Accounting Information Systems Leslie Turner, Andrea B. Weickgenannt, Mary Kay Copeland, 2020-01-02 Accounting Information Systems provides a comprehensive knowledgebase of the systems that generate, evaluate, summarize, and report accounting information. Balancing technical concepts and student comprehension, this textbook introduces only the most-necessary technology in a clear and accessible style. The text focuses on business processes and accounting and IT controls, and includes discussion of relevant aspects of ethics and corporate governance. Relatable real-world examples and abundant end-of-chapter resources reinforce Accounting Information Systems (AIS) concepts and their use in day-to-day operation. Now in its fourth edition, this popular textbook explains IT controls using the AICPA Trust Services Principles framework—a comprehensive yet easy-to-understand framework of IT controls—and allows for incorporating hands-on learning to complement theoretical concepts. A full set of pedagogical features enables students to easily comprehend the material, understand data flow diagrams and document flowcharts, discuss case studies and examples, and successfully

answer end-of-chapter questions. The book's focus on ease of use, and its straightforward presentation of business processes and related controls, make it an ideal primary text for business or accounting students in AIS courses.

Accounting Information Systems Joseph W. Wilkinson, 1989 Providing a straightforward, concise text on the essentials of accounting information systems, this student textbook emphasizes the role of the accountant as user, evaluator, and designer of accounting information systems. It stresses the typical transaction processing systems and cycles employed by a business entity and the importance of accounting control within the accounting information system. The book also includes the step-by-step procedure for analyzing, designing and implementing a computer-based accounting information system. The text is concise and provides hands-on computer assignments.
