleur, he knows something has gone wrong...terribly, cosmically wrong. Dr. Roderick Hanley, Nobel Prize-winning geneticist, dies in a plane crash. His last words: "The boy! They'll find out about the boy! He'll find out about himself!" When Jim Stevens, an orphan and struggling writer, learns that he is the sole heir to the Hanley estate, he is sure he has at last found his biological father. But he's only half right. The true nature of his inheritance—and the truth about his conception—will crush him. In New York City a group

of Charismatics has been drawn together—without invitation, simply showing up at a Murray Hill brownstone—with a sense of great purpose. Satan is coming, and they have been chosen to fight him. Mr. Veilleur too has been drawn to the group, but he realizes it's not Satan who is coming. Satan would be a suitable *au pair* compared to the ancient evil that is in the process of being Reborn. Tor is reissuing the third title in the Adversary Cycle, *The Touch*, in July 2009. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

An examination of the men and women of American show business who gave up their careers to do their duty during World War II shares the stories of famous entertainers, from Jimmy Stewart to Glenn Miller, and their incredible experiences.

*Twelve Years a Slave (1853)* is a memoir and slave narrative by Solomon Northup, as told to and edited by David Wilson. Northup, a black man who was born free in New York, details his kidnapping in Washington, D.C. and subsequent sale into slavery. After having been kept in bondage for 12 years in Louisiana by various masters, Northup was able to write to friends and family in New York, who were in turn able to secure his release. Northup's account provides extensive details on the slave markets in Washington, D.C. and New Orleans and describes at length cotton and sugar cultivation on major plantations in Louisiana.

In T L Swan's steamy third installment of the *Miles High Club*, Kate's hot new pen pal is a welcome distraction from her horrible boss. But nobody is as distracting as Elliot Miles...and

he knows it. My favorite hobby is infuriating Elliot Miles. Just the sight of my boss's handsome face triggers my sarcasm. God knows how he earns his Casanova reputation--if a million women want him with his personality, what the heck am I doing wrong? Disgusted with my love life, I join a dating app under a fake name. I start chatting to a man named Edgar. He's not my type and lives on the other side of the world, but we hit off a friendship, laugh and confide in each other. But lately things are getting weird at work. Elliot's being...attentive. His eyes linger a little longer than they should, and there's a heat behind them that I haven't felt before. And then, in the shock of all shocks, he tells me that my vulnerability is appealing. But when was I vulnerable? Horror dawns...Has my boss been reading my emails to Edgar? Damn it, why did I use my work email? Oh no, does he know what I really think of him? I'd rather die than ever admit it. Or, even worse: is it possible that the man I loathe in real life is the man I'm falling for online?

A paradigm-shifting diet plan that allows you to eat anything you want, as much as you want—and still strip away 20, 40, 60 pounds, or more. After conducting extensive research at the Salk Institute and the National Institute on Aging, poring over copious amounts of new research in intermittent fasting, and engaging 2,000 people for a test panel, bestselling authors David Zinczenko and Peter Moore determined that people can lose remarkable amounts of weight eating the foods they like best—as long as they eat within a set 8-hour time period. Fasting is, of course, an ancient spiritual and health practice, but it's also a way to sidestep many of the ills of the modern world—including diabetes, heart disease, and cognitive impairment. Zinczenko and Moore demonstrate how simply observing this timed-eating strategy, even just three days a

“Everybody wants to be Cary Grant. Even I want to

be Cary Grant.” —Cary Grant He is Hollywood’s most fascinating and timeless star. Although he came to personify the debonair American, Cary Grant was born Archibald Leach on January 18, 1904, in the seaport village of Bristol, England. Combining the captivating beauty of silent-screen legend Rudolph Valentino with the masculine irresistibility of Clark Gable, Grant emerged as Hollywood’s quintessential leading man. Today, “the man from dream city,” as critic Pauline Kael once described him, remains forever young, an icon of quick wit, romantic charm, and urbane sophistication, the epitome of male physical perfection. Yet beneath this idealized movie image was a conflicted man struggling to balance fame with a desire for an intensely private life separate from the “Cary Grant” persona celebrated by directors and movie studios. Exploring Grant’s troubled childhood, ambiguous sexuality, and lifelong insecurities as well as the magical amalgam of characteristics that allowed him to remain Hollywood’s favorite romantic lead for more than thirty-five years, Cary Grant is the definitive examination of every aspect of Grant’s professional and private life, and the first to reveal the man behind the movie star. Working with the most talented directors of his time, Grant starred in an astonishing seventy-two films, ranging from his groundbreaking comedic roles in such classics as

