Click the "look inside" feature above to browse the Black Book and get a feel for how it approaches the ACT! The fully up-to-date ACT Prep Black Book, Second Edition gives you unique, effective ACT strategies from Mike Barrett, an ACT tutor with clients all over the globe who pay him hundreds of dollars an hour for phone tutoring. In addition to extensive and effective training on every aspect of the ACT, the ACT Prep Black Book gives you detailed, systematic, easy-to-follow walkthroughs for every question in all 3 official practice tests from the current Official ACT Prep Guide. The Black Book is a must-have in your ACT preparation, whether you need to make a perfect 36 to be competitive at an Ivy, score a 10 in each section to claim a sports scholarship, or anything in between. The Black Book works best when used with the authentic ACT questions in the "Red Book," which is the Official ACT Prep Guide, 2018, by ACT, Inc. The Black Book shows you how to beat the ACT, while the Red Book gives you real ACT questions to practice with. (The ACT Prep Black Book has no affiliation with ACT, Inc.) The Black Book and the Red Book are all you need to get your best possible ACT score. The Black Book is the ideal ACT

book for 3 major reasons: It covers every aspect of the test with advice that actually works, making it unique in the ACT prep field. It doesn't just review material from your high school classes! Instead, you'll learn to exploit design flaws in the ACT, using its own "ACT tricks" against it. The Black Book contains 600+ detailed, systematic, easy-to-follow walkthroughs for real ACT questions from the Red Book, so you know that what you're learning actually works. You'll see every question from all 3 of the Red Book's official ACT Practice Tests attacked in a way that clearly demonstrates the ideal thought process on the ACT. (You'll need your own copies of those real ACT practice tests, which you can find in the Official ACT Prep Guide, 2018, by ACT, Inc.) The Black Book is a clear, concise roadmap to the ACT. (See the selected highlights below). It explains exactly how every ACT question works, and how to beat it in the least time possible. Selected Highlights from the ACT Prep Black Book: The important differences between the ACT and a normal high school test, and how they influence every aspect of the proper approach to ACT preparation... Why every ACT question can only have one valid answer, no matter how much it might seem otherwise sometimes... How to look at ACT questions the same way ACT, Inc. does when it writes them... Why it's so important to work with real test questions from ACT, Inc....and why you shouldn't pay much attention to the official written explanations for those questions... What you're actually supposed to do when the ACT asks you about an author's attitude... The important implications of viewing time as an investment on test day... Why focusing on the wrong answers can be just as important as finding the right one...and how to do it effectively... The simple formula that allows you to crank out a top-scoring essay (that is, if you even need to take the ACT Writing test in the first place)... The special grammatical rules tested on the ACT English section-which may differ from what's commonly accepted in a high school or college classroom... The unwritten rules for every kind of ACT question... The many ways to approach an ACT Math question, and which ones are likely to work best for you... Why every real ACT Math question can potentially be answered in under 30 seconds... And much, much more than we can fit in this space...

A study guide for the mathematical portion of the ACT.

Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, *The Absolutely True Diary of a Part-Time Indian*, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.

Are your scores stuck? Are you preparing to take the ACT test for the first time and you feel lost? Forget the idea that the ACT Math is "something I can't improve on." This book is the blueprint for YOUR ACT prep success. It's got the strategies, the content, and the practice that you need exceed your goals. It's a workbook, prep course, and a math review all in one. Whether the test is tomorrow and you need a crash course or months from now and you need a review, the book will help! This step-by-step guide covers every math topic on the ACT. The book can tell you what you need to cover, what strategies to use, and how you will succeed. How is this book different? To start with, it doesn't read like a textbook. It's designed to be a replacement for prep courses. It's the most comprehensive ACT Math book available, but it's easy to read. It's full of diagrams, visuals, and has videos to go along with the material. The book is written in small self-contained topics (systems of equations, percentages, etc.). Every topic has a lesson, killer strategies, and a concentrated problem set with incredibly detailed solutions. What about strategy? Strategy is EVERYWHERE in this book. It's in every topic, in each section, and in its own chapter. What about my section management and other skills? Use the book to discover critical hacks for your preparation and section management. How do I practice? Each topic has its own set of practice problems tailored to the skills you need on test day. Treat the practice problems like a super-focused, detailed problem book. How do you target what I need? There are two ways to target what you need. There's a detailed method for breaking down your ACT score report and using it to guide your practice. Take one or more of the six pretests to identify which topics you need to see. How do I work on my math skills? This book is designed for meaningful practice. Each topic is small enough to cover quickly, and concentrated enough for it to stick. Between the examples, videos, and problem sets, you can readily learn new material or remember what you've forgotten. The Features -Comprehensive strategy section and strategy for each question type -400+ ACT math practice questions with step-by-step solutions -90+ Videos covering each topic -Guide for translating your ACT score report to the topics you need -Section detailing how to practice, how to prepare, and insight into the weaknesses of the ACT This go-to study guide provides the concepts, study strategies, and practice you need to dramatically raise your ACT scores in English, Reading, and Science areas of the exam.
