tests that include 480 practice questions, with detailed explanations and level of difficulty provided for all questions. The practice tests will improve the student's familiarity with the ACT, providing the following:

- Familiarity with test format means time saved that can be applied to the test questions.
- Knowledge of test question styles minimizes confusion, saves time and improves accuracy.
- Practice test results show areas where the student needs additional review.

Students who practice the ACT are better prepared and have less stress during the test. Maximize your score through preparation.

how you will succeed. How is this book different? To start with, it doesn't read like a textbook. It's designed to be a replacement for prep courses. It's the most comprehensive ACT Math book available, but it's easy to read. It's full of diagrams, visuals, and has videos to go along with the material. The book is written in small self-contained topics (systems of equations, percentages, etc.). Every topic has a lesson, killer strategies, and a concentrated problem set with incredibly detailed solutions. What about strategy? Strategy is EVERYWHERE in this book. It's in every topic, in each section, and in its own chapter. What about my section management and other skills? Use the book to discover critical hacks for your preparation and section management. How do I practice? Each topic has its own set of practice problems tailored to the skills you need on test day. Treat the practice problems like a super-focused, detailed problem book. How do you target what I need? There are two ways to target what you need. There's a detailed method for breaking down your ACT score report and using it to guide your practice. Take one or more of the six pretests to identify which topics you need to see. How do I work on my math skills? This book is designed for meaningful practice. Each topic is small enough to cover quickly, and concentrated enough for it to stick. Between the examples, videos, and problem sets, you can readily learn new material or remember what you've forgotten. The

Manhattan Prep's 5 lb. Book of ACT Practice Problems is an essential resource for any student taking the ACT. Packed with over 1,800 practice problems covering all topics tested on the exam, this book helps students build fundamental skills through targeted practice. Developed by our expert instructors, the problems in this book are sensibly grouped into practice sets and mirror those found on the actual ACT in content, form, and style. Covering every topic within English, Math, Reading, Science, and Writing, the problems are accompanied by thorough explanations and provide in-depth guidance to students for review. In addition, progress trackers and topical grading sheets enable students to stay motivated and zero in on weaknesses. This fully up-to-date guide reflects both recent and upcoming enhancements to the ACT. Purchase of this book includes access to additional online resources.
