“Written with love, told with joy. Very easy to enjoy.”—Fredrik Backman, author of *A Man Called Ove* For fans of *The Little Paris Bookshop* and *The 100-Year-Old Man Who Climbed Out the Window and Disappeared* comes a heartwarming debut about 96-year-old Doris, who writes down the memories of her eventful life as she pages through her decades-old address book. But the most profound moment of her life is still to come . . . Meet Doris, a 96-year-old woman living alone in her Stockholm apartment. She has few visitors, but her weekly Skype calls with Jenny—her American grandniece, and her only relative—give her great joy and remind her of her own youth. When Doris was a girl, she was given an address book by her father, and ever since she has carefully documented everyone she met and loved throughout the years. Looking through the little book now, Doris sees the many crossed-out names of people long gone and is struck by the urge to put pen to paper. In writing down the stories of her colorful past—working as a maid in Sweden, modelling in Paris during the 30s, fleeing to Manhattan at the dawn of the Second World War—can she help Jenny, haunted by a difficult childhood, unlock the secrets of their family and finally look to the future? And whatever became of Allan, the love of Doris’s life? A charming novel that prompts reflection on the stories we all should carry to the next generation, and the surprises in life that can await even the oldest among us, *The Red Address Book* introduces Sofia Lundberg as a wise—and irresistible—storyteller.

Finalist for the 2020 Kirkus Prize for Nonfiction | One of Time Magazines's 100 Must-Read Books of 2020 | Longlisted for the 2020 Porchlight Business Book Awards "An entertaining quest to trace the origins and implications of the names of the roads on which we reside." —Sarah Vowell, The New York Times Book Review When most people think about street addresses, if they think of them at all, it is in their capacity to ensure that the postman can deliver mail or a traveler won't get lost. But street addresses were not invented to help you find your way; they were created to find you. In many parts of the world, your address can reveal your race and class. In this wide-ranging and remarkable book, Deirdre Mask looks at the fate of streets named after Martin Luther King Jr., the wayfinding means of ancient Romans, and how Nazis haunt the streets of modern Germany. The flipside of having an address is not having one, and we also see what that means for millions of people today, including those who live in the slums of Kolkata and on the streets of London. Filled with fascinating people and histories, The Address Book illuminates the complex and sometimes hidden stories behind street names and their power to name, to hide, to decide who counts, who doesn't—and why.
