Fundamentals of Financial Management Eugene F. Brigham, Joel F. Houston, 2004 The market leader, Brigham/Houston continues to grow in reputation as the most effective approach for learning basic finance principles, tools, and applications. It is also updated to reflect the latest in theory, research, real-world examples, and use of technology.

Fundamentals of Financial Management Eugene Brigham, Joel Houston, 2006-03-03 Brigham/Houston: A Classic, redefined...because a classic never goes out of style. The market leader, Brigham/Houston, continues to grow in reputation and amount of users as the most effective approach for teaching the first undergraduate corporate finance course. The seamless, integrated ancillary package, still painstakingly prepared by the authors, is a hallmark of the Brigham/Houston package which reduces course preparation time for instructors and makes the subject more accessible for learners. New for this edition is the addition of iLrn Finance, an online student assessment and tutorial resource to help improve student performance. Additionally, access to Thomson ONE - Business School Edition, an online financial database that students can use to complete projects or select end of chapter exercises, is included with each new text. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*Fundamentals of Financial Management* Eugene F. Brigham, Joel F. Houston, 2009-03 Earn the grade you want in your course with the help of this invaluable tool. This Study Guide lists key learning objectives for each chapter, outlines key

sections, provides self-test questions, and a set of problems similar to those in the book and those that may be used on tests, with fully worked-out solutions.

**Essentials of Managerial Finance** John Fred Weston, Scott Besley, Eugene F. Brigham, 1996 The classic that started in the First in Finance franchise. Now in its twelfth edition, this best-selling text is renowned for its excellent blend of theoretical and applied material, comprehensive support package, and applicable real-world examples. In addition to its continued coverage of such hot topics as multinational finance and small-business issues, ethical dilemma discussions are incorporated throughout the text. The coverage of working capital early on is a distinguishing feature. Formerly known as Weston/Besley/ Brigham, Scott Besley is now the primary author.

**Intermediate Financial Management** Eugene F. Brigham, Phillip R. Daves, 2004 Comprehensive text with enough background material to refresh and reinforce earlier courses in corporate finance and enough advanced material to stimulate the most advanced learner. The predominant strengths of clarity, current coverage, and friendliness to learner and instructors continues in this new edition. Some of the areas where coverage has been expanded include corporate governance and reform, valuation, value based management, cash flow, and newly updated material on real options. The instructor's resources enable outstanding presentations and learning.

**Corporate Finance** Michael C. Ehrhardt, Eugene F. Brigham, 2003 Drawing from their experience with comprehensive textbooks Ehrhardt & Brigham focus on the critical financial concepts, skills, and technological applications required by every MBA in the 21st century workplace. The result is a lean textbook that (1) provides an in-depth treatment of all essential topics in corporate finance yet (2) can be covered in its entirety in a single semester.

Corporate Finance: A Focused Approach Michael Ehrhardt, Eugene Brigham, 2008-02-28 This book focuses on critical financial concepts, skills, and technological applications required by every M.B.A. in the twenty-first-century workplace. It's a lean textbook that provides an in-depth treatment of all essential topics in corporate finance, yet it can be completed in a single semester. This concise text includes Excel Tool Kits corresponding to each chapter and showing how calculations used in the chapter are done in Excel. These useful models include explanations and screen shots that show you how to use many of the features and functions of Excel, enabling the Tool Kits to serve as self-taught tutorials on Excel. This text also features Mini Case Spreadsheets, which are Excel spreadsheets that perform the calculations required in the Mini Cases. This new edition includes features that allow you to do what-if analysis on a real-time basis in class. Another unique feature is Web Safaris, which are links that facilitate Internet searches for useful financial data. Each has a specific goal, such as finding the current spreads between Treasury bonds and rated bonds. The Web Safaris walk you through navigating to the desired information. Each chapter of the text has a Build a Model problem where you start with a spreadsheet that contains financial data, plus instructions for solving a particular problem. The model is partially completed with headings but no formulas, so you practice building a financial model. The text also includes Cyberproblems, which require you to go to specific websites and answer a series of questions. The answers are then available on your instructor's website.
