like most people, you don't listen as often or as well as you'd like. There's no one better qualified than a talented journalist to introduce you to the right mindset and skillset—and this book does it with science and humor." -Adam Grant, #1 New York Times bestselling author of *Originals* and *Give and Take* **Hand picked by Malcolm Gladwell, Adam Grant, Susan Cain, and Daniel Pink for Next Big Ideas Club** "An essential book for our times." -Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone* At work, we're taught to lead the conversation. On social media, we shape our personal narratives. At parties, we talk over one another. So do our politicians. We're not listening. And no one is listening to us. Despite living in a world where technology allows constant digital communication and opportunities to connect, it seems no one is really listening or even knows how. And it's making us lonelier, more isolated, and less tolerant than ever before. A listener by trade, New York Times contributor Kate Murphy wanted to know how we got here. In this always illuminating and often humorous deep dive, Murphy explains why we're not listening, what it's doing to us, and how we can reverse the trend. She makes accessible the psychology, neuroscience, and sociology of listening while also introducing us to some of the best listeners out there (including a CIA agent, focus group moderator, bartender, radio producer, and top furniture salesman). Equal parts cultural observation, scientific exploration, and rousing call to action that's full of practical advice, *You're Not Listening* is to listening what Susan Cain's *Quiet* was to introversion. It's time to stop talking and start listening.

"Playing a role-playing game is a delicate dance. If everything runs smoothly, it feels like you and your friends are able to maneuver effortlessly through dramatic, epic, and uproariously silly scenes where everyone gets a chance to shine. And yet, other times it just doesn't come together. Combat slows to a repetitive grind, the Game Master runs out of good Non-Player Character (NPC) ideas, or after twenty-six rounds maybe even the most beautifully designed encounter just gets a bit stale. Sure, you could prep an absolute powerhouse of an all-killer-no filler role-playing session. Spend time getting fun character voices ready for every NPC. But that sounds like way too much work. This is the book you turn to for help. It's a big book of ideas designed to slot right into your existing campaign, organized into neat little tables. If you salivate at chaos magic effect tables and daydream about wild, unexpected die results, you already know

it can also be fun to throw caution to the wind and let randomness determine as much as possible. Even the most organized GMs and the tightest adventure modules benefit from a little spice!"--

This cross-disciplinary volume illuminates the history of early phonography from a transnational perspective, recovering the myriad sites, knowledge practices, identities and discourses which dynamically shaped early recording cultures. With case studies from China, Australia, the United States, Latin America, Russia, Sweden, Germany, Spain, Portugal, France, and Italy, *Phonographic Encounters* explores moments of interaction and encounter, as well as tensions, between local and global understandings of recording technologies. Drawing on an array of archival sources often previously unavailable in English, it moves beyond western-centric narratives of early phonography and beyond the strict confines of the recording industry.

Contributions from media history, musicology, popular music studies, cultural studies, area studies and the history of science and technology make this book a key and innovative resource for understanding early phonography against the backdrop of colonial and global power relations.

In *Listening to Images* Tina M. Campt explores a way of listening closely to photography, engaging with lost archives of historically dismissed photographs of black subjects taken throughout the black diaspora. Engaging with photographs through sound, Campt looks beyond what one usually sees and attunes her senses to the other affective frequencies through which these photographs register. She hears in these photos—which range from late nineteenth-century ethnographic photographs of rural African women and photographs taken in an early twentieth-century Cape Town prison to postwar passport photographs in Birmingham, England and 1960s mug shots of the Freedom Riders—a quiet intensity and quotidian practices of refusal. Originally intended to dehumanize, police, and restrict their subjects, these photographs convey the softly buzzing tension of colonialism, the low hum of resistance and subversion, and the anticipation and performance of a future that has yet to happen. Engaging with discourses of fugitivity, black futurity, and black feminist theory, Campt takes these tools of colonialism and repurposes them, hearing and sharing their moments of refusal, rupture, and imagination.

