'I have quite fallen for Adam -- his stylish waistcoat, encyclopaedic knowledge and use for everything -- and constantly find myself thinking "What Would Adam Do?" as I go about my daily gardening business.' Alys Fowler In the 1940s, Adam the Gardener was a national treasure. Each week in the Sunday Express he advised gardeners exactly what to plant and how - from carrots in the fourth week of May (but 'do this after sunset, when there is less chance of trouble from the carrot fly') to lily of the valley in the fourth week of November. Accompanied by wonderful illustrations, Adam's charm and expertise won over thousands. Here, the weekly world of Adam the Gardener has been brought back to life for today's gardener, who will be just as readily captivated by his quiet reliability and peerless knowledge. As well as techniques - pruning and potting, forcing and grafting - and planting instructions for an impressive range of flowers, fruits and vegetables, also learn how to plan a new garden, what gadgets you will need (including an earwig trap) and all about colour harmony in the garden. This is a period gem that will delight and inform enthusiasts of all kinds.

An indispensable resource to all manner of flowers,

“Unlike any other gardening book I know, with its Old World charm, its down-to-earth practicality, its whimsy and sophistication.”—Brooke Astor, *The New York Times Book Review* A classic in the literature of the garden, *Green Thoughts* is a beautifully written and highly original collection of seventy-two essays, alphabetically arranged, on topics ranging from “Annuals” and “Artichokes” to “Weeds” and “Wildflowers.” An amateur gardener for over thirty years, Eleanor Perényi draws upon her wide-ranging knowledge of gardening lore to create a delightful, witty blend of how-to advice, informed opinion, historical insight, and philosophical musing. Poland pioneered the collapse of communism in Eastern Europe. Domestic reformism and the negotiated abdication of ruling elites in 1989 have structured the country's politics in the 1990s. But the division between the communist and Solidarity camps continues to cause problems for a potential reform coalition aiming to complete modernisation through the restructuring required for EU membership. Secular-Catholic and rural-urban conflicts, and well as the growing regional split between the north-west and south-east, have fragmented political life and the party system. Nevertheless, Poland has made remarkable steps in the consolidation of democracy and the development of her political system, whilst maintaining social stability; she is also successfully transcending her historical security dilemma of open western and

eastern frontiers and stronger, aggressive neighbours, by embedding herself in Europe through membership of NATO and the EU. Poland is overcoming her historical problems.

Adam is an introvert. He lives alone and he's doing everything he can to keep it that way. "I prefer plants to people," he tells his only friend, Donna. "It's just the way I am." An accountant by day, he spends his free time tending his impressive garden and reading grim 19th century novels from the private library in his Victorian house. His cautious, predictable life is governed by a set of sensible rules, just the way he likes it. One winter day, a young man shows up to ask about the apartment for rent above the garage. Adam quickly decides Sam is not a suitable applicant, no matter how polite and attractive he is. Unless, just once, Adam bends his rules. How bad could it be? Adam would never let things get out of control. What follows is a humorous emotional roller coaster involving social awkwardness, gardening, classic literature, flirting, doughnuts, office politics, a southern lady, pickup trucks, ice cream, dish washing, sex, a stern Scotswoman, great meals, homophobia, arson, the police, psychotherapy, a renovation project, and a guy who calls everyone "dude." Did I mention murder? And what about that handsome guy at the office who compliments Adam's neckties? What does he want? Nope . . . Adam would never lose control of his life! With a full