Bringing Up Baby (Howard Hawks) and The Philadelphia Story (George Cukor) to the darker, unforgettable characters of Alfred Hitchcock's Suspicion and Notorious, culminating in the consummate sophisticates of An Affair to Remember (Leo McCarey), North by Northwest (Hitchcock), and Charade (Stanley Donen). The camera loved Grant, and his magnetism helped illuminate his leading ladies, some of the most glamorous women ever to grace the silver screen: Mae West, Irene Dunne, Katharine Hepburn, Ingrid Bergman, Grace Kelly, and Sophia Loren, among others. Yet, because of his pioneering role as an independent player, Grant was repeatedly denied the Oscar he coveted—a snub from the Academy that would last until 1970, when he graciously accepted a special lifetime achievement award. Grant's sparkling image on-screen hid a tumultuous personal life that he tried desperately to keep out of the public eye, including his controversial eleven-year relationship with Randolph Scott, five marriages, and numerous affairs. Rigorously researched and elegantly written, Cary Grant: A Biography is a complete, nuanced portrait of the greatest Hollywood star in cinema history.

Jane Fonda's visit to Hanoi in July 1972 and her pro-North Vietnamese, anti-American conduct, especially her pose with an anti-aircraft gun used to shoot down American planes and her propaganda

broadcasts directed toward American troops, angered many Americans. In their eyes, she was guilty of treason, but she was never charged by the American legal system. Instead, she has made millions, been the recipient of countless awards, and remained an honored American icon. This work investigates Fonda's activities in North Vietnam and argues that she could have been indicted for treason, that there would have been enough evidence to take the case to a jury, that she could have been convicted, and that a conviction probably would have been upheld on appeal. It also considers Fonda's early life and the effect it had on her behavior and beliefs in her later years, her audience of American POWs who were forced by the Vietnamese to listen to her broadcasts condemning them as war criminals, her arrival in Vietnam and how it was viewed by American servicemen and civilians, the crime of treason throughout history, and the only Congressional inquiry into her actions, which resulted in the government's decision to take no legal action against her. Texts of Fonda's radio broadcasts to American servicemen comprise the appendix.

One of the most acclaimed books of our time—the definitive Vietnam War exposé and the winner of the Pulitzer Prize and the National Book Award. When he came to Vietnam in 1962, Lieutenant Colonel John Paul Vann was the one clear-sighted participant in an

enterprise riddled with arrogance and self-deception, a charismatic soldier who put his life and career on the line in an attempt to convince his superiors that the war should be fought another way. By the time he died in 1972, Vann had embraced the follies he once decried. He died believing that the war had been won. In this magisterial book, a monument of history and biography that was awarded the National Book Award and the Pulitzer Prize for Nonfiction, a renowned journalist tells the story of John Vann—"the one irreplaceable American in Vietnam"—and of the tragedy that destroyed a country and squandered so much of America's young manhood and resources.

clung to the mahogany banister as he inched down the staircase of his comfortable Richmond, Virginia, home. Doubled over in agony, he stumbled to the kitchen in search of help. There he found his maid, Lydia Broadnax, and his young protege, Michael Brown, who were also writhing in distress. Hours later, when help arrived, Wythe was quick to tell anyone who would listen, "I am murdered." Over the next two weeks, as Wythe suffered a long and painful death, insults would be added to his mortal injury. *I Am Murdered* tells the bizarre true story of Wythe's death and the subsequent trial of his grandnephew and namesake, George Wythe Sweeney, for the crime unquestionably the most sensational and talked-about court case of the era. Hinging on hit-and-miss forensics, the unreliability of medical autopsies, the prevalence of poisoning, race relations, slavery, and the law, Sweeney's trial serves as a window into early nineteenth-century America. Its particular focus is on Richmond, part elegant state capital and part chaotic boomtown riddled with vice, opportunism, and crime. As Wythe lay dying, his doctors insisted that he had not been poisoned, and Sweeney had the nerve to beg him for bail money. In *I Am Murdered*, this signer of the Declaration of Independence, mentor to Thomas Jefferson, and "Father of American Jurisprudence" finally gets the justice he deserved."

"Grips you by the throat from beginning to end."—Cleveland Plain Dealer *ALONE WITH HER NEW HUSBAND* on a tiny Pacific atoll, a young woman, combing the beach, finds an odd aluminum container washed up out of the lagoon, and beside it on the sand something glitters: a gold tooth in a scorched human skull. The investigation that follows uncovers an extraordinarily complex and puzzling true-crime story. Only Vincent Bugliosi, who recounted his successful prosecution of mass murderer Charles Manson in the bestseller *Helter Skelter*, was able to draw together the hundreds of conflicting details of the mystery and reconstruct what really happened when four people found hell in a tropical paradise. *And the Sea Will Tell* reconstructs the events and subsequent trial of a riveting true murder mystery, and probes into the dark heart of a serpentine scenario of death.
