It focuses on the following key themes: \* Audit framework and regulation, including ethical and professional considerations \* Internal audit and how this differs from the external audit \* The external audit process, from planning through to audit fieldwork and final review \* Reporting - the audit report and other reports. The examiner-reviewed F8 Study Text includes everything you need for this paper, including detailed guidance on the exam and the pilot paper questions. The question bank includes questions in the style of the F8 paper, and each chapter contains useful exam focus points.
