For fans of USA Today bestselling authors Christina Lauren and Sally Thorne comes a hilarious romantic comedy about finding your family, finding yourself, and maybe finding love along the way. Being adopted never made Jane Smith feel unloved, just unlike the rest of her family. As her twenty-fifth birthday approaches, she is struck by an overwhelming longing to finally find her place in the world. So in a very un-Jane-like move, she books a last-minute ticket to Greece to find her birth father and the real Jane. All she knows about him is it that he was a tour guide named Dimitri. Armed with this knowledge and several surprise boxes of condoms from her mom (not embarrassing at all), Jane takes off. Within minutes of landing she makes two important discoveries. First, everyone in Greece is named Dimitri, and second, fate might be playing a sick joke on her when a sexy tour guide called Dimitri comes to fetch her from the airport. He offers to help Jane with her search---if she'll go on an adventure with him. Stable Jane would never risk a steamy vacation romance. But real Jane might finally be ready to listen to her heart. Will Jane find her biological father, or will she end up finding something else entirely? "Top Pick! Almost a Bride put a smile on my face more than once. The dialogue was witty, the words were well-written and the heroine was one-of-a-kind." -- Harlequin Junkie

Il bambino può essere vittima sia di violazioni di diritti che gli spettano in quanto tale (ad esempio, il diritto all'istruzione e quello al gioco), sia di violazioni di diritti che appartengono a qualsiasi essere umano. Sia in Italia che nel mondo siamo ancora lontani dal raggiungere un'adeguata affermazione dei diritti del bambino. Il libro di Scarpati c'illumina su quanto ci sia ancora da fare e sul come farlo, lanciando un monito fondamentale a tutti gli adulti affinché leggano, si documentino, si adoperino e si battano per difendere i diritti di tutti i bambini. Farlo vuol dire difendere i diritti d'ogni essere umano, quindi di noi tutti. "Fino a qualche anno fa si pensava che il bambino fosse solo un essere in divenire, che quindi i suoi diritti fossero soprattutto legati alla sua vita futura: il mondo doveva

proteggere il bambino per quello che rappresentava e per impedire che i diritti che poi avrebbe fruito potessero decadere di fatto. Niente di più errato: la vita di ogni persona è anche e soprattutto il suo presente, e anche il bambino ha diversi diritti legati al suo vivere quotidiano di bambino. È una persona fin dalla nascita (per alcune correnti di pensiero religiose, e anche per alcuni Stati, fin dal momento del concepimento) i cui diritti sono sempre inalienabili e insopprimibili, proprio per le sue peculiarità di persona che molto spesso è incapace di difendere attivamente le sue prerogative". (Marco Scarpati) "Il libro di Scarpati è un utile contributo nel difficile ma doveroso cammino di maggiore diffusione della cultura dei diritti del bambino" (Tullio Scovazzi)

From the moment he was born, Andrew Bridge and his mother Hope shared a love so deep that it felt like nothing else mattered. Trapped in desperate poverty and confronted with unthinkable tragedies, all Andrew ever wanted was to be with his mom. But as her mental health steadily declined, and with no one else left to care for him, authorities arrived and tore Andrew from his screaming mother's arms. In that moment, the life he knew came crashing down around him. He was only seven years old. Hope was institutionalized, and Andrew was placed in what would be his devastating reality for the next eleven years--foster care. After surviving one of our country's most notorious children's facilities, Andrew was thrust into a savagely loveless foster family that refused to accept him as one of their own. Deprived of the nurturing he needed, Andrew clung to academics and the kindness of teachers. All the while, he refused to surrender the love he held for his mother in his heart. Ultimately, Andrew earned a scholarship to Wesleyan, went on to Harvard Law School, and became a Fulbright Scholar. Andrew has dedicated his life's work to helping children living in poverty and in the foster care system. He defied the staggering odds set against him, and here in this heartwrenching, brutally honest, and inspirational memoir, he reveals who Hope's boy really is.

A foster mom and co-recipient of the Goldie Foster Award describes her experiences with three troubled children whose traumatic experiences caused them to act out in dangerous ways. 25,000 first printing.

In recent years historical studies on adoption and fosterage have greatly advanced, very likely due to the importance that such practices have acquired in our own societies. Also in the past – not only during Roman or Late Antique periods, but throughout the Middle Ages and the Modern Era as well – a rather significant number of family units went through adoption and fosterage, experiencing these kinds of ties and relationships on the daily basis. Articles collected in this volume are aimed at analysing the various forms and methods by means of which the concept of "adoption" was interpreted and practiced during the Medieval and Early Modern periods, identifying especially relevant chronological points, examples from different regional and local contexts, reciprocal influences, and family relationships shaped by adoption. Across the social welfare field, interest is growing in how to apply research to influence policy and practice. This book provides insight into effective research practice and provides narratives of child welfare case studies from different cross- national perspectives.

Living among other people, in their families and communities, children become aware from a very early age of questions related to justice, and they search for the meaning of the world. By fostering an understanding of human rights, shaping opinion and developing attitudes, human rights education strongly supports this natural interest and learning process. This is what human rights education is about and this is what 'Compasito manual on human rights education for children' is for. 'Compasito' is a starting point for educators, teachers and trainers who are ready to deal with human rights education with children of 7-13 years. The book covers the key concepts of human rights and children's rights, and provides substantial theoretical background to 13 key human rights issues, such as democracy, citizenship, gender equality, environment, media, poverty, and violence. The 42 practical activities serve to engage and motivate children to recognise human rights issues in their own environment. They help children to develop critical thinking, responsibility and a sense of justice, and help them learn how to take action to contribute to the betterment of their school or community. The manual also gives practical tips on how it can be used in various formal and non-formal educational settings.

Antonio Giangrande, orgoglioso di essere diverso. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Oggi le persone si stimano e si rispettano in base al loro grado di utilità materiale da rendere agli altri e non, invece, al loro valore intrinseco ed estrinseco intellettuale. Per questo gli inutili sono emarginati o ignorati. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare.