Seek to get behind the scenes to the nitty-gritty of life in the more boutique, hand-to-mouth world of the independent music industry today? A world where the handful of vinyl pressing plants that still exist on the planet are creaking at the seams to keep up with demand; a world where middle-aged bearded hipsters and sixth-formers alike can be found thumbing through the racks buying (or re-buying) those classic Talking Heads,

Can or David Bowie LPs; where copies of the new Tindersticks album on clear vinyl on City Slang are scarce; where a Nils Frahm LP is re-released by Erased Tapes a year or so on complete with a second LP of fan remixes; a world where you could fly to Europe in the time it takes to queue round the block on Record Store Day outside Rough Trade's Brick Lane shop. Part handbook for the hipster nation, part thoughtful probing of a semi-cottage industry that brings joy to millions, this is a celebration of sleeves, records, good taste, and all independent music.

What does ISIS really want? This is the definitive account of the strategy, psychology, and fundamentalism driving the Islamic State. **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY FOREIGN AFFAIRS** • “Worthy of Joseph Conrad . . . gripping, sobering and revelatory.”—Tom Holland, *New Statesman* The Islamic State inspired a wave of true believers to travel to Syria from Europe, America, and the Middle East, in numbers not seen since the Crusades. What compelled tens of thousands of men and women to leave comfortable, privileged lives to join a death cult in the desert? Steven Pinker called Graeme Wood’s analysis of this phenomenon in *The Atlantic* “fascinating, terrifying, occasionally blackly humorous.” In *The Way of the Strangers*, Wood uses character study, analysis, and original reporting to take us further into the Islamic State’s apocalyptic vision. Though the Islamic State has lost territory, it threatens to rise again, and its followers are plotting on every continent. From the streets of Cairo to the mosques of London, Wood meets with supporters, recruiters, and

scholars and asks them why they believe that killing and dying for this cause is the only path to Paradise. With a new afterword, *The Way of the Strangers* uncovers the theology and emotional appeal of this resilient group and explores its idiosyncratic, coherent approach to Islam. Just as Lawrence Wright's *The Looming Tower* explained the rise of Al Qaida, this book will shape our understanding of a new and deadlier generation of terrorists. Praise for *The Way of the Strangers* "The Way of the Strangers represents journalism at its best: vivid writing, indefatigable legwork, and fearless analysis."—Robert D. Kaplan, author of *The Return of Marco Polo's World* "Wood is a brilliant analyst and storyteller, and his firsthand reporting and language abilities make him the most reliable commentator on the Islamic State that I have read. His wit matches his intelligence ('Well-behaved Salafis seldom make history')—you don't get through any two pages in his book without a good laugh."—Peter Theroux, author of *Sandstorms: Days and Nights in Arabia* "Excruciatingly well observed and devastatingly honest . . . This is the first and only book about the Islamic State to expose, explain, and ultimately undermine its ideology with the relentless irony that comes from blending deep knowledge with hands-on experience. Wood makes it impossible not to laugh, despite the horrors."—Elisabeth Kendall, senior research fellow in Arabic and Islamic studies, University of Oxford

NATIONAL BESTSELLER WINNER OF THE BOOKER PRIZE “A must-read about modern Britain and womanhood . . . An impressive, fierce novel about the lives of black British families, their struggles, pains, laughter, longings and loves . . . Her style is passionate, razor-sharp, brimming with energy and humor. There is never a single moment of dullness in this book and the pace does not allow you to turn away from its momentum.” —Booker Prize Judges Bernardine Evaristo is the winner of the 2019 Booker Prize and the first black woman to receive this highest literary honor in the English language. *Girl, Woman, Other* is a magnificent portrayal of the intersections of identity and a moving and hopeful story of an interconnected group of Black British women that paints a vivid portrait of the state of contemporary Britain and looks back to the legacy of Britain’s colonial history in Africa and the Caribbean. The twelve central characters of this multi-voiced novel lead vastly different lives: Amma is a newly acclaimed playwright whose work often explores her Black lesbian identity; her old friend Shirley is a teacher, jaded after decades of work in London’s funding-deprived schools; Carole, one of Shirley’s former students, is a successful investment banker; Carole’s mother Bummi works as a cleaner and worries about her daughter’s lack of rootedness despite her obvious achievements. From a nonbinary social media

influencer to a 93-year-old woman living on a farm in Northern England, these unforgettable characters also intersect in shared aspects of their identities, from age to race to sexuality to class. Sparklingly witty and filled with emotion, centering voices we often see othered, and written in an innovative fast-moving form that borrows technique from poetry, *Girl, Woman, Other* is a polyphonic and richly textured social novel that shows a side of Britain we rarely see, one that reminds us of all that connects us to our neighbors, even in times when we are encouraged to be split apart.
